## BIRLS & VA Claim File

**Background:** The Department of Veterans Affairs (VA) maintains a claims file on each veteran who has received or is receiving VA benefits. The Beneficiary Identification and Records Locator Subsystem (BIRLS) is an index of VA Claim folders. VA claims files are designated by a C prefix. An X prefix is added to the original claim file number to indicate that the veteran is deceased. The location of a claim file is indicated in BIRLS by a [location code](#).

- Branches: All

### Search BIRLS to determine if VA Claim File exists:

- If the search is positive, follow the instructions listed below to procure documents.

### How to request documents from Records Management Center (RMC) (Location code 376):

- Create a procurement request ([NA Form 13160](#)). Type or print information legibly on form to make it easier and faster for the RMC staff to read and locate records. Verify that your name, core/team, and request number are shown on the form.
- Send NA Form 13160 via interoffice mail to Core 5 or place it in the tray located in the Core 5 Staff Support Area. The veteran's name, claim number, and date faxed to RMC will be entered the S:\RMC Procurements\ RMC Request Faxed and Received 2007 database, usually within one day. Verify that your request has been entered into this database. If it has not been entered, send an e-mail to the Core 5 Assistant Core Manager.
- When the requested documents are received by Core 5, the veteran's name and the date the documents were received will be moved from the appropriate Requests to RMC 2007 tab to the appropriate Documents Received From RMC tab. The documents received will be sent to the requesting technician in Cores 1-4 via interoffice mail. Documents received for Core 5 technicians will be wanded IN CORE and placed in the appropriate work bin.
- If you no longer need the requested document, send an e-mail to the Core 5 Assistant Core Manager.
- If no record is found by RMC or if the record is at another location, the NOTES column of the Documents Received From RMC tab will be updated to reflect this information.
- If an illegible copy is received from RMC, Core 5 will e-mail them for a better copy. This information will be entered in the NOTES column of the Requests to RMC tab. The veteran's name and date document received will not be moved to the Documents Received From RMC until a document or a negative response is received from RMC.
- Give the request a three week [Suspense Due Date](#) (15 work days).
- If the document has not been received by that due date, give the NA Form 13160 to your Coach.

**DO NOT CREATE OR FAX A  
SECOND NA FORM 13160.**

- Coach will check RMC database and make decision to either follow up through Assistant Manager, Core 5, or re-suspend request.

- If directed by your Coach, re-suspend and give request a new three week due date.
- If the document has not been received by second due date (6 weeks), give to your Coach.
- Coach will make decision to either follow up through Assistant Manager, Core 5, or to have the technician take other action to reconstruct.

### **How to request documents from VA Regional Offices:**

- Send an email to the appropriate regional office based on the location code listed in BIRLS. Be sure to include the identifying information and contact information that you would enter on the [NA Form 13160](#).
- If there is a need to follow-up on the procurement, phone the appropriate VA Military Record Specialist shown in [location code list](#).

### **How to request documents from a Federal Records Center (FRC):**

#### **From Atlanta FRC ONLY (Location Code 040):**

- While in Word, click on Get Form>NA Forms>NA Form 13160
- Complete NA Form 13160, AND include technician's e-mail address on form
- Click on File>Send To>Mail Recipient (as Attachment)
- A Choose Profile window will appear. Click **OK**. This will generate a new e-mail, with the completed NA Form 13160 as an attachment
- Change the Subject line to the CMRS Service Request Number (i.e., SR #1-32000000).
- Send the e-mail with attached NA Form 13160 to **atlanta.smartscanning@nara.gov**. (NOTE: The address is listed in the Novell GroupWise address book under smartscanning, atlanta.)

#### **For requests to all other FRCs:**

- Fax completed [NA Form 13160](#) to the Federal Records Center identified by the Claim Folder Location code in BIRLS.
- The location codes are defined on the NA Form 13160.

**Documents returned to technician:** Any documents sent by the RMC/FRC will be attached to your original NA Form 13160. The VAROs usually fax the requested documents. The documents that are most often received from the VA are listed below:

- Separation document
- Statement of service (from previously submitted VA-3101, Request for Information)
- Health, medical, and dental records
- Report of death (in-service)

Other documents that are sometimes received from the VA are:

- Reports of investigation of in-service injuries
- Physical Evaluation Board proceedings

- Physical Review Council decisions
- Marital or dependency status
- Copies of medical examination and surveys
- Facts and circumstances on OTH discharges
- Records of courts-martial
- Reports of investigation
- Board of Officers proceedings
- Pay grade data

## Birth Data or Birth Certificates

---

### Birth Certificate in file:

Send original certificate to **veteran/NOK only**, and retain copy in record. In **Navy cases only**, you are not required to keep a file copy.

---

### All other requesters or if Birth Certificate is not in file:

If birth data (date and place of birth, father's name, mother's maiden name, etc.) is available, either complete request form (if provided), or prepare **NA Form 13106, Birth Information**, in duplicate. File copy in record.

If birth data is not available, advise requester to contact the appropriate office as explained below:

- 1) **Persons born within the United States or its territories** should contact the Bureau of Vital Statistics in the state or territory where the birth occurred.
- 2) **U. S. citizens born outside the United States or its territories** should contact:

## Bronze Star Medal

This decoration authorized by Executive Order No 9419 on February 4, 1944, is awarded a person in any branch of the military service who, while serving in any capacity with the Armed Forces of the United States on or after December 7, 1941, shall have distinguished himself by heroic or meritorious achievement or service, not involving participation in aerial flight, in connection with military operations against an armed enemy.

The award recognizes acts of heroism performed in ground combat if they are of lesser degree than that required for the Silver Star. It also recognizes single acts of merit and meritorious service if the achievement or service is of a lesser degree than that deemed worthy of the Legion of Merit; but such service must have been accomplished with distinction. Those awarded the Bronze Star Medal for heroism is authorized to wear the "V" Device for valor. Only one "V" is authorized on the award despite the number of times it is awarded for heroism.

Army personnel who, as members of the Armed Forces of the United States between December 7, 1941, and September 2, 1945, were awarded the Combat Infantryman's Badge or Medical Badge for exemplary conduct may upon application receive the Bronze Star Medal. Although these World War II badges were not authorized for award until after July 1, 1943, those whose meritorious achievements in combat

NPRC 1865.42D  
June 13, 1994

SUBJECT: **Burial requests from national cemeteries**

1. **Purpose.** This memorandum issues instructions for preparing verification of service needed by national cemeteries to authorize burial and to inscribe a suitable marker or headstone for the grave.
2. **Cancellation.** NPRC 1865.42C is canceled.
3. **Reasons for revision.** This memorandum is revised to reflect the fact that the responsibility for obtaining eligibility information for burial has been decentralized and is transferred from the Department of Veterans Affairs, National Cemetery System, Washington, DC, to three field offices at Jefferson Barracks, Calverton, and Riverside national cemeteries. Also included in the change is the proper procedure for handling the NA Form 13086, Verbal or Telephone Inquiry; a list of wartime service dates; clarification of eligibility for burial in Arlington National Cemetery; and the need to prepare a written response for Arlington National Cemetery.
4. **Applicability.** The provisions of this memorandum are applicable to the correspondence sections of NCPMA, NCPMF, NCPMN, and NCPMR and also to the Outgoing Mail Unit.
5. **Instructions.** This memorandum provides instructions for preparing service verification needed by the National Cemetery System (NCS) and Arlington National Cemetery.
6. **Background.**
  - a. The Federal Government provides a gravesite, burial, and grave marker or headstone without cost to veterans, and to their dependents, if the last period of active service ended under conditions other than dishonorable, and if the veteran completed the required period of service. Headstones and markers are inscribed with the name of the deceased, the years of birth and death, and branch of service. Optional items that also may be inscribed are: military grade, rank, or rate; war service (such as "World War II"); months and days of birth and death; an emblem reflecting one's beliefs; valor awards received; and the Purple Heart. The NCS, which is under the jurisdiction of the Department of Veterans Affairs, is responsible for administering the national cemeteries under its jurisdiction. Arlington National Cemetery, which is under the jurisdiction of the Department of the Army, is responsible for administering its own activities. Burial is authorized based on the service verification transcribed from the veteran's official service record.
  - b. The need for obtaining military data from the official military service records has diminished since the passage of Public Law 93-43, which changed the eligibility requirement for burial in a national cemetery from honorable termination of the veteran's last period of active duty to a period of active service which terminated other than dishonorably.
  - c. Department of Veterans Affairs (VA) policy provides that the NCS should utilize service data in the VA records to the maximum extent possible, and should contact NPRC only if the VA has not previously obtained verification of service from the official military records. The initial contact to obtain service data is made to the VA Regional Office or Records Processing Center, St. Louis, whichever has the veteran's claim file in its possession.

- d. When the NCS is unable to obtain a separation document or verify the service following the above procedure, a telephone call is directed to the National Personnel Records Center.

7. **Forms.** This memorandum provides for the use of the following forms:

- NA Form 13008, Loan or Transfer of Records.
- NA Form 13079, Verification of Military Service.
- NA Form 13086, Verbal or Telephone Inquiry.
- NA Form 13105, NPRC Search Request and Reply.
- NA Form 13131, Important Notice.

DAVID L. PETREE  
Director

---

1. **Telephone requests and responsibilities involved.** The cemeteries are responsible for checking their Beneficiary Identification and Records Locator Subsystem (BIRLS) on all burials before contacting NPRC for service verification. NPRC is not involved when a Department of Veterans Affairs (VA) record is located through BIRLS. NPRC is required to process only those requests for which the cemeteries are unable to obtain information. Telephone inquiries are received from Jefferson Barracks, Calverton, Riverside, and Arlington national cemeteries. The National Cemetery System (NCS), Washington, DC, will contact NPRC on special requests such as those with Congressional interest or of a sensitive nature. The person accepting the call from the cemetery prepares the NA Form 13086, Verbal or Telephone Inquiry, in triplicate. When necessary, probe the computerized NPRC Registry File System to identify a records registry location. If a record has been identified in our system, annotate the registry number on the NA Form 13086 (Registry Number/Records Block); or if the record identified is an auxiliary record prepare an NA Form 13105, NPRC Search Request and Reply. Affix a red tag to the original and one copy of the request form. The inquiry is hand-carried to the search and file section. The third copy of the form is used as a suspense or control copy.

If we are unable to identify a record, reconstruct military data, or we find that the record is charged out of file to the Army Reserve Personnel Center or an agency outside 9700 Page Avenue, the lead technician or supervisor promptly telephones the appropriate cemetery.

When the record or auxiliary record is received in the correspondence section, the correspondence technician (C-4) reviews the records and prepares the response. When service data has been reconstructed from auxiliary records the technician creates a file folder which is accessioned into the registry file. All completed responses are given to the lead technician or supervisor who telephonically verifies service data to the cemetery.

2. **Form of reply.** NA Form 13079, Verification of Military Service, is used for reply to the telephone inquiry. Outgoing Mail Unit personnel mail the completed form to the office checked on the top of the form.
3. **Number of copies and distribution of NA Form 13079.** An original and two copies are required for the following distribution:
  - a. Original (#1) cemetery.
  - b. First copy (#2) for unit suspense file. Destroy the suspense file copy when no longer needed for follow-up telephone requests.

- c. Second copy (#3) for the service record. Attach the original NA Form 13086, to the service record copy of the NA Form 13079.

(1) **Items of service to be entered.** The captions on code lines A through J identify the items of service to be entered. (Furnish the SSN only if shown in the record.) If service verification is requested for burial of the spouse, dependent, or minor child, make a statement to that effect in code line A. Code line K provides additional space for further explanation as needed. Furnish the dates and character of all periods of active service, regardless of the character of separation/discharge from last period of active duty. In addition, if the period of active duty was subsequent to September 7, 1980, and less than 24 consecutive months, furnish the reason for separation or discharge along with the character on code line F.

If the veteran served two or more periods of continuous active service and the last discharge is Dishonorable, Other Than Honorable, Under Conditions Other Than Honorable, Undesirable, or Bad Conduct, the C-4 technician gives the completed response to the lead technician or supervisor for further action. Either the supervisor, lead technician, or C-6 technician will determine if the veteran was eligible for complete separation. (See [1865.38, Fig. 3, Rule 14](#), for instructions on processing non-fire related inquiries, and [1865.107, Fig. 2-7](#), for processing fire related inquiries.) If the veteran served only one period of active service ending in one of the above discharges, furnish the reason for separation along with the character. See [figure 1](#) for sample of a completed NA Form 13079.

(2) **Code I - War Service.** Active service performed during the periods listed below constitutes war service for this purpose:

Mexican Border: May 1, 1916, to April 5, 1917

World War I: April 6, 1917, to July 1, 1921

World War II: December 7, 1941, to December 31, 1946

Korean Conflict: June 27, 1950, to January 31, 1955

Vietnam: August 5, 1964, to May 7, 1975

Persian Gulf War: August 2, 1990, through a date to be set by law or Presidential Proclamation

If applicable, indicate if veteran served in the Army or Army Air Corps in WWII.

(3) **Verifying additional data to the Arlington National Cemetery.** In-ground burial in Arlington National Cemetery requires active duty service and either retired in pay status, former prisoner of war (POW) status (defined as a person serving on active duty who was forcibly detained or interned in line of duty by an enemy government or foreign government or its agents, or a hostile force, during a period of war or under circumstances which the Secretary finds comparable), Silver Star, Purple Heart, Distinguished Service Medal, Distinguished Service Cross, or the Medal of Honor. In addition to verifying active duty service, furnish verification of the above medals on code line J and POW status on code line K.

Eligibility for inurnment of cremated remains in Arlington's columbarium is the same as eligibility for burial in the VA national cemeteries.

(4) **Additional information for Code K.** The technician enters any additional pertinent information to verify all periods of active service or clarify information provided. If information furnished in items B through J were taken from an alternate source, make a statement to that effect in code line K.

(5) **Active duty for training (ACDUTRA) only.** Complete code line A, code line B (only if the SN or SSN is not known), and in code line K state "active duty for training only," and include the dates.

The archives technician enters his/her name, office symbol, and current date on the bottom portion of a completed NA Form 13079.

4. **Army retiree record erroneously in NPRC custody.** If a burial request is received on an Army record that was retired to NPRC erroneously, first process the request and dispatch reply in the normal manner. Then take the following action:
- a. **Death of retiree.** Charge the record on a loan basis to the ARPERCEN, Casualty Branch, VSA-C. Transmit the record to ARPERCEN using NA Form 13008, Loan or Transfer of Records. Write on the transmittal "Record transferred to NPRC in error."
  - b. **Death of next of kin of a living retiree.** Prepare an NA Form 13131, Important Notice, showing the record was transferred to "ARPERCEN, (VSA-C)." Transmit the record to ARPERCEN using the NA Form 13008. Write on the transmittal: "Living retiree--record transferred to NPRC in error."

*\*\* Service in Japan from April 28, 1952 to July 27, 1954 is creditable as Korean service, **IF** the record indicates that said service was in support of Korea. Korean Service Medal must have been authorized for that period. Service in Japan prior to 4/28/52 is verified as Army of Occupation (Japan).*

## APOs

Following is a numerical listing of **SOME** APOs that you will find helpful. You must be aware that this information was received from AR-PERSCOM when that agency transferred the Army retiree records to NPRC. The information from which this list was compiled includes hand-written notes and information that was apparently compiled by AR-PERSCOM clerks over a period of years. **THIS LIST IS BY NO MEANS COMPLETE.** If you cannot locate the APO for the specific date(s) you are seeking, **please check the [APO WWII Database](#) before submitting a request to the Organization Records Unit, who will provide the requested data.**

## CHAPTER 1. GENERAL INFORMATION

### 1. **Purpose.**

a. This memorandum describes the Career Advancement Plan (CAP), the requirements for promotions, and the processes in assessment and approval of promotions for Preservation Unit technicians in career ladder positions.

b. The CAP provides a systematic process for determining whether technicians have the competencies necessary for progression to the next higher-grade level in the career ladder. The purpose of the CAP is:

(1) To ensure the Preservation Unit has sufficiently qualified technicians to accomplish quality preservation work.

(2) To facilitate recruitment and retention by offering a process to continually develop the Preservation Unit workforce.

(3) To provide a career development program by defining the competencies required, providing related developmental activities, and presenting objective measures of competencies for promotion.

(4) To provide upward mobility opportunities to NPRC employees.

### 2. **Authority.**

a. Part 335, Title 5, Code of Federal Regulations.

b. EPA 9335.1, General Services Administration Merit Promotion Plan (GSA Order in effect for NARA use).

3. **Coverage.** This directive applies to employees who are in career ladder positions within the Preservation Unit.

### 4. **Definitions.**

a. **Benchmark.** A defined level of competency usually supplemented by example of technique and work.

b. **Candidate.** A technician in a career ladder position in the Preservation Unit who has started the certification process to progress to the next level in the career ladder.

c. **Career ladder position.** A position which has a full performance grade level based on the work required by the Preservation Unit. Positions in a career ladder may be filled at a lower level for recruitment, retention, and workforce development purposes.

d. **Certification and Assessment Panel.** A panel of three Preservation Specialists in the NPRC Preservation Unit, of which one member must be a senior level specialist. This panel convenes as needed for assessment of a candidate's eligibility for promotion via the Certification Process and:

(1) Interviews candidates and/or reviews promotion packages to assess whether candidates have acquired and demonstrated the required knowledge and competencies at the appropriate benchmark levels.

(2) Provides input to Senior Preservation Specialists who recommend approval or disapproval of the career ladder promotions.

e. **Certification and Assessment Tools**. The instruments used to assess whether a candidate has the required competencies at the required benchmark levels. These include:

(1) A technician self-assessment.

(2) Competency exercises which include hands-on treatment and skill assessment.

(3) Preservation Specialist's assessment.

(4) A panel interview (optional).

(5) A panel review and Senior Preservation Specialist recommendation.

f. **Certification Process**. The method of utilizing certification assessment tools to determine a candidate's readiness to advance to the next grade level in the career ladder (see [Chapter 2](#)).

g. **Competency**. An observable pattern of knowledge, skills, abilities, behaviors, and other characteristics that technicians need to successfully perform work-related tasks.

h. **Competency exercise**. Specially developed treatments and exercises to assess the technical knowledge and manual skills and reasoning abilities for competency.

i. **Competency Progression**. The critical competencies and associated benchmarks at each grade level of the career ladder. The technician must acquire and demonstrate the required competencies at both the lower level and the next higher level before being promoted.

j. **Preservation Environment**. An organization where technical skills and attention to detail are paramount. Team efforts are utilized, but the majority of the work is individual.

## 5. **Responsibilities**.

a. **Director, National Personnel Records Center**. The Director oversees the program, provides guidance, and reviews Preservation Officer decisions regarding approval or disapproval of career ladder promotion.

b. **Preservation Officer**. The Preservation Officer provides guidance and direction to Preservation Specialists on implementation and other issues concerning the CAP. He or she also provides guidance to technicians in progressing in the competencies, and approves or disapproves a career ladder promotion based on the recommendation of Senior Preservation Specialists.

c. **Senior Preservation Specialists**: Senior Preservation Specialists perform the following duties in regard to the CAP:

(1) Provides guidance, training and direction to technicians on issues concerning career ladder promotions.

(2) Fosters a learning environment within the Preservation Unit to assist technicians in developing the required competencies for career ladder promotions.

- (3) Assists technicians in identifying career goals and competencies required to achieve goals and in assessing their strengths and weaknesses.
- (4) Assists technicians in creating individual development plans (IDPs) to develop desired competencies.
- (5) Provides on-the-job learning experiences to assist technicians in developing competencies.
- (6) Reviews input from Preservation Specialists and make recommendations on career ladder promotions ensuring consistency and appropriateness.
- (7) Prepares written assessments of candidates in career ladder positions for review and provide feedback to candidates on these assessments.
- (8) Prepares written justifications for review and action by the Preservation Officer.

d. **Preservation Specialists**. Preservation specialists will:

- (1) Assist Senior Preservation Specialists and technicians in preparing individual development plans to gain competencies required for career ladder advancement.
- (2) Assist in training technicians for advancement in career ladder.
- (3) Schedule candidates for competency exercises upon request.
- (4) Assist Senior Preservation Specialists in administration of exercises.
- (5) Keep Senior Preservation Specialists informed on the progress of technician's skills and performance.
- (6) Assess technician's competency and provide input on career ladder promotions.

e. **Employees**. Employees in career ladder positions will:

- (1) Prepare IDPs with guidance from the Senior Preservation Specialist. The IDP will identify gaps in competencies possessed, compared to those required, at the next higher career ladder level. The IDP will also identify the learning activities necessary to develop those competencies.
- (2) Actively participate in on-the-job learning activities identified in IDPs.
- (3) Acquire knowledge and skills through self-development, which will help demonstrate competencies, required at the next level in the career ladder.
- (4) Initiate the required steps identified in the certification process for progression to the next level in the career ladder. This process may be initiated when the eligibility requirements have been met, and the required competencies have been acquired and demonstrated.

f. **Training Instructor (NRPS)**. A Training Instructor assigned to the Management Systems Staff will:

- (1) Assist with the development of certification and assessment tools as required.
- (2) Assist with proctoring the written portion of competency exercises.

---

## CHAPTER 2. CERTIFICATION AND ASSESSMENT PROCESS

1. **Overview.** To progress to the next higher-grade level in the career ladder, candidates must go through a certification assessment process to determine if they are eligible and to evaluate their possession of required competencies. Candidates must be eligible before proceeding to the competency assessment stage.

## 2. **Eligibility Certification.**

a. **Requirements.** The Human Resources Operations Branch determines certification eligibility. To be eligible candidates must:

(1) Meet time-in-grade and qualification requirements as stated in the U.S. Office of Personnel Management's Operating Manual, Qualification Standards for General Schedule Positions.

(2) Have a current performance rating of fully successful or higher; and

(3) Have a rating of at least "fully successful" on current critical elements that are also critical to performance at the next higher grade of the career ladder.

b. **Eligibility Certification.** Candidates wishing to apply for career ladder advancement must first request eligibility certification from the Human Resources Operations Branch. NPRC Test Form 03-01, Preservation Staff Career Ladder Eligibility Certification Request must be completed and forwarded to Human Resources for certification. (see [figure 2-1](#)).

## 3. **Competency Assessment.**

a. **Application for Career Ladder Advancement.** Candidates meeting eligibility requirements and receiving certification from HR, may then initiate application for competency assessment on NPRC Test Form 03-02, Preservation Staff Career Ladder Advancement Application ([figure 2-2](#)), and submit the application package to their Supervisor for consideration.

b. **Competency assessment.** Competency assessment consists of the HR certification and completion of the assessment tools required for promotion to the next higher-grade level. The tools used for each grade level progression in the career ladder are:

(1) Preservation Technician/Specialist Career Ladder Self-assessment (NPRC Test Form 03-03) ([figure 2-3](#)).

(2) Competency exercise.

(3) Preservation Panel Review of Technician/Specialist (NPRC Test Form 03-04) ([figure 2-4](#)), and Senior Preservation Specialist recommendation.

c. **Candidate Self-assessment.** Candidates at each level of a career ladder must complete a NPRC Test Form 03-03, Preservation Technician/Specialist Career Ladder Self-assessment ([figure 2-3](#)) to determine their acquisition and demonstration of required competencies at the benchmark level, for the next grade level in the career ladder.

d. **Competency exercise.** The competency exercise consists of two parts, a written exercise and a practicum. The following applies to the competency exercise:

(1) Candidates may participate in the competency exercise once every 60 calendar days.

(2) Competency exercises will be administered and proctored by the Senior Preservation Specialists.

(3) A score of 95% on the competency exercise is required for the candidate to be further considered for promotion.

e. **Preservation Specialist panel review and/or recommendation.** A panel of three Preservation Specialists including at least one senior level specialist, will assess the candidate's required competencies and forward their assessment to the Preservation Officer for approval/disapproval. Review of the candidate's self-assessment, will be accomplished and documented by completion of NPRC Test Form 03-04, Preservation Specialists Panel Review of Technician/Specialist Assessment ([Figure 2-4](#)). The panel review will be based on:

- (1) The candidate's actual demonstrated performance.
- (2) The candidate's completion of the learning activities outlined in the IDP.
- (3) The candidate's Self-assessment (NPRC Text Form 03-03).
- (4) Panel interview (optional).

f. **Preservation Officer.** The Preservation Officer will review the panel recommendation, approve or disapprove the panel recommendation, and forward the application to the Center Director.

g. **Center Director.** The Center Director will review the Preservation Officer's decision. If the Director concurs, the application is returned to the Preservation Officer for appropriate action to promote the candidate to the next grade level. If the Director does not concur, the application package is returned to the Preservation Officer with comments/justification, and appropriate follow-up action is taken to notify the candidate of the reason for non-concurrence.

NPRC 1865.114  
June 28, 1991

**SUBJECT: Changes/corrections to identification data for military personnel/medical records indexed by computer**

1. **Purpose.** This memorandum issues revised procedures for changing or correcting identification data on military records and on the computerized registry index.
2. **Cancellation.** NPRC 1864.96C is canceled.
3. **Reason for revision.** This memorandum has been placed in the 1865 series because the information pertains to 9700 Page only. It has been revised:
  - a. to update form names and numbers;
  - b. to remove note 1 from the end of fig. 1 and thus allow branches to designate the person(s) to authorize changes to the computerized registry index;
  - c. to add a paragraph which lists general criteria for making changes and/or corrections on the military documents themselves;
  - d. to change fig. 2 to pertain only to corrections in Navy records; and
  - e. to add a new figure to show the addresses to which to send non-Navy records when identification data on the records need to be corrected. (Making this fig. 3 has required renumbering of the previous fig. 3 as fig. 4. The previous fig. 4, an overprint for requesting a single registry number to use on a jacket being moved from a pre-registry file, has been removed. Instructions covering such situations will be added to [NPRC1865.115](#), Registry File System records processing procedures.)
4. **Instructions.** The actions to take to change identification data on the computerized registry index and to make changes or corrections on the actual records are described in the attachment and in figs. [1](#), [2](#), [3](#), and [4](#).
5. **Forms.** This memorandum provides for the use of the following forms:
  - NA Form 13003, Request for Amendment(s) to Computer Index
  - NA Form 13077, Report of Searching Actions
  - NA Form 13096, Finding Aid Report

**SUBJECT: Changes/corrections to identification data for military personnel/medical records indexed by computer**

1. **Purpose.** This memorandum transmits revised pages of NPRC 1865.114.
2. **Explanation of change.** The incoming mail operation uses the service code in some cases to determine if a request can be referred to another agency without searching for the record or referring to information in the record. When combining two or more records careful consideration must be given to ensuring that the service code on the combined record is appropriate to the contents of the record. A listing of service codes used in the NPRC registry systems has been added as [figure 5](#). Figure 4 has been changed to reflect the most recent revision of NA Form 13003, Request for Amendment(s) to Computer Index. Figure 3 has been revised to reflect the most recent addresses to which records are to be referred.
3. **Instructions.** Remove pp. 1/2 and 7/8 of the attachment and insert the revised pp. 1/2, 7/8, and 9/10.

**CHANGES/CORRECTIONS TO IDENTIFICATION DATA FOR MILITARY PERSONNEL/MEDICAL RECORDS INDEXED BY COMPUTER**

1. **General information.** Identification data (ID) is that information which identifies and isolates the record of one individual from another. On a military personnel/medical record, the ID is the NAME, SERVICE NUMBER, or SOCIAL SECURITY NUMBER. On the computer, the ID is the NAME, SERVICE NUMBER/SOCIAL SECURITY NUMBER, and SERVICE CODE.
2. **When and when not to request amendments to the computerized registry index.**
  - a. **DO** request amendments to the computerized registry index whenever it is recognized that there is a need:
    - (1) To change or correct the LAST NAME, SSN, and/or SERVICE NUMBER.
    - (2) To change, add, or delete the REGISTRY NUMBER and/or SERVICE CODE.
    - (3) To consolidate two or more records for the same individual, same branch of service-- each bearing a different registry number.
    - (4) To substitute a SERVICE NUMBER or SOCIAL SECURITY NUMBER for an "X" number (i.e., date-of-birth number).

The need to make any such changes may become apparent during the course of routine caseworking, or after a record has been returned from a military service department following corrections made on record documents themselves.

- b. **DO NOT** routinely request amendments to the computerized registry index:

- (1) To remove a record from the registry system that was erroneously filed there.
- (2) To add a record to the registry system that was erroneously filed in an alpha file.
- (3) To add a Navy/Marine Corps personnel or medical record to the registry system only because the other record is in the system. This should be done, however, if the record which is not in the system has been pulled to answer an inquiry.
- (4) To delete a record which has been transferred to another records depository (unless that branch of service specifically requests the deletion).
- (5) To add a service number to a record which is already in the system under a valid social security account number.

**NOTE:** This does not apply to the Records Reconstruction Branch.

(6) Just to add/change/correct a FIRST name or middle initial. (But do take such action also if an amendment is being made for another reason.)

3. **Changing and/or correcting identification data ON records.** Navy records are the only military personnel records for which NPRC prepares paperwork to make changes or corrections to ID on records. This is done with Navy Liaison approval. See [fig. 2](#). Criteria for making such changes/corrections are described in *NPRC 1865.65*, Changes/corrections to military personnel/medical records indexed in Alpha or Numeric files (Navy and Marine Corps). Such actions on other-than-Navy records are made by sending files to the proper headquarters facility. See [fig. 3](#).

**NOTE:** The service department may make its change by issuing a single document to be filed in the jacket, rather than by changing the existing documents. Thus, the item that was changed may not be deleted entirely from the paper and should not be deleted from the computer memory; rather, the new information should be added to the computer as a cross reference and should be written in next to the existing information on the outside of the jacket. For example, a name change should be written along with words such as "also known as."

4. **Service codes.** When two or more records are combined appropriately, the service code in the computer must reflect the make up of the newly formed record. For example, if an AF service code record containing some medical records is combined with an AFP service code record (the AFP code indicates the service sent the medical records to the Veterans Administration Records Management Center (VARMC)), the service code of the combined record should be changed to AF. The various service codes and their definitions are available in [figure 5](#).

**NOTE:** Check that all combined records belong to the same veteran. Compare names, SN/SSN, and date of birth, if necessary. Do not combine records for more than one branch of service. Do not combine Navy personnel and medical records unless an AM or PM registry number already exists.

Figure 2: **Basic procedures for making changes or corrections in a Navy record**

<p>1. Change involves retired Navy veteran's service and/or medical record:</p> <p>a. The C-6 archives technician</p> <p>(1) makes corrections to the record according to TECHINST 8411B for officers and TECHINST COR-12 for enlisted personnel;</p>
---

- (2) completes DD Form 1343, Notification of Change in Service Member's Official Records, and attaches it to the record;
- (3) sends record and DD Form 1343 to the Navy Liaison Officer and requests computer amendment(s) after receiving the case back; and
- (4) sends original DD Form 1343 to Naval Reserve Personnel Ctr., New Orleans; first copy to Navy Finance Center, Cleveland; second copy to medical folder; and remaining copies to personnel folder.

b. The Navy Liaison Officer

- (1) authorizes the correction(s);
- (2) signs the DD Form 1343; and
- (3) returns the entire case to the C-6 archives technician.

2. Change involves discharged veteran's service and/or medical record:

a. The C-6 archives technician

- (1) makes corrections to the record according to TECHINST 8411B for officers and TECHINST COR-12 for enlisted personnel;
- (2) prepares a DD Form 215, Correction to DD Form 214, and attaches it to the record;
- (3) sends the record and DD Form 215 to the Navy Liaison Officer and requests computer amendments after receiving the case back; and
- (4) sends original DD Form 215 to requester; copies of DD Forms 214 & 215 to medical folder; and copy of DD Form 215 to personnel folder.

b. The Navy Liaison Officer

- (1) authorizes the corrections;
- (2) signs the DD Form 215; and
- (3) returns the entire case to the C-6 archives technician.

\$ - Referral information uncertain or unknown.

---

VS - The charge-out code is for a unit within NPRC or for an agency to which we do not refer requests. If the charge-out is followed by a three character code, that code is most likely an old date tag code. These codes can be found in [NPRC 1964.101 Appendix A](#) and repeat every 21 weeks. Consider making a request through verification search for the record.

NPRC 1832.6N  
July 25, 2007

**SUBJECT: Checklist of current and canceled NPRC memorandums**

1. **Purpose.** This memorandum transmits the checklist of current and canceled memorandums for the period October 30, 2004, through July 25, 2007.
2. **Cancellation.** NPRC 1832.6M is canceled.
3. **Content of checklist.** [App. A](#) of the checklist contains a listing of current NPRC Memorandums as of July 25, 2007. [App. B](#) contains a listing of the NPRC Memorandums canceled during the period of October 30, 2004, through July 25, 2007.
4. **Use of the checklist.** Each office maintaining a set of memorandums should compare the memorandums on file with the checklist and destroy canceled memorandums. Where distribution codes indicate that memorandums listed in [App. A](#) should have been received, but are missing from binders, such memorandums may be requested through appropriate branch chief or core manager.

R. L. HINDMAN  
Director

# PROTECTING VETERANS' PRIVACY

Protecting our veterans' privacy is the most important thing we do. It is the law. Careless release of records can hurt the veteran and your career. Take time to follow these procedures. If you are still not sure, see your ET or Coach.

**OPEN ONLY ONE RECORD AT A TIME.**

**IDENTIFY** who the request is about. Read the request for the information, not the data entered in CMRS. Note the veteran's name, branch of service, SN/SSN. If necessary, compare the date and place of birth.

**VERIFY** that the name, the branch of service, the SN/SSN shown in the *request*, are the same as what is shown in the *record*. *Do not compare the yellow Finding Aid Report with the request.* If the right record was ordered, but the wrong record was pulled, you will release the wrong record.

**DETERMINE** if the requester is authorized to have the information they ask for in their request. If you are not sure, check the CRG and/or NPRC 1865.16, Release and access guide for military personnel and related records.

**IDENTIFY** what document(s) or information is (are) being requested.

**VERIFY** that all the documents you have pulled are for the right person. Documents for other veterans may have been misfiled in the record.

**VERIFY** that the response letter contains the complete and correct address. Compare the *address on your response* with the *address in the request*, not what was entered in CMRS.

**VERIFY** that the address label you put on the envelope contains the complete and correct address.

**VERIFY** that the address on the envelope matches the address on the letter.

**VERIFY** that the documents attached to your response letter match the veteran information on the request.

**VERIFY** that the documents you put back in the record belong in that record.

---

# CHEMICAL or TOXIC GAS EXPOSURE

---

## GENERAL INSTRUCTIONS

---

Evidence of exposure would be found in the health record on a letter and/or index card.

### **Evidence found in record:**

Furnish documentation and advise requester as follows: "A review of your records produced the enclosed documents regarding exposure to toxic (*fill in either chemicals or gas*). No other entries were found."

### **No evidence found:**

Advise requester as follows: "A review of your records failed to produce any entry regarding exposure to toxic (*fill in either chemicals or gas*)."

---

## ***Special Instructions for Navy records (especially WWII enlisted):***

---

In the **Personnel Jacket** look for:

- (1) Remarks on the service record book pages
- (2) Record of assignments or duty stations

In the **Medical Jacket** look for:

- (1) Index Cards:

**Front of card:** name, service number, home address, date retained and returned from assignment.

**Back of card:** experiment number, agent exposed to, exposure count, number of exposures, intensity of reaction and parts of body effected.

- (2) Letters:

copies of letters filed in record.

**Naval Research Laboratory (NRL)** - If record indicates that serviceman underwent chemical warfare tests at NRL, Bellevue, or Anacostia, furnish proof from service record and advise requester to contact:

# COMBAT-RELATED SPECIAL COMPENSATION (CRSC) FOR CERTAIN COMBAT-DISABLED UNIFORMED SERVICE RETIREES

**Description.** The Combat-Related Special Compensation (CRSC) program, enacted on December 2, 2002, provides additional benefits to retirees who waived military retirement pay to accept VA disability compensation for a combat-related disability. The CRSC program is a special part of a larger legislative initiative to restore military retirement compensation on par with Federal service benefits. The retiree must apply to the office designated to process CRSC requests within the appropriate military service department, and provide substantiating documents.

More detailed information about the CRSC and an electronic version of the application form (DD Form 2860) are located at <http://militarypay.defense.gov/Benefits/NewRetiredBenefitsProgram.aspx>. This site also contains links to each of the DoD military services' CRSC websites.

**Procedures.** The National Personnel Records Center may be asked by retirees to provide documents that verify service and/or injuries sustained.

IF REQUEST IS	REPLY
1. For specific documents	Send only documents requested
2. Vague, but mentions that records are needed for CRSC	Send copies of any documents that support retiree's claim for a combat-related disability, which may include: <ul style="list-style-type: none"> <li>• All DD Forms 214 and 215</li> <li>• Retirement Orders</li> <li>• Purple Heart citation and orders</li> <li>• Reserve retirement orders and points summary</li> <li>• Any documents indicating combat-related findings (include pertinent citations, awards, and evaluations)</li> <li>• Medical records (including clinicals) showing specific injury/illness and how it occurred</li> </ul>
3. A completed DD Form 2860, Application for Combat-Related Special Compensation	Send supporting documents listed in 2, above. Return application form to retiree with instructions to send it to service department office listed on page 1 of the DD Form 2860.
4. About eligibility for CRSC or how to apply	NPRC does not determine eligibility. Tell retiree to contact service department office responsible for CRSC, as follows: <ul style="list-style-type: none"> <li>• Air Force: <p style="margin-left: 20px;"><a href="#">[00512]</a> United States Air Force Disability Division (CRSC)</p> </li> </ul>

NPRC 1864.99B  
November 16, 1984

SUBJECT: **Civilian and military records of VIP's**

1. **Purpose** This memorandum contains updated instructions for controlling and storing the records of certain VIP's in NPRC vaults. These VIP records include those of certain government officials, celebrities, and persons receiving notoriety or adverse publicity. The records are withdrawn from the open files and stored in the appropriate NPRC vaults to protect them from damage, destruction, or compromise.
2. **Cancellation** NPRC 1864.99A is canceled.
3. **Applicability** The provisions of this memorandum are applicable to all NPRC employees.
4. **Reason for revision** This revision updates policy and instructions for protecting, controlling, and restoring the records of VIP's.
5. **Forms** This memorandum makes use of the following forms.

GSA Form 6861, Request for Amendment(s) to Computer Index  
GSA Form 7208, VIP Control Card  
Regional Form R6-7073, Important Notice

DAVID L. PETREE  
Director

- 
1. **General policy.** The civilian and/or military personnel and medical records of certain individuals are withdrawn from open files and placed in the appropriate NPRC vault when the individual takes office or when he/she meets other criteria contained in this memorandum.
  2. **Retention period.** All VIP records transferred from the open files to an NPRC vault under the provisions of this memorandum remain stored in the vault on a permanent basis while the records are in the physical custody of the Center.
  3. **Criteria for storage of records in VIP vault file.**
    - a. **President of the United States.** The records are withdrawn from the open file and sent to the Chief, Military Operations Branch, or Chief, Accession and Disposal Section, Civilian Operations Branch, as appropriate. A letter is prepared by the Military Operations Branch to NC for the signature of the Center Director asking NC to obtain the permission of the appropriate military service to prepare a microfilm copy of the military records. The original military and/or civilian records are eventually deposited in the appropriate Presidential Library; a Silver halide negative master microfilm copy is placed in the National Archives; and a diazo service copy is retained in the appropriate NPRC vault.
    - b. **Vice President of the United States.** All procedures cited in [subpar. 3a](#), above, are followed to obtain permission to produce a microfilm copy of records. The original civilian

and/or military record is retained in the appropriate NPRC vault and a Silver halide master negative is placed in the depository chosen to house the papers of the Vice President.

c. **Other government officials.** The records of government officials holding any of the following offices are placed in the appropriate NPRC vault upon election or appointment of an individual to the office.

(1) U. S. Senators.

(2) U. S. Representatives.

(3) Justices of the Supreme Court of the United States.

(4) Secretaries, Deputy Secretaries, and Under Secretaries of each cabinet level department.

(5) Staff members of the White House Office listed in the *Government Organization Manual*.

(6) Members of the Council of Economic Advisors.

(7) Director and Deputy Director of the Central Intelligence Agency, the Federal Bureau of Investigation, and the U.S. Secret Service.

(8) Appointed heads of independent agencies, commissions, and other high level executive branch offices (e.g., GSA, FCC, Office of Management and Budget, OPM, etc.).

(9) Chairmen and members of the Joint Chiefs of Staff.

(10) Ambassadors requiring confirmation by the United States Senate.

d. **Persons other than government officials.** It is not possible to formulate definitive guidelines for determining which individuals are celebrities or persons of notoriety whose records are to be removed from the open files and stored in the vaults. Examination of various news media can help to identify such persons. Since the selection process is based on subjective criteria, each case requires special judgment. Every effort should be made to keep this group to a minimum consistent with the intent of this memorandum. Categories to consider include well-known performers and writers, publicized criminals, and local government officials.

4. **Responsibilities and procedures.** All employees are to be alert for and notify supervisors of records of individuals who could be accorded VIP status and their records removed from the open files and placed in the vaults. Specific procedures are outlined below.

a. **Research room attendant (MPR).** Attendant reviews the *Weekly Compilation of Presidential Documents*, paying particular attention to the current nominations listed in the back of this publication. When a person is identified as a VIP, the name is checked against the computer printout of vault record holdings. If the record is in the vault, no further action is taken. If no record is in the vault, the following actions are taken by the attendant.

(1) Attendant completes GSA Form 7208, VIP Control Card, in original and two copies (see [fig. 1](#)), annotating any pertinent biographical data found in previous issues of the *Weekly Compilation of Presidential Documents* and the *Who's Who in America*. Show all sources of biographical information at the bottom of the GSA Form 7208 for Federal civilian and military service.

