Good morning.

I have a couple of questions. How many boxes are there? Is there a loading dock we can use or will we need to load from the street?

Gary- I realize it may be a hassle but on thinking about this I think it would be best if (b) (6), (b) (7)(C) parked and came upstairs to at least see the boxes and decide how best to proceed from there, which of course would be up to (b) (6), (b) (7)(C) may not see a reason to take certain things or whatever, but I think it is best to make sure NARA sees the boxes where they have been and then takes possession from there, even tho our folks can of course help (b) (6) get the boxes down to (b) (6), (b) (7)(C) vehicle. Let me know!
