CLASSIFIED RECORDS TRANSFER CHECKLIST

The National Declassification Center (NDC) requests that agencies provide documentation certifying a declassification and referral review has been conducted as required by Executive Order 13526 and the Special Historical Records Review Plan (Public Laws 105-21 and 106-65)¹. Criteria are outlined on this NA Form 14130, Classified Records Transfer Checklist.

This form, or a comparable form created by your agency containing the same information, must be completed in its entirety for each classified <u>textual or analog</u>² accession proposed for transfer to the National Archives. The completed form must accompany each ERA Transfer Request (TR) as an attachment (or Agreement to Transfer Records to the National Archives (SF 258), if special circumstances merit use). Direct questions to <u>NDC@nara.gov</u>

¹ The Special Historical Records Review Plan was developed by the Department of Energy in response to the Kyl/Lot amendment to the Defense Authorization Act. The Plan outlines steps that must be taken to ensure no Restricted Data (RD) or Formerly Restricted Data (FRD) is present in the records being transferred. This is also called a Kyl/Lot Review by many in the declassification community.

² Textual records are paper or microfilm records. Analog records are non-digital, non-electronic.