- (2) Send one copy of the completed GSA Form 7208 to Accession and Disposal Section, Civilian Operations Branch on a GSA Form 14. In the remarks area of the GSA Form 14, state: "VIP cards."
  - (3) If a branch of service is indicated, check the most recent microfiche index of MPR holdings. If a record location is found, annotate Registry number in upper right hand corner of original GSA Form 7208 and route to the appropriate search and file section. If a search of non-registry files is indicated, route GSA Form 7208 to Search and File Section, Navy Reference Branch. File copy of GSA Form 7208 in VIP file located in Research Room.
  - (4) If no military service is indicated or no record location is discovered on the index, probe computer as required. Route positive Finding Aid Report and original GSA Form 7208 to appropriate search and file section. File copy of form in VIP file.
  - (5) If no record location is found or a negative report of search is returned by a search and file section, annotate the original GSA Form 7208 with all actions taken, date, and initial. Do not retain negative Finding Aid or negative search reports. File GSA Form 7208 in VIP file.
- b. **Search and File Sections (MPR).** Upon receipt of a GSA Form 7208 and any Finding Aid Reports, complete a search for the record, charge the record out to the NPRC (MPR) Vault and route the original GSA Form 7208 and record to Office of the Chief, Military Operations Branch. Place Regional Form R6-7073, Important Notice, in open file with heading and part 3 of form completed. If no record is found, route original of GSA Form 7208 and record of negative searching action (including the results of any verification and/or misplaced records search) to the Research Room. Insert Regional Form R6-7073, in open file with heading and part 2 of the form completed.
- c. **Office of the Chief, Military Operations Branch.** Upon receipt of GSA Form 7208 and record, the following actions are completed before placing record in the vault.
- (1) Assign a "V" Registry File Number to each VIP record, record the assignment in VIP registry log, and prepare a record label. (NOTE: "V" Registry File numbers 1 through 100,000 are reserved for VIP records.)
  - (2) Complete GSA Form 6861, Request for Amendment(s) to Computer index, deleting the open file computer index number (if appropriate) and adding the record to the "V" Registry Index. Route to Records and Data Input Unit for processing.
  - (3) Annotate GSA Form 7208 with the assigned "V" Registry number and file form in positive VIP file in vault.
- d. **Records and Data Input Unit.** Process GSA Form 6861, Request for Amendment(s) to Computer Index and verify.
- e. **Accession and Disposal Section, Civilian Operations Branch.** Upon receipt of GSA Form 7208, complete the following actions.
- (1) Reviews various sources of biographical information, including the City of St. Louis Public Library, as is necessary to obtain a social security account number and a date of birth and evidence of civilian Federal government service.
  - (2) Reviews computer registry file index for records, probes computer (DO NOT USE CODE I), and/or requests search of pre-Registry files, as appropriate.

(3) If evidence of service is found or a record is listed, routes GSA Form 7208 with computer inquiry to Search and File Section, Civilian Reference Branch.

(4) Upon receipt of GSA Form 7208 and record or refile material, forwards request to change registry number of a "V" registry number to Mail and Data Input Section, Civilian Operations Branch.

(5) Annotates GSA Form 7208 with "V" Registry number and places record or refile in vault. Places GSA Form 7208 in positive VIP file.

(6) When no further action is indicated, place GSA Form 7208 in negative VIP file.

f. **Search and File Section, Civilian Reference Branch.** Upon receipt of GSA Form 7208, searches for and charges out record or refile to security vault. Routes record or refile and GSA Form 7208 to Accession and Disposal Section, Civilian Operations Branch.

g. **Mail and Data Input Section, Civilian Operations Branch.** As requested, processes requests to change registry file number to "V" Registry file number or to add a "V" Registry File number.

5. **Employees.** All employees are to notify supervisors whenever a record is discovered which should possibly be placed in the "V" Registry File. Supervisors are responsible for recommending appropriate records to be included in the VIP file, completing GSA Form 7208, charging out the record as described in [subpar. 4b](#), above, and routing record and GSA Form 7208 to the Office of the Chief, Military Operations Branch, or the Accession and Disposal Section, Civilian Operations Branch, for further procession.

# CIVILIAN OR CONTRACTUAL GROUP REQUESTS FOR VA BENEFITS

---

You may receive a request in which the requester states, "I was an American Airlines employee during WW II and want to apply for VA benefits." Or "I was in the WAAC and would like a copy of my discharge." Or "My father was a Flying Tiger in WWII and I need a copy of his DD 214 to apply for VA benefits." These requesters may belong to civilian or contractual groups who have been considered "active duty" by the Secretary of Defense for the purpose of VA benefits. The Secretary certified that the groups have provided active military service ***under certain conditions and during specific timeframes***. Individual members of each group must be issued a discharge by the Defense Secretary to qualify for VA benefits. **NPRC has no authority to make active duty determinations for any of these groups.** Requesters should be directed to the appropriate service department. Current service department addresses are listed on DD Form 2168 at the link below.

Before an individual can receive any VA benefits, the person must apply for an Armed Forces Discharge Certificate (DD Form 214) by completing a ***DD Form 2168, Application for Discharge of Member or Survivor of Member of Group Certified to Have Performed Active Duty with the Armed Forces of the United States***. The DD Form 2168 is available at <http://www.dtic.mil/whs/directives/forms/eforms/dd2168.pdf>. Instructions for completing the form, including \*mailing addresses, are contained on the back of the form. If the military service department determines the individual has provided active military service, the military service department will issue a discharge. The individual may then present the discharge to the VA for benefits.

\*The new mailing address for U. S. Army Human Resources command is not yet indicated on the reverse side of DD form 2168. Until this is accomplished, the following address is to be included in response document when service is applicable to Army:

## Clasps

### American Defense Service Medal Clasp

The American Defense Service Clasp is worn on the suspension ribbon to indicate service outside the Continental United States. A bronze star is worn on the service ribbon in lieu of the foreign service clasp.

### Antarctica Service Medal Clasps

A clasp bearing the words "WINTERED OVER" for wear on the suspension ribbon of the medal awarded in bronze for the first winter, in gold for the second winter, and in Silver for the third winter.

### Army of Occupation Medal Clasps

The Army of Occupation Medal Clasp is inscribed with the word "GERMANY" or "JAPAN" to denote occupation duty rendered in Europe and/or the Far East.

### Good Conduct Medal Clasps

Good Conduct Medal bars of bronze, Silver or gold, with loops indicative of each period of service. The bronze clasps are worn for the 2d through 5th award; Silver 6th through 10th award; gold 11th through 15th award respectively.

Fourth Award

The Combat Infantryman Badge is awarded to personnel in the grade of Colonel or below with an infantry or special forces military occupational specialty who have satisfactorily performed duty while assigned as a member of an infantry/special forces unit, brigade or smaller size, during any period subsequent to 6 December 1941 when the unit was engaged in active ground combat. The policy was expanded to permit award to Command Sergeants Major of infantry battalions or brigades, effective 1 December 1967. Specific criteria for each conflict was also established. Only one award is authorized for service in Vietnam, Laos, the Dominican Republic, Korea (subsequent to 4 January 1969), El Salvador, Grenada, Panama, the Southwest Asia and Somalia, regardless of whether an individual has served in one or more of these areas. The complete criteria for each area and inclusive dates are listed in Army Regulation 600-8-22. *Service stars are awarded to eligible individuals to indicate award of the badge for each separate war in which they participated.*

Army personnel who, as members of the Armed Forces of the United States between December 7, 1941, and September 2, 1945, were awarded the Combat Infantryman's

# Processing Records Center Research Room Requests

---

## Delivery of Research Room Responses

**Subject:** Improvement of the time and accuracy of the delivery of response documents to the Research Room.

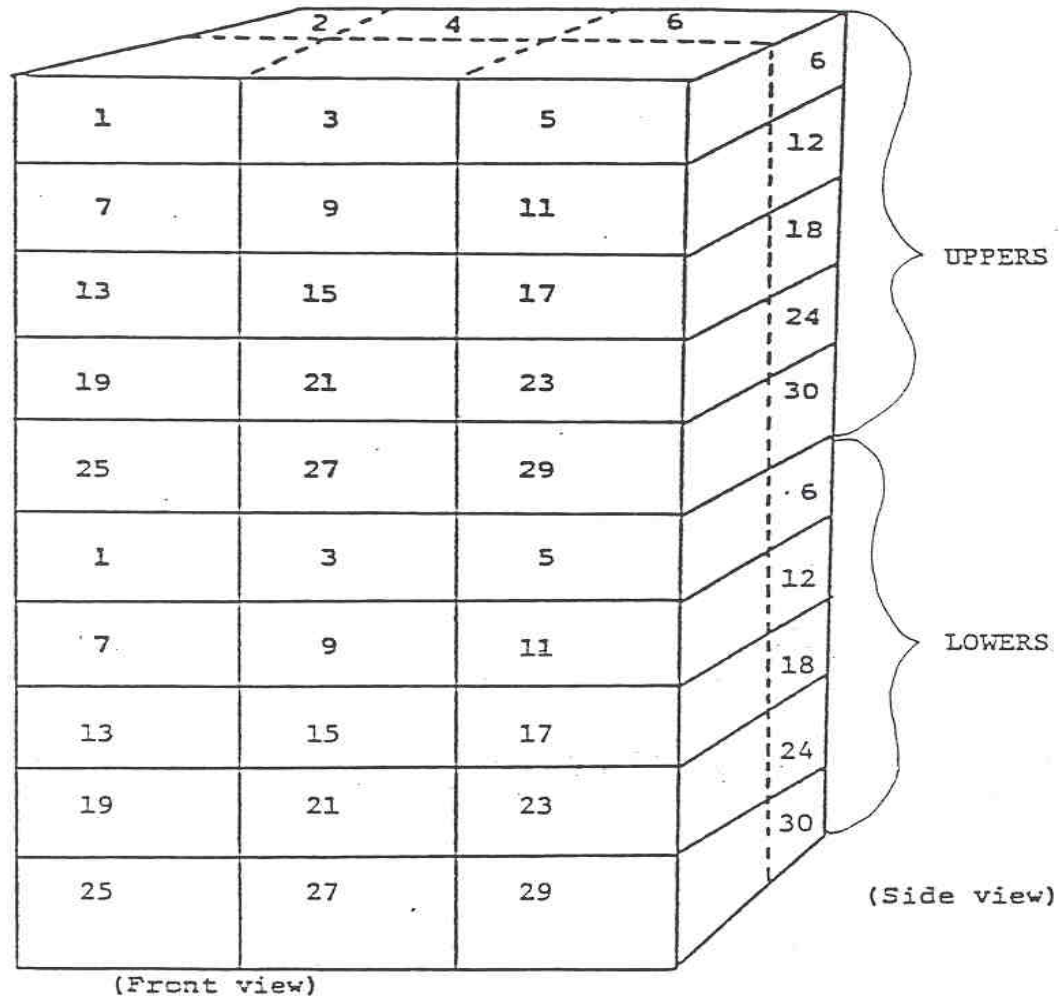

**Issue:** The recurring problem in the Research Room regarding the delayed delivery of responses to researchers' requests. The research room responses are being misrouted to the mailroom and frequently mailed out of the center in error and then returned by the Postal Service as undeliverable.

**Solution:** Every core has an established common location for research room responses to be placed. When the response is completed, a red dot will be affixed to the envelope next to the bar code label. (This can be done by the technician who completes the case or by an ET or other employee, at the discretion of the core management.) The response **only (no records)**, will be placed in the research room response box in a "Case Completed" status. Response documents will be picked up daily several times a day by research room employees. If a response is misrouted to the mail room, the red dot on the envelope will alert mail room personnel to route the envelope to the Research Room. Research Room employees will wand the case to Closed.

A request has been made to change CMRS to incorporate a method of flagging these responses in the system; however, since we are in the process of developing a new CMRS, making a computer based change could take many months. This process will go into practice as of Monday, July 17, 2017.

REPLY CONCERNING MILITARY RECORDS

DATE 2/24/89

RE: Verification of Sea Service for: JONES, JOHN E. [REDACTED]

THE REPLY TO THE INQUIRY WILL BE FOUND IN THE CHECKED ITEM(S). IF YOU WRITE TO US AGAIN ON THIS SUBJECT, PLEASE RETURN YOUR ORIGINAL REQUEST, THIS FORM, AND ANY OTHER FORM YOU COMPLETE.

[X] Copies of requested military [X] personnel [ ] medical records are attached. We suggest you make an extra copy and guard against loss or damage. We regret if any photocopies may be of poor quality, but they are the best copies obtainable.

[ ] The attached separation document may include the following information: authority for separation, reason for separation, Reenlistment Eligibility Code, and Separation (SPN/SPD) Code. If you require a copy of the separation document that does not contain the above information, you may request a deleted copy from this Center.

[ ] The Privacy Act of 1974 does not permit the release of a social security number or other personal information to the public without the authorization of the veteran concerned; therefore, we have deleted personal identifying data relating to other persons.

[ ] The Reenlistment Eligibility (RE) Code issued upon release from active duty on \_\_\_\_\_ is \_\_\_\_\_.

[ ] The reason and authority for separation from active duty/discharge on \_\_\_\_\_ is \_\_\_\_\_.

[ ] The record of service in the \_\_\_\_\_ indicates being in a POW status from \_\_\_\_\_ to \_\_\_\_\_.

[ ] Military personnel, upon discharge from the Armed Forces, are issued discharge certificates. These certificates are prepared in the original only; therefore, copies cannot be furnished. The law does provide that upon presentation of satisfactory proof of loss (such as a signed statement), an honorably discharged veteran or the surviving spouse may be given a "certificate in lieu of lost or destroyed discharge." We are unable to issue a certificate in lieu to anyone other than as provided by law.

[ ] The document you have requested, DD Form 214, Report of Separation, was not used until Jan. 1, 1950. However, a similar form was used at the time the person named above was separated. A copy of it is attached.

[ ] When the person named above was separated, it was not the practice to issue a document which served as a report of separation.

[ ] The original Report of Separation was issued at the time of separation. Another original cannot be issued. The attached copy, however, will serve the same purpose as the original.

[ ] No Report of Separation was issued since the person named above had no active service, or less than 90 days of active duty for training.

[ ] The service record of the person named above does not contain a copy of a Report of Separation, or its equivalent. Therefore, we are instead furnishing the attached NA Form 13038, Certification of Military Service. This will serve as verification of military service and may be used for any official purpose.

[ ] That portion of your request seeking medals/awards has been referred to the office checked below. That office has jurisdiction over the issuance of medals/awards. Any further correspondence on this subject should be addressed to that office.

[ ] ARPERCEN, Attn: DARP-PAS-EAW [ ] Navy Liaison Office, Room 3475, N-314 9700 Page Blvd., St. Louis, MO 63132

[ ] The medical records you request [ ] The documents you request pertaining to discharge have been lent to the Veterans Administration and may be obtained from the VA office shown below.

[ ] According to the provisions of DoD Directive 5400.11, we cannot release a portion of the medical records you have requested. They contain information that can be interpreted and explained properly only by a physician. If you wish us to send copies to a designated physician, please furnish us with the name and address of that physician. The request MUST INCLUDE the service person's written consent (signature), authorizing the release of the records to the designated physician.

[X] cc: JOHN E. JONES

# Completing and Providing SF 813

Last Update: 11/25/2013

**Background.** The SF 813 (formerly OPM 813) is used by Office of Personnel Management (OPM) to verify the non-wartime campaigns and expeditions of active duty retirees and fleet reservists. OPM credits this information toward civil service employment for reduction-in-force and leave accrual. Under the Dual Compensation Act of 1966 (PL 89-554), the active duty retiree or fleet reservist requires one of the three following to earn creditable service:

- **Active service with a disability retirement**, when the disability was caused by either (a) instrumentality of war or (b) injury/disease received in the line of duty, as a direct result of armed conflict.
- **Active service performed during a war period.**
- **Active participation in a non-wartime armed conflict**, which is referred to as a campaign or expedition.

OPM considers the Korean War, Vietnam War, Persian Gulf War, and Global War on Terror non-wartime campaigns because there was no official declaration of war by Congress. The difference between a military campaign and a military expedition is a campaign is a connected series of military operations launched to accomplish a long-term strategic objective within a specific area, while a military expedition is a single military operation launched to accomplish a given objective in a foreign country.

**Overview for responding to SF 813 requests.** Principles:

- Normally, annotate on the SF 813 when returning the form with no creditable service.
- Send a pattern letter when requesting supporting documents, for referrals, or rejecting from improper source.
- The SF 813 has to be substantively correct for NPRC to research. NPRC will not reject for minor errors; such as wrong dates.
- NPRC closes and returns frivolous SF 813s, such as only non-creditable medals, or claimed service overseas when record shows only US duty.
- If needed ask for more data in the absence of data. However, clearly non creditable service will not be made creditable by sending in more records. Also, a person who claims service in a war zone, but was clearly stateside, sending more information will not resolve a clearly unsupported claim.
- Good customer service: if the record shows creditable service that was not claimed in the request, add it.
- A sample [SF 813](#) is attached at the end of this CRG.

**Table 1. Procedure - Completing and Providing SF 813.** Some requests may require all steps be completed, while others may not. Review all steps to ensure a correct response.

**Table 6. How to Compute Creditable Service.**

**Creditable service examples where dates and service do not match.**

The dates shown on Navy Department Awards Web Service (NDAWS) website indicate which ship or unit earned the campaign medal; and may or may not be the dates for which the retiree earned the campaign medal. Do not transcribe dates from the website onto the SF 813 without comparing the dates with the service member's dates aboard the ship or attached to the unit. Follow the examples below.

**Example A:** Laos campaign and the table shows Laos campaign dates as 4/19/61 to 10/7/62. The veteran's service must be within these dates to be creditable.

**Example B:** The retiree served with a unit from 9/1/66 - 4/1/68, and unit received the Vietnam Service Medal for the period of 7/16/66 - 3/25/68. Record the campaign participation dates as 9/1/66 - 3/25/68 on the SF Form 813. Do not credit the retiree with campaign participation before 9/1/66 because he was not attached to the unit until 9/1/66. Do not credit the retiree with campaign participation after 3/25/68 because the unit was not in Vietnam after 3/25/68.

**Example C:** The retiree served with a unit from 12/4/89 - 2/3/91, and the unit received the Southwest Asia Service Medal for the period of 1/1/91 - 3/24/91. Record the campaign participation dates as 1/1/91 - 2/3/91. Do not credit

the retiree with campaign participation before 1/1/91 because the unit was not in Southwest Asia until 1/1/91. Do not credit the retiree with campaign participation after 2/3/91 because he was not attached to the unit after 2/3/91.

**Example D.** The retiree served aboard a ship from 5/12/65 - 12/1/66 and ship received the Armed Forces Expeditionary Medal for service in the Dominican Republic for the following dates:

7/14/66 - 7/17/66

7/21/66 - 7/22/66

8/6/66 - 8/8/66

8/15/66 - 8/17/66

Here the retiree was aboard ship for all dates; therefore, credit him with campaign participation for all dates of actual service since these are within the period of the medal.

#### Table 7. Marine Corps - Specific Procedures.

**Marine Corps Service Member Aboard a Naval Vessel:** If a Marine Corps service member is aboard a Navy vessel and the period is creditable and for a reason other than transportation, this is creditable service.

Creditable service is at [Navy Department Awards Web Service \(NDAWS\)](#) website

#### Table 8. Navy - Specific Procedures.

**Navy Website.** Creditable service for units and ships is at [Navy Department Awards Web Service \(NDAWS\)](#) website [NDAWS Job Aid](#) is a job aid with detailed instructions on locating unit awards on the website.

**Navy Service Member Attached to a Marine Corps Activity** If a Navy service member participates in a campaign while attached to a Marine Corps activity, check the [Navy Department Awards Web Service \(NDAWS\)](#) website for Marine Corps units

**How to Read Documents at [Navy Department Awards Web Service \(NDAWS\)](#).** The listing is alphabetical. Units are always abbreviated and may or may not be abbreviated in the OMPF (Navy calls these SRB or Service Record Book).

Find the ship or unit, look at the columns showing Merit Start and Merit End dates. Find the set(s) of dates which include service member's time with ship or unit. There could be several sets of dates. Remember, this is verifying dates for personnel attached to ships moving in and out of various foreign waters and planes flying over various foreign airspace.

Next, check the Appr Award (Approved Award) column. Did the ship/unit receive a campaign medal for the period member was with the ship/unit? If the answer is yes, credit the retiree with campaign participation. Do not use data in the Recmd Award column. These are awards for which the unit or ship was recommended, but they may differ from the final approved award.

The [Navy Department Awards Web Service \(NDAWS\)](#) website lists all unit awards, not just campaign awards. Remember, only campaign participation is creditable on the SF 813. Any campaign medals whose periods of eligibility begin after Navy/Marine Corps stopped retiring OMPFs to NPRC (Navy 1/1/1995; MC 1/1/1999) will not be available at NPRC.

#### Table 9. Coast Guard - Specific Procedures.

Creditable service is at [Navy Department Awards Web Service \(NDAWS\)](#) website.

## Key Word Listing of NPRC Memorandums for CPR

---

**NOTE:** LINKS ARE ONLY PROVIDED TO THOSE MEMORANDUMS THAT ARE CURRENTLY AVAILABLE IN THE CPR MEMO INDEX.

---

### **NOTE TO ONLINE VERSION ONLY!**

You may search the listing below by scrolling down through the alphabetical entries. However, there are roughly 1100 entries so you may want to use the **FIND** function to speed up your search. The **FIND** function works by finding a string of words (or just one word), within the body of the memo. Quick instructions are as follows:

On the top menu bar select **Edit**, then select **Find in Page** from the drop-down menu. This will open a dialog box; enter the word or words you wish to find. For example, you may be looking for memos that refer to **Separation Documents**. You could enter **separation documents**, but this will not find the singular **separation document**. Also, it will not find instances of **separation forms** in this case you may be better served by searching for the word **separation**. Or, if you are looking for memos that refer to the **DD Form 214**, you may be better off searching for **214** this will find all of the variations: **DD 214**, **DD-214** or **DD Form 214**. If there is an abbreviation commonly used (ex. **Family Advocacy Program = FAP**) you may wish to also search using that abbreviation.

After you select the string of text to search for, press the **Find Next** button within the dialog box. This will highlight and show the first entry (starting at the top of the document) with the text you selected. If this is the correct entry, close the dialog box using the **Cancel** button and then use the highlighted link to go to the memo you have chosen. If this is not the entry you desire, press the **Find Next** button again. You may press this button until you find the entry you desire, or until the last entry that matches your text entry has been located. When you reach the last entry for your selected text you will see a new dialog box that states, **Search String Not Found!**. At this point you may re-search the file in an upward direction by selecting the **up** direction in the dialog box, or **Cancel** that search and try another using a different string of text as your search term. With practice the **Find** function can be very useful in searching this, or other long memos.

## GENERAL

---

It is of critical importance that we respond to members of congress completely and accurately. If we cannot provide the information requested we must explain why not, and if possible, suggest other sources of information and/or assistance.

If you cannot identify a military record for the veteran, or determine what information is requested, be specific about what we need to conduct a search of available records/alternate sources. For example, if the Congressional office provided a social security number, only ask for the service number if that is what is needed. If they provided the month and year of treatment but not the unit of assignment, only ask for the specific unit (company, battalion, regiment, division, or squadron, group, wing, etc.) **DO NOT SEND ANOTHER FORM**, such as NA Form 13055 or NA Form 13075, if the requester has already completed one previously. Explain exactly what additional information is needed.

**DO NOT SAY** "not in file" or "cannot be reconstructed" without providing the address of another source of assistance, if possible. Provide the address of another agency that may have some information that would be helpful. An example might be the individual deceased personnel file maintained by the Department of the Army, in Alexandria, VA. If an inquiry is received from the NOK of an individual who died while a member of the Army, during WWII, and the NOK is seeking information about his death, it would be appropriate to provide the address for those files. (Refer to the address list for those offices which may be able to provide various types of military information)

Provide **ALL** of the information available at this Center that will answer the request in the first response. **DO NOT** assume that the Congressional office will write back if the veteran needs more information. Give everything available and answer **ALL** questions as completely as possible.

It should be clearly established that the congressional office is asking for a complete copy of a file before it is worked as a complete copy case. Once established and worked as a complete copy case, the provisions of [NPRC 1865.12](#) must be followed as they relate to protection of the veteran from potentially detrimental information to the veteran, drug and alcohol abuse and treatment records, or other controversial or legal matters.

---

## REQUESTING RECORDS FROM SEARCH

---

Search computer registry system by service number, social security number, and name. Generate a separate FAR (or complete NA Form 13087, Request for Records) for **EACH RECORD** needed to answer request.

Record charged out of file: If record is charged out to another agency and date is six months old or less, refer request to that agency. If charged out to another agency and date is **more** than six months old, call agency to determine if record is still being held by that agency. If record is charged out to a correspondence section in this Center, send for verification search. If verification search is negative, send for misplaced search. (See following instructions for missing records if record is not found after misplaced search.)

---

## MISPLACED (MISSING) RECORDS

---

If unable to locate a record charged out six months or longer, obtain master microfiche from service department. Duplicate the microfiche and create a temporary folder. If no microfiche is available, try to obtain a copy of the veteran's separation document from the VA or a state office.

Army morning reports were discontinued in 1974, and Air Force morning reports were discontinued in 1966. If an individual served in either branch prior to these dates, morning report searches can be conducted to verify service. Contact the FBI for the date of entry, and call CPR for x-ray dates and locations. Send for a search of morning reports to obtain separation/discharge data. Prepare NA Form 13038, Certification of Military Service. If you cannot locate sufficient information for a morning report search, send NA Form 13075 for the veteran or his NOK to complete. Upon receipt of the completed form, further morning report searches should be conducted, and/or contact appropriate FRC for search of Selective Service System ledgers. If the veteran served in the Navy, Marine Corps, or Coast Guard, suggest contacting the service department directly for a search of their unit records to verify service.

If veteran is requesting medical records, get BIRLS and call the VA to determine if medical records are in claims folder. If no service medical records are at the VA, check the PRS (Patient Retrieval System) and send copies of all clinical records found for veteran. If no clinical records are shown in PRS, send NA Form 13042, Request for Information to Locate Medical Records.

Create a temporary folder and enclose **all** negative search results (including original charge out information) and any reconstructed service or medical information. Place an NA Form 13131, IMPORTANT NOTICE (pink card) in the folder and advise the file location has been marked (do not use the word "flagged") and when the record is returned to file, copies will be sent to the veteran.

---

## DD FORM 214 OR EQUIVALENT

---

If separation documents are on file in military record or R file, send copies of all of them or create NA Form 13038, Certificate of Service, for all missing separation documents. If separation document shows a typographical error in name, service number or dates of service, create a DD Form 215, Correction of DD Form 214, to correct mistakes.

If veteran's record was destroyed in the fire, and no R file exists, search VA Index and BIRLS **first** and procure copy of document from VA if available. (If claims folder is at VARO, contact by phone; if folder is at RMC or FRC, your request should be sent by fax. Request ALL responses to be FAXed to your attention.) If separation document (or 3101) is not available in VA claims file, contact appropriate state office to determine if a copy is available.

If you cannot obtain a copy of the requested separation document, follow the appropriate procedures for reconstruction: first use sources available within the Center (including CPR), and contact FBI if appropriate. If you still cannot verify all service, provide available information and ask the requester to submit additional information to conduct a further search of alternate records sources.

---

## STATEMENT OF SERVICE

---

A statement of service (SOS) should be prepared if the veteran indicates a need for verification of military service for state or federal retirement purposes, or Social Security benefits, and record indicates ACDUTRA was performed (See SOS instructions, 1865.60B). Remember that a widowed spouse, and sometimes a former spouse, may be eligible for SSA benefits based on the veteran's military service. A widowed spouse should be treated the same as the veteran; however, a statement of service, **WITHOUT THE CHARACTER**, should be provided to the former spouse.

If the veteran is a former member of the organized reserves (all branches **except** Army), and needs verification of service for a VA home loan, send copies of enlistment contract, points pages, 214s, and discharge order or pages showing dates and character of discharge. For Army reservists who need verification of service for a VA home loan, refer case and record to AR-PERSCOM. Also provide the above documents to former members of the National Guard, and provide the address for NG records maintained by the state in which service was performed.

---

## DISCHARGE CERTIFICATE

---

If the veteran states that he **never received** a discharge certificate, prepare a DD 256, Honorable Discharge Certificate, or DD 257, General Discharge Certificate, as indicated by the character shown in the service record.

A duplicate discharge certificate (DD 256 and DD 257 only) can be issued to former members of the Marine Corps; however, a DD Form 303, Certificate in Lieu of Discharge, must be issued to former members of the Army, Navy, Air Force, or Coast Guard, when the original discharge certificate was lost or destroyed. This document may be issued **only** to the veteran, the veteran's guardian, or the surviving spouse, and **only** when service was characterized as Honorable or Under Honorable Conditions (General).

**Please note:** Individuals who received an other than honorable discharge, and did **NOT** receive a discharge certificate at the time of separation, are not entitled to a discharge certificate, even though it was never received. A DD Form 303 **CANNOT** be issued for other than honorable service.

In some instances, it may be necessary to issue an NA Form 303 to an individual whose record was lost in the fire. Try to determine the date of discharge using the following methods: If a DD 214 is available showing veteran transferred to the reserve "to complete 8 years of service," add 8 years to entry date and provide NA 303 using that date. If no DD 214 is available, send for morning report search to obtain enlistment information which may show the individual's service obligation. For

example, if the morning report shows veteran enlisted for 4 years, add 4 years to the entry date and provide NA 303 using that date (Enlisted on December 15, 1952, discharged on December 14, 1960).

---

## PERSONNEL RECORDS

---

Send complete copy of all personnel documents if a record is available. Delete social security numbers of other individuals from record.

If the veteran's record was destroyed in the fire, send separation document and explain it contains more information than we can reconstruct and complete records cannot be reconstructed.

If veteran's record was destroyed in the fire and he indicates he needs proof of overseas service, ask the veteran to provide the organization to which he was assigned while overseas, and dates (month and year) of his departure from the U.S. and his return from overseas. Explain that we can use this information to search morning reports to verify overseas service.

If veteran's record was destroyed in the fire and veteran was killed in action, obtain copy of Report of Death from FRC. Send the Report of Death and provide the address of Army Casualty Service Branch in Alexandria (for Army and Army Air Corps) for copies of individual deceased personnel file. Suggest unit histories and give complete name of veteran's unit. Also suggest Battle Monuments Commission if veteran is buried overseas.

---

## MEDICAL RECORDS

---

Send copies of **ALL** releasable medical records in file. (See [1865.103](#) and [1865.121](#) for instructions concerning the release of sensitive information: psychiatric, drug/alcohol abuse, etc).

If veteran's medical records were sent to the VA, send copies of any medical documents left in file (immunization records, abstract of medical service, etc.). Suggest contact VA and give 800 number.

If veteran **mentions hospitalization**, check the PRS for computer entries of clinical records created from 1970 to present for Army, from 1971 to present for Air Force, and from 1965 to present for Navy and Marine Corps. Send search to OR unit for all clinical records shown for veteran. Send copies of all releasable clinical records.

If veteran provides date and location of hospitalization, send for a search of clinical records, even if no entry is found on PRS. (See OR unit instructions for dates of available clinical records on file at this Center.)

If Navy or Marine Corps medical record is missing (no charge out info in file area) from the 5th floor medical records files (WWI through 1963), advise that no medical record is available (be sure to check registry first, there are some Navy B files that suffered water damage). Have file location flagged where record should be and advise that if record is received, we will send copies to veteran. Send NA Form 13042, Request for Information Needed to Locate Medical Records.

### **MEDICAL RECORDS that were destroyed in the fire**

If you have an R file, **REVIEW** the record to determine if any prior searches of morning and sick reports have been conducted. **READ** carefully any/all 3101s in the file. **READ** the veteran's prior

correspondence regarding medical records, and carefully **REVIEW** any 13055 forms that have been previously submitted. **After** this review, proceed with one or more of the following options. We **NEVER** inform the member of congress that the record was “destroyed in the fire and medical records cannot be reconstructed”, without providing some options. If no R file has been created, the following options still apply.

- 1) Check the FAR for SGO and QMC, and send copies if releasable, even if you determine that medical records are at VA.
- 2) Suggest contacting the VA and send 13055; **HOWEVER**, if veteran’s 214 shows disability discharge, suggest contacting the VA, send 13055, and state clearly that we will only try to verify information that is not shown in medical records.
- 3) Call the VARO location shown on the BIRLS and ask if medical records are on file. If medical records are at VA, explain to veteran they contain more information than we can reconstruct.
- 4) If medical records are NOT at the VA, send 13055 and explain what information we can reconstruct.
- 5) If veteran is deceased and widow or children need medical records and none are available, send 13055.

---

## UNIT RECORDS

---

See NCPM 91-6, Organizational Records Searches for Congressional Inquiries, dated January 14, 1991, signed by Paul D. Gray.

If veteran wants morning reports for PTSD claim, ask for specific dates and incidents he wants to verify and offer to search a three month period only. Suggest Archives II for unit records such as after action reports, and suggest US Armed Services Center for Research of Unit Records. Provide addresses for both offices.

If veteran wants rosters, request complete unit name and specific dates and advise of fees. If veteran needs rosters for benefits, do not charge for them. Send rosters, if available and delete social security numbers if shown.

If veteran wants sick call logs, check 01 report to determine availability. If entry is shown for year veteran wants, send a search request to OR unit and include a copy of the 01 report entries found. If OR unit search is negative, suggest veteran write for deck logs and give appropriate address. (See instructions for Navy OR searches.)

OR unit will normally search only a three-month period to verify each allegation; however, if a longer search is needed to locate the information the veteran needs, OR will conduct the longer search for Congressional cases. (Refer to attached OR search directive, NCPM 91-6 for Congressional cases.) The OR clerk can try to follow the veteran from date of entry through to discharge, if necessary. **Send for a follow-through search only as a last resort, after all other attempts have been unsuccessful.**

---

## ACADEMIC RECORDS

---

Send copies of all entries in service record pertaining to schooling. If veteran wants more information than is shown in record, send a search request to OR unit. See OR section of Reference Guide regarding dates and availability of training records. See Air Force section of Reference Guide for locations of Air Force training records at other locations.

If veteran wants training records for college credits, send copies of all available information in file and suggest contacting American Council on Education to obtain postsecondary credit evaluations of military training.

---

## LAST KNOWN ADDRESS AND GENEALOGY

---

Most last known address requests can be answered by giving the city, state, and date of last known address, which is releasable under FOIA. If record was destroyed in the fire, get the address shown on a QM entry, if available, or use address shown on VA Index. Suggest VA for more current address.

If veteran needs to contact other veterans for benefits, offer to forward if an address is available. Offer to forward up to five letters, but if veteran sends more than five, forward all. (There will of course be limits to the amount of letters we will forward, but if no address is available at VA, we will generally forward as many as needed.)

For all requests for addresses to contact group members for a reunion, suggest VA, advertising in veterans' magazines, and advise addresses on file here were furnished at discharge and are probably too old to be helpful.

If genealogy request is from someone other than the official next of kin, give FOIA information from record. If record was destroyed in the fire, use VA Index and QMs or try to obtain 214 from VA and use to provide FOIA information.

## MEDALS

---

**Navy/MC/CG:** See [Medals](#).

**Air Force:** Prepare 3 copies of NA Form 13059, Transmittal of and/or Entitlement to Awards, send 1 copy to [\[00141\]](#): HQ, Air Force Personnel Center, Attn: AFPC/DPSIDR, 550 "C" Street West, Suite 12, Randolph AFB, TX 78150-4714, 1 copy to the congressional office, and retain 1 copy for file. **IF** the request is for an award that is not shown on the separation document, or in the service record, request an OR search of the Awards Card File, if service was from 1939 through December 31, 1963. Unit awards are available in the Air Force Library, at NPRC. See [1865.110](#) for those awards for which we can determine eligibility. **IF** you have checked all appropriate sources and cannot determine that an individual is entitled to an award that he is seeking, refer the request with the record (Core L&T) to [\[00142\]](#): HQ AFPC/IG, 550 C Street West, Suite 1, Randolph AFB, TX 78150-4703 (this office handles high-level inquiries)

**Army:** Effective October 1998, responsibility for processing Army medals cases was transferred from AR-PERSCOM (now known as AHRC) to NPRC. Congressional inquiries concerning Army medals will be handled much the same as explained above, but the medals transmittal form will be sent to [\[00529\]](#): U.S. Army TACOM, Clothing and Heraldry (PSID), P.O. Box 57997, Philadelphia, PA 19111-7997. The [\[00160\]](#): U.S. ARMY HUMAN RESOURCES COMMAND, SOLDIER PROGRAM AND SERVICES DIVISION - AWARDS AND DECORATIONS BR, ATTN: AHRC-PDP-A, 1600

SPEARHEAD DIVISION AVENUE DEPT 480, FORT KNOX, KY 40122-5408 will determine eligibility for medals not shown in the service record.

NOTE: When a medals request is referred to the service department, you must indicate the specific medal for which a determination is needed, either by (1) modifying the pattern letter or paragraph used in the response document to state the name of the medal or (2) entering a note in CMRS specifying the medal that cannot be verified from the record and include a printed copy of the Service Request All Details report with your referral package.

**Fire related records:** Ask the requester to submit a copy of the separation document, if it is in his possession; if not we will try to reconstruct. If the requester cannot provide the separation document, try to obtain from VA or state office. If this is negative, verify entry and separation dates, and character of service; create an R file.

If you **have** a separation document, and the individual served in the Air Force/Army Air Force/Army Air Corps: prepare NA 13059 as explained above, and send to [\[00141\]](#): HQ, Air Force Personnel Center, Attn: AFPC/DPSIDR, 550 "C" Street West, Suite 12 , Randolph AFB, TX 78150-4714 for issuance of medals. If you **have** a separation document, but the individual is seeking an award **not shown** on the document, check all available sources as shown above, to determine if the veteran is eligible for the award. If you can verify his entitlement, prepare NA 13059 and forward to the appropriate office for issuance of the awards. If you **cannot** verify his eligibility, you must refer the request with the record (Core L&T) to the appropriate service branch. Army records should be referred to [\[00160\]](#): U.S. ARMY HUMAN RESOURCES COMMAND, SOLDIER PROGRAM AND SERVICES DIVISION - AWARDS AND DECORATIONS BR, ATTN: AHRC-PDP-A, 1600 SPEARHEAD DIVISION AVENUE DEPT 480, FORT KNOX, KY 40122-5408, and Air Force records should be referred to [\[00142\]](#): HQ AFPC/IG, 550 C Street West, Suite 1, Randolph AFB, TX 78150-4703, with one notable exception! If an individual served in the AAF or AC, determinations for the Distinguished Flying Cross and Air Medal will be made by the Department of the Air Force. The AF will NOT determine eligibility for any other awards for AAF or AC service.

If you **do not** have a separation document, establish R file as explained above, and loan and transfer record to appropriate office, using the guidelines established above.

**CONGRESSIONAL INQUIRIES AT NPRC(MPR)**

1. **General information.** The importance of maintaining excellent relations with Senators and Representatives cannot be overemphasized. Congressional requests not only must receive priority handling at every level, but responses to such requests must be neat and well written. The Datapoint in conjunction with the Pattern Paragraph/Letter Catalog for SIS Technicians are used to respond to most inquiries. The pattern sentences/paragraphs contained in the catalog were taken from NA response forms which provide appropriate wording that in most cases will make it unnecessary to compose a reply.
2. **Priority handling required.** Congressional inquiries receive first priority handling, as follows:  
(1) Mail clerks are to identify and process congressional inquiries as quickly as possible. (2) All congressional requests are hand-carried to operating branches and are given to the appropriate supervisor or placed where they are highly visible and are easily recognizable from other

inquiries to ensure priority processing. (3) Search procedures are completed within eight hours after request is received. (4) An acknowledgment of the request is dispatched by the end of the third working day following the day of receipt if a full response cannot be made within that time period. (Ex: A request date tagged Monday must be answered or at least acknowledged by COB Thursday.)

### 3. **Responsibilities.**

- a. **Incoming Mail Units (NCPMO-M).** The Incoming Mail Units separate all congressional inquiries and attach "Congressional" cover sheet, a red tag indicating first priority, and appropriate color-code date tag. A "SPECIAL" tag should be attached to inquiries which are complaints or indicate a deadline. A BIRLS probe is made for all fire-related inquiries. After the computer is probed, if necessary, FAR's and inquiries are matched and handcarried to the Chief, Special Inquiries Section. The Incoming Mail Units code congressional inquiries "SIS" and appropriate level of difficulty. Additional routing information on Navy and Marine Corps requests should be included on the routing code, if appropriate. For example, codes may be written SIS6A&MED, SIS5MED, SIS5M&MED, SIS6B, etc. The Incoming Mail Units do not return incomplete inquiries to congressional offices for more information. After the computer is probed, any such request is sent to the Special Inquiries Section, coded only "SIS."
- b. **Special Inquiries Section (SIS).** The Special Inquiries Section, Reference Service Support Branch, performs all functions relative to processing congressional inquiries except the searching functions among either personnel, medical, or organizational records. Major responsibility for maintaining control, effectiveness, and timeliness of responses to congressional inquiries belongs to the Chief, Reference Service Support Branch, with day-to-day responsibilities resting in the hands of the Chief, Special Inquiries Section. The branch chief has the responsibility for coordinating all unusual requests with NCPM. The Special Inquiries Section also performs "procurement" activities, i.e., requests to outside sources for records/information needed to answer the inquiry. All inquiries requiring action from other work elements are hand-carried to the appropriate supervisors, WHO ARE EXPECTED TO ASSIGN THEM FOR TOP PRIORITY PROCESSING. Complete and effective control on ALL congressional inquiries must be maintained.

When the inquiry is reviewed and coded completely, the veteran's name, service number, social security number, branch of service, name of the member of Congress, date received, and document name are entered into the computer and printed on NA Form 13015, Control Card. The batch and control clerk who enters the above data also prints an acknowledgment letter and the date acknowledged on the NA Form 13015 if it is apparent that a response cannot be made within three workdays. The NA Form 13015 is prepared in the original and three copies. The original is for the completed case file; the first copy (yellow) is filed with a copy of the response in the former service member's record; the second (pink) is sent with a copy of the reply to NCP; and the third copy (gold) is given to the employee to account for a completed case.

**NOTE:** Original NA Forms 13015 filed in the completed case file are cut off annually, held two years, and destroyed.

If the case cannot be worked because of insufficient information to identify the veteran and/or difficulty in determining what is requested, the inquiry is returned along with a Standard Form 180, Request Pertaining To Military Records, or NA Form 13075, Questionnaire About Military Service. A transmittal letter is prepared describing what additional information is needed and requesting that all papers be returned with the revised

inquiry. A copy of the inquiry, the transmittal letter, and the completed original NA Form 13015 are filed in the congressional transitory control file in the Special Inquiries Section.

- c. **Military reference branches and Records Reconstruction Branch.** Refer telephone calls to the Special Inquiries Section only if they come from congressional offices. Calls from other agencies and offices which state that they have a congressional inquiry should not be referred to SIS.
- d. **Search and file sections.** Supervisors are responsible for maintaining complete and effective control of congressional inquiries for search actions. All appropriate records blocks, sources, and offices should be searched in a timely and accurate manner. Search procedures that are unique to congressional inquiries are as follows:
- (1) A verification search should be conducted immediately after the routine search if the record is charged out to a correspondence element. All other charge-outs should be hand-carried to SIS for analysis after the routine search. **Exception:** Congressional inquiries for records charged out to Navy Correspondence over 30 days should be hand-carried to the Navy Correspondence Section Chief or one of the assistant section chiefs after the routine search has been conducted.
- (2) Congressional inquiries with negative search results should be reviewed by a supervisor or lead technician in the search and file section to ensure that the proper search was made before they are returned to SIS.
- e. **Organizational records sections.** Congressional requests for organizational records searches and reconstruction of records SHOULD RECEIVE FIRST PRIORITY PROCESSING. All searches requested by SIS employees should be conducted by the OR searcher. In addition, OR searchers should analyze the data in the inquiry, search request, and any attachments which may provide information to enable a search of organizational records. OR searchers should use their knowledge, experience, and ingenuity in working to obtain the requested information. All available alternate records sources must be searched. For example, if the sick reports show the veteran going to the hospital, OR searchers should automatically search the morning reports and detachment of patients (including state-side hospitals). The results of the search should clearly state the exact type of record searched, the dates searched (from and to), and the specific results of the search. OR searchers should state very clearly if the records are on file, but no record was found for the veteran; or if the records are not available for a search to be made; or if the veteran's name appeared, but no remarks were found pertaining to the allegation. All completed cases are reviewed by the supervisor prior to dispatch to SIS.

