

**Record Group 4
U.S. Food Administration
State and Local Food Administrators
Montgomery, Alabama**

**Correspondence of Richard M. Hobbie
Federal Food Administrator for Alabama
1917-1919
National Archives Identifier 1693128**

This series consists of letters and telegrams sent and received by the Alabama State Food Administration relating to the organization and operation of U.S. Food Administration programs in the state. The series includes reports, printed rules and regulations, press releases and announcements issued by the U.S. Food Administration headquarters, appointment papers, staff rosters, mailing lists of organizations and professional groups, newspaper articles and advertisements, posters, photographs, pledge cards, license applications and reports, statistical reports submitted by various types of businesses and farmers, fair price schedules, circulars, bulletins, and notices. The correspondence includes letters to and from private citizens and local businesses explaining the mechanics of the food-related programs of the U.S. Food Administration, letters relating to violations of rationing and fair price regulations, and correspondence with other Food Administration officials. The records also document enforcement investigations of and actions against individuals and businesses that violated regulations.
