SURVEY OVERVIEW

This report summarizes the results of NARA's 2023 Employee Viewpoint Survey (EVS) and fulfills the U.S. Office of Personnel Management's (OPM) requirement that agencies analyze and provide a summary of their results within 120 days from the close of the survey collection period. The report is intended as an initial high-level summary of NARA's agency-wide results. Agencies are required to administer an Annual Employee Survey to assess employee satisfaction. NARA uses the EVS to satisfy this mandate.

SECTION 2

A communication campaign (including agency-wide and office-level emails and notices) were launched to encourage staff participation and notify all employees about the survey.