4. **Release.** The Privacy Act does not negate the privilege of an individual Senator or Representative to obtain information/records from the Center when it is stated or implied that the inquiry is being made on behalf of the constituent. Basically, the release procedures are the same as for requests from other sources. However, if the congressional office gives a full explanation as to the purpose of the request, stating that the action is being taken on behalf of the veteran or next of kin, and if the need seems warranted, then a more liberal application of the release procedure may be made. This must be determined on an individual basis after consultation with the supervisor, if necessary. Be careful of the following conditions:

**NOTE:** When a congressional office telephones NPRC to transmit a request and implies that a constituent has made a request, be sure to ask the caller specifically if the office is working in behalf of a constituent/veteran. If the answer is yes, note the response on the NA Form 13086, Verbal or Telephone Inquiry, under "INFORMATION OR ACTION SOUGHT." Tell the caller that

you will accept the request but to send a written request with the appropriate authorization to this Center for filing. Of course, if the answer is negative, do not accept the request.

a. ***Precaution against possible detriment to veteran.*** Some medical records contain information or a diagnosis which may prove injurious to the physical or mental health of the person whose records are involved. If Navy or Marine Corps medical records are involved, the request and records must be brought to the Navy Medical Liaison Officer (NavMed LNO), who will determine whether the information can be released. Air Force records containing this type of information are sent to Randolph Air Force Base for direct reply. Army or Coast Guard records containing this type of information (or records not approved for release by the NavMed LNO) **MAY NOT BE FURNISHED TO THE VETERAN**, and the congressional office must be so advised. Examples of this type of medical record information are:

- (1) Diagnosis of a mental, psychoneurotic, or personality disorder.
- (2) Diagnosis or implications of sexual deviation.
- (3) Any illness that carries a uniformly unfavorable prognosis.

Inform the congressional office that NPRC furnishes medical records to the veteran's physician, if a signed statement from the veteran authorizes NPRC to send the records to a specific physician. This type of medical information is not sent to the veteran's next of kin (NOK) or legal representative. The appropriate wording to use is in the Pattern Paragraph/Letter Catalog for SIS Technicians.

**NOTE:** If the congressional office did not furnish the veteran's authorization to release the requested document(s)/information to the Member of Congress, and it therefore would have been necessary for NPRC to go back to the congressional office for authorization, tell the congressional office instead that we must have the name and address of the veteran's physician, and that the document(s) will be sent there.

- b. ***Drug/alcohol abuse patient treatment or rehabilitation records.*** Restrictions on release of records made on or after March 21, 1972, concerning the treatment or rehabilitation of a drug abuse patient and records made on or after May 14, 1974, for treatment or rehabilitation of an alcohol abuse patient, apply equally to congressional inquiries. If the Member of Congress does not state in the inquiry to reply directly to the constituent, call the congressional office and inform the caseworker that it is this Center's policy to furnish certain types of records directly to the individual whose records are involved. Obtain the veteran's address and mail copies of the records directly to the veteran. Send a carbon copy of the response only, to the congressional office. See [NPRC 1865.103, ch. 1, par. 8](#) for additional instructions.
- c. ***Controversial or legal matters involved.*** If the requested personnel information involves legal or controversial issues, or other information which may reflect unfavorably on the military service concerned, coordinate with the appropriate military service.
- d. ***Doubtful cases as to motives behind inquiry.*** If the congressional office does not state the purpose for which the information is to be used, or in whose behalf the request is made, do not provide data requested until it is ascertained that the office is acting in the best interest of the constituent/veteran. This is done by telephone, or through the mail, depending upon the urgency indicated in the inquiry. Inform the office that information may be furnished to an office that is acting in an official capacity in behalf of the person whose records are involved (or the NOK if that person is deceased or is a minor), and that further consideration will be given the request upon receipt of a statement to this effect. If the

request is resubmitted without such a statement, consult the section chief. Always employ tact and diplomacy in your contacts with the congressional offices.

- e. ***Inquiries concerning fire-related records.*** Pattern responses are available in the Pattern Paragraph/Letter Catalog for SIS Technicians which explain the 1973 fire and NPRC's reconstruction efforts. However, persons preparing responses to congressional inquiries concerning fire-related records retain the option of using the most appropriate wording from whatever source available. This does not exclude the choice of composing all or part of the reply.
- f. ***Request for last known address or forwarding service.*** Requests submitted on behalf of a veteran, seeking assistance in locating former service personnel with whom the veteran served, are referred to the Director (OO), VA Records Processing Center, P.O. Box 5020, St. Louis, MO 63115 if the request contains five names or more and the names are accompanied by a service number, social security number, or VA claim number. In the absence of enough such identifiers, or if the request contains fewer than five names, inform the congressional office to provide the above information to the nearest Department of Veterans Affairs (VA) regional office for assistance. All other requests are processed in accordance with NPRC 1865.49, Requests for last known address or "whereabouts" information. Pattern responses are contained in the Pattern Paragraph/Letter Catalog for SIS Technicians. **THE FACT THAT A REQUEST IS FROM A CONGRESSIONAL OFFICE DOES NOT WARRANT AN AUTOMATIC EXCEPTION TO THE NORMAL MPR POLICY.**
- g. ***Requests seeking an NPRC or NARA policy statement.*** If a congressional office writes to this Center in behalf of a constituent and seeks a statement regarding this Center's reference service policies, records reconstruction policies, records disposition policies, or any other subject which requires a general statement of policy, the request is brought to the branch chief's attention immediately. The branch chief consults with NCPM before a reply is prepared.

## 5. ***Reply procedures.***

- a. ***Form of reply.*** The Pattern Paragraph/Letter Catalog for SIS Technicians contains pre-written sentences, paragraphs, and letters for use in preparing the reply. Responses which cannot be made using the information in the catalog are processed at the GS-6 level or higher.

Currently, only a limited number of NA response forms are used to reply to congressional inquiries. The two forms used most often are NA Form 13041, Statement of Service, and NA Form 13059, Transmittal of and/or Entitlement to Awards. Most replies are made on formal letterhead stationery.

- b. ***Disposition of follow-up or duplicate requests.*** Occasionally, duplicate or follow-up requests are received from congressional offices. When this occurs and a response has been made to the original request within a reasonable amount of time prior to the date of the follow-up or duplicate request, call the congressional office and explain to the caseworker that a reply was made, give the date, and ask if the response was received. If the caseworker states that the reply was received, ask if the duplicate or follow-up request can be closed. If the answer is yes, document the action on the NA Form 13015. If the answer is negative, process the duplicate or follow-up inquiry in the normal manner. Explain that a response was sent previously and furnish the date.
- c. ***Addressing reply.*** The reply generally is addressed to the Senator or Representative. It may be directed to the constituent, however, if the congressional office requests such

action or indicates extreme urgency. Examples of urgency are eligibility determinations for home loan, employment, entrance into school, etc., which are suspended pending receipt of reply. The person working the case in the Special Inquiries Section prepares the mailing envelope or mailing label. The correct address format is shown in [fig. 1](#).

- d. **Signature.** All routine replies to congressional inquiries are signed by the Chief, Reference Service Support Branch, for the Center Director. However, complaints regarding prior NPRC service or questions regarding Center policies or procedures are signed by the Center Director.
- e. **Date and correspondence symbols.** The Reference Service Support Branch dates all replies and uses its own correspondence symbol.
- f. **Copies.** [Fig. 2](#) shows the number of copies to prepare and correct routing of such copies. Do not prepare a courtesy copy for Senators or Representatives unless one is specifically requested. [Fig. 2](#) also shows what type of stationery is correct.
- (1) **Copies for NCP.** The first copy of the response is forwarded to NCP. Do not send copies of requests, referral notices, routing slips or acknowledgments that were attached to the inquiry. Do not forward copies of records, separation documents, or statements of service. Enter on NCP copy the same memo for record information, if any, that is entered on record copy.
- (2) **Copies for Office of the Chief of Legislative Liaison (Army).** DO NOT routinely send copies of replies to OCLL, even though their OSA Forms 16 or 152, Transmittal Slips, indicate that one should be sent. Only those copies outlined in [fig. 2](#) are made. Separate branch or section reading files are not maintained.
- g. **Control Card.** A copy of NA Form 13015, Control Card, is attached to NCP copy of reply. A significant difference in date on request and date on reply is accounted for in the reply, since delay must be explained to the congressional office. All actions taken on the case are noted on Control Card. The notation of any phone call made outside NPRC must also include the name of the person contacted and the name of the organization, plus the phone number. Cover any unusual aspects of the case, reason for certain action, delays, etc., on Control Card. Unusual circumstances which cannot be explained on Control Card are documented in a memo for record.
- h. **Composed replies.** When a final response is made, include:
- (1) **Date of receipt.** The date request is received in this Center is always indicated, even if there is only a one-day difference between date on letter and date of receipt. Wording such as "This is in response to your inquiry of December 2, 1989, on behalf of \_\_\_\_\_, which was received in this Center on December 5, 1989" may be used.
- (2) **Inquiries referred to NPRC from the departments of the Army, Navy, Air Force, etc.** If request is referred to this Center, it should be indicated, including date of congressional inquiry and date received in NPRC. Use wording such as "Your inquiry dated \_\_\_\_\_, which was referred to us by the (Army, Navy, etc.) and was received in this Center on *date* ."
- i. **Closing.** If a letter format is used in the reply, any of the following statements are correct: "We hope this information will be helpful to ..." or "We regret that our response could not be more positive." Avoid overly patronizing and conciliatory statements to Senators and Representatives.

j. **Letter from constituent enclosed.** If congressional office encloses a letter from a constituent, **IT MUST ALWAYS BE RETURNED WITH THE REPLY, except** when reply is merely to indicate that the inquiry has been referred elsewhere for action. In such a case the constituent's request is forwarded to the action office, along with the inquiry from the congressional office. Do not mention constituent's letter in reply to the congressional office.

6. **Information requested is under jurisdiction of NPRC Civilian Personnel Records (CPR).** If a request is received involving records which are known to be at CPR, forward the inquiry to CPR using NA Form 13104, Multiple Purpose Correspondence Form. Do not send a referral letter to the congressional office; send an NA Form 13053, National Personnel Records Center Acknowledgment/Referral instead. Check the first block and write in "As soon as possible." Stamp the NA Form 13104 in red with the congressional rubber stamp.

7. **Congressional inquiries involving records in the National Archives.** If a congressional inquiry is received involving records which are known to be in the Office of National Archives, send the inquiry to the National Archives. Notify the congressional office of the referral using the appropriate referral letter from the Pattern Paragraph/Letter Catalog for SIS Technicians. Use NA Form 13051, Transmittal, to refer the request as follows:

**Textual Reference Division  
Military Reference Branch (NNRM)  
National Archives and Records Administration  
Washington, DC 20408**

However, if the request involves military service awards for veterans who served in the Army prior to World War I, refer the request to the following address:

**Commander  
U.S. Total Army Personnel Command  
Military Awards Branch  
Attn: TAPC:PDA  
200 Stovall Street  
Alexandria, VA 22332-0471**

8. **Congressional inquiries involving medical records that have been sent to the VA.** Refer congressional inquiries involving medical records that have been sent to VA direct to VA office having claims folder or suggest constituent contact VA directly. Furnish the veterans claim number. If request is in the form of a complaint, consider recalling medical record from the VA. If in doubt as to what VA office has the records, use NA Form 13098, NPRC Routing Slip, to request a BIRLS probe. State on form that inquiry involves congressional interest. Hand-carry the form to Incoming Mail Unit #2 and ask for a "Fast Response" BIRLS check.

9. **Referral of congressional inquiries.**

a. **Notifying congressional office of referral.** When a congressional inquiry must be referred to another agency for reply, the congressional office is notified by mail of the referral. However, if a particular urgency is indicated by the congressional inquiry, the congressional office is notified by telephone of the referral of the inquiry. It is not necessary to follow up a telephone notice of referral with a written notice unless asked to do so by the congressional office. The telephone call is noted on NA Form 13015, Control Card.

The Pattern Paragraph/Letter Catalog for SIS Technicians contains referral letters for most offices to which a request must be referred. A copy of the letter may be used as a

transmittal to the agency to which the inquiry is referred. Also, use a copy of the letter to notify the congressional office of the referral.

- b. **Loan or transfer of the record.** When referral of a congressional request involves loan or transfer of a record (such as in the case of controversial matters which are referred to the branch of service involved), NA Form 13008, Loan or Transfer of Records, is used to transmit record and request to the answering agency. Notify the congressional office of the referral by sending the appropriate referral letter from the Pattern Paragraph/Letter Catalog for SIS Technicians.
- c. **Transmittal of request to answering agency.** When record necessary to answer a congressional request is not located at NPRC, refer the request to appropriate agency for reply. Occasionally it may be necessary to telephone the office to which the inquiry is being referred to make sure the necessary record is available. NA Form 13051, Transmittal, NA Form 13098, NPRC(MPR) Routing Slip, or a copy of the referral letter may be used to transmit request to appropriate agency for reply. Notify Member of Congress of referral by sending a copy of the referral letter to the congressional office.

Figure 1: **Format for addressing replies to congressional correspondence**

When reply is to:	Address correspondence as follows:
United States Senator	Honorable (full name) United States Senate Washington, DC 20510
(anywhere other than official U.S. Senate address in Washington, DC)	Honorable (full name) United States Senator (local address) 00000
United States Representative	Honorable (full name) House of Representatives Washington, DC 20515
(anywhere other than official U.S. House of Representatives address in Washington, DC)	Honorable (full name) Member, United States House of Representatives (local address) 00000
When an employee of a Member of Congress signs a letter to NPRC or the letter states	

to respond to employee located in the home or Washington, DC, office, address reply as follows:

Honorable (Name of Member of Congress)  
 Attn: (Name of employee)  
 (Address of the Member's office at which the employee works)

Figure 2: **Guide to number of copies to prepare for congressionals (when using forms or composed correspondence)**

Request received from Washington, DC office.	Reply to office.	Prepare original and 1 copy as follows: Original: To Washington, DC office (formal letterhead). Copy: To military record *.
	Reply direct to constituent.	Prepare original and 2 copies as follows: Original: To constituent (formal letterhead). Copy 1: To Washington, DC office. Copy 2: To military record *.
Request received from home office	Reply to office.	Prepare original and 1 copy: Original: To home office (formal letterhead) for constituent. Copy: To military record *.
	Reply direct to constituent.	Prepare original and 2 copies as follows: Original: To constituent (formal letterhead). Copy 1: To home office. Copy 2: To military record *.
<p>*In Navy and Marine Corps cases in which information is extracted from both personnel and medical folders, prepare an extra copy. File a copy in both personnel and medical folders.</p> <p><b>NOTE:</b> If the military record is not required, file the copy in the transitory file. Do not prepare a courtesy copy unless one is specifically requested.</p>

# Conservatorship or Executor of Estate

Date Posted: 10/18/2013

---

**Background:** Occasionally, we receive Conservatorship or Executor of Estate requests. It is important to know the meaning of these titles and how these requests are processed. A conservatorship is the legal right given to a person to manage the property or financial affairs of a person deemed incapable of doing that for him or herself. Conservators have somewhat less responsibility than guardians. An Executor is a person who either expressly or by implication is appointed by a testator [one who dies leaving a will] to carry out the testator's directions concerning the dispositions made under the will. The testator can appoint a next of kin. Follow the procedures below when responding to these requests:

**Conservatorship** – Correspondence received from this source must clearly convey the intention to grant the conservator access to the service member's military personnel and/or military medical record. The Conservatorship document must specifically mention the National Personnel Records Center **or** military records. If neither is mentioned in the appointment letter **do not** release (a copy of) the requested record or any information that does not fall under the guidelines of the Freedom of Information Act (FOIA) to the requester. If appropriate, provide a FOIA reply and include the following pattern paragraph: [Get Paragraph»Legal Demands»Conservatorship Appointment Letter Not Valid for Records](#). *If a FOIA reply is not a suitable response, furnish only the pattern paragraph.*

**Executor of Estate** – We will furnish copies of the requested documents if the executor is the deceased service member's next of kin (NOK); however, correspondence from an executor who is not the NOK must clearly state the intention to grant the executor access to the service member's military personnel and/or military medical record. The Executor of Estate document must specifically mention the National Personnel Records Center **or** military records. If neither is mentioned in the document **do not** release (a copy of) the requested record or any information that does not fall under the guidelines of the Freedom of Information Act (FOIA) to the requester. If appropriate, provide a FOIA reply and include the following pattern paragraph: [Get Paragraph»Legal Demands»Executor of Estate Letter Not Valid for Records](#). *If a FOIA reply is not a suitable response, furnish only the pattern paragraph.*

**Note: The next of kin is defined as any of the following: widow or widower, son, daughter, father, mother, brother, or sister. Please note that "widow" or "widower" is defined as a woman (or man) who had lost her husband (or his wife) by death and has not married again.**

NPRC 1820.2D  
August 15, 2005

**SUBJECT: Core Suspend and Control Files**

1. **Purpose.** This memorandum provides instructions for handling requests that must be placed in suspense status.
2. **Cancellation.** NPRC 1820.2C is cancelled.
3. **Reason for revision.** This memorandum is revised to streamline the process of getting additional information, documents, or authorizations provided by requesters to the technician. The Case Management and Reporting System (CMRS) and the existing queue management process will be used to ensure timely action on suspense cases.
4. **Applicability.** This memorandum applies to all NPRC Cores, Organizational Records Section, Mail and Data Input Section, and Archival Operations and Facilities Planning Branch.
5. **Instructions.** Instructions concerning suspense procedures are contained in the attachment.
6. **Forms.** This memorandum provides for the use of the following forms:

NA Form 13026, MPR-CPR Request/Reply Form  
NA Form 13055, Request for Information Needed to Reconstruct Medical Data  
NA Form 13042, Request for Information Needed to Locate Medical Records  
NA Form 13069, FBI Identification Letter  
NA Form 13075, Questionnaire About Military Service  
NA Form 13103, Request for Service Data  
NA Form 13160, Fax Request for Military Records Information  
NA Test Form 2005-1b, Order for Archival Record Reproduction Services

**ATTACHMENT**

1. **General information.** Suspense data will be captured in the Case Management and Reporting System (CMRS).
2. **Use of Suspense status.** Place requests in Suspense status when they require action by another office or individual (outside of the core or branch) and cannot be answered immediately. Reasons for placing a case in Suspense include, but are not limited to:
  - Additional records are ordered from Search or Organizational Records Section;
  - A release authorization or more information is required from the requester;
  - Procurement is made for documents to reconstruct a record;

- A Liaison Officer must sign or review a case; or
- Payment for copies of archival record is requested.

3. **Contacting a Requester.** If additional information or authorization is required to work a case, attempt to make contact with the requester in the following order: telephone, e-mail, fax, and lastly, by mail. Contact by mail should be made after a reasonable number of telephone, e-mail, or fax attempts. If an immediate answer via phone is received, do not change the request to a Suspense status. When an immediate response is not obtained, place the request in Suspense. See [Figure 1](#) for CMRS entries and mail handling steps for suspended requests.

4. **Impact on Cycle Time.** Time that a case is in Suspense will not be counted in a technician's cycle time calculation in CMRS Analytics. However, Suspense time WILL count in the Center's cycle time calculation.

5. **Forms.** Forms that may be used in conjunction with suspense files are:

- NA Form 13026, MPR-CPR Request/Reply Form
- NA Form 13055, Request for Information Needed to Reconstruct Medical Data
- NA Form 13042, Request for Information Needed to Locate Medical Records
- NA Form 13069, FBI Identification Letter
- NA Form 13075, Questionnaire About Military Service
- NA Form 13103, Request for Service Data
- NA Form 13160, Fax Request for Military Records Information
- NA Test Form 2005-1b, Order for Archival Record Reproduction Services

Thank you for contacting the National Personnel Records Center. In working to fulfill your request, we noted that your inquiry did not include the signed consent of the individual whose record is involved and must be returned without action. The Privacy Act of 1974 provides for the release of information only with the written consent (signature) of the individual to whom the record pertains. If the person is legally incompetent, the legal guardian must sign the release. (The legal representative or guardian should furnish a copy of the court appointment.) If the individual is deceased we must have the written consent of the next of kin. The next of kin is defined as: unremarried widow or widower, son, daughter, father, mother, brother or sister.

Once we receive the necessary authorization we will make every effort to furnish the requested information. Please include with that authorization a copy of your original inquiry. Please note, we must

have the veteran's complete name, service number (if applicable), social security number, branch of service, as well as the approximate dates of service to locate a record. Please make sure your request contains as much of this identifying information as possible before returning the request to us.

Please return your documentation in the envelope provided. This will ensure your information will be routed to me for special handling. Be sure to place proper postage on our envelope to prevent any delays in processing. Your case will remain open for 30 days. If a reply is not received within this time, your case will automatically be closed in our system.

If you have questions or comments regarding this response, you may contact us at 314-801-0800 or by mail at the address shown in the letterhead above. If you contact us, please reference the Request Number listed above. If you are a veteran, or a deceased veteran's next of kin, please consider submitting your future requests online by visiting us at <http://vetrecs.archives.gov>.

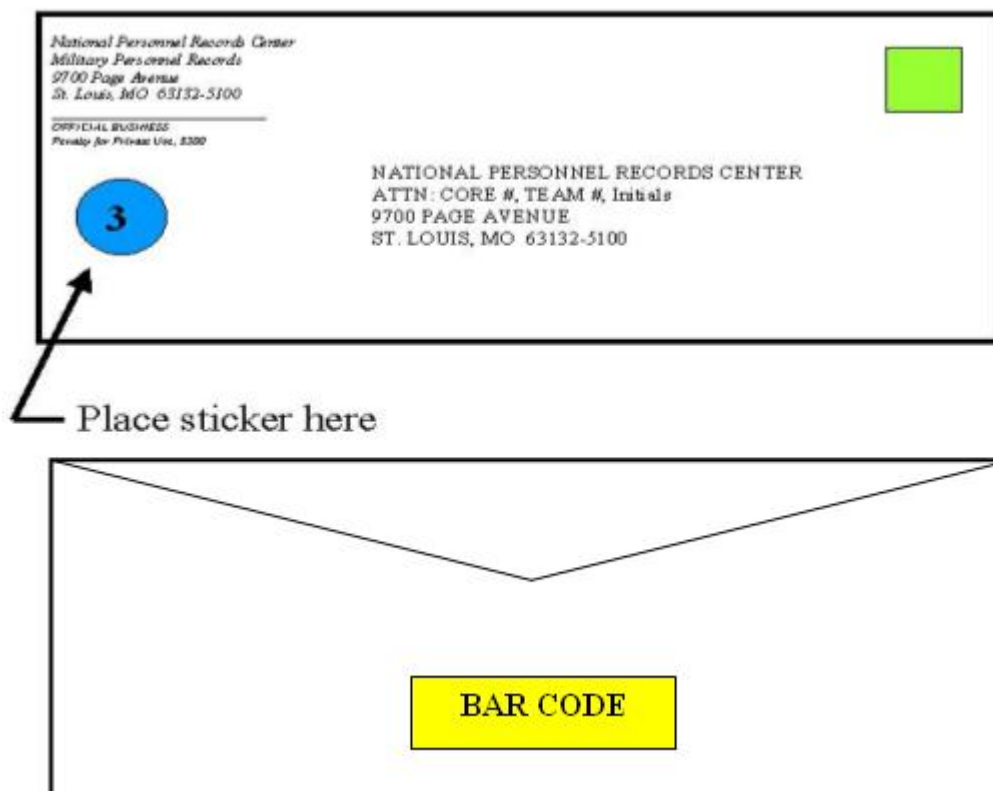

Sincerely,

**SUBJECT: DD Form 215, Correction to DD Form 214, Certificate of Release or Discharge from Active Duty**

1. **Purpose.** This memorandum transmits a page change to NPRC 1865.87C.
2. **Explanation of changes.** Paragraph 10 has been revised to include additional instructions on the distribution of DD Form 215.
3. **Instructions.** Remove page 5 and insert pages 5 and 5.1/5.2.

R. L. HINDMAN  
Director

1. **Responsibility of military service department.** NPRC, as the physical custodian (but not the legal custodian) of military records, **is not authorized to amend** them. Amending a military record (changing substantive information) is the responsibility of the military service department creating the record.

**EXAMPLES OF ITEMS THAT NPRC IS NOT AUTHORIZED TO CORRECT USING DD FORM 215, CORRECTION TO DD FORM 214, CERTIFICATE OF RELEASE OR DISCHARGE FROM ACTIVE DUTY:**

- Character of service;
- Reason for separation;
- Separation authority;
- Separation code;
- Narrative reason for discharge;
- Dates of time lost;
- Reenlistment code;
- Time-in-service;
- Social security number if it differs from the one shown in the military record by other than transposed digits;
- Significant name changes if it differs from the one shown in the military record;
- Any correction that is not clearly documented in the record.  
(Exception: Fire-related records. See [par. 5.](#)); and
- Any correction that may be controversial in nature.

**EXCEPTION:** If specifically directed by the service department, e.g., Marine Corps Liaison Office, Navy Liaison Office, or Board of Correction of Naval Records (BCNR), make the correction but add a 'Note' to the case in CMRS that NPRC was directed to make the change by MCLNO, NAVLNO, or BCNR. See CRG, [Correction of Record/Discharge Review](#).

This exception does **not** apply to requests from a state Adjutant General's Office or Department of Defense separation transfer activity (see [par. 6](#)). If there are any questions about whether or not to make the correction, consult the ET or Coach.

2. **Correcting clerical mistakes.** A clerical error made on a DD Form 214 (or predecessor form) at the time of the creation of the document may be corrected by NPRC, **if evidence is found in the record**. (Exception: Fire-related records. See [par. 5.](#)) If a DD Form 149 **involving Navy or Marine Corps records** is received from the service member or authorized requester, review the application to determine if the correction is a clerical error that meets the criteria below. If so, prepare a DD Form 215. Do **not** refer the requester to BCNR.

**EXAMPLES OF ITEMS NPRC MAY CORRECT USING DD FORM 215:**

- Misspelled name;
- Wrong initial(s);
- Reversed first and middle name;
- Reversed first and last name;
- Nickname cited rather than full legal name;
- Name change (if not changed after separation);
- Incorrect date of birth;
- Transposed digits of social security number or service number; and
- Information regarding medals.

### 3. **Basic rules.**

- A DD Form 215 may correct an error(s) only on a single DD Form 214. If the error(s) (example, date of birth) appears on more than one separation document, you must issue a DD Form 215 for each separation document that contains the error.
- Only two DD Form 215's are authorized for one DD Form 214. After two DD 215's are issued a new DD Form 214 must be created by the service department.
- DO NOT prepare a DD Form 215, if a DD Form 214, or predecessor form, was not issued for the subject period of service.

### 4. **Responsibilities.** Core support personnel are responsible for the preparation of DD Form 215. Core technicians are responsible for preparing NA Form 13085, Worksheet for Discharge Certificate, DD Form 215, and DD Form 303, to show the items of information to be included on the DD Form 215. This form is available on "Get Forms, NA Forms." (See [fig. 1](#) for a sample of a completed NA Form 13085.) Furnish prepared form to core support personnel for preparation of DD Form 215. Attach a copy of the separation document.

When preparing NA Form 13085 **DO NOT** use abbreviations or acronyms to correct or add information to the DD Form 214, even if the subject DD Form 214 shows abbreviated terms. Example: In adding the "Korea Defense Service Medal," spell out the complete name of the medal. **DO NOT** show as "KDSM."

### 5. **Fire-related records.** Information to support the correction must be in the service record unless pertinent documents were destroyed in the fire. In these cases, the requester needs to provide admissible proof to support the change; such as, certified copy of the record of birth or baptism; or a copy of the original discharge certificate, certificate in lieu of lost or destroyed discharge, or statement of service issued by the service department containing the correct name, date of birth, service number, etc.

If the proof to support the administrative correction is not furnished with the request, contact the requester to obtain the appropriate documentation and suspend case. The DD Form 215 is prepared upon receipt or discovery of admissible proof.

**CAUTION:** Various types of certificates, including discharge, medal, and birth certificates, may be purchased online at many unofficial websites or even created by the requester. Do not accept a certificate as proof of service unless you are sure it is authentic. An authentic medals certificate will show the order number. If unsure about a certificate's authenticity, consult with an ET for guidance. A performance tip, [Certificate Authenticity](#), is available to provide additional guidance for recognizing legitimate certificates.

### 6. **Requests from a state Adjutant General's Office or Department of Defense separation transfer activity.** Errors are sometimes discovered on the DD Form 214 by personnel at the state Adjutant General's Office or Department of Defense separation transfer activity after it has been distributed. When this occurs, the appropriate office prepares a request for correction to the DD Form 214 and sends it to NPRC (MPR) for preparation of a DD Form 215.

No authorization is needed from the veteran/next of kin. Prepare and distribute DD Form 215 in accordance with [par. 10](#). File the Member-1 original and Member-4 copy of the DD Form 215 in the military record if the request does not contain the current address of the veteran or the mailing address shown in the record is more than one year old.

7. **Referrals to service departments.** Refer the request with the record to the appropriate service department when:

- MPR is not authorized to make the change (see [par. 1](#));
- The information submitted by the requester is different from information contained on source documents in the record (other than the DD Form 214); and/or
- Two DD Form 215's have already been issued for the same DD Form 214.

These rules also apply to requests from: a state Adjutant General's Office or Department of Defense separation transfer activity. Inform the requester of the referral. Prepare response by selecting the appropriate pattern paragraph from the drop down selections, "Get Paragraphs, Referrals, DIR -Under Jurisdiction Of."

Detailed referral instructions are contained in:

[CRG, Referrals to Military Service Departments \(formerly Loans and Transfers\)](#); *CMRS Literature Job Aid - Core Technicians, Referring CMRS Requests*; and *CMRS Literature Job Aid - How to Complete Cases - Core Technicians*.

8. **Instructions for preparing DD Form 215 (as revised 2/2000).** Be sure to use the revised form. Previous versions are obsolete. **No changes or erasures may be made in the shaded areas of DD Form 215.** Use NA Form 13085 and the attached separation document to prepare the DD Form 215. (See [fig. 2](#) for a sample of a completed DD Form 215.)

- Blocks 1-4.** Enter the information in blocks 1-4 of the DD Form 215 **exactly** as shown on the DD Form 214 that you are correcting, even if the information is wrong. The correction will be shown in block 5 of the DD Form 215.
- Block 5.** On the blank line after "SEPARATION DATE ON DD FORM 214 BEING CORRECTED:," type the separation date shown on the separation document that is being corrected. Enter the date exactly as shown on the separation document, with a space between each number (or name) of the month. Examples: 76 12 13, 2 Jan 71, or 73 Jan 2. (See [NOTE](#) if you are correcting one of the old separation documents issued before DD Form 214 was first used.)

In the "ITEM NUMBER" column in block 5, indicate which numbered item (or "block") on the separation document is being corrected, and then enter the correct information in the "CORRECTED TO READ" column, also in block 5.

Sometimes items being corrected can be lengthy; therefore, it is acceptable to use the words "DELETE" and "ADD," rather than typing all of the information that is shown in the item number to be corrected. An example would be the "Decorations/Medals" section of the DD Form 214, to which you may wish to "ADD" a particular medal that had been overlooked when the DD Form 214 was prepared. (See [fig. 3](#).)

After the corrections have been completed, type the words "LAST ENTRY" in the middle of the next line in block 5, immediately below the last line of corrections, and type a series of asterisks (\*\*\*\*\*) or dashes (-----) on both sides of the words "LAST ENTRY." This line, which indicates that there are no more corrections, should extend entirely across the form, from the left border to the right border.

**NOTE:** When correcting an "old" separation document, such as NAVPERS 553, NAVMC 78PD, or WD AGO 53-55, indicate this on the DD Form 215 by marking out (XXX) the words "DD Form 214" on Block 5, "ORIGINAL DD Form 214 IS CORRECTED AS INDICATED BELOW." Use the drop down menu to select the correct form number from

the attached separation document. The application will automatically mark out and change the form number on the next line that references DD Form 214. (See [fig. 4.](#))

- c. **Block 6.** This field will auto fill with the current date and NARA.
- d. **Block 7.** Select the name, grade, and title of the authorizing official from the drop down menus in the form application or see [DD Form 215, Correction to DD Form 214, Certificate of Release or Discharge from Active Duty, par. 4,](#) in the CRG.

(1) The Army does not require a signature. However, the NARA seal must be affixed to the completed document. If any questions, see [NPRC 1864.106, Affixing official seal impression to documents or photocopies of documents, subpar 3a\(4\).](#)

(2) WWII Navy records recorded information on the back side of the official Discharge Certificate. In these cases, corrections should be made to the Discharge Certificate in lieu of a DD 215.

9. **Issuing a second DD Form 215.** A second DD Form 215 may be issued to correct the same DD Form 214. The second DD Form 215 is prepared and distributed in the same manner as the first.

No more than two DD Form 215's may be issued to correct the same DD Form 214. If another change is ever needed to the same DD Form 214, it will be necessary for the service department to prepare a new DD Form 214. (See [par. 7.](#))

a. **For Army, Air Force, Navy, and Coast Guard records** - When issuing a second DD Form 215, the following statement should be typed on the DD Form 215 being prepared: "DD 215 issued (date issued) should be destroyed." **Include all previous corrections, in addition to the new corrections, on the new DD Form 215.** (See [fig. 5.](#)) Mark "VOID" across the first DD Form 215 and retain it in the record. The file copy is stapled to the DD 214 that it corrects, along with the first voided DD Form 215. Only one DD 215 should exist at a time; the DD Form 214 may not have two existing DD Forms 215. Issuance of a new (second) DD Form 215 voids the prior (first) DD Form 215.

b. **For Marine Corps records** - When issuing a second DD Form 215:

- **DO NOT** cancel or void the first DD Form 215 (leave as is in the OMPF);
- **DO NOT** type instructions on the second DD 215 to destroy, cancel, or supersede the first DD Form 215; and
- **DO NOT** repeat information from the first DD Form 215 to the second DD Form 215.

10. **Preparing response document and distributing DD Form 215.** Prepare response document by selecting "Get Paragraph, Personnel Related Information, The enclosed DD Form 215." Distribute copies as follows:

Copies 1, 4	If veteran address is provided in request	Mail to veteran address provided.	
	If veteran	And if last	Mail to veteran address listed on most recent

	address is not provided in request	separation date is less than 11 months ago	separation document. <i>Note: Post Office forwards mail for up to one year after change of address is submitted.</i>

Figure 1: **Court Order Requirements, NA Form 13027**

OMB NO. 3095-0038 Expires 12/31/2002

<p><b>COURT ORDER REQUIREMENTS OBTAINING FEDERAL PERSONNEL AND MEDICAL RECORDS (MILITARY AND CIVILIAN) PURSUANT TO COURT ORDER OR SUBPOENA</b></p>		
<p><b>NAME OF SUBJECT OF RECORD</b></p>	<p><b>SSAN/SN</b></p>	<p><b>DATE OF INQUIRY</b></p>

Your subpoena/court order/request is being returned without action because it does not meet all of the requirements outlined below.

Access to military or civilian personnel and medical records on file at the National Personnel Records Center, St. Louis, Missouri, may be gained pursuant "to the order of a court of competent jurisdiction." Valid court orders should be addressed to this Center. Subpoenas qualify as orders of a court of competent jurisdiction only if they have been signed by a judge. To be valid, court orders must also be signed by a judge. Authority for these requirements is 5 U.S.C. 55a(b)(11), as interpreted by Doe vs. DiGenova, 779 F. 2d 74 (D.C. Cir. 1985), and Stiles vs. Atlanta Gas and Light Company, 453 F. Supp. 798 (N.D. Ga. 1978).

Please furnish the address of the clerk of the court so that photocopies may be furnished in the form of a certificate under seal to the clerk of the court issuing the order. Or, the photocopies may be sent to a recipient other than the clerk of the court as long as the order of the court names another recipient and gives the appropriate address. Under applicable Federal law, photocopies so certified shall be admitted into evidence as original records 44 U.S.C. Sec. 2116(b). It is also helpful to furnish the names and addresses of the attorneys involved.

The court order must describe the records and information desired in sufficient detail to identify them with accuracy. A minimum of detail would include as many of the following as possible: The complete name, service number, social security number, date of birth, branch of service or Federal agency by which employed, and dates of military service (active, reserve, or retired) or of Federal employment. If clinical treatment records are needed, include also the dates, places, and type(s) of treatment given.

The court order should be addressed and sent by mail to either of the following addresses, as appropriate:

- |  |  |
|--|--|
| <p>Director<br/>National Personnel Records Center, NARA<br/>(Military Personnel Records)<br/>9700 Page Avenue<br/>St. Louis, MO 63132-5100</p> | <p>Director<br/>National Personnel Records Center, NARA<br/>(Civilian Personnel Records)<br/>111 Winnebago Street<br/>St. Louis, MO 63118-4199</p> |
|--|--|

As an alternative to obtaining a court order, you may obtain certified copies of military or civilian personnel and medical records by providing the signed and dated release authorization of the subject of the records. The release authorization must be dated within the last year and must state specifically that the documents may be released to you.

### PAPERWORK REDUCTION ACT PUBLIC BURDEN STATEMENT

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. The information requested on this form is being collected and used by the National Personnel Records Center to ensure that the requirement is met to obtain either a court order or a release from the veteran before access to military and civilian personnel and medical records is granted. Public burden reporting for this collection of information is estimated to be fifteen minutes per response, including time for reviewing instructions and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of the collection of information, including suggestions for reducing this burden, to National Archives and Records Administration (NHP), 8601 Adelphi Road, College Park, MD 20740-6001. **DO NOT SEND COMPLETED FORMS TO THIS ADDRESS. SEND COMPLETED FORMS TO THE ADDRESS SHOWN BELOW.**

### CPR-OPF

**Details:** Official Personnel Folder created on each employee of the Federal government.

**How to request:** Fax [NA FORM 13026](#) to CPR. Put the agency name and dates worked in the "Other" box. Be sure to complete your name, phone number, and fax number.

**NOTE:** Submit a request ONLY if NA Form 13075 or other document indicates that the veteran was employed by the Federal government after military service.

**Samples of documents returned to technician:** If no record is found, CPR will annotate the NA Form 13026 with "negative" and fax it back to you. If CPR has documents which verify service, they will fax them to you along with [NA Form 13026](#).

## CPR - X-rays

Last Updated: 9/2/2014

### Entrance/Separation Chest X-rays

1. **Army and Air Force Processing Stations (large and small):** Prior to 1970 - destroyed (due to acetic acid off gassing)
2. **Navy Processing Stations:** 1940 to 1950 era – legal and physical custody transferred to the Joint POW/MIA Accounting Command (JPAC)

**NOTE:** *A reconstructed file (“R-file”) that contains a CPR “Entrance Exam” date can be used on an NA Form 13038 for Army or Air Force. However, an Organizational Records (OR) search **MUST** be made to verify character of service, if the “Separation Exam” date and location are used. In most cases, an OR search was previously conducted by the technician who created the R-file. The OR results are usually in the file.*

# DD Form 215, Correction to DD Form 214, Certificate of Release or Discharge from Active Duty

Updated on: 11/10/2014

**Background.** DD Forms 215 are used to correct erroneous data or add information on DD Forms 214. NARA does **not** make changes or corrections to archival records, so NPRC may not create a DD Form 215 for an archival record. For non-archival records, NPRC is authorized to correct only certain types of errors; other types must be completed by the service departments. The need for a correction may be identified by several sources: (1) a veteran requests that a correction be made, (2) NPRC staff finds an error while preparing a response, or (3) NPRC is [directed by the services or a State Adjutant General's office](#) to prepare a DD Form 215.

**Procedures.** Determine if the request involves an **archival record**.

1. If the record **is archival**

- a. Do NOT issue a DD 215 for an archival record, not even for a clerical, administrative, or typographical error.
- b. If a requester is seeking any change to the information shown on the separation document (or any other document in the record), send the requester a copy of DD Form 149. Use the pattern paragraph Discharge Review (DD 149 or DD 293) > Sending DD 149 for Completion.
- c. If the requester submits a completed DD Form 149, refer the request to the service department using the appropriate response from Get Paragraphs > Discharge Review (DD 149 or DD293). Send photocopies of the requested record (NOT the original archival record) **to the service department**. Ensure that the record is stamped "Archival Record - Do Not Loan or Transfer" on both sides, then return the record to be refiled.

2. If the record **is not archival**, use the information in the following tables to determine whether NPRC is authorized to make the requested change.

Examples of items that NPRC <b>MAY</b> correct using DD Form 215	<ul style="list-style-type: none"> <li>• Misspelled name</li> <li>• Wrong initial(s)</li> <li>• Reversed first and middle name</li> <li>• Reversed first and last name</li> <li>• Nickname cited instead of full legal name</li> <li>• Name change (if it occurred before separation from service)</li> <li>• Incorrect date of birth</li> <li>• Transposed digits of social security number or service number</li> <li>• Information regarding medals authorized</li> <li>• Incorrect date of entry</li> <li>• Incorrect date of separation/discharge</li> </ul>	Changes to these items are considered to be administrative corrections of clerical error.  <b>EVIDENCE OF THE CORRECT INFORMATION MUST BE FOUND IN THE RECORD. IF NOT FOUND, REFER.</b>  Exception: When records were destroyed in the fire, requester must provide admissible proof to support the change.
Examples of items that NPRC is <b>NOT</b> authorized to correct using DD Form 215	<ul style="list-style-type: none"> <li>• Character of Service</li> <li>• Reason for separation</li> <li>• Separation authority</li> <li>• Separation code</li> <li>• Narrative reason for discharge</li> <li>• Dates of time lost</li> <li>• Reenlistment code</li> <li>• Time-in-service</li> <li>• Social security number if it differs from the one shown in the military record</li> </ul>	Changes to these items are considered to be amendments of substantive information. <b>With the exception of Army, Refer</b> with record to the appropriate military service department to make this type of correction. Other

If DD Form 214 is torn or

**DO NOT** issue a DD Form 215. Prepare an [NA Form 13038](#) and provide it and a copy of

situations in which NPRC may <b>NOT</b> issue a DD Form 215	unreadable (but is not erroneous)	the separation document.
	If a DD Form 214 or equivalent form was <b>NEVER</b> issued for the period of service in question	DO NOT issue either a DD Form 215 or an NA Form 13038 (For examples see <a href="#">Requesting Separation Documents Step 10</a> )
	If two DD Forms 215 have already been prepared for the same DD 214  If more than one correction is requested on a single DD Form 214, and MPR is not authorized to make all corrections	With the exception of Army, <a href="#">REFER</a> with record to the appropriate military service department to issue a new DD Form 214. (There is no need to print documents from DPRIS if only an electronic record is available.) <b>The addresses for the service departments are listed above.</b>  (Note: For Army refer only the request. Army will request paper records through eMilRecs.)
Multiple DD Forms 215 must be prepared	>If the error appears on more than one separation document	Issue a separate DD Form 215 for each separation document that contains the error.

