## NARA Notice 2021-164: Staff and Public Reopenings and Updates for Five Facilities

---

Mon, June 14, 2021

**To:** All Employees.

**Attention supervisors:** If you have employees who do not have access to a computer, please ensure that those employees receive a copy of this notice. This includes employees on LWOP or paid leave.

---

I am pleased to announce that several more NARA facilities have progressed within our [Phased Reopening Plan](#) and will expand their on-site activities for staff or the public.

I have authorized the Phase Two reopening of the Atlanta Archives in Morrow, GA; the Atlanta Federal Records Center in Ellenwood, GA; the National Archives building at College Park, MD; and the George H.W. Bush Presidential Library at College Station, TX. All four facilities have demonstrated readiness to progress to Phase Two and have completed at least three consecutive weeks in Phase One and with local public health metrics that satisfy our reopening standard. All four facilities will return to Phase Two staffing levels no earlier than June 21.

We will begin a limited public reopening of exhibit space at the John F. Kennedy Presidential Library at Boston, MA, beginning on June 19. The Kennedy Library is in Phase Two, has an approved museum reopening plan and contact tracing procedure, and has experienced a sustained period of local public health conditions that meet or exceed our reopening standard.

All five facilities have met NARA's progression criteria: local public health conditions support reopening; sufficient staff are available to perform on-site work functions; the facility has sufficient supplies of Personal Protective Equipment (PPE); and procedures are in place for safely performing on-site work functions, as well as cleaning, physical distancing, health assessments, and contact tracing.

All facilities are located in counties with local public health metrics below NARA's targets for safe reopening of 200 new cases per 100,000 population and 10 percent positivity over the last 14 days. New case and positivity data for each NARA facility will be posted later today to the ICN COVID-19 Coronavirus Resources page [here](#).

The four facilities that are progressing to Phase Two will follow the progression procedures announced in [NARA Notice 2021-089](#). Staff should not return to the worksite until you are contacted by your supervisor and have scheduled your return. The Kennedy Library will reopen to the public according to the procedures for public reopening that we announced in [NARA Notice 2021-146](#).

Please take care of yourselves and each other. If you need support or assistance coping with the stress of the pandemic, please take advantage of the Employee Assistance Program (EAP). EAP services are free, confidential, and available to all NARA employees, supervisors, and family members. EAP counselors are available 24 hours a day, seven days a week, by telephone 24/7 at 1-800-222-0364 (TTY 1-888-262-7848) or online at [www.FOH4YOU.com](http://www.FOH4YOU.com). EAP information can also be found at the [NARA@work EAP page](#).

As of today, all 40 of NARA's facilities are in some stage of reopening. Thirty-six facilities are in Phase Two reopening and four facilities are in Phase One. We will continue to monitor local public health metrics at all NARA facilities and will reopen or close additional facilities when local conditions require a change in NARA's operating status.

Thank you for your patience and flexibility as we carefully reopen our facilities and begin to restore our mission functions and operations.

DAVID S. FERRIERO  
Archivist of the United States
