

RG 95 Records of the United States Forest Service  
Index of Drawings and Schematics  
National Archives Identifier 6997960

This series contains engineering and architectural drawings for structures on Forest Service property. The drawings include structures built by the Civilian Conservation Corps, water and sanitation drawings, bridges, fire towers, and recreational areas.

## **Forest Service Historical Drawings #1**

Standard Details of Building Construction (Log Cabin) 1938  
Water Tower and Tank for Stuart Nursery Kisatchie National Forest October 1934  
Layout for Water Supply System Catahoula Nursery Kisatchie Forest (no date)  
Water Tower White Rock Recreation Area Ozark National Forest October 1936  
Hot Water Storage Tank  
Main Line Desoto Nursery February 1936  
30' Wooden Water Tower Lake Bryant Ranger Station Ocala National Forest March 1936  
Pump House for W-1800 Water Tower 1 of 3  
Rustic Water Tower 500 Gal. Tank Regional Office 1937  
Forest Camp Reservoir 6000 gal. Capacity Regional Office May 1927  
24' Wooden Water Tower for 500 gal. Tank Regional Office February 1938  
Water Tower Addition Juniper Springs Bath House Boykin Springs 1938  
Proposed Plan of Reservoir for State Forest Nursery MS June 1939  
Proposed Plan of Reservoir for State Forest Nursery MS January 1939  
Concrete Water Tank 10,000 gal. Capacity August 1939  
Standard 40' Water Tower Regional Office September 1939  
Water and Sewer Plan Chilhowee Lake Recreation Area Cherokee National Forest July 1939  
Improved Cistern and Filter for Use at Lookout Stations Regional Office December 1940  
Layout and Details of Sprinkler System Arkansas State Nursery (no date)  
Layout and Details of Sprinkler System Arkansas State Nursery Bluff City December 1940  
Indian Mound Nursery Texas Forest Service March 1940  
Extension of Sprinkler System W.W. Ashe Nursery (no date)  
Parsons Mtn. Recreation Area Water Supply Sumter National Forest 1 of 2 November 1940  
Parsons Mtn. Recreation Area 11025 gal. Water Reservoir 2of 2 Sumter National Forest Nov.1940  
Details of Wind Mill Installation MS National Forest August 1941  
4,000 gal. Reinforced Concrete Tanks Jefferson National Forest May 1941  
A.W.S. Cistern and Filter 1 of 2 July 1942  
Standard 3,000 gal. Cistern with Filter 1 of 2 May 1942  
Concrete Water Tank 2575 gal. Capacity Regional Office May 1946  
Concrete Water Tanks 5900 gal. Capacity Regional Office June 1946  
South Carolina National Forest Calhoun Experiment for Water and Sewage Layout March 1943  
Sycamore Creek Intake for Pheasant Fields Fish Rearing Pools April 1951  
Pheasant Field Fish Rearing Pools Cherokee National Forest September 1957  
Standard Flush Toilet Regional Office (no date)  
Isometric of Standard Six Unit Flush Toilet Concession and Dressing Rooms Regional Office 1963  
Test Meter Installation Schenck CCC Sewage System North Carolina May 1967  
House for Firehouse Cart Regional Office 1965  
Wiring Diagrams for Pumps, Motors, and Controls Regional Office September 1966  
Typical Sewage System Duplex Lift Station Regional Office December 1966  
Proposed Incinerator Building Regional Office May 1967  
Wiring Diagram Equipment Building for Sewage Disposal Regional Office August 1967  
Standard Fire House Housing Regional Office July 1967  
Standard Fire House Housing Regional Office July 1967  
Standard Fire House Housing Regional Office 1967  
Shower-Laundry Building Juniper Spring Recreation Area May 1967  
Ouachita Seed Orchard Irrigation System Ouachita National Forest January 1967

Typical Lift Station with Chicago Flush Kleen System Regional Office February 1969  
Travel trailer Sanitary Station Regional Office February 1969

## **Forest Service Historical Drawings #2**

Hexagonal Shelter No. 2 (no date)  
Picnic Shelter No. 8 (no date)