- To issue a DD Form 215, prepare [NA Form 13085, Worksheet for Discharge Certificate and DD Form 215](#) by following the instructions in [NPRC 1865.87, par. 4](#). Give the form and a copy of the related separation document(s) to your core support staff to type.
- The staff, who is assigned this task, types DD Form 215 per instructions in NPRC 1865.87B, par. 8 and par.9. Samples are shown in (The veterans' personal information partially redacted to protect the veteran's privacy.):

b – Sample of second DD Form 215 (Void first DD Form 215 for Army, Air Force, Navy, and Coast Guard records. **DO NOT VOID** first DD Form 215 for Marine Corps records).

- Obtain required signature on DD Form 215. Select the name, grade, and title of the authorizing official using the chart below and the drop down menus in the form application.

BRANCH of SERVICE	AUTHORIZING OFFICIAL	GRADE	TITLE
Army <sup>1</sup>	DAVID K. MACEWEN	Brigadier General	USA Adjutant General
Marine Corps, Navy, Air Force, and Coast Guard	Core Manager	GS-12	Manager, Reference Core (One, Two, Three or Four), NPRC
Marine Corps, Navy, Air Force, and Coast Guard	Assistant Core Manager (in absence of Core Manager)	GS-11	Acting Manager, Reference Core (One, Two, Three or Four), NPRC

<sup>1</sup> The Army DD Form 215 does not require a signature, but you **MUST** affix the NARA seal to the bottom right-hand section of each printed page of the long version form--a total of 8 pages. See [NPRC 1864.106, subpar. 3a\(4\)](#). When making a photocopy of the short version, **DO NOT** cut off the bottom *blank* section of the form. Affix the NARA seal to the right-hand side near the area where the authorizing official signs (block 6d), or, as in the case of Army, affix it where "NO SIGNATURE REQUIRED" is typed.

- Distribute copies of DD Form 215 according to instructions shown below:

Copies 1, 4	If veteran's address is provided in the request	mail to address.		
	If veteran's address is not provided in the request	and if last separation date is less than 11 months ago	mail to address listed on most recent separation document. <i>Note: Post Office forwards mail for up to one year after change of address is submitted.</i>	
		and if last separation date is 11 or more months ago	and record is paper/fiche only	place copies in the military record.
			and record is DPRIS only	give copies to core manager who will then forward to AFN. AFN arranges with Army to have documents scanned.
		and a paper and a DPRIS record exists	follow one of the two rules above based on where the corrected DD Form 214 is filed.	
Copy 6	If the military	send to the appropriate state <a href="#">Director of Veterans Affairs (VA) office</a> , if the "Yes" block is checked on the DD Form 214, and it specifies the state. See block 20, Member Requests Copy 6 Be Sent to..., on July 1979 and later editions of the		

	record is paper or fiche	DD Form 214. If the block is not checked or the state is not specified, place copy 6 with the others that are inside the military record. If the record is electronic, follow the DPRIS procedure. ( <a href="#">Printable PDF of Director of Veterans Affairs (VA) office located here</a> )
Copies 2, 7, 8	If the military record is a paper or fiche record	place copies in the military record.
	If the military record is a DPRIS record	give copies to core manager who will then forward to AFN. AFN arranges with Army to have documents scanned.
Copy 3	Follow core procedures for collecting and mailing document(s) to <a href="#">[00527]</a> : Department of Veterans Affairs, Austin Automation Center (397), 1615 Woodward Street, Austin, TX 78772. <i>Follow established core procedure or check with your expert technician or coach for further guidance.</i>

# DD Form 149, CORRECTION OF RECORD

## DD Form 293, DISCHARGE REVIEW

Last Updated: 3/7/2017

**Background** All of the military service departments have established boards with authority to change, correct, or modify discharges or dismissals or to change a military record to correct an error or injustice.

This entry includes procedures to follow when:

- A. A request contains a completed DD Form 149 or DD Form 293.
- B. A request involves a discharge review or upgrade.
- C. The record needed to answer any other request has been transferred to a Discharge Review Board or Board of Corrections.

### Procedures

#### Navy & Marine Corps

##### DD Form 293

NPRC has no authority to review or upgrade discharges. Requests submitted on DD Form 293 for a discharge review or upgrade must be referred to the Navy Discharge Review Board, 720 Kennon Street SE, Suite 309, Washington, DC, 20374-5023, with either the non-archival record or a photocopy of the archival record. Use the pattern paragraph at *Get Paragraph—DD149-293 Corrections—Forwarding Completed DD293 (NV & MC)* to respond to the requester.

##### DD Form 149

- A. **DO NOT automatically refer** Navy or Marine Corps requests submitted on DD Form 149. Review them first to see if NPRC has the authority to make the requested correction.

If a DD Form 149 involving **Navy or Marine Corps records** is received from the service member or authorized requester, and the record is not an archival record, review the application to determine if the correction is a clerical error that meets the criteria for NPRC to prepare a DD Form 215. If so, prepare a DD Form 215. See [CRG, DD Form 215, Items that NPRC MAY correct](#) or [NPRC 1865.87, par. 2](#).

If NPRC is unable to make the requested correction and the record is not archival, refer Navy requests **with the non-archival record** to the Navy Personnel Command, Millington, TN, using the pattern paragraph at *Get Paragraph—DD149-293 Corrections—Forwarding completed DD 149 (Navy)*.

Refer Marine Corps requests **with the non-archival record** to Headquarters, Marine Corps, Quantico, VA, using the pattern paragraph *Get Paragraph—DD149-293 Corrections—Forwarding completed DD 149 (MC)*.

**If the record is archival**, refer to the Board for Correction of Naval Records (BCNR) for both Navy and Marine Corps requests, **with a photocopy of the archival record**. Use the pattern paragraph at *Get Paragraph—DD149-293 Corrections—Archival-Forwarding completed DD 149 (Navy & MC)*.

- B. If the correction requested on the DD Form 149 relates to **Navy or Marine Corps medals** eligibility, refer the request internally to Core 3, Team D. See [Navy, Marine Corps, and Coast Guard Medals](#).
- C. Always review the DD Form 149 for clues that the form was sent to us by the BCNR. Look for a reference number written on the form, the annotation of "STL" or "St Louis" written on the form, or a date stamp showing received by the BCNR. See example below. If the form contains any of these items, it means BCNR has sent it to NPRC for review and possible action.

**Discontinue** referring these requests to the BCNR; review them first to see if NPRC can make the requested correction. If NPRC is unable to make the requested correction and the record is not archival, refer the request to the Navy Personnel Command, Millington, TN; or to Headquarters, Marine Corps, Quantico, VA, with the non-archival record. **If the record is archival, refer to BCNR in all cases, with a photocopy of the archival record.**

<b>APPLICATION FOR CORRECTION OF MILITARY RECORD UNDER THE PROVISIONS OF TITLE 10, U.S. CODE, SECTION 1552</b> <small>(Please read instructions on reverse side BEFORE completing application.)</small>		Form Approved OMB No. 0704-0003 Expires Sep 30, 2003	
<small>The public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, reviewing and completing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to Department of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (7034-0203), 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to provide information if it does not display a currently valid OMB control number.</small>			
<b>PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE ABOVE ADDRESS; RETURN COMPLETED FORM TO THE APPROPRIATE ADDRESS ON THE BACK OF THIS PAGE.</b>			
<b>PRIVACY ACT STATEMENT</b>			
AUTHORITY: Title 10 US Code 1552, EO 9397.		ROUTINE USE(S): None.	
PRINCIPAL PURPOSE: To initiate an application for correction of military record. The form is used by Board members for review of pertinent information in making a determination of relief through correction of a military record.		DISCLOSURE: Voluntary; however, failure to provide identifying information may impede processing of this application. The request for Social Security number is strictly to assure proper identification of the individual and appropriate records.	
<b>1. APPLICANT DATA</b>			
a. BRANCH OF SERVICE (if over)		AIR FORCE

[Redacted]		Retired	
4. DATE OF DISCHARGE OR RELEASE FROM ACTIVE DUTY (YYYYMMDD)		1974/0/30	

- D. If specifically directed by the service department, (HQ Marine Corps, Navy Personnel Command, or Board for Correction of Naval Records), NPRC can make a correction by preparing DD Form 215 **only for a non-archival record**. **REMINDER:** NPRC does **NOT** issue a DD 215 for an archival record, not even to correct a clerical, administrative, or typographical error, even if directed by the service department. Add a 'Note' to the case in CMRS that NPRC was directed to make the correction by NPC, BCNR, etc. [NPRC 1865.87, par. 1](#).

**Army, Air Force, & Coast Guard**

If requester sends a completed [DD Form 149](#) or [DD Form 293](#) to NPRC, refer to the appropriate service department. Select the correct response from **Get Paragraphs » DD 149-293 Corrections-- Forwarding Completed DD 149 (AF) or Forwarding Completed DD 149 (AR) or Forwarding Completed DD149 (CG)**.

If the request involves an archival record, send photocopies of the requested record. Do **NOT** send the original archival record to the service department. (Ensure that the record is stamped "Archival Record - Do Not Loan or Transfer" on both sides.) Return the record to be refiled.

If requester asks for a discharge review (or upgrade), process as follows:

If	Send	And
Veteran was discharged more than 15 years ago	DD Form 149	Advise requester to submit application to appropriate service department office indicated on the form.

<p>Veteran was discharged by General Court-Martial</p>	<p>DD Form 149</p>	<p>Use the correct response from <b>Get Letters &gt; Personnel Records</b></p> <p style="text-align: center;"><b>or</b></p> <p><b>Get Paragraphs &gt; Discharge Review (DD 149 or DD 293).</b></p>
<p>Veteran was discharged within the last 15 years and NOT by General Court-Martial</p>	<p>DD Form 293</p>

## Defense Medals and Joint Service Medals

Various medals are issued directly by the Secretary of Defense to members of all branches of service. NPRC can issue some of the Defense and Joint Service medals using the Army medals web form or the [NA Form 13059](#) for Air Force.

The following medals can be issued by NPRC through normal processes for Army and Air Force:

Defense Meritorious Service Medal  
Joint Meritorious Unit Award (or Emblem)  
Joint Service Achievement Medal  
Joint Service Commendation Medal

For issuance of the following three medals, the requestor must contact the service department directly:

Defense Distinguished Service Medal  
Defense Superior Service Medal  
Defense of Freedom Medal (civilian award, equivalent to the Purple Heart)

Provide referral information to the requestor for these three awards using the appropriate pattern paragraph found at [Get Paragraph → Medals → Defense Medals](#). You must include copies of any supporting documentation found in the record with your response.

The **Joint Chiefs of Staff Identification Badge** is only issued by the Office of the Joint Chiefs of Staff. Tell the requestor to contact the address below (copy and paste into your letter) and include in your response copies of any supporting documentation found in the record.

NPRC 1864.103B  
January 12, 1989

SUBJECT: **Delay notices**

1. **Purpose.** This memorandum transmits revised instructions that tell when delay notices should be sent.
2. **Cancellation.** NPRC 1864.103A is canceled.
3. **Reason for revision.** NPRC 1864.103 is revised to reflect the use of NA Form 13053, National Personnel Records Center Acknowledgment/Referral; and NA Form 13102, Interim Acknowledgment and Followup, in place of previous versions of those forms. The use of composed responses to advise of further delays is also explained.
4. **Applicability.** This memorandum is applicable to all correspondence and search personnel at both Page and Winnebago with the exception of General Reference Branch (NRPCR) and the Search and Control Section, Records Reconstruction Branch (NRPMR-S).
5. **Instructions.** The instructions for sending delay notices are contained in the attachment hereto.
6. **Forms.** This memorandum provides for the use of the following forms:

NA Form 13053, National Personnel Records Center Acknowledgment/Referral  
NA Form 13102, Interim Acknowledgment and Followup

Director

## DELAY NOTICES

1. **When to send delay notices.**

- a. **Delay notices can prevent complaints.** NPRC employees should bear in mind that delayed replies are often reported to our Central Office or to a Congressional office. This causes embarrassment and expenditures of time in making necessary explanations. A delay notice sent at the appropriate time can prevent a possible complaint later. Send a delay notice (NA Form 13053, National Personnel Records Center Acknowledgment/Referral, MPR only; or NA Form 13102, Interim Acknowledgment and Followup, CPR only) on an inquiry as soon as it is obvious that a delay will occur, but no later than the end of the time periods specified below:

CATEGORY OF INQUIRY	SEND FIRST DELAY NOTICE WITHIN
Routine written requests from federal, state, county, and municipal offices.	Thirty calendar days after date of receipt in NPRC. See <a href="#">subpar. lb.</a>

**EXCEPTION:** Do not send delay notices on requests from (1) the VA Records Processing Center, St. Louis, or (2) Social Security Administration.

Routine written requests from non-governmental sources, addressed DIRECTLY to NPRC.

Fifteen calendar days after date of receipt in NPRC. See [subpar. 1b](#). If referred to NPRC, send notice ONLY if requester was notified of the referral.

Priority (as defined in [NPRC 1864.101](#), Priority levels in reference service and workflow control procedures) written requests from any source.

Seven calendar days after date of receipt in NPRC, except three days for requests from members of Congress.

- b. **Determining date of receipt.** The technician determines the date of receipt from the color-code tag attached to the inquiry in accordance with the current edition of [NPRC 1864.101](#). On priority written requests for which a color-code tag is not used, use the date of the first computer probe as shown on the Finding Aid Report (FAR) as the date of receipt. If this is not available, use any of the following: postmark, date of request, or date of the transmitting correspondence if referred here by another office. (If more than one of these is available, use the most recent date.)
- c. **Guidelines for determining if a delay notice is necessary.** The determination as to whether a delay notice should be sent may be made by the receiving supervisor immediately upon receipt of the inquiry in the unit, including search units. The supervisor bases the decision on the amount of work on hand and the productive capacity of the unit. The decision may be made any time up to the end of the periods specified in [subpar. 1a](#). Here are two rules to help determine when to send a delay notice:
- (1) On inquiries for which the specified time period is 15 days or less, ALWAYS send a delay notice at the time any of the following actions are taken (if one has not already been sent):
- (a) Inquiry is referred for verification search analysis.
  - (b) Pertinent information/records are requested from another source.
  - (c) Inquiry is transferred to another NPRC branch for processing, including transfers for organizational records searching.
- (2) On inquiries for which the specified time period is more than 15 days, always CONSIDER sending a delay notice.

2. **When to send second delay notices.** Send a second notice explaining the circumstances causing the delay as soon as the following is determined:

- a. The inquiry will not be answered within 20 calendar days (Records Reconstruction Branch excluded) of the date of the first notice.
  - b. The inquiry (in Records Reconstruction Branch) will not be answered when it is pulled from the suspense file (within 30 to 45 days) of the first notice.
3. **Who is responsible.** All supervisors are primarily responsible for ensuring that delay notices are sent. This includes the periodic examination of the workload. Each technician, once a case has been assigned, bears responsibility for keeping track of the length of time that the case remains uncompleted, and must send a delay notice if the time limits shown in [par. 1](#) are exceeded.

A **composed reply** is sent if a delay notice has already been sent forward and additional time is needed to locate the record. The composed reply must give a complete explanation of the present status of the inquiry, reason for more delay, action taken so far to complete the inquiry, and the estimated completion of the inquiry.

4. **Special instructions on follow-up (tracer) requests.** Normally, delay notices are not sent on tracer requests. There are times, however, when a delay notice on a tracer will be necessary, e.g.:
- a. There is some trouble in finding the record or information.
  - b. It is found that a delay notice was never sent on the original request. When this happens, cite both the inquiry and the tracer on the delay notice.
5. **Documenting the action.** It is extremely important that the inquiry be annotated in the lower right corner to show the date the delay notice was sent and the initials of the technician who sent it. If a composed reply is sent, retain a copy with the original inquiry.

# DETRIMENTAL PHYSICAL OR MENTAL HEALTH RECORDS

---

***Each service branch has different regulations for the release of detrimental records.*** Examples of potentially detrimental information include any health or clinical record that contains:

- Diagnosis of a mental, psychoneurotic, or personality disorder
- Diagnosis or implications of sexual deviation
- Any illness that carries a uniformly unfavorable prognosis

See the instructions below for each branch of service.

---

## AIR FORCE

### Inquiry from the veteran:

1. Health records. If you find any page(s) in the health record that contains detrimental information such as any of the kinds listed above, do not release such page(s) directly to the veteran. Send copies of other requested documents that make no reference to potentially detrimental diagnoses, and include the following paragraph in your reply letter:

"The Department of Defense Privacy Program, 32 CFR 310.30(f), allows for the disclosure of medical records to the individual to whom they pertain. A portion of the records, however, contain information which can be interpreted and explained properly only by a physician. If you would like for us to send copies to a designated physician, please send me the name and address of that physician. The request you send back to us also **MUST INCLUDE** your written consent (signature), authorizing the National Personnel Records Center to release your medical records to the designated physician."

When you receive the physician's name and address, send copies of the detrimental medical records to the physician with the following statement: "The enclosed documents are sent to you at the request of (the requester's name). These documents contain information that should be treated confidentially, and the diagnosis/prognosis should not be released directly to the veteran except by his/her physician. Information shown in these records should not be released or discussed with any other person."

2. Clinical records.
  - a. Detrimental health information found in clinical records pertaining to sexual dysfunction or unfavorable diagnosis may be handled in the manner prescribed in [par. 1](#), above, for health records.
  - b. If the detrimental information in the clinical record(s) pertains to a diagnosis of a mental, psychoneurotic, or personality disorder, it will be necessary to refer these clinical records to an Air Force office for determination of releasability. Exact procedures are still being developed. In the meantime, see your coach or ET if you encounter such a situation.
3. Detrimental information in both health and clinical records.

- a. If the detrimental information in the clinical record(s) pertains to sexual dysfunction or an unfavorable prognosis, it is permissible for the clinical records to be included with the documents from the health jacket that will be sent to a physician with the health records, for determination of releasability. Process the reply as described in [par. 1](#), above (health records). Use the same quotations from [par. 1](#), above.
- b. If the detrimental information in the clinical record(s) pertains to a diagnosis of a mental, psychoneurotic, or personality disorder, these documents cannot be included with the documents from the health jacket that will be sent to a physician for determination of releasability. It will be necessary to refer these clinical records to an Air Force office for determination of releasability. Exact procedures are still being developed. In the meantime, see your coach or ET if you encounter such a situation.

### **Inquiry from next of kin or member of Congress with written authorization of veteran:**

If the inquiry indicates the requester is aware of the potentially detrimental diagnoses, provide the medical records. If not specifically requested or mentioned, handle the request as if it had been received from the veteran.

### **Inquiry from legal guardian, and the following with written authorization of veteran\*: veteran's attorney/representative, insurance firms, state, county, & municipal medical facilities (unless a "routine" user), private non-governmental medical personnel/facilities:**

Provide medical records and the following "CAUTION" statement: "The enclosed records should be treated as confidential and the diagnosis/prognosis should not be released directly to the veteran except by his/her physician or after consultation with that physician. Information about these records should not be released or discussed with any other person."

*\*NOTE: If a request is for the purpose of EMERGENCY medical treatment, individual consideration is given as to whether the release authorization requirement should be waived. Consult the coach/supervisor.*

## **ARMY**

### **Inquiries received from the VETERAN:**

Any health or clinical record which contains information as shown above cannot be released to the veteran. Furnish copies of other documents which make no reference to potentially detrimental diagnoses, and provide the following paragraph: "The Department of Defense Privacy Program, 32 CFR 310.30(f), allows for the disclosure of medical records to the individual to whom they pertain. A portion of the records, however, contain information which can be interpreted and explained properly only by a physician. If you wish us to send copies to a designated physician, please furnish us with the name and address of that physician. The request **MUST INCLUDE** your written consent (signature), authorizing the release of the records to the designated physician".

Upon receipt of the physician's name and address, copies of the medical/clinical records should be sent to the physician with the following statement: "The enclosed documents are sent to you at the request of (the requester's name). These documents contain information that should be treated confidentially, and the diagnosis/prognosis should not be released directly to the veteran except by his/her physician. Information shown in these records should not be released or discussed with any other person."

### **NOK and Members of Congress with written authorization of veteran:**

If the inquiry indicates the requester is aware of the potentially detrimental diagnoses, furnish the medical records. If not specifically requested or mentioned, handle the request as if it was received from the veteran

**Legal Guardian, and the following with written authorization of veteran\*: Veteran's attorney/representative, Insurance firms, State, county, & municipal medical facilities (unless a "routine" user), Private nongovernmental medical personnel/facilities:**

Furnish medical records and the following "**CAUTION**" statement: "The enclosed records should be treated as confidential and the diagnosis/prognosis should not be released directly to the veteran except by his/her physician or after consultation with that physician. Information about these records should not be released or discussed with any other person".

*\*NOTE: If a request is for the purpose of **EMERGENCY** medical treatment, individual consideration is given as to whether the release authorization requirement should be waived. Consult the coach/supervisor.*

## NAVY and USMC

### All requesters:

Pull out records containing potentially detrimental information and place on top of record. Forward the request and record to the BuMed Liaison Officer using NA Form 13098, NPRC Routing Slip. When the record is returned, complete the case according to BuMed Liaison Office instructions.

---

## COAST GUARD

### All requesters:

Forward the request and record to the following office for a determination of releasability, and inform the requester of the referral:

## RELEASING DETRIMENTAL PHYSICAL OR MENTAL HEALTH INFORMATION FOUND IN NON-ARCHIVAL RECORDS

---

**Background:** NPRC **never** releases detrimental physical or mental health information found in health or clinical records directly to the veteran. Detrimental information may have an adverse effect on the mental or physical health of an individual. Technicians are to carefully review records to determine whether the contents include this information. This guide explains the procedure for releasing health or clinical records when detrimental information has been identified in the record. Examples of detrimental physical or mental health information include, but are not limited to:

- diagnosis of a mental, psychoneurotic, or personality disorder, or
- diagnosis or implications of sexual deviation, or
- illness(es) carrying an unfavorable prognosis.

For records containing information about Drug and Alcohol treatment --see CRG, [Drug/Alcohol Rehabilitation Program](#). For requests concerning Family Advocacy Program (FAP) –see CRG, [FAP \(Family Advocacy Program\)](#).

**Table 1. Procedure – Releasing detrimental information.** Verify request is properly authorized. Then respond following below.

IF requester is...	THEN...
veteran	go to <a href="#">Table 2</a> .
next of kin or member of congress with veteran’s written authorization, who does <b>not</b> indicate awareness of the detrimental information	handle the request as if from the veteran and go to <a href="#">Table 2</a> .
next of kin, member of congress with veteran’s written authorization who <b>indicates awareness</b> of the detrimental information	provide copies of the information with caution paragraph from MSWord CMRS Tab - <a href="#">Get Paragraph&gt; Medical (Health) Records Information &gt; Detrimental Physical and Mental Health Records— Caution Statement.doc</a>
legal guardian, and the following with veteran’s written authorization: veteran's attorney or representative, insurance firms, state, county, & municipal medical facilities private	provide copies of the information with caution paragraph from MSWord CMRS Tab - <a href="#">Get Paragraph&gt; Medical (Health) Records Information &gt; Detrimental Physical and Mental</a>

non- governmental medical personnel or facilities	<a href="#">Health Records—Caution Statement.doc</a>
agency or entity whose purpose is “Routine Use of this record”	go to CRG, <a href="#">Release and Access Guide for Military Personnel and Related Records at the NPRC, Appendices A-F</a>

**Table 2. Procedure – Releasing Detrimental Information to Veterans** or next of kin and members of congress who do not indicate awareness of the detrimental information. Follow the steps below.

<b>Step</b>	<b>Action</b>
1	<p>Send copies of documents which make no reference to detrimental information, and include the following paragraph in the reply letter. Get paragraph from MSWord CMRS Tab - <a href="#">Get Paragraph&gt; Medical (Health) Records Information &gt; Detrimental Physical and Mental Health Records-- Release to Designated Physician.doc</a>.</p> <p><i>Caution: Do not release page(s) containing or referring to detrimental information directly to the veteran.</i></p>
2	Place case in CMRS in “suspense.”
3	<p>On receipt of veteran’s signed authorization to release information,</p> <p>Send copies of the health or clinical records to the designated physician with the pattern paragraph: Get paragraph from MSWord CMRS Tab - <a href="#">Get Paragraph&gt; Medical (Health) Records Information &gt; Detrimental Physical and Mental Health Records—Letter to Designated Physician.doc</a>.</p>

## Devices

Bronze Service Star

The bronze star represents participation in campaigns or operations, multiple qualifications, or an additional award to any of the various ribbons on which it is authorized.

Silver Star

The Silver star is worn in the same manner as the bronze star, but each Silver star is worn in lieu of five bronze service stars.

Silver/Bronze Stars

When worn together on a single ribbon, the Silver star(s) will be worn to the wearer's right of any bronze star(s).

Bronze Oak Leaf Cluster

The bronze oak leaf cluster represents second and subsequent entitlements of awards.

Silver Oak Leaf Cluster

The Silver oak leaf cluster represents sixth, 11th, etc., entitlements or in lieu of five bronze oak leaf clusters.

Silver/Bronze Oak Leaf Clusters

Silver oak leaf clusters are worn to the wearer's right of the bronze oak leaf clusters on the same ribbon.

Valor ("V") Device

The "V" device represents valor and does not denote an additional award. Only one may be worn on any ribbon.

Valor ("V") Devices and Clusters

The "V" device, when worn on the same ribbon with clusters, is worn to the wearer's right of such clusters.

Mobility ("M") Device

The "M" device is worn with the Armed Forces Reserve Medal to denote active duty status for at least one day during a contingency.

Devices

Hourglass Device

The hourglass is worn with the Armed Forces Reserve Medal in bronze for 10 years of service, Silver for 20 and gold for 30 years.

Plane Device

This device is worn with the Army of Occupation Medal to denote service of 90 consecutive days in direct support of the Berlin Airlift (June 26, 1948, to Sept. 30, 1949).

Arctic Circle ("A") Device

A metallic, bronze, letter "A" worn centered on the Air Force Overseas Ribbon-Short Tour. Awarded to Air Force Active, Reserve and Guard Personnel serving on or after 10 Feb 2002, credited with completion of a short Air Force Overseas tour North of the Arctic Circle, regardless of date of tour completion. When worn with Oak Leaf Clusters, place the "A" Device to the wearer's right of the clusters. Wear only one "A" Device on the ribbon. Do not use to represent subsequent awards.

Arrowhead Device

The arrowhead, a bronze replica of an Indian arrowhead, 1/4 inch high and 1/8 inch wide, is awarded to show participation in a combat parachute jump, combat glider landing, or amphibious assault landing. The member must have made the combat glider landing or parachute jump when assigned or attached to an organized force carrying out an assigned tactical mission (an emergency combat parachute jump into enemy-held territory does not constitute eligibility for this device). The arrowhead is worn on both the service and suspension ribbons of the Asiatic-Pacific Campaign

Medal, European-African-Middle Eastern Campaign Medal, Korean Service Medal, Armed Forces Expeditionary Medal, and Global War on Terrorism Expeditionary Medal, point up, in a vertical position to the wearer's right of all service stars. members wear only one arrowhead on any one service or suspension ribbon, regardless of the number of times they become eligible for the device.

### 1. Archival status

The following instructions apply when the record is not archival. For requests involving archival records, follow the instructions in the Archival Response Guide.

### 2. Air Force

Review the record and furnish copies to the veteran, veteran's authorized representative, the deceased veteran's next of kin (NOK), Department of Defense (DoD), or a Blanket Routine User **ONLY**. All other requesters **MUST** have the veteran's **SPECIFIC** authorization before these records may be released to them, because they are not considered to be a part of the personnel records system.

### 3. Army, Navy, Marine Corps & Coast Guard

Review service record and furnish copies to the veteran, the veteran's authorized representative, the deceased veteran's NOK, or a routine user. (Refer to [NPRC 1865.16, Release and Access Guide](#), for specific information pertaining to the releasability of military records.) The following list of forms may be of assistance when working with Navy, Marine Corps and Coast Guard records:

## B. COURTS-MARTIAL (CM) DOCUMENTS in OMPFs at NPRC

---

### 1. Archival status

The following instructions apply when the OMPF is not archival. For requests involving archival OMPFs, follow the instructions in the Archival Response Guide. **NOTE:** If a court-martial has been rescinded, this means it never happened. *Do NOT furnish information or documents about a rescinded court-martial.*

### 2. Releasability

For all branches of the military, courts-martial transcripts may be released without the veteran's consent. However, the veteran's authorization **is** required to release courts-martial orders or other entries relating to courts-martial proceedings that may be found in the OMPF.

### 3. CM Documents in Air Force OMPFs

The only Air Force CM data available at NPRC are the CM orders that are found in the personnel record, and the trial transcripts of Summary CMs, which are sometimes found in the personnel jacket.

Furnish copies of CM orders to the veteran, veteran's authorized representative, the deceased veteran's next of kin, DoD, or a Blanket Routine User **ONLY**. All other requesters **MUST** have the veteran's authorization before court martial orders may be released to them.

Furnish copies of the CM order and summary of facts, if available. When sending copies of CM orders, include:

- a. the original CM order,
- b. appellate review, and
- c. second CM order affirming the original order

If a Summary CM trial transcript is **SPECIFICALLY** requested, and if found in the record, provide copies. If transcripts are not contained in the record, inform requester that the documents are not available.

### 4. CM Documents in Army, Navy, Marine Corps, & Coast Guard OMPFs

If court martial documents are in file, furnish copies to the veteran, the deceased veteran's next of kin, the veteran's authorized representative, or a routine user. (Refer to [NPRC 1865.16, Release and Access Guide](#), for specific information pertaining to the release of military records.)

Furnish copies of the CM order and summary of facts, if available. When sending copies of CM orders, include the original CM order (if Navy, original deck court order), the appellate review, and the second CM order affirming the original order.

The personnel record usually **DOES NOT** contain trial transcripts of courts-martial proceedings. However, if the requester is seeking transcripts, know the following:

- a. **Summary CM** transcripts retired to this Center are generally retained for a period of ten (10) years. *See the instructions below on how to order these records.*
- b. **Special CM** transcripts for non-Bad Conduct Discharge (BCD) are retired to this Center and are usually retained for a period of ten (10) years, the same as Summary CMs. *See*

*the instructions below on how to order these records.*

**NOTE:** The Summary and non-BCD Special CM transcripts mentioned above are **temporary** records. They generally have a (10-year) retention period and are not to be confused with the **permanent** Army case files for General CMs or the Special CMs that result in a Bad Conduct Discharge (BCD), which are discussed below.

To Order a Summary or Non-BCD Special Court-Martial Transcript from OR, request it in CMRS as follows:

1	In the Requests screen, select the OR Requests view.
2	In the Service Details applet, choose the " <b>Create OR Search Request</b> " button.
3	In the first block, select " <b>Courts-Martial Record of Trial (excluding AF)</b> ". Press the tab or enter key.
4	In the second block, enter the Type of Courts-Martial, if available; otherwise, enter a period. Press the tab or enter key.
5	In the third block, enter the Place of Courts-Martial, if available; otherwise, enter a period. Press the tab or enter key.
6	In the fourth block, enter the year of court-martial, if available; otherwise, enter a period. Press the tab or enter key.
7	In the fifth block, enter the ORS Supervisory (convening) authority, if available. Otherwise, enter a period.
8	Press the tab key to display ORS End Info after all available information has been entered.
9	Select the Finish button in the lower right corner.

## 5. Requests Specifically For Transcripts

Some temporary CM transcripts more than ten years old may still be on file for Army, Navy, Marine Corps or Coast Guard at the (Valmeyer) Annex. If the request is specifically for a transcript [or for an extraordinary reason such as a complaint, benefits, litigation, or an adamant requester], request it in CMRS by following the steps above.

## C. COURTS-MARTIAL CASE FILES at NPRC

---

### 1. Army Courts-Martial Case Files

The Archival Operations Branch is responsible for providing reference service on the following archival records at NPRC:

- Army General Courts-Martial Case Files (1918-1976), and
- Army Special Courts-Martial Case Files resulting in a Bad Conduct Discharge (1939-1976).

### 2. Written requests

- a. If a requester is seeking a copy of a courts-martial case file, notify your ET or coach, who will send a message to **stl.archives@nara.gov** with "Reassign" and the SR number in the subject line.

- b. If information from a courts-martial case file is needed for reconstruction of a fire-related record, request it in CMRS as follows:

1	In the Requests screen, select the OR Requests view.
2	In the Service Details applet, choose the " <b>Create OR Search Request</b> " button.
3	In the first block, select " <b>Courts-Martial Record of Trial (excluding AF)</b> ". Press the tab or enter key.
4	In the second block, enter the Type of Courts-Martial, if available; otherwise, enter a period. Press the tab or enter key.
5	In the third block, enter the Place of Courts-Martial, if available; otherwise, enter a period. Press the tab or enter key.
6	In the fourth block, enter the year of court-martial, if available; otherwise, enter a period. Press the tab or enter key.
7	In the fifth block, enter the ORS Supervisory (convening) authority, if available. Otherwise, enter a period.
8	Press the tab key to display ORS End Info after all available information has been entered.
9	Select the Finish button in the lower right corner.

The Archival Operations Branch will provide copies of documents that show the veteran's service information (not a complete copy of the case file).

c. **Requests from the Archival Research Room**

Army courts-martial records requested by Archival Research Room customers are also ordered through CMRS (using the procedures listed above). The Archival Operations Branch delivers the complete record to the Archival Research Room. **Courts-martial case files are not screened for FOIA information and redacting personally identifiable information (PII) is not required.**

## E. FACTS and CIRCUMSTANCES and BOARD PROCEEDINGS

---

1. **General Information.** If veteran was separated from active service under conditions other than honorable (Undesirable, Bad Conduct, Dishonorable, etc.), the Department of Veterans Affairs (VA) normally requests documentation to help make a fair determination of the veteran's or the next-of-kin's eligibility for benefits.
  - a. The kinds of documents available, and the number of them, will vary not only among the different branches of service, but also depending on the exact nature of the discharge and the era in which it occurred.
  - b. Furnish copies of documents from the service record that led up to the discharge and/or that provide other derogatory or complimentary information about the veteran. DO NOT send original documents.
  - c. If documents are on microfiche and a duplicator is available, send duplicates.
2. **Marine Corps, Coast Guard, and Navy** – Documentation may not be bound together. Evidence may be found throughout the entire service record.
3. **Air Force and Army** – There may be a packet of papers referred to as the “Facts and Circumstances.”

In all cases provide as many of the following as are available:

- a letter from the immediate commander stating reasons why the person should be discharged
- statement(s) of supervisor(s)

- summaries or copies of any Article 15's/NJP's
- reports of investigation, such as criminal investigation
- all records of military criminal charges preferred (Charge Sheet) and records of conviction by court-martial (court-martial orders)
- Board of Officer Proceedings
- Physical Evaluation Board
- Field Board Hearing (Navy) **NOTE:** When sending Field Board Hearing, be sure that the commanding officer's transmittal letter also is included, along with all enclosures and the Pers F3 letter authorizing discharge.

**NOTE:** If record is fire-related and no documentation is available, provide the narrative reason for discharge and explain record was lost in the fire in July 1973.

## Distinguished Flying Cross

The Distinguished Flying Cross is awarded to any person who, while serving in any capacity with the Armed Forces of the United States, distinguishes himself by heroism or extraordinary achievement while participating in aerial flight. The performance of the act of heroism must be evidenced by voluntary action above and beyond the call of duty. The extraordinary achievement must have resulted in an accomplishment so exceptional and outstanding as to clearly set the individual apart from his comrades or from other persons in similar circumstances. Awards will be made only to recognize single acts of heroism or extraordinary achievement and will not be made in recognition of sustained operational activities against an armed enemy. Individuals awarded DFC's for heroism are authorized to wear the "V" device.

The Distinguished Flying Cross was established in the Air Corps Act (Act of Congress, 2 July 1926, Public Law No. 446, 69th Congress). This act provided for award "to any person, while serving in any capacity with the Air Corps of the Army of the United States, including the National Guard and the Organized Reserves, or with the United States Navy, since the 6th day of April 1917, has distinguished, or who, after the approval of this Act, distinguishes himself by heroism or extraordinary achievement while participating in an aerial flight."

The Distinguished Flying Cross was established on July 2, 1926.

Authorized Device/Appurtenance: Oak Leaf Cluster, V Device (if applicable)

The Distinguished Service Cross is awarded to a person who, while serving in any capacity with the Army, distinguishes himself or herself by extraordinary heroism not justifying the award of a Medal of Honor; while engaged in an action against an enemy of the United States; while engaged in military operations involving conflict with an opposing/foreign force; or while serving with friendly foreign forces engaged in an armed conflict against an opposing Armed Force in which the United States is not a belligerent party. The act or acts of heroism must have been so notable and have involved risk of life so extraordinary as to set the individual apart from his or her comrades.

The Distinguished Service Cross was established on January 2, 1918.

## Distinguished Service Medal

The Distinguished Service Medal is awarded to any person who, while serving in any capacity with the United States Army, has distinguished himself or herself by exceptionally meritorious service to the Government in a duty of great responsibility. The performance must be such as to merit recognition for service which is clearly exceptional. Exceptional performance of normal duty will not alone justify an award of this decoration.

- a. For service not related to actual war, the term "duty of a great responsibility" applies to a narrower range of positions, than in time of war, and requires evidence of conspicuously significant achievement. However, justification of the award may accrue by virtue of exceptionally meritorious service in a succession of high positions of great importance.
- b. Awards may be made to persons other than members of the Armed Forces of the United States for wartime services only, and then only under exceptional circumstances, with the express approval of the President in each case.

The Distinguished Service Medal was established on January 2, 1918.

St. Louis, Missouri 63132-5100

NPRC 1832.4F  
March 31, 2003

SUBJECT: **Distribution coding system for NPRC instructional memos**

1. **Purpose.** This memorandum provides instructions for the distribution coding system for NPRC instructional memos.
2. **Cancellation.** NPRC 1832.4E is canceled.
3. **Nature of revision.** This memorandum is revised to update Figure 1, Distribution Coding System.
4. **Applicability.** This memorandum is applicable to all elements of NPRC.
5. **Determining distribution.** The originator of an instructional memorandum determines distribution by considering:
  - a. The purpose or significance of a memorandum and its effect on various NPRC elements based on both the need to know and the need to use instructions contained therein.
  - b. The distribution of other memos on similar subjects.
  - c. The distribution of documents referenced in the memorandum to determine that recipients have available the referenced documents.
  - d. The costs of duplicating the memorandum.
6. **Distribution coding system** The standard distribution coding system for NPRC is shown in [fig. 1](#), Distribution Coding System. Examples listed are representative of variations which may be made to provide for proper distribution.
7. **Number of copies.** The number of copies required by a specific distribution code is determined by the Management Systems Staff (NRPS). The proper number of copies is indicated on the duplicating request prepared by NRPS. If distribution requirements change, the appropriate branch/core must notify NRPS to ensure an adequate number of copies is distributed to that branch/core.

CASE DECISION LOGIC TABLE												
Instructions for using Decision Logic Table: 1. "Aux" - request auxiliary file search for the QM/QT code(s) shown on FAR. 2. "QM/QT Code(s)/Aux" (e.g., "D, E/AUX") - request auxiliary file search for only those records shown. 3. "Corr" - inappropriate to request search of auxiliary records or procure for information - further analysis needed. 4. "Proc" - prepare data procurement request. 5. "Refer" - refer requester to VARO/NARA. 6. If the request is for VA benefits only, see fig. 2-5.2. 7. If VA Form 3101, Request for Information, is checked "Other" only, use discretion in determining whether to have "QM/QT" records searched. 8. "QM/QT" records are of no value in responding to certain types of requests, such as those requesting birth certificates, records of training and education, decorations, awards, etc. Therefore, DO NOT request auxiliary file search.

C1. CHAPTER 1  
GENERAL INFORMATION

## C1.1. PURPOSE

This Manual explains DoD policies and procedures on awarding Defense decorations and Service awards; nonmilitary decorations; the acceptance of foreign military decorations by members of the Armed Forces of the United States; and the Office of Secretary of Defense Identification Badge (hereafter referred to as the "OSD Badge"). It describes the various Defense awards; the basis and eligibility requirements for the award; and who is eligible to receive and who is eligible to authorize the award. It tells how to prepare, submit, and process recommendations for Defense decorations and the Joint Meritorious Unit Award (JMUA).

## C1.2. DEFINITIONS

C1.2.1. Joint Activity. For the purpose of this Manual and the eligibility for Defense decorations, the term "joint" connotes activities, operations or organizations in which elements of more than one Service of the United States, as reflected in joint manpower documents, perform joint missions under the auspices of the OSD; the Chairman of the Joint Chiefs of Staff; or the commander of a Unified or Combined Command. A joint task force (JTF) commander, the staff, and other Service members assigned and/or attached to a JTF as individuals (not as members of a Service unit) may also be eligible for Defense decorations and the JMUA to recognize exceptional service or achievement. Members of Service-unique units assigned and/or attached to a JTF retain eligibility for award of personal decorations and unit awards from their parent Services. They may not be awarded Defense decorations nor included in the award of the JMUA. The Director, Joint Staff, provides a list of units awarded the JMUA (Appendix 3).

C1.2.2. Meritorious Service. Individual performance must exceed that expected by virtue of grade and experience, based on accomplishments during an entire tour of duty. Awards given for service must cover the period of the controlled duty tour, plus any extensions and are normally awarded for a period of service greater than 12 months.

C1.2.3. Outstanding Achievement. An outstanding achievement decoration, also known as an "impact award," is rare, and is intended to recognize a single specific act or accomplishment, separate and distinct from regularly assigned duties, such as a special

project. It is not intended to provide a means to authorize additional decorations or a decoration when the conditions for a completed period of service have not been fulfilled

nor is it intended as an automatic award for members assigned to joint activities on temporary duty (TDY) orders. An outstanding achievement covers a short period of time with definite beginning and ending dates. A recommendation for an outstanding achievement award should be submitted only when the achievement is of such magnitude that it cannot be recognized in any other way than by award of a decoration, and to delay such recognition until completion of the individual's period of service would diminish the significance of the accomplishment.

