Form NA-1005 Revised: 12/2022

Verification for the Use of GRS 6.1, Email and other Electronic Messages Managed Under a Capstone Approach

SECTION A: GENERAL BACKGROUND INFORMATION (GRS 6.1, item 010)

This section captures general information about the agency and the scope of Capstone implementation. This includes: 1) name of the agency to which this form applies; 2) applicable record group number; 3) documentation on whether the agency will also be applying this GRS to the other types of electronic messages covered in the scope of the GRS; 4) selection of which GRS 6.1 items the agency is proposing to use; and 5) information on implementation scope, such as whether agency-wide or limited to a specific component/office, as well as information on legacy email.

Χ

NOTE: One form is required for each unique implementation plan (for example, if implementation is limited to two program offices, but each program office differs in their implementation, one form for each required) and/or per record group (RG) included (for example, a department implementing Capstone on behalf of their components which have separate record group numbers would need to submit one form per component/record group). This ensures that all position are appropriately identified and documented. As a general rule, each record group will require a separate form.

Completed forms may be submitted to GRS_Team@nara.gov.

Additional Scope Comments. If an agency did not check "all" under the "GRS 6.1 item(s) proposed for use" section, please summarize how other records are to be managed. If applicable, please include in this section all other RGs for which your agency is submitting a separate form (for example, "The department will also be submitting forms for the following additional components: [list of components, with their record group number]."	This is a resubmission of record group 0562. In 2016 GRS 6.1 Item(s) proposed for use was ALL. The 2021 changes submissions are as follows GRS 6.1 Item(s) proposed for use is ITEM 010 and ITEM 011. The Pretrial Services Agency (PSA) is related to CSOSA by virtue of its service relationship the Superior Court for the District for the District of Columbia and the United States District for the District of Columbia. The Pretrial Services Agency is a federal independent entity within CSOSA. Record group 0562 covers both CSOSA and PSA. All agency email in all agency email accounts will be managed using GRS6.1, Items 010 and 011. The agency will not be using Item 012.

Verification for the Use of GRS 6.1, Email and other Electronic Messages Managed Under a Capstone Approach

SECTION B: Electronic Messages

Those agencies that are also using this GRS for other types of electronic messages must also complete the "Electronic Messages" tab. Specifically, those agencies that selected "yes" for "GRS Implementation Scope" on the "General Information" tab are required to complete that section. If an agency answered "no," then this tab may be skipped.

SECTION B: List of Capstone Accounts (GRS 6.1, item 010)

This section captures a listing of all positions or roles that fit into the definitions provided in item 010 of GRS 6.1. This section is broken down to correspond to the ten categories provided under item 010.

Some agencies may not have any positions for certain categories. Please explain why, under each applicable category. (For example, "We do not have any regional administrators" or "These positions are included under another submission" or "all the positions in this category are already covered in other categories.") Please refer to GRS 6.1, the FAQs about GRS 6.1, and the definitions provided within each category of this form for additional information on which positions must be included in a Capstone approach.

This section is required even in instances where only the temporary items (011 and/or 012) are being used, in which case it acts as an exception list. NOTE: the list should be of positions or roles (for example, "Secretary"), not specific individual names, email addresses, or other idenfiers (for example, "John Smith" or "John.Smith@agency.gov"). Agencies may summarize or condense specific levels of management, rather than repeat positions. For example, an agency may input one entry for "All Under-Secretaries" with a position total that represents the number of said positions, rather than listing out each specific Under-Secretary.

Each category (1 through 10) as defined by GRS 6.1, item 010, has its own tab within this workbook. Each tab has three parts: Part (a) for ACTIVE positions -- those positions that are to remain as permanent; Part (b) LEGACY RECORDS ONLY positions -- those positions which are no longer permanent from a certain point forward (either because they have been eliminated from the organization, or the duties changed making the position inappropriate for inclusion as permanent in any category), but still have permanent legacy email / electronic messages; and Part (c) for REMOVED positions -- those positions previously approved as permanent, but are now are proposed as temporary for both day-forward and legacy records.

