Huma

Attached please find the access database that Dana has completed for you. it includes all of the textual collection including the batch we received in April. It does not include the audio-visual, we are still working on that.

The report is pulled from the database like the binder we gave you on Sunday. The report is updated to include all the new textual information. I thought we should include it if you do not have access software.

Let me know if you have questions or need more or different information.

Terri and Dana