C1.2.4. Joint Task Force (JTF). A JTF is a force composed of assigned or attached elements of two or more Military Departments, that is constituted and so designated by the Secretary of Defense, or by the commander of a Unified Combatant Command.

C1.2.5. Principal Staff Assistants. The principal staff assistants are the Under Secretaries of Defense (USDs); the Comptroller of the Department of Defense (C, DoD); the Director of Defense Research and Engineering (DDR&E); the Assistant Secretaries of Defense (ASDs); the Director of Operational Test and Evaluation (DOT&E); the General Counsel of the Department of Defense (GC, DoD); the Inspector General of the Department of Defense (IG, DoD); the Assistants to the Secretary of Defense (ATSDs); the OSD Directors or equivalents who report directly to the Deputy Secretary of Defense.

C1.2.6. Secretary Concerned. The Secretaries of the Military Departments.

### C1.3. POLICY

It is DoD policy that members of the Armed Forces of the United States shall, through the DoD Military Awards Program, receive tangible recognition for acts of valor, exceptional service or achievement, and acts of heroism. Awards and decorations must be placed into official channels as stated by DoD guidance for that particular award. However, a Member of Congress can request consideration of a proposal for the award or presentation of a decoration not previously submitted in a timely fashion. Upon request of a Member of Congress, the Secretary concerned shall review a proposal for the award or presentation of decoration (or the upgrading of a decoration), either for an individual or unit, that is not otherwise authorized to be presented or awarded due to limitations established by law or policy. Based upon such review, the Secretary shall make a determination as to the merits of approving the award or presentation of the decoration and other determinations necessary to comply with congressional reporting under 10 U.S.C. 1130 (reference (a)).

## C1.4. RESPONSIBILITIES

Specific responsibilities involving individual Defense decorations or Service awards are outlined in the applicable chapters of this Manual. The general responsibilities involving the management of the DoD Military Awards Program are as follows:

C1.4.1. The Assistant Secretary of Defense for Force Management Policy (ASD(FM&P)) shall:

C1.4.1.1. Develop, publish, and maintain a single DoD Manual governing the DoD Military Awards Program, consistent with DoD 5025.1-M (reference (b)).

C1.4.1.2. Ensure that implementing documents by the Military Departments and the DoD Components conform to pertinent laws, Executive orders, regulations, and DoD policy.

C1.4.1.3. Provide the policies and procedures necessary to manage the DoD Military Awards Program.

C1.4.1.4. Adjudicate individual exceptions to policy.

C1.4.2. The Chairman of the Joint Chiefs of Staff (C, JCS) shall:

C1.4.2.1. Designate U.S. military operations that qualify for award of the Armed Forces Expeditionary Medal and the Armed Forces Service Medal.

C1.4.2.2. Establish campaign medal criteria and dates of eligibility commencement and termination.

C1.4.2.3. Ensure that the Director, Joint Staff shall:

C1.4.2.3.1. Establish procedures for his staff to ensure compliance with the policies and procedures outlined in this Manual.

C1.4.2.3.2. Adjudicate individual Defense awards exceptions to policies for Service members permanently assigned to joint commands or organizations reporting to or through the Chairman of the Joint Chiefs of Staff.

C1.4.3. The Director of Administration and Management, Office of the Secretary of Defense (DA&M) shall:

C1.4.3.1. Provide the policies governing the issuance of the OSD Badge.

C1.4.3.2. Administer the following:

C1.4.3.2.1. The procurement and issuance of the OSD Badge.

C1.4.3.2.2. The entrance date of Service members proposed for authorization to wear the OSD Badge.

C1.4.3.2.3. The procurement, stocking, and issuance of certificates and citations for the Defense Distinguished Service Medal (DDSM) and the Defense Superior Service Medal (DSSM).

C1.4.3.2.4. The processing of all individual Defense decoration nominations not handled by the Chairman of the Joint Chiefs of Staff. That includes all the DDSMs, and all the DSSMs and below from the OSD, the Defense Agencies, and the DoD Field Activities.

C1.4.4. The Director, Defense Logistics Agency shall:

C1.4.4.1. Procure, stock, and issue Defense decorations and awards for the OSD and the DoD Field Activities, the Chairman of the Joint Chiefs of Staff, the Unified Combatant Commands, the joint activities, the Defense Agencies, and the Military Departments.

C1.4.4.2. Procure, stock, and issue certificates for the Defense Meritorious Service Medal (DMSM), the Joint Service Commendation Medal (JSCM), and the Joint Service Achievement Medal (JSAM), as authorized by the ASD(FM&P), for the OSD and DoD Field Activities, the Chairman of the Joint Chiefs of Staff, the Unified Combatant Commands, the joint activities, the Defense Agencies, and the Military Departments.

C1.4.5. The Secretaries of the Military Departments shall:

C1.4.5.1. Establish procedures in their respective Departments to ensure compliance with the policies and procedures outlined in this Manual.

C1.4.5.2. Administer the Military Service awards program for non-Defense decorations or awards in their Department.

C1.4.5.3. Comply with the provisions of E.O. 3524 (reference (c)), as they pertain to the designing of medals and insignia.

C1.4.6. The Secretary of the Army shall:

C1.4.6.1. Provide for the furnishing of heraldic services under regulations prescribed by him or her and based on the authority in 10 U.S.C. 4594 (reference (d)), an authority designated by him or her may, on the request of, and subject to approval by, the Secretary of another Military Department or the Chairman of the Joint Chiefs of Staff, design flags, insignia, badges, medals, seals, decorations, guidons, streamers, final pieces for flagstuffs, buttons, buckles, awards, trophies, marks, emblems, rosettes, scrolls, braids, ribbons, knots, tabs, cords, and similar items for the requesting Department.

C1.4.6.2. Advise other Federal Agencies on matters of heraldry.

C1.4.6.3. Prescribe regulations providing for reimbursement for services furnished.

## C2. CHAPTER 2

### MEDAL OF HONOR (MOH) RECOMMENDATIONS

#### C2.1. PURPOSE

The purpose of this Chapter is to furnish guidance to the Military Departments in the processing of recommendations for the MOH.

#### C2.2. PROCEDURES INVOLVING RECOMMENDATIONS FOR THE MOH

C2.2.1. The Secretary concerned shall establish procedures for processing recommendations for the award of the MOH in his or her Military Department. Minimally, those recommendations shall contain the endorsement of the subordinate Unified Combatant Commander or the JTF Commander, if involved; the Unified Combatant Commander concerned; and the Chairman of the Joint Chiefs of Staff. After endorsement by the Chairman of the Joint Chiefs of Staff, the recommendation shall be referred to the Secretary concerned for appropriate action.

C2.2.2. The Army and Air Force MOH recommendations must be entered formally into official channels in two years of the act warranting the recommendation, and awarded in three years (except as provided in title 10 U.S.C. 3744 or 8744 (reference (e)) and Section 1130 of title 10, U.S.C. (reference (a))). The Navy-Marine Corps MOH recommendations must be formally entered into official channels in three years of the act warranting the recommendation, and awarded in five years (except as provided in Section 6248 of reference (f) and Section 1130 of reference (a)). However, a Member of Congress can request consideration of a proposal for the award or presentation of a decoration not previously submitted in a timely fashion under reference (a).

C2.2.3. Recommendations for award of the MOH disapproved by a Secretary of a Military Department, or the Secretary of Defense, may only be resubmitted if new, substantive and material information is provided in the time limits in 10 U.S.C. 3744, 6248, and 8744 (references (e) and (f)). The information forming the basis must have been previously unknown and not considered by recommending and disapproving officials. The determination of the existence of new material and substantive information being a basis for reconsideration may not be delegated below the Secretary of a Military Department.

C2.2.3.1. The remaining bases for reconsideration are instances in which a Secretary of a Military Department or the Secretary of Defense determines there is evidence of material error or impropriety in the original processing or decision on a recommendation for award of the MOH. Examples of such instances might be loss of accompanying and/or substantiating documents to the recommendation or proven gender or racial discrimination. Determination of the existence of material error or impropriety in the original processing and decision shall not be delegated below the Secretary of a Military Department. In such cases, the Secretary of Defense shall determine the need for legislation.

C2.2.3.2. All other instances of reconsideration shall be limited to those in which the formal recommendation was submitted in statutory time limits, the recommendation was lost or inadvertently not acted on, and when those facts are conclusively established by the respective Secretary of a Military Department or other official delegated appropriate authority. Those provisions are to protect the integrity and purity of purpose of the MOH by ensuring that all relevant information is submitted and considered while the actions are fresh in the minds of the witnesses.

### C2.3. PRESENTATION OF THE MOH

When practical, presentation of the MOH shall be made by the President of the United States, as the Commander in Chief (CINC), in a formal ceremony in Washington, DC. As such, premature public disclosure of information concerning recommendations, processing and approval or disapproval actions is a potential source of embarrassment to those recommended and the Government. Additionally, in the case of approved recommendations, it could diminish the impact of ceremonies at which the presentation is made. Therefore, to prevent premature disclosure, the policy of the Department of Defense is not to comment on any MOH case under consideration. Accordingly, the processing of MOH recommendations shall be handled on a "FOR OFFICIAL USE ONLY" basis until the awards are announced officially or are presented.

### C2.4. COURTESIES AND PRIVILEGES AFFORDED MOH RECIPIENTS

C2.4.1. Each recipient receives a monthly 400 dollar pension from the Department of Veterans Affairs (VA).

C2.4.2. Enlisted recipients who retire with 20 or more years of Military Service receive a 10-percent increase in retired pay, not to exceed the 75 percent maximum.

C2.4.3. Recipients are issued a special MOH Travel and Identification Card signed by the Secretary of a Military Department. That entitles recipients who are not on active duty and not military retirees to use space available military air transportation.

C2.4.4. Unlike military personnel and retirees, MOH recipients may wear their uniforms at any time or place they choose.

C2.4.5. Recipients who are not on active duty and not military retirees are issued a DoD Identification Card, as are their family members. It authorizes them military commissary, post exchange, and theater privileges. All of the Services, consistent with DoD policy, authorize use of morale, welfare, and recreation activities, including honorary club membership without dues.

C2.4.6. Children of MOH recipients are not subject to quotas if they are qualified and desire to attend one of the U.S. military academies.

C2.4.7. MOH recipients receive invitations to attend Presidential inaugurations and accompanying festivities. Military recipients and those who are civil servants have traditionally been authorized administrative absence instead of chargeable leave to attend.

C2.4.8. The VA provides a special engraved headstone for deceased recipients of the MOH.

C2.4.9. MOH recipients should be accorded on-base billeting commensurate with the prestige associated with the MOH.

## C3. CHAPTER 3

### DoD DECORATIONS

#### C3.1. INTRODUCTION

C3.1.1. Military decorations are awarded in recognition of individual heroism, meritorious achievement, or meritorious service. In the United States, the tradition of military decorations can be traced back to the American Revolution. The first medals were not part of an organized, systematic plan of awards, but were intended to recognize certain individuals for special occasions. Initially, there were six medals awarded by the Continental Congress.

C3.1.2. The MOH was the first decoration to be designed and authorized for U.S. Service members since General Washington's Badge of Military Merit. On December 21, 1861, President Abraham Lincoln approved the establishment of a MOH for enlisted men of the Navy and Marine Corps. Within 7 months (July 12, 1862), the President authorized a similar decoration for enlisted members of the U.S. Army.

C3.1.3. Throughout the history of the Armed Forces of the United States, nearly 60 different decorations have evolved. Changes in eligibility criteria have been made over the years and, in some cases, decorations have fallen into disuse; however, the basic hierarchy remains unchanged. The MOH remains the highest military decoration that this Nation can bestow on a Service member and lesser degrees of recognition are acknowledged by other decorations in descending order from the MOH.

C3.1.4. Although a formal system for recognition was established, not until 1963 were steps taken to resolve the one major deficiency in the system. No means existed by which Service members assigned to joint activities could be recognized by any decoration other than a Service decoration. Sixteen years after the formation of the

Department of Defense, the first Defense decoration -- the Joint Service Commendation Medal -- was authorized by the Secretary of Defense for award to Service members assigned to joint activities. As with Service decorations, Defense decorations have evolved to where today there are a total of five Defense decorations that complement noncombat Service decorations.

C3.1.5. Sections C3.2. through C3.4., below, outline the specific policies and procedures that apply to those five Defense decorations and to those Service members eligible for consideration.

## C3.2. GENERAL PROVISIONS

C3.2.1. Unless otherwise stated, only those members of the Armed Forces of the United States who have rendered superior meritorious service while permanently assigned to a joint duty activity (JDA) or assigned to a JTF Headquarters shall be eligible for consideration of a Defense decoration.

C3.2.2. While Service members permanently assigned to staff or faculty positions of joint-Service schools are eligible for Defense awards, students of such schools are not.

C3.2.3. Individuals permanently assigned to joint duty organizations are eligible for Defense awards consideration. However, eligibility for joint awards does not constitute eligibility for JDA credit, as governed by 10 U.S.C. 668 (reference (g)).

C3.2.4. Individual mobilization augmentees (IMAs) permanently assigned to joint activities are also eligible for Defense awards consideration.

C3.2.5. Being under operational control of a joint activity does not constitute Defense award eligibility. Personnel who are assigned to Military Department components that are subsequently attached to a joint activity for administrative or exercise purposes shall not be eligible for a Defense decoration. (Individual Service members performing as part of a unit whose mission is Service-specific (e.g., mobile training teams) are not eligible for Defense awards.)

C3.2.6. DoD decorations will be awarded for recognition of outstanding

achievement. In recognition of outstanding achievement (as defined in Chapter 1, 1.2.3, above), Defense decorations may be awarded to Service members on temporary duty (TDY) to a joint activity. The achievement must be of a truly outstanding nature. Only under the most unusual circumstances will the Defense Distinguished Service Medal (DDSM), Defense Superior Service Medal (DSSM) or Defense Meritorious Service Medal (DMSM) be awarded as an impact award for outstanding TDY ACHIEVEMENT. The DDSM and the DSSM are specifically intended to recognize exceptionally distinguished service and exceptionally superior service, respectively, and to honor an individual's accomplishments over a sustained period. Likewise, the DMSM recognizes exceptionally meritorious service performed at levels up to but which do not merit recognition through the DSSM. For awards purposes, the word "service" is defined as "a period of time greater than 12 months and encompassing an individual's entire joint assignment."

C3.2.7. No Defense decoration shall be awarded or presented to any Service member whose entire service during or after the time of the distinguished act, achievement, or service has not been honorable.

C3.2.8. Any Defense decoration for a distinguished act, achievement, or service may be revoked if facts, later determined, would have prevented original approval of the decoration. Commanders or staff directors becoming aware of any such instances must immediately report the circumstances and make recommendations, through channels, to the awarding authority for review and determination of appropriate action. Awarding authorities must seek advice from their legal staff in all cases where there is doubt as to the appropriateness of the award action. A decoration also should be revoked if the basis for which it was awarded no longer exists (e.g., the Service member's permanent change of station (PCS) assignment was canceled). When the awarding authority has determined that a Defense decoration should be revoked, the original orders should be revoked and the Service member notified by the parent Military Service.

C3.2.9. The number of decorations that may be awarded to a Service member is not limited; however, only one decoration is awarded for the same act, achievement, or period of service. Additionally, Defense decorations may not be awarded to any Service member for an act, achievement, or period of service for which a Service decoration has been awarded.

C3.2.10. Multiple decorations shall be denoted by an oak-leaf cluster worn on the suspension and Service ribbon of the medal.

C3.2.11. Service members who may retire from active duty from a joint assignment shall not be used to request or justify a higher level award than the actual service, achievement, or tenure in the joint assignment supports. In other words, Defense award recommendations must be based purely on the tour of joint service and not the Service member's entire career. In those instances where length of the joint terminal assignment, or degree of responsibility, would not qualify a Service member for an appropriate level Defense award on retirement, recommending officials may consider recommending the Service member for a Service award. Any Defense decoration may be awarded on retirement or separation of an eligible Service member. That award recommendation must stand on its own and not take into account the Service member's previous assignments.

C3.2.12. Defense decorations may be awarded posthumously. When so awarded, they may be presented to an appropriate representative of the deceased, as determined by the awarding authority.

C3.2.13. Military miniature and full size medals can be manufactured and sold by certified manufacturers with the exception of the Medal of Honor under the OSD Memorandum (reference (h)). The Institute of Heraldry, U.S. Army, is designated to act in behalf of the Department of Defense in establishing regulations governing control in manufacture and quality of decorations.

#### C3.2.14. Replacement of Defense Decorations

C3.2.14.1. The Service member to whom a Defense decoration has been awarded or the representative of a Service member to whom a Defense decoration was posthumously awarded may receive a replacement decoration without cost, if the previously issued medal, ribbon, or other device for wear with or in place of an individual decoration has been lost, destroyed, or rendered unfit for use, without fault or neglect on the part of the recipient or the representative. All other replacement decorations are replaced at cost. Miniature decorations are not replaced by the Department of Defense. Such miniatures must be purchased from commercial sources at the Service member's expense.

C3.2.14.2. Requests for replacement decorations shall be submitted in accordance with the procedures established by the Military Service concerned. For those Defense decorations that the Military Services are unable to obtain through normal supply channels, the Military Service concerned should obtain the decoration from the Chief, Military Personnel Division; Personnel and Security Directorate; Washington Headquarters Services, Washington DC, 20301-1155.

C3.2.15. Requests for exceptions to any policy or procedure pertaining to Defense decorations shall be forwarded to the ASD(FM&P), or to the Director, Joint Staff for Service members permanently assigned to joint organizations or activities that report to or through the Chairman of the Joint Chiefs of Staff. Disapproval of such requests may be made at any level of command.

### C3.3. GENERAL PROCEDURES

C3.3.1. Each recommendation for a Defense decoration is evaluated on the merits of the justification submitted. The justification must be specific, factual and provide concrete examples of exactly what the person did, how well he or she did it, and what

the impact or benefits were and how they significantly exceeded expected performance of duty.

C3.3.2. All recommendations for Defense decorations shall be submitted by official memorandum or letter (original plus 3 copies) through command or staff channels to the appropriate approval authority using the format shown in Figure C3.F1. The JTF and special program offices must process award recommendations through the Executive Agent and, where applicable, the appropriate Principal Staff Assistant. The narrative justification for either the DDSM or the DSSM shall not exceed two single-spaced typewritten pages, and for lesser Defense decorations it shall not exceed one single-spaced typewritten page. Supporting documentation only should be included when such documentation is essential to the recommendation.

C3.3.3. All recommendations placed in official channels must be forwarded to the designated authority for approval or disapproval. Where appropriate, intermediate endorsing officials or commanders may recommend disapproval or comment on the propriety of lesser or higher awards if they do not favor the requested decoration. Placement in official channels is defined as "signed by the initiating official and

endorsed by a higher official in the chain of command."

C3.3.4. Each recommendation for a Defense decoration must be entered administratively into command or staff channels within one year of the act, achievement, or service to be recognized.

C3.3.5. Authorities shall administratively review recommendations and prepare the appropriate certificates for approved decorations:

C3.3.5.1. In preparing certificates, the name of the issuing Agency, command, or office shall be typed or lettered above the "Command or Office" line on the left. The signature block of the approval authority shall be typed on the lower right above the "Secretary of Defense" line. (The overprinting or typing of the word "For" on the approval line is unnecessary.)

C3.3.5.2. Guidance for preparation of citations is outlined at Appendix 8. The awarding authority will no longer prepare the citations for Defense decorations (DDSM, and below). Recommending commands will prepare citations as outlined in Appendix 8 and include a copy of the citation with the award recommendation. The awarding authority will continue providing the certificate, medal set and folder

C3.3.6. Lost Recommendations. Recommendations officially placed into command or staff channels in the prescribed time limitations, but which were not acted

on through loss or inadvertence, may be resubmitted at any time within the 2 years after the distinguished act, achievement, or service for consideration to the appropriate awarding authority. Lost recommendations must be forwarded through the same official channels and are contingent upon the requirements described in paragraphs C3.3.6.1. through C3.3.6.3., below. Recommendations not so documented shall be returned without action. The resubmission must include the following:

C3.3.6.1. A copy of the original recommendation or its substantive equivalent. Minimally, the recommendations should be accompanied by statements, certificates, and affidavits corroborating the events or services involved. The person signing a reconstructed award recommendation must be identified clearly in terms of his or her official relationship to the intended recipient at the time of the act or during the period of service to be recognized.

C3.3.6.2. Conclusive evidence that the recommendation was officially placed

in command or staff channels in the prescribed time limit (paragraph C3.3.4., above).

C3.3.6.3. Conclusive evidence of the loss of the recommendation or the failure to act on the recommendation through inadvertence.

### C3.3.7. Reconsideration of Disapproved Recommendations

C3.3.7.1. A request for reconsideration of a disapproved or downgraded recommendation must be placed in official channels within 1 year from the date of the awarding authority's decision. One time reconsideration by the award authority shall be conclusive. However, a Member of Congress can request a review of a proposal for the award or presentation of a decoration (or the upgrading of a decoration) that is not authorized to be presented or awarded due to limitations established by law or policy for timely submission of a recommendation (reference (e)).

C3.3.7.2. Recommendations are submitted for reconsideration only if new, substantive and material information is furnished and the time limits specified in paragraph C3.3.7.1., above, do not prevent such action. Requests for reconsideration must be forwarded through the same official channels as the original recommendation. The additional justification for reconsideration must be in letter format, not to exceed two single-spaced typewritten pages. A copy of the original recommendation, with all endorsements, and the citation must be attached.

C3.3.7.3. If the reconsideration is approved and when a lesser decoration has already been approved, action is taken by the awarding authority to revoke the lesser awarded Defense decoration.

## C3.4. SPECIFIC PROVISIONS

### C3.4.1. Defense Distinguished Service Medal (DDSM)

C3.4.1.1. Authorized by E.O. 11545 (reference (i)).

C3.4.1.2. The DDSM shall only be awarded to officers of the Armed Forces of the United States whose exceptional performance of duty and contributions to national security or defense have been at the highest levels. Such officers have direct and ultimate responsibility for a major activity or program that significantly influences the policies of the U.S. Government. Only under the most unusual circumstances will

the DDSM be awarded as an impact award for outstanding TDY achievement. The DDSM is specifically intended to recognize exceptionally distinguished service and to honor an individual's accomplishments over a sustained period.

C3.4.1.2.1. Normally, such broad responsibilities shall be held by only the most senior officers whose duties bring them into direct and frequent contact with the Secretary of Defense and the other senior officials within the Government. Examples of such positions are the Chairman of the Joint Chiefs of Staff; the Chiefs and the Vice Chiefs of the Military Services, including the Commandant and the Assistant Commandant of the Marine Corps; and the CINCs and the Deputy CINCs of the Unified Combatant Commands.

C3.4.1.2.2. The DDSM also may be awarded to other senior officers who serve in positions of great responsibility, or to an officer whose direct and individual contributions to national security or defense are recognized as being so exceptional in scope and value as to be equivalent to contributions normally associated with positions encompassing broader responsibilities.

C3.4.1.3. The DDSM, as the highest Defense decoration, may only be awarded by the Secretary of Defense. Under no circumstances may the awarding authority be delegated.

C3.4.1.4. The DDSM shall be placed in precedence after the MOH and the Distinguished Service Crosses of the Armed Forces, but before the Distinguished Service Medals of the Armed Forces.

C3.4.1.5. All recommendations for award of the DDSM to members of the Chairman of the Joint Chiefs of Staff, or the Unified Combatant Command Headquarters or activities reporting to or through the Chairman of the Joint Chiefs of

Staff, shall be processed through the Chairman of the Joint Chiefs of Staff, for recommendation. These recommendations shall not be boarded at the Joint Staff level. The Director, Joint Staff, for the Chairman of the Joint Chiefs of Staff, shall forward his recommendations to the Chief, Military Personnel Division, Personnel and Security Directorate, WHS, for boarding and processing. Recommendations should be submitted to arrive at the Joint Staff no later than 90 days before the desired presentation date.

C3.4.1.6. All other recommendations for award of the DDSM shall be

submitted to the Chief, Military Personnel Division, Personnel and Security Directorate, Washington Headquarters Services (WHS), for boarding and processing.

Recommendations should be submitted to the WHS no later than 90 days before the desired presentation date.

#### C3.4.2. Defense Superior Service Medal (DSSM)

C3.4.2.1. Authorized by E.O.11904 (reference (j)).

C3.4.2.2. The DSSM shall be awarded only to members of the Armed Forces of the United States who, after February 6, 1976, rendered superior meritorious service in a position of significant responsibility. Only under the most unusual circumstances will DSSM be awarded as an impact award for outstanding TDY achievement. The DSSM is specifically intended to recognize exceptionally superior service, and to honor an individual's accomplishments over a sustained period.

C3.4.2.3. The DSSM shall be awarded only by the Secretary of Defense.

C3.4.2.3.1. The Director, Joint Staff, for the Chairman of the Joint Chiefs of Staff has been delegated approval or disapproval authority for Service members assigned to the Joint Staff, and those Service members assigned to Joint organizations. That authority may not be delegated further.

C3.4.2.3.2. Approval or disapproval authority for all other qualifying Service members is delegated to the DA&M, OSD, for the ASD(FMP). That authority may not be further delegated.

C3.4.2.4. The DSSM shall be placed in precedence after the MOH, the Distinguished Service Crosses of the Services, the DDSM, the Distinguished Service Medals of the Services, and the Silver Star, but before the Legion of Merit.

C3.4.2.5. Recommendations approved by the Chairman of the Joint Chiefs of Staff shall be processed entirely by the Joint Staff. All other recommendations shall be

forwarded to the Chief, Military Personnel Division, Personnel and Security Directorate, WHS, for processing. Recommendations should be submitted no later than 90 days before the desired presentation date.

#### C3.4.3. Defense Meritorious Service Medal (DMSM)

C3.4.3.1. Authorized by E.O. 12019 (reference (k)).

C3.4.3.2. The DMSM shall only be awarded to members of the Armed Forces of the United States who, after November 3, 1977, distinguished themselves by noncombat meritorious achievement or service. Only under the most unusual circumstances will the DMSM be awarded as an impact award for outstanding TDY achievement. The DMSM is specifically intended to recognize exceptionally meritorious service performance and to honor an individual's accomplishments over a sustained period.

C3.4.3.3. The DMSM shall be awarded in the name of the Secretary of Defense.

C3.4.3.3.1. Authority to award the DMSM is hereby delegated to the following:

C3.4.3.3.1.1. The DA&M for Service members assigned to the OSD; the DoD Field Activities; the joint DoD activities that report directly to an OSD Principal Staff Assistant or for which the Secretary of a Military Department has been designated as an "Executive Agent"; the multilateral and bilateral organizations; and the other offices in the Executive Branch, the Executive Agencies and Departments, or the independent establishments and Government corporations. (See "United States Government Manual 1987/88," (reference (l)).)

C3.4.3.3.1.2. The Director, Joint Staff for Service members assigned to the Joint Staff and those Agencies and activities reporting directly to the Chairman of the Joint Chiefs of Staff that are not delegated approval authority for that decoration.

C3.4.3.3.1.3. The Commanders in Chief of the Unified or Combined Commands, for Service members assigned to their respective Headquarters or joint activities directly under their operational control. They also may approve that award for the commander, his or her staff, and other Service members attached to a JTF as individuals (not as members of an assigned and/or attached unit).

C3.4.3.3.1.4. The Supreme Allied Commander, Europe; the Supreme Allied Commander, Atlantic; the U.S. Representative to the Military Committee, NATO;

the Defense Advisor, U.S. Mission NATO; and the CINC, North American Aerospace Defense Command (NORAD), for Service members assigned in their respective headquarters or associated Agencies.

C3.4.3.3.1.5. The Directors of Defense Agencies (except the Defense Advanced Research Projects Agency (DARPA) and Defense Security Assistance Agency (DSAA)), for Service members assigned to their respective Agencies.

C3.4.3.3.1.6. The Commander, U.S. Forces Korea, for U.S. Service members assigned to their headquarters or joint activities reporting directly to that command.

C3.4.3.3.1.7. The President, National Defense University (NDU), for Service members assigned to the University, the National War College, and the Industrial College of the Armed Forces.

C3.4.3.3.1.8. The Commandant, Armed Forces Staff College, for Service members assigned to that College.

C3.4.3.3.2. That authority may be delegated further at the discretion of the awarding authority to general or flag officers of the Armed Forces of the United States in the grade of O-7 or civilian equivalents when they occupy established command or staff positions. Such authority must be delegated in writing and documentation maintained indefinitely by the organization receiving the authority.

C3.4.3.4. The DMSM shall take precedence after the DSSM, the Legion of Merit, and the Bronze Star Medal, but before the Military Services' Meritorious Service Medal.

C3.4.3.5. Recommendations for the DMSM shall be submitted to the appropriate approval authority for processing. In those instances where the approval authority rests with the DA&M, OSD, or the Director, Joint Staff, the recommendation shall be submitted for processing to the Chief, Military Personnel Division, Personnel and Security Directorate, WHS, or the DJS no later than 90 days before the desired presentation date.

#### C3.4.4. Joint Service Commendation Medal (JSCM)

C3.4.4.1. Authorized by the Secretary of Defense, June 25, 1963.

C3.4.4.2. The JSCM shall be awarded only to members of the Armed Forces of the United States who, after January 1, 1963, distinguished themselves by meritorious achievement or service.

C3.4.4.3. The JSCM shall be awarded in the name of the Secretary of Defense.

C3.4.4.3.1. Authority to award the JSCM is hereby delegated to the following:

C3.4.4.3.1.1. The DA&M, OSD, or designee, for awards to Service members assigned to the OSD; the DoD Field Activities; the joint-DoD activities that report directly to an OSD Principal Staff Assistant or for which the Secretary of a Military Department has been designated as an "Executive Agent"; the multilateral and bilateral organizations; and the other offices in the Executive Branch, Executive Agencies and Departments, or independent establishments and Government corporations. (See "The United States Government Manual 1987/88" (reference (I)).)

C3.4.4.3.1.2. The Director, Joint Staff, for Service members assigned to the Joint Staff and to those joint activities reporting directly to or through the Chairman of the Joint Chiefs of Staff, or the Joint Staff, that are not delegated approval authority.

C3.4.4.3.1.3. The CINCs of the Unified or Combined Commands for Service members assigned to their respective Headquarters or joint activities directly under their operational control. They also may approve that award for the commander, his or her staff, and other Service members attached to a JTF as individuals (not as members of an assigned and/or attached unit).

C3.4.4.3.1.4. The Supreme Allied Commander, Europe; the Supreme Allied Commander, Atlantic; the U.S. Representative to the Military Committee, NATO; the Defense Advisor, U.S. Mission NATO; and the CINC, NORAD, for Service members assigned their respective commands or associated Agencies.

C3.4.4.3.1.5. The Directors of Defense Agencies (except the DARPA and the DSAA), for Service members assigned to their respective Agencies.

C3.4.4.3.1.6. The Commander, U.S. Forces Korea, for Service members assigned to their headquarters and to those joint activities reporting directly to that command.

C3.4.4.3.1.7. The President, NDU, for Service members assigned to the University, National War College, Industrial College of the Armed Forces, and Armed Forces Staff College.

C3.4.4.3.1.8. The Commandant, Armed Forces Staff College, for Service members assigned to the College.

C3.4.4.3.1.9. The Executive Director, Military Postal Service Agency, for Service members assigned to his or her Agency.

C3.4.4.3.1.10. The Commander, Military Entrance Processing Command.

C3.4.4.3.2. That authority may be delegated further at the discretion of the awarding authority to general or flag officers of the Armed Forces of the United States in the grade of O-7 or civilian equivalent, when they occupy established command or staff positions. Such authority must be delegated in writing.

C3.4.4.4. The JSCM shall take precedence with, but before, the Service Commendation Medals. A bronze "V" is authorized if the citation is for an act or service involving direct participation in combat operations during the period June 25, 1963 to March 31, 1976. Effective April 1, 1976, the "V" device is authorized if the citation is approved for valor (heroism) in a designated combat area.

C3.4.4.5. Recommendations for the JSCM shall be submitted to the appropriate approval authority for processing. In those instances where the approval authority rests with the DA&M, OSD, or the Director, Joint Staff, the recommendation shall be submitted for processing to the Chief, Military Personnel Division, Personnel and Security Directorate, WHS, or the Joint Staff no later than 90 days before the desired presentation date.

#### C3.4.5. Joint Service Achievement Medal (JSAM)

C3.4.5.1. Authorized by the Secretary of Defense, August 3, 1983.

C3.4.5.2. The JSAM shall be awarded only to members of the Armed Forces of the United States below the grade of O-6 who, after August 3, 1983, distinguished themselves by outstanding performance of duty and meritorious achievement.

C3.4.5.3. The JSAM shall be awarded in the name of the Secretary of Defense.

C3.4.5.3.1. Authority to award the JSAM is hereby delegated to the following:

C3.4.5.3.1.1. The Secretary of Defense or the OSD Principal Staff Assistants for Service members assigned to either the OSD, the DoD Field Activities, or the joint DoD activities for which a Principal Staff Assistant has been designated "Executive Agent for the Secretary of Defense."

C3.4.5.3.1.2. The DA&M, OSD, or designee for Service members assigned to multilateral and bilateral organizations; and other offices with the Executive Branch, Executive Agencies and Departments, or independent establishments and Government corporations. (See "The United States Government Manual 1987/88" (reference (I)).)

C3.4.5.3.1.3. The DJS, for Service members assigned to the Joint Staff and to the joint activities reporting directly to the Chairman of the Joint Chiefs of Staff that are not delegated approval authority for that decoration.

C3.4.5.3.1.4. The CINCs of Unified or Combined Commands for Service members assigned to their respective Headquarters or joint activities directly under their operational control. They also may approve that award for the commander, his or her staff, and other Service members attached to a JTF as individuals (not as members of an assigned and/or attached unit).

C3.4.5.3.1.5. The Supreme Allied Commander, Europe; the Supreme Allied Commander, Atlantic; the U.S. Representative to the NATO Military Committee; the Defense Advisor, U.S. Mission NATO; the CINC, NORAD; and the Commander, U.S. Forces Korea, for Service members assigned to their respective commands or Agencies, as reflected in joint manpower documents.

C3.4.5.3.1.6. The Directors of Defense Agencies (except the DARPA and the DSAA) for Service members assigned to their respective Agencies.

C3.4.5.3.1.7. The President, NDU, for Service members assigned to the University, the National War College, the Industrial College of the Armed Forces, and the Armed Forces Staff College.

C3.4.5.3.1.8. The Executive Director, Military Postal Service Agency, for Service members assigned to that activity.

C3.4.5.3.1.9. The Secretary of a Military Department who has been designated previously as the "Executive Agent for a joint function" by the Secretary of Defense, the Deputy Secretary of Defense, or the Chairman of the Joint Chiefs of Staff.

C3.4.5.3.1.10. The Commander, Military Entrance Processing Command.

C3.4.5.3.2. That authority may be delegated further in writing to an officer in the grade of O-6 in the Armed Forces of the United States or to a civilian of equivalent rank who is occupying an established command or staff position.

C3.4.5.3.3. The authority to disapprove recommendations is given to officers with award authority.

C3.4.5.4. The JSAM shall take precedence with, but before, the Achievement Medals of the Armed Forces.

C3.4.5.5. Recommendations for the JSAM shall be submitted to the appropriate approval authority for processing. In those instances where the approval authority rests with the individuals specified in paragraphs C3.4.5.3.1.1. and C3.4.5.3.1.2., above, recommendations shall be submitted after approval to the Chief, Military Personnel Division, Personnel and Security Directorate, WHS, for processing.

## C4. CHAPTER 4

### THE JOINT MERITORIOUS UNIT AWARD

#### C4.1. INTRODUCTION

C4.1.1. Unit awards recognize entire organizations for outstanding heroism or achievement performed during periods of war, international tension, national emergencies, or extraordinary situations that involve national interests. They are not intended to recognize single, individual actions, or the actions of a sub-element of a unit or organization, but instead to acknowledge the combined efforts of every member of a unit or organization.

C4.1.2. Appendix 2 describes the U.S. unit awards that have been authorized for the Armed Forces of the United States. Until 1981, the accomplishments of joint activities could only be recognized by Service unit awards. Due to the very nature of those activities and the varying criteria among the Services, it became necessary to establish a means by which joint activities could be recognized. With the JMUA, the Department of Defense provides a consistent means for recognizing such activities.

C4.1.3. The JMUA, awarded in the name of the Secretary of Defense, is intended to recognize joint units and activities for meritorious achievement or service, superior to that which is normally expected. The policies and procedures pertaining to that unique award are outlined in sections C4.2. through C4.8., below.

#### C4.2. ELIGIBILITY REQUIREMENTS

C4.2.1. All joint units and activities (as defined in Chapter 1, paragraph C1.2.1.) are eligible for award of the JMUA in recognition of exceptionally meritorious conduct in the performance of outstanding service. However, a unit or activity's outstanding

accomplishment of its normally assigned and expected mission is not in and of itself sufficient justification for award approval. Instead, qualifying achievements must be superior to that which is expected under one of the following conditions and should be operational in nature.

C4.2.1.1. During action in combat with an armed enemy of the United States.

C4.2.1.2. In a declared national emergency situation.

C4.2.1.3. Under extraordinary circumstances that involve national interests.

C4.2.2. The JMUA shall not be awarded to any DoD activity that has received any other unit award for the same achievement or period of service.

C4.2.3. Only those members of the Armed Forces of the United States who were present at the time and directly participated in the service or achievement for 30 days or more, or for the period cited if less than 30 days, shall be authorized to wear the JMUA ribbon. Members must be permanently assigned or attached by official orders to the joint unit receiving the JMUA. Local commanders may waive, on an individual basis, the 30-day minimum time requirement for individuals (e.g., Reserve personnel on active duty and TDY and/or TAD personnel), who, in the opinion of the commander contributed directly to the achievement cited, and were assigned on official orders to the awarded unit during the approved time frames.

C4.2.4. A JTF headquarters may be awarded the JMUA. If a JTF headquarters is awarded the JMUA, every member permanently assigned or attached TDY or TAD to the JTF headquarters is eligible to wear the JMUA ribbon. Assigned and/or attached (including TDY and/or TAD) status is determined by official orders that specify the JTF headquarters as the duty unit.

C4.2.5. Service units or individuals deployed in support of a JTF, but not assigned and/or attached to the JTF by official orders, are not eligible for the JMUA, even if they are under the operational control of the JTF. The Services may award appropriate Service unit awards to their units assigned and/or attached to a JTF.

### C4.3. PREPARATION OF RECOMMENDATIONS

C4.3.1. Recommendation for the JMUA must be in narrative form (see Figure

C4.F1., below). Minimally, the recommendation must include the following:

C4.3.1.1. Name and location of unit, activity, or organization.

C4.3.1.2. Inclusive dates for the award.

C4.3.1.3. Citation.

C4.3.1.4. A narrative justification containing specific and factual data about what the activity accomplished, how it was done, what the benefits or results were, and why or how the achievement or service significantly exceeded normal unit duty performance. The narrative justification shall not exceed three single-spaced typewritten pages. Supporting documents, as appropriate, may be attached.

C4.3.1.5. A listing of qualifying Service members attached but not permanently assigned, detailing full name, rank and/or rate, social security number, branch of Service, and permanent unit at the time of the award period. That list must be sorted or grouped by branch of Service.

C4.3.2. Award recommendations shall be endorsed by commanders at all levels.

#### C4.4. SUBMISSION OF RECOMMENDATIONS

Recommendations for the JMUA shall be submitted through command channels, as follows:

C4.4.1. Recommendations for joint activities that report directly to an OSD Principal Staff Assistant or to the Secretary of a Military Department, for which he or she has been designated the "Executive Agent for the Secretary of Defense," shall be forwarded through those channels and to the Chief, Military Personnel Division, WHS. DA&M will forward a copy of the approval letter to the Deputy Assistant Secretary of Defense (Military Manpower and Personnel Policy) (DASD(MPP)), Office of the ASD(FMP).

C4.4.2. Recommendations for joint activities that report directly to or through the Chairman of the Joint Chiefs of Staff shall be forwarded to the Director, Joint Staff.

#### C4.5. APPROVAL AUTHORITY

The JMUA is awarded in the name of the Secretary of Defense; however, authority to award is delegated to the following:

C4.5.1. The ASD(FMP), or designee, for activities that report directly to an OSD Principal Staff Assistant or for which the Secretary of a Military Department has been designated the "Executive Agent for the Secretary of Defense." ASD(FMP) delegated authority to Director, Administration and Management, to approve or disapprove JMUA and grant exceptions to policy for award recommendations under the Deputy Under Secretary of Defense for Personnel and Readiness Memorandum (reference (m)).

C4.5.2. The Chairman of the Joint Chiefs of Staff, or designee, for activities that report directly to or through the Chairman of the Joint Chiefs of Staff.

#### C4.6. RECONSIDERATION

A Member of Congress can request a review of a proposal for the award or presentation of a decoration (or the upgrading of a decoration) that is not authorized to be presented or awarded due to limitations established by law or policy for timely submission of a recommendation (reference (a)).

#### C4.7. MANNER OF WEAR

C4.7.1. The JMUA shall have precedence after the Presidential Unit Citation, but before the Military Service unit awards.

C4.7.2. An oak-leaf cluster is authorized for wear for each additional award of the JMUA.

C4.7.3. Civilians within an organization awarded the JMUA will be awarded a civilian JMUA lapel pin.

C4.7.4. Streamers shall be obtained by the unit through normal supply channels. Eligible units of a JTF awarded the JMUA are authorized streamers in accordance with their Service's policies.

## C4.8. EXCEPTIONS TO POLICY

Requests for exceptions to policies or determinations about eligibility for the JMUA shall be forwarded through appropriate command channels to the Chief, Military Personnel Division, Personnel and Security Directorate, WHS. WHS is authorized to approve, disapprove, and grant exceptions to policy for JMUA under the Deputy Under Secretary of Defense for Personnel and Readiness Memorandum (reference (m)). The DJS has authority to grant exceptions for those units who report directly to, or through the Chairman of the Joint Chiefs of Staff. Disapproval of requests may be made at any level having an established command or staff position authorized in the grade of O-8.

## C5. CHAPTER 5

### U.S. NON-MILITARY DECORATIONS

#### C5.1. PURPOSE

The purpose of this Chapter is to furnish policy guidance to the Military Departments about the recognition and wearing of U.S. non-military decorations.

#### C5.2. POLICY

C5.2.1. Members of civilian groups recognized under Section 1123, title 10, U.S.C. (reference (f)) shall not receive military decorations if the recognized group had a civilian system of decorations. Such civilian decorations are considered by the Department of Defense as equivalent to military awards that would have been issued to military members for similar acts, achievements, or periods of service. That policy conforms to DoD guidance that prevents multiple awards for the same acts, achievements, or periods of service. (See Chapter 3, paragraph C3.2.10., above.)