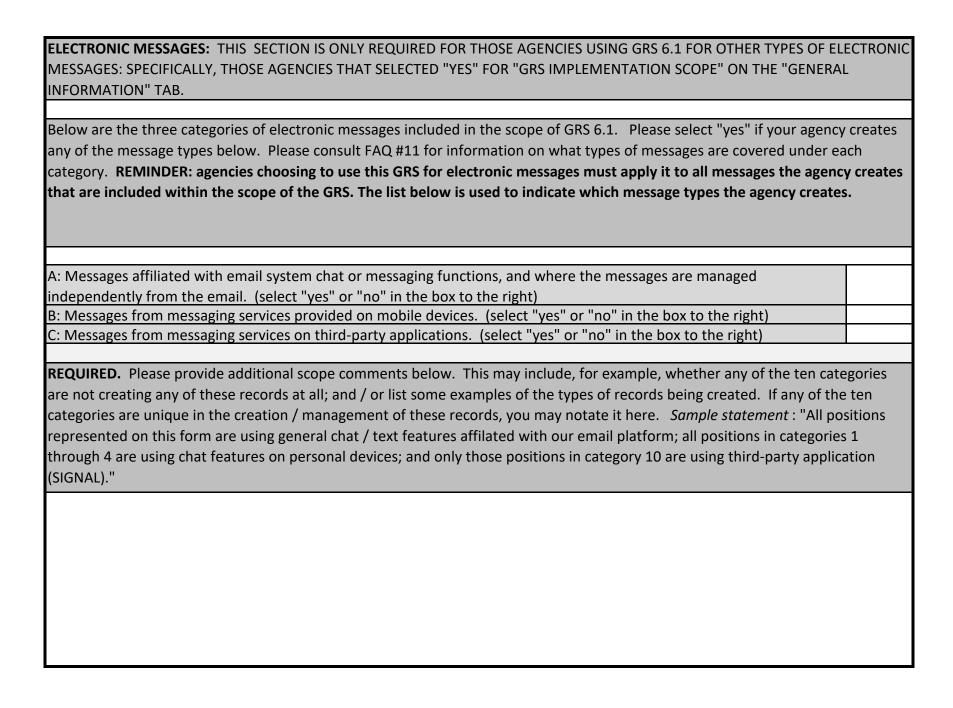

(a) ACTIVE PERMANENT POSITIONS, DAY-FORWARD AND LEGACY. List ALL those positions that: 1) have not changed since any previously approved submission; 2) are new to this category, either because the position is new to the agency, the position has been reappraised as having permanent email / electronic messages, or this is the agency's first submission; 3) have been changed in regard to position title, number of accounts, and/or number of positions; or 4) are being moved from another permanent category to this one. This section will include all roles and positions that have permanent email / messages, both day-forward and legacy. The "number of positions" will usually be "1," but may be higher for those positions being condensed / rolled-up, such as "all Under Secretaries," or "all Board Members." The "number of accounts" is a total of all accounts for the corresponding "number of positions" -- for example, if there are 2 Under-Secretary positions listed, and each has 3 assigned email accounts, the total accounts for this field would be 6. NOTE: in cases where the agency is also applying the GRS to the other types of electronic messages included in the scope of the GRS, the agency is not required to reflect such in the number of accounts field; NARA acknowledges that this information would be difficult to ascertain for the purposes of this form. This information is more appropriate for inclusion within the transfer paperwork (documentation) required at the time records are transferred to the legal custody of NARA.

NOTATING THE CHANGES: The "Summary of Changes from previous submission" field includes a drop-down list of possible changes that may have occurred since the previous submission. This field helps facilitate review of the new submission by NARA. Please select the scenario that is most appropriate. Most positions being carried forward from a previously approved form can likely be noted as "No change." Other changes may include: number of positions increased / decreased (generally for those position titles that are rolled-up); number of accounts increased / decreased; the title of the position has changed; the position is new to the agency (and thus was not on previously approved forms); the position has been moved from one category to another (for example, a position was approved as Category 2 in a previous submission, but was deemed more appropriate for a different category; or the position has been reappraised as permanent (was not deemed appropriate for inclusion on previously approved forms, but now is). If none of the options apply, please select "other" and be prepared to discuss the changes with your NARA Appraisal Archivist during review of the form.

(b) PERMANENT LEGACY RECORDS ONLY. List ALL positions that: 1) no longer exist (have been eliminated from the agency) but still have legacy records that need to be managed as permanent; or 2) are being reappraised as temporary for a certain date forward, but legacy records will remain permanent. This section will include all roles and positions that have legacy permanent records to manage, but no permanent records from a certain date forward. Roles / positions in this section may be dropped from this form after the final transfer of all permanent legacy records to NARA. Select the most appropriate option from the drop-down list for "Summary of Changes from previous submission." Notate the calendar year that that permanent records for the related position have ceased. This section documents -- in these cases -- that even though the position has been eliminated from the active permanent list, there will still exist legacy permanent records to be managed.

(c) REMOVED POSITIONS – CHANGE FROM PERMANENT TO TEMPORARY. This list is for those positions that were approved as permanent on a previous form, but are now proposed as temporary. These are positions now deemed inappropriate for inclusion in any category under GRS 6.1, item 010. In these cases all records covered by the GRS, both day-forward and any existing legacy records, may be managed as temporary upon approval of this form.

TALS. The "totals"	tab of this workboo	ok auto-totals the	number of all peri	manent positions ar	nd accounts for eac	ch of the
egory tabs.						

Category 1) The head of the agency, such as Secretary, Commissioner, Administrator, Chairman or equivalent. The very top executive of the agency. For cabinet level agencies, this is typically a Secretary. For independent

Boards, this may be a Chairman, Executive Director, a group of Commissioners, Council Members, Board Members, or the equivalent. Most agencies will have one position for this category (although the one position may
have multiple accounts); some agencies, such as Commissions and Boards, may have multiple positions in the category. *If no positions are identified, please briefly explain why (for example, "Not applicable; no positions in
this category exist.")
