Desk Note re: tasker 3931

SUBJ: Any Indication of KGB/GRU Assistance to Iraqi Forces.

1. ~~(TS)~~ At the present time DIA does not hold any intelligence information indicating that the KGB or GRU is assisting Iraqi Forces.
2. ~~(S)~~ The KGB and GRU are, of course, supplying the top Soviet political leadership, the Ministry of Foreign Affairs, the General Staff, and the command element of the Southern Theater of Military Operations in Baku, among others, with intelligence data on military and political aspects of DESERT STORM.
3. ~~(S)~~ DIA is familiar with Washington Times reporting of continued resupply operations by the Soviet military. But while there might be low level "rogue" resupply efforts, such operations are not judged to have high level Soviet government sanctions, and are not known to involve Soviet intelligence organizations.
4. ~~(S)~~ Individual GRU or KGB officers who disagree with current Soviet policy may be in contact with Iraqi officials worldwide. It is unlikely, however, that any cooperation is occurring in either Moscow or Baghdad.