C5.2.2. Members of the Armed Forces of the United States who are authorized to accept and wear U.S. non-military decorations shall observe the following when wearing such decorations or the ribbons symbolic, thereof:

C5.2.2.1. U.S. non-military decorations shall be worn immediately following U.S. military decorations and preceding service medals.

C5.2.2.2. Normally, when a Service member has been awarded and is authorized to wear more than one U.S. non-military decoration, such decorations shall be worn in the order of date of acceptance. However, there are two exceptions to that policy. For members of the Military Services, when two or more decorations from the same Agency are worn, the order shall be in accordance with the precedence established by the awarding Agency regardless of date of acceptance. For members of the U.S. Coast Guard, precedence for all U.S. non-military decorations shall be determined by the Commandant, U.S. Coast Guard.

C5.2.2.3. No U.S. non-military decoration shall be worn on the Service member's uniform, unless at least one U.S. military decoration or service medal is worn at the same time.

## C6. CHAPTER 6

### DoD SERVICE MEDALS

#### C6.1. INTRODUCTION

C6.1.1. Service medals, campaign medals, and service ribbons denote participation by a Service member in a campaign, war, national emergency, expedition, or the fulfillment of specified Service requirements in a creditable manner. Those awards

take precedence immediately after non-military decorations and are normally worn in the order earned. However, actual precedence varies depending on the Service member's branch of Military Service. Appendix 4 describes all the U.S. service medals, campaign medals, and service ribbons that have been authorized for the Armed Forces of the United States.

C6.1.2. Since World War II, there have been over 100 service medals, campaign medals, and service ribbons authorized. In most instances, the Military Services control the policies as they pertain to their Service members. However, there are nine service medals that are considered Defense service awards and, as such, the policies fall under the purview of the ASD(FMP). Those service awards are as follows:

C6.1.2.1. Prisoner of War Medal.

C6.1.2.2. National Defense Service Medal.

C6.1.2.3. Antarctica Service Medal.

C6.1.2.4. Armed Forces Expeditionary Medal.

C6.1.2.5. Vietnam Service Medal.

C6.1.2.7. Armed Forces Service Medal.

C6.1.2.8. Humanitarian Service Medal.

C6.1.2.9. Military Outstanding Volunteer Service Medal.

C6.1.3. Policies and procedures for non-Defense service awards and their appurtenances are determined by the Secretary concerned and, as such, appropriate Military Service regulations should be consulted in determining a Service member's entitlement to a particular award.

## C6.2. PRISONER OF WAR (POW) MEDAL

### C6.2.1. Eligibility Requirements

C6.2.1.1. Authorized by Section 1128 of title 10, U.S.C. (reference (o)).

C6.2.1.2. Authorized for any person who, while serving in any capacity with the U.S. Armed Forces, was taken prisoner and held captive after April 5, 1917.

C6.2.1.2.1. Civilians and Foreign Nationals. The POW Medal shall be issued only to U.S. and foreign civilians who have received credit for U.S. military service, as determined by the DoD Civilian and/or Military Service Review Board and Advisory Board under DoD Directive 1000.20 (reference (p)). The period of creditable military service must include the period of captivity from date of capture through date of release. While no minimum time period of captivity exists as eligibility criteria for the POW Medal, the Services should determine each case on its merits using the language in 10 U.S.C. and the Secretary of Defense Memoranda (references (e), (f) and (q)). The Secretary of Defense authorized on January 27, 1990, the POW Medal for the Philippine Commonwealth Army and Recognized Guerrilla Unit Veterans who were held captive between December 7, 1941 and September 26, 1945.

C6.2.1.2.2. Missing in Action. The POW Medal only shall be issued to the legal next-of-kin (NOK) of military personnel or civilians who have received credit for U.S. Military Service and whose POW status officially has been confirmed and recognized as such by the Military Departments. The NOK of persons listed as "missing, but for whom there is no evidence of having been a POW" shall not be issued the POW Medal. Return of remains, in and of itself, does not constitute evidence of POW status. The NOK of the POWs who die in captivity may be issued the POW Medal irrespective of the length of the captivity period.

C6.2.1.2.3. Hostages, Detainees, and Internees. The POW Medal shall be issued only to those taken prisoner by foreign armed forces that are hostile to the United States, under circumstances which the Secretary concerned finds to have been comparable to those under which persons have generally been held captive by enemy armed forces during periods of armed conflict. For that medal, armed conflicts are defined as "World War I, World War II, Korean Conflict, Vietnam Era and Southwest Asia Conflict."

C6.2.1.3. Character of Service. Any person convicted by a U.S. military tribunal of misconduct or a criminal charge or whose discharge is less than honorable

based on actions while a POW is ineligible for the medal. The POWs whose conduct was not in accord with the Code of Conduct and whose actions are documented by U.S. military records, are ineligible for the medal. Resolution of questionable cases shall

be the responsibility of the Secretaries concerned.

C6.2.2. Subsequent Awards. No more than one POW Medal shall be awarded. For subsequent acts justifying award of the medal, service stars shall be awarded and worn on the suspension and service ribbon of the medal. A period of captivity terminates on return to U.S. military control. Escapees who do not return to U.S. military control and are recaptured by an enemy do not begin a new period of captivity for subsequent award of the POW Medal.

C6.2.3. Presentation. While service medals (unlike decorations for valor, meritorious achievement, and service) are not normally presented in formal military ceremonies, military representatives of the Active and Reserve components may participate in POW Medal presentation ceremonies, if requested, under guidance and procedures issued by the Secretaries of the Military Departments. Additionally, veterans organizations, former POW associations, public officials, etc., may receive and present the medal to former POWs or their NOK. Engraving of the POW Medal, if desired, shall be at the expense of the recipient.

C6.2.4. Manner of Wearing. Section 1128 of title 10, U.S.C., "Prisoner-of-War Medal: Issue," (reference (o)) establishing the POW Medal specifies that it shall be displayed immediately following decorations awarded for individual heroism, meritorious achievement, or meritorious service, and before any other service medal, campaign medal, or service ribbon authorized to be displayed. To ensure consistency among the Services, the POW Medal shall be placed ahead of the Good Conduct Medal in the order of precedence.

C6.2.5. Posthumous Awards. The POW Medal may be awarded posthumously and, when so directed, may be presented to such representatives of the deceased as the Secretary concerned considers appropriate.

C6.2.6. Procedures for Issuing the POW Medal. The Military Departments shall receive requests for, and issue, the POW Medal to eligible individuals or their NOK, as follows:

C6.2.6.1. All requests for the POW Medal will be initiated by eligible former POWs, or their NOK, using a personal letter addressed to the appropriate Service Records Center located at 9700 Page Boulevard, St. Louis, Missouri 63132-5199.

C6.2.6.2. Veterans organizations, former POW associations, public officials, etc., may receive requests for the medal from former POWs, or their NOK, and forward them to the appropriate Service Records Center. Such organizations and/or individuals would agree to receive the medals and subsequently present, or forward, them to the requester.

C6.2.6.3. After verification of POW status and character of service of the former POW, the medal shall be forwarded through mail in accordance with the desires of the requester (directly to the requester or to a third party for presentation). A cover letter explaining the background and symbolism of the medal shall accompany the medal.

C6.2.6.4. The Services shall issue the medal to eligible active duty former POWs and reflect the award in appropriate records.

### C6.3. NATIONAL DEFENSE SERVICE MEDAL (NDSM)

#### C6.3.1. Eligibility Requirements

C6.3.1.1. Authorized by E.O. 10448 and the Secretary of Defense Memorandum (references (r) and (s)).

C6.3.1.1.1. Honorable active service as a member of the Armed Forces of the United States for any period between June 27, 1950 and July 27, 1954, or between January 1, 1961 and August 14, 1974. During those periods, Service members in the following categories shall NOT be eligible for the NDSM:

C6.3.1.1.1.1. Members of the Guard and Reserve Forces on short tours of active duty to fulfill training obligations under an inactive duty training program.

C6.3.1.1.1.2. Any Service member on TDY or TAD to serve on boards, courts, commissions, and similar organizations.

C6.3.1.1.1.3. Any Service member on active duty for the sole purpose of undergoing a physical examination.

C6.3.1.1.2. Honorable service as a member of the Armed Forces of the United States for any period between August 2, 1990 and November 30, 1995. Service members on active duty, members of the Selected Reserve in good standing, and members of other than the Selected Reserve who were called to active duty shall also

be eligible. During that period, Service members in the following categories shall NOT be considered eligible:

C6.3.1.1.2.1. Any Service member on active duty for the sole purpose of undergoing a physical examination.

C6.3.1.1.2.2. Any member of the Individual Ready Reserve, the Inactive National Guard or the Standby or Retired Reserve whose active duty service was for training only, or to serve on boards, courts, commissions, and similar organizations.

C6.3.1.2. Exceptions to policy criteria in paragraphs C6.3.1.1.1. and C6.3.1.1.2., above, may be granted by the Military Departments.

C6.3.1.3. Notwithstanding these limitations, any member of the United States Coast Guard or the Reserve or Guard Forces of the Armed Forces who, between January 1, 1961 and August 14, 1974, became eligible for award of either the AFEM or the Vietnam Service Medal or between August 2, 1990 and November 30, 1995, became eligible for award of the Southwest Asia Service Medal shall be eligible for award of the NDSM.

C6.3.2. Subsequent Award. A bronze service star shall be worn on the suspension and service ribbon of the NDSM by Service members who earned the medal during two different periods of eligibility (e.g., during the period 1961 through 1974, and during the period 1990 through 1995).

C6.3.3. Posthumous Awards. The NDSM may be awarded posthumously.

## C6.4. ANTARCTICA SERVICE MEDAL

### C6.4.1. Eligibility Requirements

C6.4.1.1. Any person who, from January 2, 1946, to a date to be announced, meets any of the following qualifications shall be eligible to receive the Antarctica Service Medal: (For that award, Antarctica is defined as the "area south of latitude 60S." The Antarctica Service Medal is authorized by DoD Instruction 1348.9, "Antarctica Service Medal," (reference (t)).)

C6.4.1.1.1. Any member of the Armed Forces of the United States, U.S. citizen, or resident alien of the United States, who as a member of a U.S. expedition,

participates in or has participated in scientific, direct support, or exploratory operations in Antarctica.

C6.4.1.1.2. Any member of the Armed Forces of the United States, U.S. citizen, or resident alien of the United States, who participates in or has participated in a foreign Antarctic expedition in Antarctica in coordination with a U.S. expedition and who is or was under the sponsorship and approval of competent U.S. Government authority.

C6.4.1.1.3. Any member of the Armed Forces of the United States who participates in, or has participated in, flights as a member of the crew of an aircraft flying to or from the Antarctic continent in support of operations in Antarctica.

C6.4.1.1.4. Any member of the Armed Forces of the United States, U.S. citizen, or resident alien of the United States who serves or has served in a U.S. ship operating south of latitude 60S in support of U.S. programs in Antarctica.

C6.4.1.1.5. Any person, including citizens of foreign nations, not fulfilling the qualifications under paragraphs C6.4.1.1.1. through C6.4.1.1.4., above, or paragraph C6.4.1.2., below, but who participates in or has participated in a U.S. Antarctic expedition in Antarctica at the invitation of a participating U.S. Agency may be given the award by the Secretary of the Department under whose cognizance the expedition falls, provided the commander of the military support force, as senior U.S. representative in Antarctica, considers that the member has performed outstanding and exceptional service and shared the hardships and hazards of the expedition.

C6.4.1.2. Subsequent to June 1, 1973, minimum time limit for award is 30 days under competent orders to duty at sea or ashore, south of latitude 60S. Individuals assigned to duty at an outlying station on the Antarctic continent may qualify for the award after 15 days. Effective July 1, 1987, flight crews of aircraft providing logistics support from outside the Antarctic area may qualify for the award after 15 missions (one flight in and out during any 24-hour period equals one mission). The days do not have to be consecutive.

C6.4.2. Subsequent Awards. No Service member shall be authorized to receive more than one Antarctica Service Medal. Subsequent awards shall be denoted by wearing of appropriate devices on the suspension and service ribbon of the medal.

#### C6.4.3. Devices

C6.4.3.1. Clasps. Personnel who stay on the Antarctic continent during the winter months shall be eligible to wear a bronze clasp with the words "Wintered Over" on the suspension ribbon of the medal. A gold clasp is authorized for the second

wintering-over period, and a Silver clasp is worn to denote the third or subsequent wintering-over period. Not more than one clasp shall be worn on the suspension ribbon of the medal.

C6.4.3.2. Disk. The first wintering-over eligibility shall be denoted by a bronze disk worn on the service ribbon of the medal. A gold disk shall represent the second wintering-over period. A Silver disk shall represent the third or subsequent wintering-over period. No more than one disk may be worn on the service ribbon.

C6.4.4. Manner of Wearing. The Antarctica Service Medal shall take precedence immediately after the Korean Service Medal.

C6.4.5. Posthumous Awards. The Antarctica Service Medal may be awarded posthumously.

## C6.5. ARMED FORCES EXPEDITIONARY MEDAL (AFEM)

### C6.5.1. Eligibility Requirements

C6.5.1.1. Personnel Eligible. The AFEM, authorized by E.O. 10977 (reference (u)), may be awarded to members of the Armed Forces of the United States who after July 1, 1958:

C6.5.1.1.1. Participate, or have participated, as members of U.S. military units in a U.S. military operation in which Service members of any Military Department participate, in the opinion of the Joint Chiefs of Staff, in significant numbers.

C6.5.1.1.2. Encounter during such participation foreign armed opposition, or are otherwise placed, or have been placed, in such position that, in the opinion of the Joint Chiefs of Staff, hostile action by foreign armed forces was imminent even though it did not materialize.

C6.5.1.2. Categories of Operations. The AFEM may be authorized for the following three categories of operations:

C6.5.1.2.1. U.S. military operations.

C6.5.1.2.2. U.S. operations in direct support of the United Nations (U.N.).

C6.5.1.2.3. U.S. operations of assistance for friendly foreign nations.

### C6.5.1.3. Definitions

C6.5.1.3.1. The "area of operations" is defined as follows:

C6.5.1.3.1.1. The foreign territory on which troops have actually landed or are present and specifically deployed for the direct support of the designated military operation.

C6.5.1.3.1.2. Adjacent water areas in which ships are operating, patrolling, or providing direct support of operations.

C6.5.1.3.1.3. The air space above and adjacent to the area in which operations are being conducted.

C6.5.1.3.2. "Direct support" is defined as services being supplied to the combat forces in the area of operations by ground units, ships, and aircraft provided it involves actually entering the designated area. That includes ships and aircraft providing fire, patrol, guard, reconnaissance, or other military support.

C6.5.1.4. Degree of Participation. Service members must be bona fide members of a unit engaged in the operation or meet one or more of the following criteria:

C6.5.1.4.1. Be engaged in direct support for 30 consecutive days in the area of operations (or for the full period when an operation is less than 30 days duration) or for 60 nonconsecutive days provided this support involves entering the area of operations.

C6.5.1.4.2. Be engaged in actual combat, or duty that is equally as hazardous as combat duty, during the operation with armed opposition, regardless of time in the area.

C6.5.1.4.3. Participate as a regularly assigned crew member of an aircraft flying into, out of, within, or over the area in support of the military operations.

C6.5.1.5. Limitations on Awarding Medals. The medal shall be awarded only for operations for which no other U.S. campaign medal is approved. However, this does not prevent award eligibility for subsequent on-going operations if the associated campaign medal has been terminated. No individual shall be eligible for both the AFEM and a campaign medal awarded during a single tour in the designated operation.

For operations in which personnel of only one Military Department participate, the medal shall be awarded only if there is no other suitable award available to that

Department. The military service of the Service member on which qualification for the award of the AFEM is based shall have been honorable.

C6.5.1.6. Election of the AFEM or Vietnam Service Medal. Service members who earned the AFEM for service in Vietnam between July 1, 1958 and July 3, 1965, may elect to receive the Vietnam Service Medal instead of the AFEM. However, no Service member may be issued both medals for service in Vietnam.

C6.5.1.7. Wear of the Armed Forces Expeditionary Medal (AFEM) and Southwest Asia Service Medal (SWASM). Service members who earned the SWASM and subsequently become eligible at any time for the Operation SOUTHERN WATCH AFEM may wear both awards, with the exception of those who become eligible for both awards during one tour in Southwest Asia (SWA). Service members who become eligible for both awards during their initial tour in SWA may elect to receive either the SWASM or the AFEM, but may not be issued both medals for a single tour in SWA. Service members who become eligible for both awards during their initial tour in SWA and elect to receive the SWASM may be awarded the AFEM for participation in Operation SOUTHERN WATCH during a subsequent tour in SWA under the Under Secretary of Defense for Personnel and Readiness Memorandum (reference (v)).

C6.5.2. Approval of Operations. Subsequent to July 1, 1958, the Joint Chiefs of Staff shall designate U.S. military operations that qualify for the AFEM, and they shall specify the degree of participation in designated operations warranting award of the medal. Appendix 5 identifies those operations that have been approved by the Joint Chiefs of Staff for award of the AFEM.

C6.5.3. Subsequent Awards. No more than one medal shall be awarded to any one Service member. For each succeeding operation justifying such awards, a service star shall be awarded and worn on the suspension and service ribbon of the medal.

C6.5.4. Manner of Wearing. The AFEM shall take precedence immediately after the Antarctica Service Medal.

C6.5.5. Posthumous Awards. The AFEM may be awarded posthumously and, when so awarded, may be presented to such representative of the deceased, as may be deemed appropriate by the Secretary concerned.

## C6.6. VIETNAM SERVICE MEDAL

### C6.6.1. Eligibility Requirements

#### C6.6.1.1. General

C6.6.1.1.1. Authorized by E.O.11231 (reference (w)).

C6.6.1.1.2. Awarded to all members of the Armed Forces of the United States serving at any time between July 4, 1965 and March 28, 1973, in Vietnam, its contiguous waters, or airspace, thereover.

C6.6.1.1.3. Awarded to all members of the Armed Forces of the United States serving at any time between July 4, 1965 and March 28, 1973, in Thailand, Laos, or Cambodia, or the airspaces, thereover, and in direct support of operations in Vietnam.

C6.6.1.1.4. Service members qualified for the AFEM by reasons of service between July 1, 1958 and July 3, 1965, in an area for which the Vietnam Service Medal was authorized subsequently shall remain qualified for that medal. Upon application, any such Service member may be awarded the Vietnam Service Medal instead of the AFEM for such service. However, no Service member shall be entitled to both awards.

C6.6.1.1.5. For that award, Vietnam and the contiguous waters are defined as "from a point on the east coast of Vietnam at the juncture of Vietnam with China southeastward to 21 degrees N. latitude, 108 degrees, 15 minutes E. longitude; thence, southward to 18 degrees N. latitude, 108 degrees, 15 minutes E. longitude; thence southeastward to 17 degrees, 30 minutes N. latitude, 111 degrees E. longitude; thence, southward to 11 degrees N. latitude, 111 degrees E. longitude; thence, southwestward to 7 degrees N. latitude, 105 degrees E. longitude; thence, westward to 7 degrees N. latitude, 103 degrees E. longitude; thence, northward to 9 degrees, 30 minutes N. latitude, 103 degrees E. longitude; thence, northeastward to 10 degrees, 15 minutes N. latitude, 104 degrees, 27 minutes E. longitude; thence, northward to a point on the west coast of Vietnam at the juncture of Vietnam with Cambodia."

#### C6.6.1.2. Specific

C6.6.1.2.1. Personnel Eligible. To be eligible a Service member must be as follows:

C6.6.1.2.1.1. Attached to or regularly serving for one, or more, days with an organization participating in or directly supporting ground (military) operations.

C6.6.1.2.1.2. Attached to or regularly serving for one, or more, days aboard a naval vessel directly supporting military operations.

C6.6.1.2.1.3. Actually participate as a crew member in one or more aerial flights directly supporting military operations.

C6.6.1.2.1.4. Serve on temporary duty for 30 consecutive days or 60 nonconsecutive days. Those time limitations may be waived for personnel participating in actual combat operations.

C6.6.1.2.2. Limitation on Medal. The medal shall be awarded only for operations for which no other U.S. campaign medal is approved. No Service member may be issued both the Vietnam Service Medal and the AFEM for service in Vietnam, and furthermore they shall be entitled to no more than one award of the Vietnam Service Medal.

C6.6.2. Stars. A bronze service star shall be worn on the suspension and service ribbon of the Vietnam Service Medal for the Service member's participation during the approved campaign periods. Appendix 6 identifies those campaigns that have been approved.

C6.6.3. Posthumous Awards. The Vietnam Service Medal may be awarded posthumously.

## C6.7. SOUTHWEST ASIA SERVICE MEDAL (SWASM)

### C6.7.1. Eligibility Requirements

#### C6.7.1.1. General

C6.7.1.1.1. Authorized by E.O. 12754 (reference (x)).

C6.7.1.1.2. Individuals authorized that award must have served in support of Operation DESERT SHIELD or DESERT STORM in one or more of the following areas from August 2, 1990 through November 30, 1995: the Persian Gulf, Red Sea, Gulf of Oman, Gulf of Aden, that portion of the Arabian Sea that lies north of 100 N. latitude and west 680 E. longitude, as well as the total land areas of Iraq, Kuwait, Saudi Arabia, Oman, Bahrain, Qatar, and the United Arab Emirates.

C6.7.1.1.3. Individuals serving in Israel, Egypt, Turkey, Syria, and Jordan (including the airspace and territorial waters) directly supporting combat operations from January 17, 1991 through November 30, 1995 shall also be eligible for award of the medal.

C6.7.1.2. Specific. To be eligible, a Service member must be:

C6.7.1.2.1. Attached to or regularly serving for one or more days with an organization participating in ground and/or shore (military) operations.

C6.7.1.2.2. Attached to or regularly serving for one or more days aboard a naval vessel directly supporting military operations.

C6.7.1.2.3. Actually participating as a crew member in one or more aerial flights directly supporting military operations in the areas designated in paragraph C6.7.1.1.2., above.

C6.7.1.2.4. Serving on temporary duty for 30 consecutive days or 60 nonconsecutive days. Those time limitations may be waived for people participating in actual combat operations.

## C6.7.2. Awarding

C6.7.2.1. The Southwest Asia Service Medal may be awarded posthumously.

C6.7.2.2. Each Military Department may grant exceptions to the eligibility criteria outlined in paragraph C6.8.1.2., below, and shall prescribe appropriate regulations for administrative processing, awarding and wearing of the Southwest Asia Service Medal, ribbon, and appurtenances.

C6.7.3. Stars. One bronze service star shall be worn on the suspension and

service ribbon of the Southwest Asia Service Medal for participation in each campaign period (i.e., an individual who participated in one campaign would wear the medal and/or service ribbon with one star). The first campaign period is designated as the "Defense of Saudi Arabia" with corresponding dates of August 2, 1990 through January 16, 1991. The second campaign is designated "Liberation and Defense of Kuwait" from January 17, 1991 to April 11, 1991. The third and final campaign, is designated the "Southwest Asia Cease Fire Campaign," and extends from April 12, 1991 through November 30, 1995. Service members eligible for the SWASM based on participation in Operation PROVIDE COMFORT will wear the medal and service ribbon with star.

## C6.8. ARMED FORCES SERVICE MEDAL (AFSM)

### C6.8.1. Eligibility Requirements

C6.8.1.1. General. The Armed Forces Service Medal (AFSM), authorized by E.O. 12985 (reference (y)), may be awarded to members of the Armed Forces of the United States who, after June 1, 1992:

C6.8.1.1.1. Participate, or have participated, as members of United States military units, in a United States military operation that is deemed to be a significant activity; and

C6.8.1.1.2. Encounter no foreign armed opposition or imminent threat of hostile action.

C6.8.1.2. Specific. Service members must be members of a unit participating for 1 or more days in the operation within the designated area of eligibility, or meet one or more of the following criteria:

C6.8.1.2.1. Be engaged in direct support for 30 consecutive days in the area of eligibility (or for the full period when an operation is of less than 30 days duration) or for 60 nonconsecutive days provided this support involves entering the area of eligibility.

C6.8.1.2.2. Participate as a regularly assigned crew member of an aircraft flying into, out of, within, or over the area of eligibility in support of the operation.

### C6.8.1.3. Qualifying Operations

C6.8.1.3.1. The AFSM may be authorized for significant United States military activities for which no other United States campaign or service medal is appropriate, such as:

C6.8.1.3.1.1. Peacekeeping operations.

C6.8.1.3.1.2. Prolonged humanitarian operations.

C6.8.1.3.2. The AFSM may be awarded for United States military operations in direct support of the United Nations (U.N.) or the North Atlantic Treaty Organization (NATO), and for operations of assistance to friendly foreign nations.

### C6.8.1.4. Guidelines

C6.8.1.4.1. The AFSM provides recognition to participants who deploy to the designated area of eligibility for the qualifying operation. Outstanding or

meritorious performance of non-deployed or remotely located support units and individuals is not justification for award of the AFSM. Such performance may be recognized by appropriate unit and/or individual decorations.

C6.8.1.4.2. Because the AFSM may be awarded for a prolonged humanitarian operation, distinction between the AFSM and the Humanitarian Service Medal (HSM) must be maintained.

C6.8.1.4.2.1. The HSM is an individual award, presented to individuals who are physically present at the site of immediate relief and who directly contribute to and influence the humanitarian action. The HSM is only awarded for service during the identified "period of immediate relief" eligibility for the HSM terminates once (if) the humanitarian action evolves into an "established ongoing operation beyond the initial emergency condition."

C6.8.1.4.2.2. The AFSM is a theater award, authorized for presentation to all participants who meet eligibility requirements established for a designated operation.

C6.8.1.4.2.3. For operations in which all deployed participants are

awarded the HSM and for which the "period of immediate relief" coincides with the duration of significant deployed operations, award of the AFSM is not authorized.

C6.8.1.4.2.4. Humanitarian operations for which some (or all) participants are awarded the HSM, which continue beyond the "period of immediate relief."

#### C6.8.1.5. Definitions

C6.8.1.5.1. "Significant activity" is defined as a United States military operation considered to be of such a high degree of scope, impact, and national or international significance as to warrant the permanent commemoration and recognition afforded by award of a campaign or service medal.

C6.8.1.5.2. "Area of eligibility" is defined as follows:

C6.8.1.5.2.1. The foreign territory on which troops have actually landed or are present and specifically deployed for the operation.

C6.8.1.5.2.2. Adjacent water areas in which ships are operating, patrolling, or providing direct support of the operation.

C6.8.1.5.2.3. The air space above and adjacent to the area in which operations are being conducted.

C6.8.1.5.3. "Direct support" is defined as services being supplied to participating forces in the area of eligibility by ground units, ships, and aircraft provided it involves actually entering the designated area of eligibility. This includes units, ships, and aircraft providing logistic, patrol, guard, reconnaissance, or other military support within the designated area of eligibility.

#### C6.8.1.6. Limitations on Awarding Medals

C6.8.1.6.1. AFSM shall be awarded only for operations for which no other United States campaign or service medal is approved.

C6.8.1.6.2. For operations in which personnel of only one Military Department participate, the AFSM shall be awarded only if there is no other suitable

award available to that Department.

C6.8.1.6.3. The military service of the Service member on which qualification for the award of the AFSM is based shall have been honorable.

C6.8.1.6.4. Award of the AFSM is not authorized for participation in national or international exercises.

C6.8.1.6.5. The AFSM shall not be awarded for NATO or U.N. operations not involving significant, concurrent United States military support operations.

C6.8.2. Approval and Designation of Area of Eligibility. The Joint Chiefs of Staff shall designate United States military operations subsequent to June 1, 1992 that qualify for the AFSM.

C6.8.3. Subsequent Awards. No more than one medal shall be awarded to any one Service member. Second and subsequent awards will be denoted by 3/16-inch bronze service stars. A 3/16-inch Silver star will be worn instead of 5 bronze stars.

C6.8.4. Manner of Wearing. The AFSM shall take precedence immediately before the Humanitarian Service Medal.

C6.8.5. Posthumous Awards. The AFSM may be awarded posthumously and, when so awarded, may be presented to such representative of the deceased as may be deemed appropriate by the Secretary concerned.

## C6.9. HUMANITARIAN SERVICE MEDAL (HSM)

### C6.9.1. Eligibility Requirements

C6.9.1.1. General. The Humanitarian Service Medal, authorized by E.O. 11965 (reference (z)), may be awarded to members of the Armed Forces of the United States and their Reserve components who, subsequent to April 1, 1975, distinguished themselves as individuals or as members of U.S. military units or ships by meritorious, direct participation in a significant military act, or operation of a humanitarian nature. Direct participation is defined as being physically present at the designated location, having directly contributed to and influenced the action. Designated location is the immediate site(s) of the humanitarian operations as defined by the Presidential request

for assistance in the United States or the Department of State (DOS) for overseas areas. When appropriate, the local commander in his or her recommendation may propose specific clarification of designated boundaries based on the intent of the Presidential or Department of State request. Specifically excluded from eligibility are Service members or elements remaining at geographically separated locations or who were assigned to the location but did not make a direct contribution to nor influenced the action. Award of the Humanitarian Service Medal does not prevent or conflict with other medals or ribbons awarded on the basis of unit achievement, or of individual valor, achievement, or meritorious service. No Service member shall be entitled to more than one award of the Humanitarian Service Medal for participation in the same military act or operation of a humanitarian nature.

C6.9.1.2. Specific. The following types of military acts or operations may qualify for award of the Humanitarian Service Medal:

C6.9.1.2.1. Significant assistance in the event of national or international disasters, natural or man-made, such as, but not limited to, earthquakes, floods, hurricanes, typhoons, or conflagrations.

C6.9.1.2.2. Relief to a starvation area.

C6.9.1.2.3. Evacuation of personnel from an area threatened by a hostile force.

C6.9.1.2.4. Support or resettlement of refugees or evacuees.

C6.9.1.2.5. Other significant military activities, directly related to humanitarian service, as designated in Military Service regulations. These must be

above and beyond routine actions. For example, normal Search and Rescue (SAR) operations conducted by specially trained SAR units would not be eligible for HSM consideration. Similarly, in accordance with the laws and traditions of the seas, the rescue of stricken vessels by naval units would not normally be eligible.

C6.9.1.2.6. Acts or operations of a similar nature, as determined by the award approval authority.

C6.9.1.3. Guidelines. Services rendered in the act or operation being considered must meet the following criteria:

C6.9.1.3.1. Be of a major significance.

C6.9.1.3.2. Provide immediate relief, relieve human suffering, and should save lives (property may be a factor).

C6.9.1.3.3. Must have affected the outcome of the situation (non-action could produce definite consequences).

C6.9.1.3.4. Must have specific dates and must be restricted to the period of "immediate relief." Periods beyond immediate relief are considered established ongoing operations beyond the initial emergency conditions and these periods are no longer eligible for the Humanitarian Service Medal.

C6.9.1.3.5. Must have evidence that the emergency assistance was:

C6.9.1.3.5.1. Requested by the President of the United States for assistance in the United States (such as, Presidential Emergency Declaration or established contingency plans issued under Presidential authority).

C6.9.1.3.5.2. Requested by the DOS for overseas areas.

C6.9.1.4. Exclusions. The Humanitarian Service Medal may not be awarded for services rendered in domestic disturbances involving law enforcement, equal rights demonstrations, or protection of properties.

#### C6.9.2. Submission of Recommendations

C6.9.2.1. Recommendations for the Humanitarian Service Medal originating within a Defense Agency shall be forwarded through appropriate command and staff channels, to include the responsible OSD Principal Staff Assistant, to DASD(MPP).

C6.9.2.2. Recommendations for the Humanitarian Service Medal originating within a Military Service shall be forwarded to the Secretary of the Military Department concerned.

C6.9.2.3. Recommendations for Humanitarian Service Medal involving the Unified Combatant Commands shall be submitted to the DJS.

C6.9.2.4. Recommendations for the Humanitarian Service Medal involving U.S. Coast Guard units or personnel shall be submitted to the Commandant, U.S. Coast Guard.

C6.9.2.5. When multi-Service participation is involved, an information copy of the recommendation shall be sent to the Secretary of the Military Department of the Service members involved.

C6.9.2.6. Recommendations must be entered into command channels in two years of the military act or operation to be recognized.

C6.9.2.7. Upon approval of the recommendation, the award authority shall direct the command authority, who is an officer in the grade of O-6 or a civilian of equivalent rank, to ensure the action of a Service Record entry and award of the medal to the participating individuals. In the case of multi-Service participation, commanders must ensure the personnel servicing centers of all Service members who participated are informed of action required.

C6.9.3. Recommendations. Recommendations for the Humanitarian Service Medal must include the following:

C6.9.3.1. A written justification fully explaining and attesting to the humanitarian aspects of the services rendered by Service members in the act or operation being recommended. The Humanitarian Service Medal is an INDIVIDUAL award. As such, only those individuals who meet the specific requirements and guidelines in paragraph C6.9.1., above, shall be eligible for award of the Humanitarian Service Medal.

C6.9.3.2. Forwarding endorsements that make specific recommendations for approval or disapproval.

C6.9.3.3. Endorsement of the CINC having authority and/or responsibility for the affected area of responsibility outside the Continental United States.

C6.9.3.4. Documentation of the Presidential or the DoS for assistance.

C6.9.4. Award Approval Authority

C6.9.4.1. Award of the Humanitarian Service Medal for the DoD Components shall be authorized by the Military Service Secretaries, DASD(MPP), and the DJS (for organizations reporting to or through Chairman of Joint Chiefs of Staff) for the Secretary of Defense, and that authority may be further delegated. The Secretary of Transportation has delegated approval authority to the Commandant, U.S. Coast Guard, and that authority may not be further delegated.

C6.9.4.2. Once the recommendation of an operation or action has been authorized, determination of individual eligibility may be delegated to such level of the operational or administrative chain of command as deemed appropriate by the approval authority. Such authority shall not be delegated below the level of O-6 command or civilian equivalent. It is the prerogative of the service centers to determine the need for recordkeeping, such as name lists. Commanders receiving the eligibility delegation must ensure the personnel servicing centers of all participating Service members are informed of the required action. This is true particularly when multi-Service participation occurs.

C6.9.4.3. Authority to disapprove recommendations for award of the Humanitarian Service Medal for noncompliance with established criteria contained in this Manual is hereby delegated to the CINCs.

C6.9.5. Eligible Operations. See Appendix 7 for those acts or operations that have been approved by the Department of Defense for award of the Humanitarian Service Medal.

C6.9.6. Subsequent Awards. No more than one Humanitarian Service Medal shall be awarded to any Service member. For subsequent acts or operations justifying award of the medal, service stars shall be awarded and worn on the suspension and service ribbon of the medal.

C6.9.7. Manner of Wearing. The Humanitarian Service Medal shall be worn immediately after the Armed Forces Service Medal.

C6.9.8. Posthumous Awards. The Humanitarian Service Medal may be awarded posthumously and, when so directed, may be presented to such representatives of the deceased as the Secretary concerned or the Commandant, U.S. Coast Guard, considers appropriate.

## C6.10. MILITARY OUTSTANDING VOLUNTEER SERVICE MEDAL (MOVSM)

### C6.10.1. Eligibility Requirements

C6.10.1.1. General. The Military Outstanding Volunteer Service Medal (MOVSM), authorized by E.O. 12830 (reference (aa)), may be awarded to members of the United States Armed Forces and their Reserve components, who subsequent to December 31, 1992, perform outstanding volunteer community service of a sustained, direct, and consequential nature.

C6.10.1.2. Specific. To qualify for award of the MOVSM, a Service member volunteer service must:

C6.10.1.2.1. Be to the civilian community, to include the military family community.

C6.10.1.2.2. Be significant in nature and produce tangible results.

C6.10.1.2.3. Reflect favorably on the Service member's Military Department and the Department of Defense.

C6.10.1.2.4. Be of a sustained and direct nature.

### C6.10.1.3. Guidelines

C6.10.1.3.1. While there is no specific time period to qualify for the MOVSM (for example 500 hours of community service within 24 calendar months), approval authorities shall ensure the service to be honored merits the special recognition afforded by this medal. The MOVSM is intended to recognize exceptional community support over time, not a single act or achievement. Further, it is intended to honor direct support of community activities. For the purpose of this award, attending membership meetings or social events of a community service group is not considered qualifying service, while manning a community crisis action telephone line for a sustained period of time is considered qualifying service. The overall level of volunteer participation and impact of an individual's community service is key to determining whether award of the MOVSM is justified.

C6.10.1.3.2. The MOVSM recognizes service provided to a community over time, therefore multiple awards of the MOVSM during a single tour of duty are not authorized. However, a sustained record of significant community service performed

during successive tours may be considered by approval authorities when adjudicating recommendations for award of the MOVSM.

C6.10.1.3.3. Service recognized by award of the MOVSM shall be of a voluntary nature, not detailed or tasked, nor performed as part of a military mission (for example, a unit project).

C6.10.1.4. Approval Authority. Award of the MOVSM may be approved by the Assistant Secretary of Defense for Force Management Policy, the Secretaries of the Military Departments, and the Director of the Joint Staff (for joint commands or organizations that report to or through the Chairman of the Joint Chiefs of Staff). That authority may be further delegated to commanders authorized to award their Service Achievement Medal under the ASD(FMP) Memorandum (reference (bb)).

C6.10.1.5. Manner of Wearing. The MOVSM shall take precedence immediately after the Humanitarian Service Medal.

C6.10.1.6. The Secretaries of the Military Departments and the Director of the Joint Staff shall establish procedures to ensure compliance with this MOVSM policy as required. (Provide data for each community activity supported. No more than one activity is required.)

## C7. CHAPTER 7

### FOREIGN DECORATION AND SERVICE AWARDS

#### C7.1. INTRODUCTION

C7.1.1. Section 7342 of title 5, U.S.C. (reference (cc)) provides for employees of the U.S. Government, including members of the Armed Forces of the United States, to accept gifts or decorations from a foreign government under certain conditions. No employee of the Department of the Defense, however, may accept, request, or otherwise encourage the offer of a decoration from a foreign government. When possible, employees shall refuse to accept such decorations. Refer to DoD Directive 1005.13 (reference (dd)) for the policies and procedures applicable to the acceptance of gifts from foreign governments.

C7.1.2. Conforming to the consent of Congress, it is the policy of the Department of Defense that awards from foreign governments may be accepted only in recognition of active combat service or for outstanding or unusually meritorious performance. Activities normally undertaken by the Armed Forces of the United States in support of an ally during peacetime are not considered sufficient to merit foreign individual or unit decorations.

#### C7.2. GENERAL PROVISIONS

C7.2.1. As used in this Chapter, the following terms apply:

C7.2.1.1. Decorations. Any order, device, medal, badge, insignia, emblem, or award tendered by or received from a foreign government. Although a foreign government may label or consider an item to be a decoration, that designation in itself does not mean the item shall be considered a decoration by the U.S. Government. The key factor is whether the item is similar in nature to individual decorations awarded by the U.S. Government.

C7.2.1.2. Employee. Every member of the Armed Forces of the United States, or a member of the family and household of any such person. For that explanation, "member of the family and household" means a relative by blood, marriage, or adoption who is a resident of the household.

C7.2.1.3. Employing Component. The DoD Component in which the recipient is appointed, employed, or enlisted. If a recipient is not so serving, but is a spouse or

dependent of a serving individual, then the employing DoD Component is that in which the serving individual is appointed, employed, or enlisted.

C7.2.1.3.1. The Military Departments are considered the employing DoD Component for all military and civilian personnel assigned to that Department. The Military Departments also act as the employing DoD Component for all personnel, military and civilian, either directly employed or assigned to the Headquarters of the Unified Combatant Commands.

C7.2.1.3.2. The OSD is the employing DoD Component for its military and civilian personnel and those of the Chairman of the Joint Chiefs of Staff, the DARPA, the DSAA, Service members assigned outside the Department of Defense, the DoD Field Activities, and the other DoD activities not specifically designated as "an employing DoD Component."

C7.2.1.3.3. The Defense Agencies (except the DARPA and the DSAA) are the employing DoD Components for civilian and military personnel assigned to duty with them.

C7.2.1.3.4. Foreign Government. Includes any unit of foreign governmental authority (including any foreign national, state, local, and municipal government) or any international or multinational organization whose membership is composed of the agents or representatives of any of these foreign governments.

C7.2.1.3.5. Outstanding or Unusually Meritorious Performance. Performance of duty determined by the employing DoD Component to have contributed to an unusually significant degree toward the furtherance of good relations between the United States and the foreign government tendering the decoration. That requires that the service be of national significance to the foreign government and that it be performed under exceptionally difficult, extraordinary, or hazardous conditions.

C7.2.2. As used in this Chapter, the following responsibilities apply:

C7.2.2.1. The ASD(FMP) shall develop policy and provide guidance regarding the acceptance, retention, and wearing of decorations offered by foreign governments.

C7.2.2.2. The Assistant Secretaries of Defense (International Security Affairs and International Security Policy) shall make recommendations to the Under Secretary of Defense for Policy as they pertain to the acceptance and retention of foreign decorations. That shall include, when appropriate, a recommendation from the

C7.2.2.3. The Heads of the DoD Components, or their designees, shall:

C7.2.2.3.1. Approve or disapprove employee acceptance of decorations from foreign governments for employees, units, or activities of their DoD Component. This authority may be delegated. However, if the recipient of the decoration is in fact the Head of the DoD Component the approval or disapproval determination must be deferred to the ASD(FMP).

C7.2.2.3.2. Implement procedures in section C7.4., below, to comply with policies pertaining to the acceptance, retention, and wearing of decorations offered by foreign governments.

C7.2.2.4. The DA&M, OSD, shall implement sections of this chapter for OSD civilian and military personnel, as defined in paragraph C7.2.1., above.

C7.2.3. Prior Congressional Consent. Congressional authority has been given to the Armed Forces of the United States to accept decorations proffered by friendly foreign governments in recognition of service performed during the periods indicated in paragraphs C7.2.3.1. through C7.2.3.4., below. However, the decorations must have been presented and accepted by the intended recipient before the expiration date of the applicable law.

C7.2.3.1. World War II -- December 7, 1941 through July 24, 1948 (Pub. L. No. 80-134 (1947), reference (ee)).

C7.2.3.2. Berlin Airlift -- June 26, 1948 through September 20, 1951 (Pub. L. No. 81-503 (1950), reference (ff)).

C7.2.3.3. Korean Conflict -- June 27, 1950 through July 27, 1955 (Pub. L. No. 83-354 (1953), reference (gg)).

C7.2.3.4. Vietnam Era -- March 1, 1961 through March 28, 1974 (Pub. L. No. 89-257 (1965), reference (hh)).

### C7.3. SPECIFIC PROVISIONS

C7.3.1. The provisions of Section 7342 of title 5, U.S.C. (reference (cc)) apply to the following:

C7.3.1.1. All members of the Armed Forces of the United States on active duty and all civilian employees of the Department of Defense.

C7.3.1.2. All members of the Reserve components of the Armed Forces of the United States, whether or not on active duty.

