504 (504)	SIGNAL SECURITY FILES. These files relate to signal security and consist of records, reports, and correspondence concerned with cryptosecurity, physical security of COMSEC material, transmission security, electronic security, Red/Black wiring, radiation security (TEMPEST), and COMSEC logistics. Access to cryptographic records, including processing for storage and destruction will be in accordance with appropriate Instructions. All files accumulated through administration of signal security within the Defense Nuclear Agency will be destroyed as indicated in this section. Commanders of organizations which are ordered to be inactivated or which have no further need for COMSEC material or signal security files will, prior to disposition of COMSEC material accounting records, secure authorization from appropriate office of issue to close their account and dispose of holdings. These files accumulate in communications elements at all levels of DNA as well as in selected security units.		
504.01 (504-02)	COMSEC SUPPLY CORRESPONDENCE FILES. Documents relating to the routine supply of COMSEC material, such as requests for advice of the status of shipment of COMSEC Aids, requests for reduction in copy count or cancellation in distribution of COMSEC Aids, and requests for disposition of COMSEC Aids.		

Destroy when 1 year old.