C7.3.1.3. All retired members of the Regular Armed Forces of the United States who are entitled to pay.

C7.3.1.4. A member of the family and household of military and civilian personnel designated in paragraphs C7.3.1.1. through C7.3.1.3., above, and all spouses (unless legally separated) and their dependents, as defined in Section 152 of title 26, U.S.C. (reference (ii)).

C7.3.2. The provisions of reference (ii), however, do not apply to the following:

C7.3.2.1. Foreign decorations presented or awarded posthumously to a former member of the Armed Forces of the United States.

C7.3.2.2. Foreign decorations awarded for services while the recipient was a member of the armed forces of a friendly foreign nation, provided the award was made before employment of the recipient by the U.S. Government.

C7.3.2.3. Foreign decorations in the nature of individual skill badges, awards, or similar devices presented as a result of exemplary participation in official military exchange programs.

C7.3.2.4. Decorations for service in the Republic of Vietnam (RVN) accepted on or after March 1, 1961, but no later than March 28, 1974.

C7.3.3. A decoration from a multilateral organization other than the U.N. may be accepted only with the concurrence of the Secretary of State, in accordance with E.O. 11446 (reference (jj)).

C7.3.4. A decoration accepted without approval by the employing DoD Component shall become the property of the United States and shall be reported as a gift. Decorations that become the property of the United States and are not retained by the employing DoD Component shall be reported to the General Services Administration as excess personal property under the procedures established in DoD Directive 1005.13, "Gifts from Foreign Governments," reference (dd).

#### C7.4. PROCEDURES

C7.4.1. Normally, senior representatives of the Government of the United States are notified initially by representatives of a foreign government of the intent to proffer a decoration to a member of the Armed Forces of the United States. At that point, a determination shall be made by the employing DoD Component as to whether acceptance is authorized.

C7.4.2. If the intended recipient receives the initial notification, he or she must notify the employing DoD Component to determine whether acceptance is authorized. Circumstances may arise where an advance authorization cannot be made and, in such cases, Service members may make token acceptance of a foreign decoration, presented by or for a friendly foreign government. However, such token acceptance does not constitute an official acceptance, which may only be authorized by the Service member's employing DoD Component.

C7.4.3. Regardless of whether the Service member receives the initial notification or makes token acceptance of a decoration, the Service member must immediately submit a request through command channels requesting permission to accept the decoration. Failure to request permission to accept, retain, or wear the decoration shall result in the decoration becoming the property of the United States and shall be deposited by the recipient with his or her employing DoD Component for disposal, as prescribed by law. Requests to accept, retain, or wear the decoration shall contain at a minimum the following:

C7.4.3.1. Full name, grade, and social security number.

C7.4.3.2. Title of decoration, country offering it, date and place of

presentation, and name and title of person making the presentation.

C7.4.3.3. Recipient's organization and station, and a brief description of the duty assignment during the period being recognized by the decoration.

C7.4.3.4. A statement of the service for which the decoration was awarded. Enclose a copy of the citation if one accompanied the decoration; if not, indicate in the request that no citation accompanied the decoration. (Attach a translation if the citation is not in English.)

## C7.5. FOREIGN SERVICE AWARDS AND DECORATIONS

C7.5.1. The following non-U.S. service medals have been authorized for acceptance as indicated:

C7.5.1.1. Philippine Defense Ribbon. (A full-size medal is now available from the Philippine Government for this award.)

C7.5.1.1.1. Awarded for combat service in the defense of the Philippines from December 8, 1941 to June 15, 1942, if the Service member was:

C7.5.1.1.1.1. A member of the Bataan or Manila Bay Forces or of a unit, ship, or airplane under enemy attack.

C7.5.1.1.1.2. Assigned or stationed in the Philippine territories or waters for at least 30 calendar days during the period indicated in paragraph C7.5.1.1.1.1., above.

C7.5.1.1.2. A Service member who meets both conditions cited in paragraph C7.5.1.1.1., above, is authorized to wear a bronze star on the service ribbon.

C7.5.1.2. Philippine Liberation Ribbon. (A full-size medal is now available from the Philippine Government for this award.)

C7.5.1.2.1. Awarded for participation in the liberation of the Philippines from October 17, 1944 to September 3, 1945, if the Service member did the following:

C7.5.1.2.1.1. Participated in the initial landing operations on Leyte

or adjoining islands from October 17, 1944 to October 20, 1944. Service members are considered to have participated in such operations if they landed on Leyte or the adjoining islands, were on a ship in the waters of the Philippines, or a crew member of an airplane that flew over Philippine territories during the period indicated.

C7.5.1.2.1.2. Participated in any engagement against enemy forces during the campaign on Leyte and the adjoining islands. Service members are considered to have participated in such operations if they were assigned to ground, naval, or air units actually under enemy attack.

C7.5.1.2.1.3. Served in the Philippine Islands or aboard ships in the waters of the Philippines for at least 30 calendar days during the period indicated in paragraph C7.5.1.2.1., above.

C7.5.1.2.2. Service members who meet two of the conditions in paragraph C7.5.1.2.1., above, are authorized to wear a bronze star on the service ribbon. Service members meeting all three conditions shall wear two bronze stars.

C7.5.1.3. Philippine Independence Ribbon. (A full-size medal is now available from the Philippine Government for this award.) Awarded to Service members who are recipients of both the Philippine Defense and Philippine Liberation ribbons.

C7.5.1.4. United Nations Service Medal (Korea). Awarded to members of the Armed Forces of the United States who participated in the U.N. action in Korea and who are also eligible for the Korean Service Medal.

#### C7.5.1.5. United Nations Medal

C7.5.1.5.1. Authorized by the Secretary General of the U.N. for specific U.N. missions and actions. E.O. 11139 (reference (kk)) authorizes the Secretary of Defense to approve acceptance and wear by U.S. Service members who meet criteria specified by the Secretary General of the United Nations.

C7.5.1.5.2. United Nations Medal (UNM) is an all encompassing term used to describe the basic bronze medallion, with the U.N. emblem and the letters U.N. on the obverse, suspended from a ribbon.

C7.5.1.5.3. Each U.N. mission or action for which a UNM is awarded is commemorated by a suspension and service ribbon of unique colors and design. The ribbon and medallion combination take on the name of the specific operation for which the combination was created; for example, the operation in the former Republic of Yugoslavia is the United Nations Protection Force (UNPROFOR), yielding the UNPROFOR Medal.

C7.5.1.5.4. Procedures for approval, acceptance and wear of an UNM by U.S. Service members include:

C7.5.1.5.4.1. The Secretary General of the U.N. will offer to award a UNM to the Secretary of Defense for U.S. participants in designated U.N. missions or actions, will provide specific award eligibility criteria, and will determine eligibility of individual participants.

C7.5.1.5.4.2. The Secretary of Defense is approval authority for acceptance wear of UNM offered for specific U.N. missions or actions. A list of U.N.

missions and actions for which the Secretary of Defense has approved acceptance of a UNM by eligible U.S. military participants is at Appendix 1.

C7.5.1.5.4.3. If approved by the Secretary of Defense, U.S. Service members who meet the criteria may accept and wear the first UNM with unique suspension and service ribbon for which they qualify. To recognize subsequent awards (if approved by the Secretary of Defense) for service in a different U.N. mission or action, the Service member will affix a bronze service star to the first U.N. suspension and service ribbon awarded.

C7.5.1.5.4.4. A UNM will normally be awarded by the Chief of the U.N. Mission to qualifying U.S. Service members prior to their departure from service with the U.N.

C7.5.1.6. Republic of Vietnam Campaign Medal. Awarded to members of the Armed Forces of the United States who between March 1, 1961 and March 28, 1973:

C7.5.1.6.1. Served for 6 months in South Vietnam during the period indicated in Chapter 6, section C6.5., above.

C7.5.1.6.2. Served outside the geographical limits of South Vietnam and

contributed direct combat support to the RVN Armed Forces for an aggregate of six months. Only members of the Armed Forces of the United States who meet the criteria established for the AFEM (Vietnam) or the Vietnam Service Medal during the period of service required are considered to have contributed direct combat support to the RVN Armed Forces.

C7.5.1.6.3. Did not complete the length of service required in either paragraphs C7.5.1.6.1. or C7.5.1.6.2., above, but who, during wartime, were:

C7.5.1.6.3.1. Wounded by the enemy (in a military action).

C7.5.1.6.3.2. Captured by the enemy during action or in the line of duty, but later rescued or released.

C7.5.1.6.3.3. Killed in action or in the line of duty.

C7.5.1.6.4. Were assigned in Vietnam on January 28, 1973, and who served a minimum of 60 calendar days in Vietnam during the period January 29, 1973 to March 28, 1973.

C7.5.1.7. Inter-American Defense Board (IADB) Medal and Ribbon. The IADB medal and ribbon were authorized by the Ninety-first Session of the IADB on December 11, 1945. The Deputy Secretary of Defense Memorandum (reference (II)), authorized the acceptance and wearing of the IADB medal and ribbon by members of the Armed Forces of the United States. The IADB shall be awarded permanently to members of the Armed Forces of the United States who have served on the IADB for at least one year as the Chair of the board, delegates, advisers, officers of the staff, officers of the secretariat, or officers of the Inter-American Defense College. The IADB ribbon shall have the same precedence as the United Nations Service Medal, but the IADB ribbon shall rank below the United Nations Service Medal when the wearer has been awarded both decorations. The IADB medal or badge is worn in accordance with Service policy.

C7.5.1.8. Multinational Force and Observers Medal. Awarded to members of the Armed Forces of the United States who, after August 3, 1981, have served with the Multinational Force and Observers for at least 90 cumulative days. Approval for

members of the Armed Forces of the United States to accept and wear that medal was granted by the Deputy Secretary of Defense Memorandum (reference (mm)).

#### C7.5.1.9. Kuwait Liberation Medal (Saudi Arabia)

C7.5.1.9.1. Authorized by the Government of Saudi Arabia to members of the Coalition Forces who participated in Operation DESERT STORM and the liberation of Kuwait. The Deputy Secretary of Defense Memorandum, reference (nn), authorized the acceptance and wearing of the Kuwait Liberation Medal by members of the Armed Forces of the United States.

C7.5.1.9.2. To be eligible, U.S. military personnel must have:

C7.5.1.9.2.1. Served in support of operation DESERT STORM between January 17 and February 28, 1991, in one or more of the following areas:

C7.5.1.9.2.1.1. The Persian Gulf;

C7.5.1.9.2.1.2. The Red Sea;

C7.5.1.9.2.1.3. The Gulf of Oman;

C7.5.1.9.2.1.4. That portion of the Arabian Sea that lies north of 10 degrees north latitude and west of 68 degrees east longitude;

C7.5.1.9.2.1.5. The Gulf of Aden; or

C7.5.1.9.2.1.6. The total land areas of Iraq, Kuwait, Saudi Arabia, Omar, Bahrain, Qatar, and the United Arab Emirates.

C7.5.1.9.2.2. Have been, as follows:

C7.5.1.9.2.2.1. Attached to or regularly serving for one or more days with an organization participating in ground and/or shore operations;

C7.5.1.9.2.2.2. Attached to or regularly serving for one or more days aboard a naval vessel directly supporting military operations;

C7.5.1.9.2.2.3. Actually participating as a crew member in one

or more aerial flights supporting military operations in the areas designated above; or

C7.5.1.9.2.2.4. Serving on temporary duty for 30 consecutive days during this period. That time limitation may be waived for people participating in actual combat operations.

C7.5.1.9.3. The Kuwait Liberation Medal may be awarded posthumously.

C7.5.1.9.4. The Deputy Chief of Staff, Personnel, of each Service, and the Director, Joint Staff, are authorized to grant exceptions to policy for award of that medal. Since the eligibility period and geographic boundaries were specified by the Government of Saudi Arabia, those criteria may not be waived.

C7.5.1.9.5. The Kuwait Liberation Medal shall follow the Republic of Vietnam Campaign Medal in precedence, as in C7.5.1.6., above.

C7.5.1.9.6. The Military Departments shall prescribe appropriate regulations for the administrative processing, awarding, and wearing of the Kuwait Liberation Medal, ribbon, and appurtenances.

#### C7.5.1.10. Kuwait Liberation Medal (Kuwait)

C7.5.1.10.1. Authorized by the Government of Kuwait to members of the United States military who participated in Operations DESERT SHIELD and DESERT STORM. The Secretary of Defense Memorandum (reference (oo)) authorized the acceptance and wearing of the Kuwait Liberation Medal (K) by members of the Armed Forces of the United States.

C7.5.1.10.2. To be eligible, U.S. military personnel must have:

C7.5.1.10.2.1. Served in support of Operation DESERT SHIELD and DESERT STORM between August 2, 1990 and August 31, 1993, in one or more of the following areas:

C7.5.1.10.2.1.1. The Arabian Gulf;

C7.5.1.10.2.1.2. The Red Sea;

C7.5.1.10.2.1.3. The Gulf of Oman;

C7.5.1.10.2.1.4. That portion of the Arabian Sea that lies north of 10 degrees north latitude and west of 68 degrees east longitude;

C7.5.1.10.2.1.5. The Gulf of Aden; or

C7.5.1.10.2.1.6. The total land areas of Iraq, Kuwait, Saudi Arabia, Omar, Bahrain, Qatar, and the United Arab Emirates.

C7.5.1.10.2.2. Have been, as follows:

C7.5.1.10.2.2.1. Attached to or regularly serving for one or more days with an organization participating in ground and/or shore operations;

C7.5.1.10.2.2.2. Attached to or regularly serving for one or more days aboard a naval vessel directly supporting military operations;

C7.5.1.10.2.2.3. Actually participating as a crew member in one or more aerial flights directly supporting military operations in the areas designated above; or

C7.5.1.10.2.2.4. Serving on temporary duty for 30 consecutive days or 60 nonconsecutive days during this period. That time limitation may be waived for people participating in actual combat operations.

C7.5.1.10.3. The Kuwait Liberation Medal may be awarded posthumously.

C7.5.1.10.4. The Deputy Chief of Staff, Personnel, of each Service, and the Director, Joint Staff, are authorized to grant exceptions to policy for award of Kuwait Liberation Medal (K). Since the eligibility period and geographic boundaries were specified by the Government of Kuwait, those criteria may not be waived.

C7.5.1.10.5. The Kuwait Liberation Medal (K) shall follow the Kuwait Liberation Medal from the government of Saudi Arabia in precedence, as in paragraph C7.5.1.9., above.

C7.5.1.10.6. The Military Departments shall prescribe appropriate regulations for the administrative processing, awarding, and wearing of the medal, ribbon, and appurtenances.

### C7.5.1.11. NATO Medal

C7.5.1.11.1. Authorized by the Secretary General of NATO for specific NATO operations. In accordance with Executive Order 11446 (reference (jj)), the Secretary of Defense, with concurrence of the Secretary of State, may approve acceptance and wear by U.S. Service members who meet criteria specified by the Secretary General of NATO.

C7.5.1.11.2. Acceptance of the NATO Medal has been approved for U.S. military personnel who serve under NATO command or operational control in direct support of NATO operations in the former Republic of Yugoslavia, or as designated by SACEUR, from 1 July 1992 through a future date to be determined.

C7.5.1.11.3. The NATO Medal shall have the same precedence as the United Nations Medal, but shall rank immediately below the United Nations Medal when the wearer has been awarded both decorations.

C7.5.1.11.4. The NATO medal presentation set received from a NATO representative may include a ribbon clasp denoting the specific operation for which the award was made. U.S. Service members are authorized to retain the ribbon clasp if presented; however, the wearing of ribbon clasps with the NATO medal or service ribbon is not authorized for U.S. Service members. U.S. Service members may wear only the basic medal or service ribbon.

C7.5.1.11.5. To recognize subsequent awards (if approved by the Secretary of Defense) for service in a different NATO operation, U.S. Service members will affix a bronze service star to the NATO Medal suspension ribbon and service ribbon.

C7.5.1.11.6. The NATO Medal will normally be presented by the Allied Command Europe headquarters exercising operational command or control over U.S. military units or individuals prior to their departure from service with NATO.

C7.5.2. The following non-U.S. ribbons have been authorized for wear, as indicated:

C7.5.2.1. Philippine Republic Presidential Unit Citation. For service in defense and liberation of the Philippines during World War II. Also subsequently awarded to Army, Navy, and Marine Corps units for selected disaster relief operations.

C7.5.2.2. Republic of Korea Presidential Unit Citation. For service in Korea from June 27, 1950 to July 27, 1953.

C7.5.2.3. Vietnam Presidential Unit Citation. For humanitarian assistance given during August-September 1954 in evacuation of civilians from North and Central Vietnam.

C7.5.2.4. Republic of Vietnam Gallantry Cross with Palm Unit Citation. Awarded by the RVN to units for valorous combat achievements.

C7.5.2.5. Republic of Vietnam Civil Actions Unit Citation. Awarded by the RVN to units in recognition of meritorious civil action service.

## ARMED FORECES DECORATIONS FOR FOREIGN MILITARY PERSONNEL

### C8.1. INTRODUCTION

C8.1.1. It is the DoD policy to recognize individual acts of heroism, extraordinary achievement or meritorious achievement on the part of Service members of friendly foreign nations when such acts have been of significant benefit to the United States or materially contributed to the successful prosecution of a military campaign by Armed Forces of the United States. Such acts or achievements shall be recognized through the award of an individual U.S. decoration.

C8.1.2. U.S. campaign and service medals shall not be awarded to members of foreign military establishments.

C8.1.3. The provisions of this Chapter do not apply to the following:

C8.1.3.1. Emblems, badges, or trophies awarded for the attainment of a prescribed degree of skill, proficiency, or excellence of performance.

C8.1.3.2. The Antarctica Service Medal awarded to citizens of foreign nations.

C8.1.3.3. Other recognition awarded in accordance with the DoD Incentive Awards Program outlined in DoD Directive 5120.15 (reference (pp)).

C8.1.4. With the exception of the decorations identified in paragraphs C8.2.1. and C8.2.3., below, the Secretary of Defense shall approve all proposals to award U.S. military decorations to foreign nationals.

### C8.2. DECORATIONS TO FOREIGN NATIONALS

C8.2.1. Decorations for Foreign Military Personnel Engaged in Direct Support of Operations

C8.2.1.1. Foreign military personnel in ranks comparable to the grade of O-6, and below, at the time the act was performed and at the time the decoration is presented, may be awarded:

C8.2.1.1.1. The Silver Star, the Distinguished Flying Cross, the Bronze Star, or the Air Medal for valorous acts in actual combat in direct support of operations.

C8.2.1.1.2. The Soldier's Medal, the Navy and Marine Corps Medal, or the Airman's Medal for heroic acts in direct support of operations, but not involving actual combat.

C8.2.1.1.3. The Bronze Star for meritorious service in direct support of combat operations.

C8.2.1.2. The award of those decorations listed in paragraphs C8.2.1.1.1. through C8.2.1.1.3., above, to foreign military personnel shall be based on an act or service that would satisfy the criteria governing the award of the decoration to a member of the Armed Forces of the United States.

C8.2.1.3. Those decorations shall be awarded by the Secretary concerned or, as designated.

C8.2.1.4. Before the awarding of any decoration listed in paragraph C8.2.1., above, the approving authority shall coordinate with the appropriate U.S. Embassy to ensure that the decoration is consistent with the overall interests of the United States.

## C8.2.2. Legion of Merit

C8.2.2.1. The Legion of Merit, in the following degrees, is awarded to individuals who distinguish themselves by "exceptional meritorious conduct in performance of outstanding service" to the United States according to Executive Order 9260, "Legion of Merit," reference (qq):

C8.2.2.1.1. Degree of Chief Commander. Awarded by the President of the United States, upon the recommendation of the Secretary of Defense, after concurrence by the Secretary of State, to the foreign chiefs of state or the heads of government.

C8.2.2.1.2. Degree of Commander. Awarded by the Secretary of Defense, after the concurrence of the Secretary of State, to individuals holding a rank equivalent to a U.S. Military Service Chief of Staff, or higher position, but not to chiefs of state.

C8.2.2.1.3. Degree of Officer. Awarded by the Secretary of Defense, after the concurrence of the Secretary of State, to individuals of the following rank or position:

C8.2.2.1.3.1. Officers of general or flag rank serving in positions below the equivalent of a U.S. Military Service Chief of Staff.

C8.2.2.1.3.2. Officers in ranks parallel with colonel or equivalent, for service in positions comparable to those normally held by general or flag officers in the Armed Forces of the United States.

C8.2.2.1.3.3. Foreign military attaches.

C8.2.2.1.4. Degree of Legionnaire. Awarded by the Secretary of Defense, after the concurrence of the Secretary of State, to all others eligible under Executive Order 9260 (reference (qq)).

C8.2.2.2. Certificates and citations to accompany recommendations for the Legion of Merit shall be prepared, as follows:

C8.2.2.2.1. Degree of Chief Commander

C8.2.2.2.1.1. The certificate shall be prepared for signature of the President at the lower right and signature of the Secretary of Defense at the lower left.

C8.2.2.2.1.2. The citation shall be prepared for signature of the Secretary of Defense and for affixing of the DoD seal.

C8.2.2.2.2. Degrees of Commander, Officer, and Legionnaire

C8.2.2.2.2.1. The certificate shall be prepared for signature of the Secretary of Defense at the lower right and the Head of the DoD Component or the Unified Commander initiating the recommendation at the lower left.

C8.2.2.2.2.2. The citation shall be prepared for signature of the Secretary of Defense and for affixing the DoD seal.

C8.2.3. Awards of a Military Department Meritorious Service Medal, Commendation Medal, or Achievement Medal

C8.2.3.1. The Meritorious Service Medal, Commendation Medal, or Achievement Medal of a particular Military Department may be awarded to a member of the armed forces of a friendly foreign nation who, after June 1, 1962, distinguished himself or herself by extraordinary achievement or meritorious service that has been of mutual benefit to a friendly nation and the United States, according to E.O. 11448 (reference (rr)) and Presidential Memorandum (reference (ss)).

C8.2.3.2. The awarding of any of those decorations to a member of the armed forces of a friendly foreign nation shall be based on an act or a service that would satisfy the criteria governing the award of that decoration to a member of that Military Department.

C8.2.3.3. Those decorations may be awarded by the Secretary concerned or by such officers as he or she may designate.

C8.2.3.4. Those decorations may not be awarded to a general or flag officer of a friendly foreign nation without the approval of the Secretary of Defense.

### C8.3. RESPONSIBILITIES

C8.3.1. THE HEADS OF THE DoD COMPONENTS AND THE UNIFIED COMBATANT COMMANDERS shall ensure that awards to foreign military personnel clearly meet the requirements of section C8.2., above, and that those recommendations exceeding the 6-month period specified in paragraph 8.4.4., below, are disapproved, unless due to simple administrative delay or unusual circumstances. A full explanation shall be required for those cases forwarded beyond the 6-month period.

C8.3.2. THE HEAD OF THE DoD COMPONENT, OR THE UNIFIED COMBATANT COMMANDER, initiating the recommendation of an award to a member of a foreign military establishment shall request the pertinent military counterintelligence organization to conduct a counterintelligence records check in conjunction with the initiation of the award recommendation.

C8.3.3. THE DIRECTOR, DEFENSE INTELLIGENCE AGENCY, shall review the award recommendations, and conduct counterintelligence and biographic file checks to ensure the foreign military nominee has committed no act or engaged in any activity wherein the award of a U.S. decoration would cause embarrassment to the United States and shall provide the recommending DoD Component or Unified Combatant Commander with a statement of concurrence or nonconcurrence.

C8.3.4. THE UNDER SECRETARY OF DEFENSE FOR POLICY shall coordinate, in the OSD, the recommendations for an award requiring Secretary of Defense approval, and shall obtain a statement of concurrence from the Secretary of State, or designated representative, when required.

C8.3.5. THE DIRECTOR, WASHINGTON HEADQUARTERS SERVICES (WHS), shall maintain a stock of Legion of Merit certificates for all the DoD Components and the Unified Combatant Commands.

#### C8.4. PROCEDURES

C8.4.1. On receipt of the counterintelligence check, the initiating DoD Component or Unified Combatant Commander shall forward it to the DIA for review. The DIA shall prepare and return to the recommending DoD Component or Unified Combatant Command a biographic sketch together with a statement of concurrence in the proposed award and citation.

C8.4.2. A recommendation from a DoD Component or an Unified Combatant Commander for an award requiring approval of the Secretary of Defense or a higher authority shall include the items in paragraphs C8.4.2.1. through C8.4.2.6., below. Recommendations initiated by Unified Combatant Commanders may bypass the Service and Chairman of the Joint Chiefs of Staff coordination. However, information copies should be provided.

C8.4.2.1. Covering memorandum to the Secretary of Defense recommending approval and, where appropriate, a proposed memorandum for the Secretary of Defense to the President recommending approval.

C8.4.2.2. Approved citation and, where appropriate, the approved certificate.

C8.4.2.3. Biographic sketch on the individual to receive the award.

C8.4.2.4. Statement of concurrence by the U.S. Chief of Mission and the U.S. Defense Attache (if one is assigned) to the country of the recipient of the award.

C8.4.2.5. Statement of concurrence from the DIA.

C8.4.2.6. Additional documentation supporting the recommendation.

C8.4.3. If considered desirable, the USD(P) should request the Department of State to obtain the foreign country's clearance for the award.

C8.4.4. Recommendation for an award should reach the USD(P) in six months after completion of the period of service for which the award is being recommended to ensure coordination with the DOS. On clearance by that office, the recommendation then shall be forwarded to the OSD for appropriate action.

C8.4.5. After the award is approved, the recommending DoD Component or Unified Combatant Commander shall:

C8.4.5.1. Make necessary arrangements, coordinating with the appropriate Ambassador or U.S. Defense Attache, for presenting the award. Once approved, unnecessary security or administrative processing should be avoided to ensure prompt recognition is given to the intended recipient.

C8.4.5.2. Ensure that a miniature medal is included in the award package to be presented to the individual.

C8.4.6. Scheduling of presentation ceremonies and public announcements regarding individual awards shall be avoided until approval of the award is granted.

## C9. CHAPTER 9

### OFFICE OF THE SECRETARY OF DEFENSE IDENTIFICATION BADGE

#### C9.1. INTRODUCTION

The Office of the Secretary of Defense Identification Badge (hereafter referred to as the "OSD Badge"), authorized under 10 U.S.C. 1125 (reference (tt)), provides a distinct identification of military staff members while assigned and, after reassignment, indicates that the Service member has satisfactorily served on the Secretary of Defense's staff.

#### C9.2. POLICY

C9.2.1. Description of the OSD Badge. The OSD Badge consists of a Silver sunburst of 33 rays and a gold annulate with 13 stars on which is imposed an eagle with a shield on its breast grasping 3 crossed arrows. The OSD Badge is produced in two dimensions, a full-size (2 inches in diameter) and a miniature badge (1 1/2 inches in diameter).

##### C9.2.2. Manner of Wearing

C9.2.2.1. The uniform regulations of the Military Services shall govern the wearing of the OSD Badge.

C9.2.2.2. Lapel pin replicas of the OSD Badge are not issue items. Purchased through civilian sources or the Pentagon Tri-Service clothing sales, they may be worn by the civilian OSD staff at their own discretion.

#### C9.3. ELIGIBILITY

C9.3.1. Temporary. The Chief, Military Personnel Division, Personnel and

Security Directorate, WHS, shall issue one full-size and one miniature OSD Badge to all Service members during inprocessing, when they are assigned on a permanent basis to any of the following organizational elements:

C9.3.1.1. The immediate Offices of the Secretary and the Deputy Secretary of Defense.

C9.3.1.2. The Offices of the USDs.

C9.3.1.3. The Offices of the ASDs.

C9.3.1.4. The Office of the Comptroller of the Department of Defense.

C9.3.1.5. The Office of the GC, DoD.

C9.3.1.6. The Office of the Inspector General of the Department of Defense (IG, DoD).

C9.3.1.7. The Offices of the ATSDs or Deputy Secretary of Defense.

C9.3.1.8. The Office of the Defense Advisor, U.S. Mission to NATO.

C9.3.1.9. The Offices of the Directors of Net Assessment, Operational Test and Evaluation (OT&E), the Ballistic Missile Defense Organization (BMDO), the Advance Research Projects Agency (ARPA), the DSAA, and the DA&M.

C9.3.1.10. The DoD Field Activities.

## C9.3.2. Permanent

C9.3.2.1. Active Duty Service Members. On completion of 1 year of duty with any of the elements specified in paragraph C9.3.1., above, a Service member, including a Reserve component officer serving on a statutory tour or enlisted member serving under the 10 U.S.C. (reference (tt)) shall be entitled to permanent possession of the OSD Badge, if any of the following criteria is satisfied:

C9.3.2.1.1. Assignment to the permanent staff in an authorized billet charged against the OSD personnel ceiling on or after January 31, 1961, for no less than

one year.

C9.3.2.1.2. Temporarily assigned with OSD, approved by the DA&M, OSD, for no less than one year. That includes the OSD Fellowship Program.

C9.3.2.1.3. Any combination of paragraphs C9.3.2.1.1. and C9.3.2.1.2., above, totaling more than 1 year.

C9.3.2.2. Reserve Components. Members of the Reserve components who are assigned to any of the organizational elements specified in paragraph C9.3.1., above, shall be entitled to permanent possession of the OSD Badge, if they have been assigned

to an individual mobilization augmentee position for not less than two years and have performed at least 24 days of active duty for training in such position, on or after January 1, 1979.

#### C9.4. ISSUANCE OF CERTIFICATE OF ELIGIBILITY

A certificate of eligibility shall be prepared by the Chief, Military Personnel Division; Personnel and Security Directorate, WHS, and shall constitute the authority for purchase of permanent issue of the OSD Badge. It must be authorized and approved by one of the following:

C9.4.1. The Secretary of Defense.

C9.4.2. The Deputy Secretary of Defense.

C9.4.3. The USD.

C9.4.4. The ASD.

C9.4.5. The GC, DoD.

C9.4.6. The IG, DoD.

C9.4.7. The Assistant to the Secretary of Defense.

C9.4.8. The Defense Advisor, U.S. Mission to NATO.

C9.4.9. The Directors of Net Assessment, OT&E, BMDO, the ARPA, the DSAA,

and the DA&M OSD; or the DoD Field Activities.

## C9.5. PROCEDURES

C9.5.1. The Chief, Military Personnel Division, Personnel and Security Directorate, WHS, shall provide the completed SD Form 525, "Office of the Secretary of Defense Identification Badge Certificate," to the approving official for presentation.

C9.5.2. The authorizing official shall:

C9.5.2.1. Complete the endorsement of the notice of eligibility and return it to the Chief, Military Personnel Division, Personnel and Security Directorate, WHS.

C9.5.2.2. Present the certificate to the recipient.

## C10. CHAPTER 10 APPURTENANCES

### C10.1. SERVICE DEVICES

Devices are affixed to service or suspension ribbons to denote additional awards or participation in a specific event. Numerous devices have been authorized for the various decorations and service awards awarded to members of the Armed Forces of the United States. In most instances, the Services determine the manner in which these devices shall be worn. However, in the case of Defense awards, the devices to be worn are determined by the ASD(FMP). The devices that have been authorized for wear on the service and suspension ribbons of Defense awards are:

C10.1.1. Oak-Leaf Cluster. Oak-leaf clusters are issued in three sizes and two colors. The larger size is worn on the suspension ribbon of the medal, the middle size on the service ribbon, and the smaller size on the miniature medals and ribbons. The two colors are bronze and Silver. The bronze oak-leaf cluster is used for the 2nd through the 5th, 7th through 10th, etc., entitlement or award. A Silver oak-leaf cluster is used for the 6th, 11th, and so forth, entitlement or award, or instead of five bronze

oak-leaf clusters. The oak-leaf cluster is worn on the service and suspension ribbon of all Defense decorations and the JMUA (with the exception of the Coast Guard).

C10.1.2. Service Stars. The service star is a bronze or Silver five-pointed star, 3/16 inch in diameter. A Silver star is worn instead of five bronze service stars. The service star is worn on the Prisoner of War Medal, the National Defense Service Medal, the Korean Service Medal, the Armed Forces Expeditionary Medal, the Vietnam Service Medal, the Humanitarian Service Medal, the Southwest Asia Service Medal, the Armed Forces Service Medal, and the Military Outstanding Volunteer Service Medal.

C10.1.3. Antarctica Service Medal Clasp. That is a bronze, gold, or Silver bar, 1/4-inch wide and 1/2-inches long, bearing the words "Wintered Over." It is worn only on the suspension ribbon of the medal. The clasp is authorized for personnel who stay on the Antarctic continent during the winter months. The bronze clasp represents the first winter-over, the gold clasp the second winter, and the Silver clasp the third and later winters. Only one clasp may be worn on the suspension ribbon.

C10.1.4. "V" (Valor) Device. That device is a metallic bronze, letter "V" that represents valor. It is worn on the suspension and service ribbon of the JSCM when the medal was awarded for acts or service involving direct participation in combat

operations on or after June 25, 1963. (When worn with gold stars, the "V" device is always worn centered on the service ribbon. When worn with oak-leaf clusters, the "V" device is worn to the wearer's right of the clusters. Only one "V" device is worn, regardless of the number of times earned.)

## C10.2. GOLD STAR LAPEL BUTTON

C10.2.1. The Gold Star Lapel Button authorized by 10 U.S.C. 1126 (reference (uu)) is made up of a gold star 1/4 inch in diameter mounted on a purple disk 3/4 inch in diameter. The star is surrounded by gold laurel leaves in a wreath 5/8 inch in diameter. The opposite side bears the inscription, "United States of America Act of Congress, August 1966," with space for engraving the initials of the recipient. The button shall be available with pin-joint and safety-catch fastener or with pin and clutch-type fastener at the option of the recipient. (That button is identical to those previously authorized, except for the date of enactment inscribed on the reverse. Gold Star Lapel Buttons inscribed "August 1947" may be issued until present inventories are exhausted.)

C10.2.2. The Gold Star Lapel Button shall be distributed to the widow, widower (remarried or not), each parent (mother, father, stepmother, stepfather, mother through adoption, father through adoption, and foster parents who stood in loco parentis), each child, each brother, each sister, each half-brother, each half-sister, each step-child, and each adopted child of a member of the Armed Forces of the United States who lost his or her life under any of the following conditions:

C10.2.2.1. During World War I, World War II, or any subsequent period of armed hostilities in which the United States was engaged before July 1, 1958.

C10.2.2.2. While engaged in an action against an enemy of the United States; while engaged in military operations involving conflict with an opposing foreign force; or while serving with friendly forces engaged in an armed conflict in which the United States is not a belligerent party against an opposing armed force any time since June 30, 1958.

### C10.3. SERVICE FLAG AND LAPEL BUTTON

C10.3.1. Definitions. For this section, the following definitions apply:

C10.3.1.1. Members of the Immediate Family. Includes wife, husband, mother, father, stepmother, stepfather, parent through adoption, foster parents who stand or stood in loco parentis, children, stepchildren, children through adoption, brothers,

sisters, half brothers, and half sisters of a member of the Armed Forces of the United States.

C10.3.1.2. Organization. Includes those group organizations such as churches, schools, colleges, fraternities, sororities, societies, and places of business with which the member of the Armed Forces of the United States was or is associated.

#### C10.3.2. Policy

C10.3.2.1. The Service flag authorized by Section 176, title 36, U.S.C. (reference (vv)) may be displayed in a window of the place of residence of persons who are members of the immediate family of Service members serving in the Armed Forces of the United States during any period of war or hostilities in which the Armed Forces of the United States may be engaged, for the duration of such period of war or hostilities.

C10.3.2.2. The Service flag may be displayed by an organization to honor the members of that organization serving in the Armed Forces of the United States during any period of war or hostilities in which the Armed Forces of the United States may be engaged, for the duration of such period of war or hostilities.

C10.3.2.3. The Service Lapel Button authorized by 10 U.S.C. 1123 (reference (n)) may be worn by members of the immediate family of Service members serving in the Armed Forces of the United States during any period of war or hostilities in which the Armed Forces of the United States may be engaged, for the duration of such period of war or hostilities.

C10.3.3. Delegation of Authority. The Secretary of the Army is hereby designated to act as the Executive Agent of the Secretary of Defense for granting certificates of authority for the manufacture and sale of Service flags and Service Lapel Buttons conforming to the approved design described herein; providing appropriate design instructions to manufacturers; and administering the provisions of 36 U.S.C. 181 (reference (ww)), under which any person, firm, or corporation who manufactures such Service flag or Service Lapel Button without having first obtained such a certificate of authority, or otherwise violates reference (ww), shall, on conviction thereof, be fined not more than 1,000 dollars.

#### C10.3.4. Design

C10.3.4.1. A design for the Service flag is approved, as follows:

C10.3.4.1.1. Flag for Immediate Family. On a white rectangular field a blue star or stars within a red border.

C10.3.4.1.1.1. The number of blue stars shall correspond to the number of Service members from the "immediate family" who are symbolized on the flag.

C10.3.4.1.1.2. The flag horizontally displayed shall have the stars arranged in a horizontal line or lines with one point of each star up (Figure C10.F1.).

C10.3.4.1.1.3. The flag described in paragraphs C10.3.4.1.1.1. and

C10.3.4.1.1.2., above, may be displayed vertically (Figure C10.1.).

C10.3.4.1.1.4. If the Service member symbolized is killed or dies while serving, from causes other than dishonorable, the star representing that individual shall have superimposed thereon a gold star of smaller size so that the blue forms a border. When the flag is suspended, as against a wall, the gold star shall be to the right of, or above, the blue star (Figure C10.F1.).

C10.3.4.1.2. Flag for Organizations. The flag for organizations shall correspond to that described for an immediate family in paragraphs C10.3.4.1.1.1. through C10.3.4.1.1.4., above, subject to the following additional provisions:

C10.3.4.1.2.1. Instead of using a separate star for each Service member, one star may be used with the number of Service members indicated by Arabic numerals, which shall appear below the star.

C10.3.4.1.2.2. If any Service members are deceased, as determined under the circumstances cited in paragraph C10.3.4.1.1.4., above, a gold star shall be placed nearest the staff, or above the blue star in the case of a flag used in a vertical display (Figure C10.F1.). Below that star shall be the Arabic numerals.

C10.3.4.1.2.3. The gold stars in both cases shall be smaller than the blue stars so that the blue shall form a border. The numerals in all cases shall be in blue.

C10.3.4.1.3. Color and Relative Proportions. The shades of colors used in the flag and the relative proportions shall be in accordance with manufacturing instructions furnished to licensed manufacturers by the Department of the Army.

C10.3.2.2. Service Lapel Button. The Service Lapel Button shall be a blue star on a white rectangular field within a red border, 3/16 inch x 3/8 inch in over-all size (Figure C10.F1.) The shades of colors and the detailed dimensions shall be in accordance with manufacturing instructions furnished to licensed manufacturers by the Department of the Army.

### C10.3.5. Display of the Service Flag

C10.3.5.1. The Service flag shall be treated with dignity and respect. When displayed with the flag of the United States, the Service flag shall be of approximately equal size, but never larger than the flag of the United States. The flag of the United States shall occupy the position of honor.

C10.3.5.2. When the Service flag is displayed other than by being flown from a staff, it shall be suspended either horizontally or vertically.

C10.3.5.3. Users are cautioned against the use of the Service flag for advertising purposes. It shall not be embroidered on such articles as cushions, handkerchiefs; etc., printed, or otherwise impressed on paper napkins or boxes or anything that is designed for temporary use and discarded; or used as any portion of a costume or athletic uniform. Advertising signs shall not be fastened to a staff or halyard from which the Service flag is flown.

C10.3.5.4. For cautions against the improper use of the Service flag, users should be guided generally by Section 176 of title 36, U.S.C. (reference (vv)), which apply to the flag of the United States of America.

#### C10.3.6. Wearing of the Service Lapel Button

C10.3.6.1. The blue star of the Service lapel button worn by members of the immediate family shall signify that one or more Service members are serving in the Armed Forces of the United States under the conditions specified in paragraph C10.3.2.3., above. Multiple blue stars are not authorized.

C10.3.6.2. A person eligible to wear the Gold Star Lapel Button, section C10.2., above, may wear the Service lapel button in conjunction therewith, if that person is also entitled to wear the Service Lapel Button under paragraph C10.3.2.3., above. A gold star is not authorized as part of the Service Lapel Button.

#### C10.3.7. Application for Licensing

C10.3.7.1. Applicants desiring to enter into the manufacture and sale of the Service flag or the Service Lapel Button should address applications to the Director, The Institute of Heraldry, 9325 Gunston Road, Suite 112, Fort Belvoir, VA

22060-5576.

C10.3.7.2. A certificate of authority to manufacture and sell the Service flag or the Service Lapel Button shall be granted only on agreement in writing by the applicant that he or she shall not deviate in the manufacture or sale of the approved official Service flag or Service Lapel Button, as described in this chapter. The certificate of authority shall refer to Section 181 of title 36, U.S.C. (reference (ww)).

C10.3.7.3. Drawings and instructions for the Service flag and the Service Lapel Button shall be provided to manufacturers with the issuance of their certificates of authority.

C10.3.8. Purchase of Service Flag and Service Lapel Button. Service flags and Service Lapel Buttons must be procured from commercial sources. The Government does not have authority to manufacture, issue, or sell Service flags or Service Lapel Buttons.

## AP1. APPENDIX 1

## U.S. MILITARY DECORATIONS

AP1.1.1. This Appendix contains a brief description of the various decorations that have been authorized for the Armed Forces of the United States:

AP1.1.2. Those decorations include the following:

AP1.1.2.1. MOH (U.S. Navy, U.S. Marine Corps, U.S. Coast Guard)

AP1.1.2.1.1. Authorized by Section 6241 of title 10, U.S.C., "Medal of Honor" (reference (xx)).

AP1.1.2.1.2. Awarded pursuant to 10 U.S.C. 6241 (U.S. Navy and U.S. Marine Corps Service members) and 14 U.S.C. (U.S. Coast Guard Service members) (references (xx) and (yy)) by the President of the United States in the name of the Congress. The MOH may be awarded to Service members of the U.S. Navy, the U.S. Marine Corps, and the U.S. Coast Guard who distinguish themselves conspicuously by gallantry and intrepidity at the risk of their lives above and beyond the call of duty under any of the following circumstances:

AP1.1.2.1.2.1. While engaged in an action against an enemy of the United States.

AP1.1.2.1.2.2. While engaged in military operations involving conflict with an opposing foreign force.

AP1.1.2.1.2.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

AP1.1.2.2. MOH (U.S. Army)

AP1.1.2.2.1. Authorized by Congress through "A Resolution to Provide for the Presentation of Medals of Honor," July 12, 1862, as amended.

AP1.1.2.2.2. Awarded pursuant to 10 U.S.C. 3741 (reference (zz)) by the President of the United States in the name of the Congress. The MOH may be awarded to members of the U.S. Army who distinguish themselves conspicuously by gallantry and

intrepidity at the risk of their lives above and beyond the call of duty under any of the following circumstances:

AP1.1.2.2.2.1. While engaged in an action against an enemy of the United States.

AP1.1.2.2.2.2. While engaged in military operations involving conflict with an opposing foreign force.

AP1.1.2.2.2.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

#### AP1.1.2.3. MOH (U.S. Air Force)

AP1.1.2.3.1. The basis for the U.S. Air Force medal is the legislation authorizing the U.S. Army medal. It was authorized specifically for the U.S. Air Force upon enactment of Section 8741 of title 10, U.S.C. (reference (aaa)).

AP1.1.2.3.2. Awarded pursuant to Section 8741 of title 10, U.S.C. (reference (aaa)), by the President of the United States in the name of the Congress. The MOH may be awarded to members of the U.S. Air Force who distinguish themselves conspicuously by gallantry and intrepidity at the risk of their lives above and beyond the call of duty under any of the following conditions:

AP1.1.2.3.2.1. While engaged in an action against an enemy of the United States.

AP1.1.2.3.2.2. While engaged in military operations involving conflict with an opposing foreign force.

AP1.1.2.3.2.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

#### AP1.1.2.4. Brevet Medal (U.S. Marine Corps)

AP1.1.2.4.1. Authorized by the Secretary of the Navy, June 7, 1921.

AP1.1.2.4.2. In recognition of distinguished service and conduct in the presence of the enemy during the Mexican War, the Civil War, the Spanish-American War, the Philippine Insurrection, and the Boxer Rebellion in China, brevet commissions

for bravery in action were conferred on selected officers of the Marine Corps. However, no medal or badge accompanied the commission.

AP1.1.2.4.3. In 1921, based on a recommendation by the Commandant of the U.S. Marine Corps, Major General John A. Lejeune, the Brevet Medal was established. That medal was to be awarded to all those whose brevet commissions were confirmed by the U.S. Senate. At the time the Brevet Medal was authorized, it was awarded to 23 officers, 3 of whom already held the MOH. However, the Brevet Medal decoration is no longer awarded by the Department of the Navy.

#### AP1.1.2.5. Distinguished Service Cross

AP1.1.2.5.1. Authorized by Section 3742 of title 10, U.S.C. (reference (bbb)).

AP1.1.2.5.2. Awarded pursuant to Section 3742 of title 10, U.S.C. (reference (bbb)) to Service members who, while serving in any capacity with the U.S. Army, distinguish themselves by extraordinary heroism not justifying the award of the MOH under any of the following circumstances:

AP1.1.2.5.2.1. While engaged in an action against an enemy of the United States.

AP1.1.2.5.2.2. While engaged in military operations involving conflict with an opposing foreign force.

AP1.1.2.5.2.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

#### AP1.1.2.6. Navy Cross

AP1.1.2.6.1. Authorized by Section 6242 of title 10, U.S.C. (reference (ccc)).

AP1.1.2.6.2. Awarded pursuant to Section 6242 of title 10, U.S.C. (reference (ccc)) to persons who, while serving in any capacity with the U.S. Navy or U.S. Marine Corps, distinguish themselves by extraordinary heroism not justifying the award of the MOH under any of the following circumstances:

AP1.1.2.6.2.1. While engaged in an action against an enemy of the United States.

AP1.1.2.6.2.2. While engaged in military operations involving conflict with an opposing foreign force.

AP1.1.2.6.2.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not belligerent party.

#### AP1.1.2.7. Air Force Cross

AP1.1.2.7.1. Authorized by Section 8742 of title 10, U.S.C., "Air Force Cross: Award," (reference (ddd)).

AP1.1.2.7.2. Awarded pursuant to Section 8742 of title 10, U.S.C. (reference (ddd)) to Service members who, while serving in any capacity with the U.S. Air Force, distinguish themselves by extraordinary heroism not justifying the award of the MOH under any of the following circumstances:

AP1.1.2.7.2.1. While engaged in an action against an enemy of the United States.

AP1.1.2.7.2.2. While engaged in military operations involving conflict with an opposing foreign force.

AP1.1.2.7.2.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

#### AP1.1.2.8. Defense Distinguished Service Medal

AP1.1.2.8.1. Authorized by E.O. 11545 (reference (i)).

AP1.1.2.8.2. Awarded by the Secretary of Defense to any military officer of the United States who, while assigned to a joint staff or activity, distinguishes himself or herself by exceptionally meritorious service in a position of unique and great responsibility. It shall not be awarded to any officer, for a period of service for which a Service Distinguished Service Medal, or similar decoration, has been awarded.

#### AP1.1.2.9. Certificate of Merit

AP1.1.2.9.1. Authorized through "An Act to Establish the Certificate of Merit," March 3, 1847.

AP1.1.2.9.2. Originally the certificate was created to recognize privates in the U.S. Army for gallantry in action or for specially meritorious service in peacetime. For over 50 years, the Certificate of Merit was a certificate that was awarded by the President of the United States. However, in 1905 a medal was designed for holders of that certificate.

AP1.1.2.9.3. In 1918, the Congress discontinued the Certificate of Merit Medal. Holders of that obsolete medal, on request and with the surrender of their Certificate of Merit Medal, were authorized award of the Distinguished Service Medal. Sixteen years later, the policy was changed and those whose Certificates had been replaced by Distinguished Service Medals were authorized to have them replaced instead with the Distinguished Service Cross.

AP1.1.2.9.4. During its 71-year history, a total of 1,211 enlisted members of the U.S. Army received the Certificate of Merit Award.

#### AP1.1.2.10. Distinguished Service Medal

AP1.1.2.10.1. The U.S. Army Medal was authorized by the Secretary of War on January 12, 1918 and subsequently authorized by Congress through the "Fiscal Year 1919 Army Appropriations Act," July 9, 1918. The U.S. Navy medal is authorized by Section 6243 of title 10, U.S.C. (reference (eee)). The basis for the U.S. Air Force medal is the legislation authorizing the U.S. Army medal; the U.S. Air Force design change was done in 1961. The U.S. Coast Guard medal is authorized by Section 492 of title 14, U.S.C. (reference (fff)).

AP1.1.2.10.2. Awarded pursuant to Section 3743 of title 10, U.S.C. (U.S. Army Service members) (reference (ggg)), Section 6243 of reference (eee) (U.S. Navy and U.S. Marine Corps Service members), Section 8743 of reference (hhh) (U.S. Air Force Service members), and Section 492 of title 14, U.S.C. (reference (fff)) (U.S. Coast Guard Service members). The Distinguished Service Medal is awarded to Service members who, while serving in any capacity of the Armed Forces of the United States, distinguish themselves by exceptionally meritorious service to the Government in a duty of great responsibility.

#### AP1.1.2.11. Transportation Distinguished Service Medal

AP1.1.2.11.1. Authorized by Executive Order 12824 (reference (iii)).

AP1.1.2.11.2. Awarded by the Secretary of Transportation to a member of the Coast Guard who has provided exceptionally meritorious service in a duty of great

responsibility while assigned in the Department of Transportation, or in other activities under the responsibility of the Secretary of Transportation, either national or international, as may be assigned by the Secretary.

AP1.1.2.11.3. The Transportation Distinguished Service Medal shall be worn and be placed in precedence immediately above the Coast Guard Distinguished Service Medal.

#### AP1.1.2.12. Silver Star

AP1.1.2.12.1. For U.S. Army (Section 3746 of title 10, U.S.C. (reference (jjj))) and U.S. Air Force Service (Section 8746 of title 10, U.S.C. (reference (kkk))) members, authorized through "An Act to Establish the Army Silver Star Medal," December 15, 1942. For U.S. Navy and U.S. Marine Corps Service members, authorized by Act of Congress, August 7, 1942 (Public Law 702). The Army Silver Star was originally known as the "Citation Star" and authorized by the same Legislation which established the Distinguished Service Cross, July 9, 1918. In 1942, the Citation Star was replaced by the Silver Star.

AP1.1.2.12.2. Awarded pursuant to Section 3746 of title 10, U.S.C. (reference (jjj)) (U.S. Army Service members), Section 6244 of reference (III) (U.S. Navy, U.S. Marine Corps, or U.S. Coast Guard Service members), and Section 8746 of reference (kkk), (U.S. Air Force Service members). The Silver Star may be awarded to any individual -- military, civilian, or foreign -- who, while serving in any capacity with the Armed Forces of the United States, distinguishes himself or herself by gallantry in action under any of the following circumstances:

AP1.1.2.12.2.1. Against an enemy of the United States.

AP1.1.2.12.2.2. While engaged in military operations involving conflict with an opposing foreign force.

AP1.1.2.12.2.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

### AP1.1.2.13. Defense Superior Service Medal

AP1.1.2.13.1. Authorized by Executive Order 11904 (reference (j)).

AP1.1.2.13.2. Awarded by the Secretary of Defense to any member of the Armed Forces of the United States who has rendered superior meritorious service in a

position of significant responsibility while assigned to a joint activity and whose performance cannot be recognized properly by any other Defense medal.

### AP1.1.2.14. Legion of Merit

AP1.1.2.14.1. Authorized by Congress through Stat. 743, July 20, 1942 and subsequently by Executive Order 9260 (reference (qq)).

AP1.1.2.14.2. Awarded pursuant to 10 U.S.C. 1121 (reference (mmm)), to a member of the Armed Forces of the United States without degree. However, awards to members of foreign armed forces are made in the degree of Chief Commander, Commander, Officer, and Legionnaire. The first two degrees are comparable in rank to the Distinguished Service Medal and are usually awarded to heads of state and to commanders of armed forces, respectively. The last two degrees are comparable in rank to the award of the Legion of Merit to U.S. Service members.

AP1.1.2.14.3. The Navy, Marine Corps and Coast Guard authorize the letter "V" on the Legion of Merit. (The Navy did not authorize the letter "V" between April 1974 and August 1990.)

### AP1.1.2.15. Distinguished Flying Cross

AP1.1.2.15.1. Authorized by Sections 3749-6245-8749 of title 10, U.S.C., "Distinguished Flying Cross: Award; Limitations" and Section 492 of title 14, U.S.C., "Distinguished Flying Cross" (reference (nnn)).

AP1.1.2.15.2. Awarded pursuant to Section 3749 of reference (nnn) (U.S. Army Service members), Section 6245 of reference (nnn) (U.S. Navy and U.S. Marine Corps Service members), Section 8749 of reference (nnn) (U.S. Air Force Service members), and Section 492a, 14 U.S.C. (reference (nnn)) (U.S. Coast Guard Service members). The Distinguished Flying Cross may be awarded to any persons who, after April 6, 1917, while serving in any capacity with the United States Armed Forces,

distinguish themselves by heroism or extraordinary achievement while participating in aerial flight.

AP1.1.2.15.3. In the Navy and USMC, the performance of an act of heroism after April, 1974, shall be recognized by a "V" device worn on the suspension and service ribbon of the medal.

#### AP1.1.2.16. Soldier's Medal

AP1.1.2.16.1. Authorized by the same legislation that established the Distinguished Flying Cross, July 2, 1926.

AP1.1.2.16.1.2. Awarded pursuant to Section 3750, 10 U.S.C. (reference (ooo)) to members of the Armed Forces of the United States or of a friendly foreign nation who, while serving in any capacity with the U.S. Army, distinguish themselves by heroism not involving actual conflict with an enemy.

#### AP1.1.2.17. Navy and Marine Corps Medal

AP1.1.2.17.1. Authorized by the same legislation which established the Navy Silver Star Medal, August 7, 1942.

AP1.1.2.17.2. Awarded pursuant to Section 6246 of title 10, U.S.C. (reference (ppp)) to any person who, while serving in any capacity with the U.S. Navy or the U.S. Marine Corps, distinguishes himself or herself by heroism not involving actual conflict with the enemy.

#### AP1.1.2.18. Airman's Medal

AP1.1.2.18.1. The basis for the Airman's Medal is the legislation authorizing the Soldier's Medal, July 2, 1926, as amended July 6, 1960 (reference (qqq)). It was specifically authorized for the Air Force through enactment of Section 8750 of title 10, U.S.C. (reference (qqq)).

AP1.1.2.18.2. Awarded pursuant to Section 8750 of reference (qqq) to members of the Armed Forces of the United States or foreign military personnel who, while serving in any capacity with the United States Air Force, distinguish themselves by

heroism involving voluntary risk of life under conditions other than those of actual conflict with an enemy.

#### AP1.1.2.19. Coast Guard Medal

AP1.1.2.19.1. Authorized through Section 493 of title 14, U.S.C. (reference (rrr)).

AP1.1.2.19.2. Awarded pursuant to Section 493 of title 14, U.S.C. (reference (rrr)) to any person who, while serving in any capacity with the U.S. Coast Guard, distinguishes himself or herself by heroism not involving actual conflict with any enemy.

#### AP1.1.2.20. Bronze Star

AP1.1.2.20.1. Authorized by Executive Order 9419, "Bronze Star Medal," February 4, 1944, superseded by Executive Order 11046 (reference (sss)).

AP1.1.2.20.2. Awarded to any person who, after December 6, 1941, while serving in any capacity with the Armed Forces of the United States, distinguishes himself or herself by heroic or meritorious achievement or service, not involving participation in aerial flight, under any of the following circumstances:

AP1.1.2.20.2.1. While engaged in an action against an enemy of the United States.

AP1.1.2.20.2.2. While engaged in military operations involving conflict with an opposing foreign force.

AP1.1.2.20.2.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

AP1.1.2.20.3. When the Bronze Star is awarded for heroism, a bronze letter "V" (for valor) is worn on the suspension and service ribbon of that medal.

#### AP1.1.2.21. Purple Heart

AP1.1.2.21.1. Established by General George Washington -- known as the "Badge of Military Merit" -- on August 7, 1782. Revived as the Purple Heart in 1932 by General Douglas MacArthur (War Department General Orders No. 3, as amended (reference (ttt))) and Navy authority is Executive Order 9277 (reference (ttt))).

AP1.1.2.21.2. Awarded to any member of the Armed Forces of the United States or any civilian national of the United States who, while serving under competent authority in any capacity with one of the U.S. Armed Forces, after April 5, 1917, has been wounded, killed, or who has died or may hereafter die of wounds received under any of the following circumstances:

AP1.1.2.21.2.1. In action against an enemy of the United States.

AP1.1.2.21.2.2. In action with an opposing armed force of a foreign country in which the Armed Forces of the United States are or have been engaged.

AP1.1.2.21.2.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party.

AP1.1.2.21.2.4. As a result of an act of any such enemy of opposing armed forces.

AP1.1.2.21.2.5. As the result of an act of any hostile foreign force.

AP1.1.2.21.2.6. After March 28, 1973, as a result of an international terrorist attack against the United States or a foreign nation friendly to the United States.

AP1.1.2.21.2.7. After March 28, 1973, as a result of military operations while serving outside the territory of the United States as part of a peacekeeping force.

AP1.1.2.21.2.8. A Service member who is killed or wounded in action as the result of action by friendly weapon fire while directly engaged in armed conflict, other than as a result of an act of an enemy of the U.S., unless (in the case of a wound) the wound is the result of willful misconduct of the member under Section 1129 of title 10, U.S.C. (reference (uuu))).

AP1.1.2.21.2.9. Before April 25, 1962, while held as a prisoner of war (or while being taken captive) in the same manner as a former prisoner of war who is wounded on or after that date while held as a prisoner of war (or while being taken captive under Section 521, DoD Authorization Act for 1996 (reference (vvv))).

#### AP1.1.2.22. Defense Meritorious Service Medal

AP1.1.2.22.1. Authorized by Executive Order 12019 (reference (k)).

AP1.1.2.22.2. Awarded in the name of the Secretary of Defense to any active duty member of the Armed Forces of the United States who, while serving in a joint activity, distinguishes himself or herself by noncombat meritorious achievement or service. The required achievement or service, while of lesser degree than that required for award of the DSSM, nevertheless must have been accomplished with distinction.

#### AP1.1.2.23. Meritorious Service Medal

AP1.1.2.23.1. Authorized by Executive Order 11448, as amended (reference (rr)).

AP1.1.2.23.2. Awarded to members of the Armed Forces of the United States who distinguish themselves by outstanding noncombat meritorious achievement or service to the United States. Normally, the acts or services rendered must be comparable to that required for the Legion of Merit, but in a duty of lesser though considerable responsibility.

#### AP1.1.2.24. Air Medal

AP1.1.2.24.1. Authorized by Executive Order 9158, as amended (reference (www)).

AP1.1.2.24.2. Awarded to any person who, while serving in any capacity with the Armed Forces of the United States, subsequent to September 8, 1939, distinguishes himself or herself by heroic or meritorious achievement while participating in an aerial flight.

AP1.1.2.24.3. Subsequent to April 1974, the letter "V" may be authorized by the Navy and Marine Corps.

AP1.1.2.37.4. Ribbon bars are issued to personnel certified eligible; however, a medal is not authorized and a citation or certificate shall not be issued. For

Service members who qualify in two or more operations, subsequent awards shall be indicated by the use of a Gold Star on the ribbon.

## AP2. APPENDIX 2

## U.S. UNIT AWARDS

AP2.1.1. Unit awards recognize entire organizations for outstanding heroism or achievement performed during periods of war, international tension, national emergencies, or extraordinary situations that involve national interests. They are not intended to recognize individual actions, but to acknowledge the combined efforts of the organization. With exception of the JMUA, the Secretaries concerned are responsible for the policies and procedures involving their Service unit awards. Specifics are outlined in Service Directives or, in the case of the JMUA, in Chapter 4 of this Manual and should be consulted for further information.

AP2.1.2. The following paragraphs, AP2.1.2.1. through AP2.1.2.13., below, provide a brief description of the various unit awards authorized for the Armed Forces of the United States:

AP2.1.2.1. Presidential Unit Citation

AP2.1.2.1.1. The Navy Presidential Unit Citation was authorized by Executive Order 9050 (reference (aa)). The equivalent award for Army units was known as the Distinguished Unit Citation and was authorized by Executive Order 9057, as superseded by Executive Order 10694 (reference (aaaa)). Both awards were subsequently redesignated the "Presidential Unit Citation."

AP2.1.2.1.2. Awarded in the name of the President of the United States to units of the Armed Forces of the United States and cobelligerent nations for extraordinary heroism in action against an armed enemy occurring on, or after, October 16, 1941, for U.S. Navy and U.S. Marine Corps units, and on or after December 7, 1941, for U.S. Army units. The unit must have displayed such gallantry, determination, and esprit de corps in accomplishing its mission under extremely difficult and hazardous conditions to have set it apart and above other units participating in the same campaign. The degree of heroism required is the same as that which would be required for award of a Distinguished Service Cross to an individual.

AP2.1.2.1.3. Army and Air Force Service members, when authorized, shall wear an oak-leaf cluster for each additional award of the President Unit Citation. Navy and Marine Corps Service members shall wear the 3/16-inch bronze and Silver star to denote subsequent unit awards. In addition to oak-leaf clusters and bronze and Silver

stars, the following devices are authorized specifically for wear on the service ribbon of the Presidential Unit Citation:

AP2.1.2.1.3.1. Gold "N" for the Presidential Unit Citation awarded to the U.S.S. NAUTILUS (SSN 571) for the period July 22, 1958 to August 5, 1958.

AP2.1.2.1.3.2. Bronze Globe for the Presidential Unit Citation awarded to the U.S.S. TRITON (SSR(N) 586) for the period February 16, 1960 to May 10, 1960.

#### AP2.1.2.2. Joint Meritorious Unit Award

AP2.1.2.2.1. Authorized by DoD Directive 1348.27, July 22, 1982 (reference (bbbb)).

AP2.1.2.2.2. Awarded in the name of the Secretary of Defense to joint activities for meritorious achievement or service, superior to that which is normally expected, under any of the following conditions:

AP2.1.2.2.2.1. During action in combat with an armed enemy of the United States.

AP2.1.2.2.2.2. In a declared national emergency situation.

AP2.1.2.2.2.3. Under extraordinary circumstances that involve national interests.

AP2.1.2.2.3. Service members, when authorized, shall wear an oak-leaf cluster for each additional award of the JMUA.

#### AP2.1.2.3. Valorous Unit Award (Army)

AP2.1.2.3.1. Awarded by the Department of the Army to units of the Armed Forces of the United States for extraordinary heroism in action against an armed enemy of the United States under any of the following conditions:

AP2.1.2.3.1.1. When engaged in military operations involving conflict with an opposing foreign force.

AP2.1.2.3.1.2. While serving with friendly forces engaged in an armed conflict against an opposing armed force in which the United States is not a belligerent party for actions occurring on or after August 3, 1963.

AP2.1.2.3.2. The Valorous Unit Award requires a lesser degree of gallantry, determination, and esprit de corps than that required of the Presidential Unit Citation.

AP2.1.2.3.3. Service members, when authorized, shall wear a bronze oak-leaf cluster for each additional award of the Valorous Unit Award they receive.

#### AP2.1.2.4. Meritorious Unit Commendation (Army)

AP2.1.2.4.1. Awarded by the Department of the Army to units for exceptionally meritorious conduct in performance of outstanding services for at least six continuous months during the period of military operations against an armed enemy occurring on or after January 1, 1944. Service in the combat zone is not required; however, it must be directly related to the combat effort.

AP2.1.2.4.2. Service members, when authorized, shall wear a bronze oak-leaf cluster for each additional award of the Meritorious Unit Award (Army) they receive.

#### AP2.1.2.5. Navy Unit Commendation

AP2.1.2.5.1. Authorized by the Secretary of the Navy, December 18, 1944.

AP2.1.2.5.2. Awarded by the Secretary of the Navy to any unit of the U.S. Navy or U.S. Marine Corps which, subsequent to December 6, 1941, distinguished itself by either of the following:

AP2.1.2.5.2.1. Outstanding heroism in action against the enemy, but not sufficient to warrant award of the Presidential Unit Citation.

AP2.1.2.5.2.2. Extremely meritorious service not involving combat, but in support of military operations that was outstanding when compared to other units performing similar service. The Navy Unit Commendation may be awarded to other units of the Armed Forces of the United States and of friendly foreign nations serving with the Armed Forces of the United States provided such units meet the standards established by the Department of the Navy.

AP2.1.2.5.3. Bronze stars are worn by Navy and Marine Corps to denote second and subsequent awards.

#### AP2.1.2.6. Air Force Outstanding Unit Award

AP2.1.2.6.1. Authorized by the Secretary of the Air Force, January 6, 1954.

AP2.1.2.6.2. Awarded by the Secretary of the Air Force to units that have distinguished themselves by exceptionally meritorious service or outstanding achievement that clearly sets the unit above and apart from similar units. The service or achievement may be in the following:

AP2.1.2.6.2.1. Performance of exceptionally meritorious service of national or international significance.

AP2.1.2.6.2.2. Accomplishment of a specific outstanding achievement of national or international significance.

AP2.1.2.6.2.3. Combat operations against an armed enemy of the United States.

AP2.1.2.6.2.4. Military operations involving conflict with or exposure to hostile actions by an opposing foreign force.

AP2.1.2.6.3. Certain devices, depending on the circumstances, may be worn on the service ribbon:

AP2.1.2.6.3.1. Oak-Leaf Cluster. A bronze oak-leaf cluster for subsequent awards when authorized.

AP2.1.2.6.3.2. "V" Device. A bronze "V" device when the award of the Air Force Outstanding Unit Award is made to a unit for combat or direct combat support.

#### AP2.1.2.7. Coast Guard Unit Commendation

AP2.1.2.7.1. Authorized by the Commandant, U.S. Coast Guard, January 1, 1963.

AP2.1.2.7.2. Awarded by the Commandant to any U.S. Coast Guard unit that distinguished itself by valorous or extremely meritorious service in support of U.S. Coast Guard operations. Such operations are noncombatant in nature and are considered outstanding when compared to other units performing similar service. The

*DoD 1348.33-M, September 1996*

Coast Guard Unit Commendation may be awarded to other units of the Armed Forces provided such units meet the standards established by the U.S. Coast Guard.

AP2.1.2.7.3. The Operational Distinguishing Device (Silver letter "O") may be worn on the Service ribbon of the Coast Guard Unit Commendation when authorized. Gold stars are worn to denote subsequent awards.

AP2.1.2.7.4. On January 2, 1990, the Commandant approved the awarding of unit commendations to civilian personnel when appropriate.

#### AP2.1.2.8. Army Superior Unit Award

AP2.1.2.8.1. Authorized by the Secretary of the Army, April 8, 1985.

AP2.1.2.8.2. Awarded by the Chief of Staff, U.S. Army, for outstanding meritorious performance of a unit of a uniquely difficult and challenging mission under extraordinary circumstances that involved the national interest during peacetime. The unit must display such outstanding devotion and superior performance of exceptionally difficult tasks as to set it apart and above other units with similar missions.

#### AP2.1.2.9. Meritorious Unit Commendation (Navy)

AP2.1.2.9.1. Authorized by the Secretary of the Navy, July 17, 1967.

AP2.1.2.9.2. Awarded by the Secretary of the Navy to any unit of the U.S. Navy or U.S. Marine Corps that distinguished itself, by either valorous or meritorious achievement considered outstanding when compared to other units performing similar service, but not sufficient to justify award of the Navy Unit Commendation. Service may be under either combat or noncombat conditions.

AP2.1.2.9.3. Bronze stars are worn by Navy and Marine Corps to denote second and subsequent awards.

#### AP2.1.2.10. Air Force Organizational Excellence Award

AP2.1.2.10.1. Authorized by the Secretary of the Air Force, August 26, 1969.

AP2.1.2.10.2. The Air Force Organizational Excellence Award is intended

to recognize the achievements and accomplishments of U.S. Air Force organizations or activities that do not meet the eligibility requirements for the Air Force Outstanding Unit Award.

AP2.1.2.10.3. Certain devices, depending on the circumstances, may be worn on the Service ribbon:

AP2.1.2.10.3.1. Oak-Leaf Cluster. A bronze oak-leaf cluster for subsequent awards when authorized.

AP2.1.2.10.3.2. "V" Device. A bronze "V" device when the award of the Air Force Organizational Excellence Award is made to a unit for combat or direct combat support.

#### AP2.1.2.11. Coast Guard Meritorious Unit Commendation

AP2.1.2.11.1. Authorized by the Commandant, U.S. Coast Guard, November 13, 1973.

AP2.1.2.11.2. Awarded by the Commandant, U.S. Coast Guard, to any unit of the U.S. Coast Guard which has distinguished itself by either valorous or meritorious achievement or service in support of U.S. Coast Guard operations. Such operations are noncombatant in nature and are outstanding when compared to other units performing similar service but not sufficient to justify award of the Coast Guard Unit Commendation Medal. The Coast Guard Meritorious Unit Commendation Medal may be awarded to other units of the Armed Forces provided such units meet the standards established by the U.S. Coast Guard.

AP2.1.2.11.3. The Operational Distinguishing Device (Silver letter "O") may be worn on the Service ribbon of the Coast Guard Meritorious Unit Commendation Medal when authorized. Gold stars are worn to denote subsequent awards.

#### AP2.1.2.12. Coast Guard Meritorious Team Commendation

AP2.1.2.12.1. Authorized by the Commandant on December 22, 1993.

AP2.1.2.12.2. Awarded by the Commandant and subordinate awarding authorities to groups or teams which do not constitute a Coast Guard unit (i.e., non-OPFAC small groups, such as teams, detachments, or sub-units). To justify this

award, the individual members of these groups must have performed service which made a significant contribution to the group's overall outstanding accomplishment of a study, process, mission, etc. The service performed as a group or team must be of a character comparable to that which would merit the award of the Commandant's Letter of Commendation or higher to an individual.

AP2.1.2.12.3. The Operational Distinguishing Device shall be worn on the ribbon bar if specifically authorized by the citation. Gold stars are worn to denote subsequent awards.

#### AP2.1.2.13. Navy "E" Ribbon

AP2.1.2.13.1. Authorized by the Secretary of the Navy.

AP2.1.2.13.2. That ribbon denotes permanent duty on and/or with ships or squadrons that won the battle efficiency competitions subsequent to July 1, 1974.

AP2.1.2.13.3. The ribbon bar with one "E" device is worn for the first award. An additional "E" is worn for second and third awards. One wreathed "E" is worn to denote four or more awards.

#### AP2.1.2.14. Coast Guard "E" Ribbon

AP2.1.2.14.1. Authorized by the Commandant of the Coast Guard on September 25, 1990.

AP2.1.2.14.2. Awarded by the area commanders, that ribbon provides visible recognition for personnel of cutters earning the overall operational readiness "E" award during refresher training. All personnel serving aboard their unit for more than 50 percent of the period during which it undergoes refresher training are eligible for the "E" ribbon. Personnel serving less than 50 percent of the period, or personnel who are on leave or TAD during the evolution are not eligible, unless specifically recommended by the commanding officer.

#### AP4. APPENDIX 4

#### U.S. SERVICE MEDALS, CAMPAIGN MEDALS, AND SERVICE RIBBONS

##### AP4.1.1. The Navy Good Conduct Medal, originally in the form of a badge,

authorized in the late 1800s, was the first award specifically designed to recognize the Military Service of an individual. Since that time there have been over 80 different service medals, campaign medals, and service ribbons designed.

AP4.1.2. The following paragraphs, AP4.1.2.1. through AP4.1.2.9., are brief descriptions of the various service medals, campaign medals, and service ribbons that have been authorized for the Armed Services of the United States. With the exception of Defense awards, the Secretaries concerned are responsible for the policies and procedures involving their service awards. Specific eligibility requirements are outlined in Service directives or, in the case of Defense awards, this Manual and should be consulted in determining an individual's eligibility. The Chairman of the Joint Chiefs of Staff is authorized to make exceptions to policy on U.S. service medals and campaign medals. That authority may not be delegated below the DJS.

#### AP4.1.2.1. Navy Good Conduct Medal

AP4.1.2.1.1. Established by the Secretary of the Navy, April 26, 1869.

AP4.1.2.1.2. Awarded on a selective basis to recognize 3 years of continuous active duty, above average conduct, and proficiency by enlisted Service members in the regular U.S. Navy or U.S. Naval Reserve.

AP4.1.2.1.3. A bronze star shall be worn on the suspension and service ribbon of the Navy Good Conduct Medal for subsequent awards of the medal.

#### AP4.1.2.2. Marine Corps Good Conduct Medal

AP4.1.2.2.1. Established by the Secretary of the Navy, July 20, 1896.

AP4.1.2.2.2. Awarded on a selective basis to recognize 3 years of continuous active duty to enlisted Service members in the Regular U.S. Marine Corps or U.S. Marine Corps Reserve to recognize good behavior and faithful service in the U.S. Marine Corps.

AP4.1.2.2.3. A bronze star shall be worn on the suspension and service ribbon of the Marine Corps Good Conduct Medal for subsequent awards of the medal.

### AP4.1.2.3. Dewey Medal

AP4.1.2.3.1. Authorized through "An Act to Commemorate the Victory of Manila Bay, May 1, 1898," June 3, 1898.

AP4.1.2.3.2. Awarded to U.S. Navy and U.S. Marine Corps Service members who were assigned to any of the following ships on May 1, 1898:

AP4.1.2.3.2.1. U.S.S. OLYMPIA

AP4.1.2.3.2.2. U.S.S. CONCORD

AP4.1.2.3.2.3. U.S.S. BOSTON

AP4.1.2.3.2.4. U.S.S. RALEIGH

AP4.1.2.3.2.5. U.S.S. MCCULLOCH

AP4.1.2.3.2.6. U.S.S. BALTIMORE

AP4.1.2.3.2.7. U.S.S. PETREL

AP4.1.2.3.3. The medal was also known as the "Manila Bay Medal" and commemorated the Battle of Manila Bay.

### AP4.1.2.4. Cardenas Medal of Honor

AP4.1.2.4.1. Authorized through "A Resolution to Establish the Cardenas Medal of Honor," May 3, 1900.

AP4.1.2.4.2. Awarded exclusively to members of the U.S. Revenue Cutter HUDSON for action during the Spanish-American War. Intended to recognize the gallantry of the officers and men of the USRC HUDSON who, in the face of enemy fire, towed the U.S.S. WINSLOW out of range of the enemy guns at Cardenas Harbor.

### AP4.1.2.5. Specially Meritorious Medal

AP4.1.2.5.1. Authorized through Public Resolution 17, March 3, 1901.

AP4.1.2.5.2. Awarded to U.S. Navy and U.S. Marine Corps Service members for acts of specially meritorious military service, other than in combat, during the war with Spain. Service members who qualified for subsequent awards wore an inscribed bronze bar on the suspension ribbon of the medal; however, that medal was seldom awarded.

#### AP4.1.2.6. Sampson Medal

AP4.1.2.6.1. Authorized through the same legislation which established the Specially Meritorious Medal, March 3, 1901.

AP4.1.2.6.2. Awarded to U.S. Navy and U.S. Marine Corps Service members by the Secretary of the Navy for Military Service of unusual merit in the waters of the West Indies and on the shores of Cuba between April 27 and August 14, 1898.

AP4.1.2.6.3. A bronze bar, bearing the name of the Service member's ship, was worn on the suspension ribbon of the medal.

#### AP4.1.2.7. Spanish Campaign Medal (Army)

AP4.1.2.7.1. Established by the Secretary of War in 1905.

AP4.1.2.7.2. Awarded for Military Service in, or on the high seas en route to, any of the following countries:

<sup>1</sup> Inclusive dates and location are classified. Supporting documentation maintained by the Chairman of the Joint Chiefs of Staff.

AP8.1.1. Citations for the Defense Distinguished Service Medal, Defense Superior Service Medal, Defense Meritorious Service Medal, Joint Service Commendation Medal, and Joint Service Achievement Medal shall be prepared on 8 1/2 x 11 inch plain bond paper. Parchment paper or other suitable paper stock may be used. Command seals may be imprinted if desired to enhance the quality and esthetic value of the citation. Citations shall be prepared as shown in paragraph AP8.1.11., below.

AP8.1.2. Local manufacture of citations is not authorized. DoD printed heading citations shall be used until current stock levels are depleted.

AP8.1.3. The opening sentence must identify the awardee by grade, name, duty assignment (except where the act was not performed as part of a duty assignment), location, and date (or inclusive dates).

AP8.1.4. The citation is a short description of the act, achievement, or service. Be specific on facts and confine to no more than two sentences, if possible. Avoid superfluous adjectives and other embellishment.

AP8.1.5. Confine the closing to one sentence, which will personalize the summation, by use of the awardee's name and his or her attributes.

AP8.1.6. In citations for "retirement awards" use the word "long" (closing sentence) only for over 30 years of service.

AP8.1.7. Do not use the words "singularly" and "great" in the closing sentence of citations for the Joint Service Achievement Medal.

AP8.1.8. Do not use code names in citations, nor any abbreviations, other than Jr., Sr., II, and so on, following the Service member's name. For compound grade titles, such as first lieutenant, staff sergeant, and so on, spell out the complete grade title in the opening sentence, and then use the short title in the balance of the citation. Example: lieutenant, sergeant, etc.

AP8.1.9. Award certificates will be used without reference to number of oak leaf clusters.

1. REISSUANCE AND PURPOSE

1.1. Reissues [reference \(a\)](#) to consolidate into a single document pertinent portions of [reference \(b\)](#), [\(c\)](#), [\(d\)](#), and [\(e\)](#); and

1.2. Prescribes procedures concerning the preparation and distribution of revised DD Form 214 to comport with the requirements of [references \(e\)](#) and [\(f\)](#) and the control and publication of separation program designators (SPDs).

2. APPLICABILITY AND SCOPE

2.1. The provisions of this Instruction apply to the Office of the Secretary of Defense, the Military Services, the Joint Staff, and the Defense Agencies (hereafter referred to as "DoD Components"). The term "Military Services," as used here, refers to

the Army, Navy, the Air Force, the Marine Corps and, by agreement with the Department of Transportation, to the Coast Guard.

2.2. Its provisions include procedures on the preparation and distribution of DD Forms 214, 214-ws, and 215 ([enclosures 1, 2, and 3](#)) which record and report the transfer or separation of military personnel from a period of active duty. (NOTE: Computer-generated formats are acceptable substitutes provided Assistant Secretary of Defense (Force Management and Personnel) approval is obtained.) DD Forms 214 and 215 (or their substitutes) will provide:

2.2.1. The Military Services with a source of information relating to military personnel for administrative purposes, and for making determinations of eligibility for enlistment or reenlistment.

2.2.2. The Service member with a brief, clear-cut record of the member's active service with the Armed Forces at the time of transfer, release, or discharge, or when the member changes status or component while on active duty.

2.2.3. Appropriate governmental agencies with an authoritative source of information which they require in the administration of Federal and State laws applying to personnel who have been discharged, otherwise released, or transferred to a Reserve component while on active duty.

2.3. Its provisions include procedures on the control and distribution of all lists of SPDs.

### 3. POLICY AND PROCEDURES

3.1. Administrative Issuance or Reissuance of DD Forms 214 and 215.

3.1.1. The DD Form 214 will normally be issued by the command from which the member was separated. In those instances where a DD Form 214 was not issued, the Services concerned may establish procedures for administrative issuance.

3.1.2. The DD Form 214, once issued, will not be reissued except:

3.1.2.1. When directed by appropriate appellate authority, Executive order, or by the Secretary concerned.

3.1.2.2. When it is determined by the Service concerned that the original DD Form 214 cannot be properly corrected by issuance of a DD Form 215 or if the correction would require issuance of more than two DD Forms 215.

3.1.2.3. When two DD Forms 215 have been issued and an additional correction is required.

3.1.3. Whenever a DD Form 214 is administratively issued or reissued, an appropriate entry stating that fact and the date of such action will be made in Block 18, Remarks, of the DD Form 214 unless the appellate authority, Executive order, or Secretarial directive specifies otherwise.

3.2. The Military Services will ensure that every member (except as limited in [3.2.2.](#), and excluding those listed in [3.3.](#)) being separated from the Military Services is given a completed DD Form 214 describing relevant data regarding the member's service, and the circumstances of termination. DD Form 214 may also be issued under other circumstances prescribed by the Military Service concerned. A continuation sheet, if required, will be bond paper, and will reference: the DD Form 214 being continued; information from blocks 1 through 4; the appropriate block(s) being continued; the member's signature, date; and the authorizing official's signature. DD Forms 214 are not intended to have any legal effect on termination of the member's service.

3.2.1. Release or Discharge from Active Service

3.2.1.1. The original of DD Form 214 showing separation from a period of active service with a Military Service, including release from a status that is legally determined to be void, will be physically delivered to the separatee prior to departure from the separation activity (a) on the effective date of separation; or (b) on the date authorized travel time commences.

3.2.1.1.1. Copy No. 4, containing the statutory or regulatory authority, reentry code, SPD code, and narrative reason for separation also will be physically delivered to the separatee prior to departure, if he/she so requested by initialing Block 30, Member Requests Copy 4.

3.2.1.1.2. Remaining copies of DD Form 214 will be distributed on the day following the effective date of separation (see [3.5.](#)).

3.2.1.2. When separation is effected under emergency conditions which preclude physical delivery, or when the recipient departs in advance of normal departure time (e.g., on leave in conjunction with retirement; or at home awaiting separation for disability), the original DD Form 214 will be mailed to the recipient on the effective date of separation.

3.2.1.3. If the separation activity is unable to complete all items on the DD Form 214, the form will be prepared as completely as possible and delivered to the separatee. The separatee will be advised (a) that a DD Form 215 will be issued by the Military Service concerned when the missing information becomes available; and (b) that

it will not be necessary for the separatee to request a DD Form 215 for such information (see [3.5.3.](#)).

3.2.1.4. If an optical character recognition format is utilized by a Military Service, the first carbon copy of the document will be physically delivered or mailed to the separatee as prescribed in [subparagraphs 3.2.1.1.](#), [3.2.1.2.](#), and [3.2.1.3.](#) of this section.

3.2.2. Release for Active Duty Training, Full-Time Training Duty, or Active Duty for Special Work. Personnel being separated from a period of active duty for training, full-time training duty, or active duty for special work will be furnished a DD Form 214 when they have served 90 days or more, or when required by the Secretary concerned for shorter periods. Personnel shall be furnished a DD Form 214 upon separation for cause or for physical disability regardless of the length of time served on active duty.

3.2.3. Continuing on Active Duty. Members who change their status or component, as outlined below, while they are serving on active duty will be provided a completed DD Form 214 upon:

3.2.3.1. Discharge for immediate enlistment or reenlistment (optional--at the discretion of the Military Services). However, Military Services not providing the DD Form 214 will furnish the member a DD Form 256, "Honorable Discharge Certificate," and will issue instructions requiring those military offices that maintain a member's records to provide necessary Service data to the member for application to appropriate civilian individuals, groups, and governmental agencies. Such data will include Service component, entry data and grades. (See [subparagraph 3.4.10.](#))

3.2.3.2. Termination of enlisted status to accept an appointment to warrant or commissioned officer grade.

3.2.3.3. Termination of a temporary appointment to accept a permanent warrant or commission in the Regular or Reserve components of the Armed Forces.

3.2.3.4. Termination of an officer appointment in one of the Military Services to accept appointment in another Service.

3.3. DD Form 214 need not be prepared for:

3.3.1. Personnel found disqualified upon reporting for active duty and who do not enter actively upon duties in accordance with orders.

3.3.2. Personnel whose active duty, active duty for training, full-time training duty or active duty for special work is terminated by death.

3.3.3. Personnel being removed from the Temporary Disability Retired List.

3.3.4. Enlisted personnel receiving temporary appointments to warrant or commissioned officer grades.

3.3.5. Personnel whose temporary warrant or commissioned officer status is terminated and who remain on active duty to complete an enlistment.

3.3.6. Personnel who terminate their Reserve component status to integrate into a Regular component.

3.3.7. Personnel separated or discharged who have been furnished a prior edition of this form, unless that form is in need of reissuance for some other reason.

3.4. Preparation. The Military Departments will issue instructions governing the preparation of DD Form 214, consistent with the following:

3.4.1. DD Form 214 is an important record of service that must be prepared accurately and completely. Any unavoidable corrections and changes made in the unshaded areas of the form during preparation shall be neat, legible and initialed on all copies by the authenticating official. The recipient will be informed that making any unauthorized change or alteration of the form will render it void.

3.4.2. Since DD Form 214 is often used by civilian personnel, abbreviations should be avoided.

3.4.3. Copies of DD Form 214 transmitted to various governmental agencies shall be legible, especially those provided to the Veterans Administration (Department of Veterans Affairs, effective March 15, 1989, in accordance with Section 18(a), [reference \(m\)](#)) and the Department of Labor.

3.4.4. The authority for a member's transfer or discharge will be cited by reference to the appropriate Military Service regulation, instruction, or manual, followed by the appropriate separation program designator on copies 2, 4, 7, and 8 only. A narrative description to identify the reason for transfer or separation will not be used on copy 1.

3.4.5. To assist the former Service member in employment placement and job counseling, formal inservice training courses successfully completed during the period covered by the form will be listed in Block 14, Military Education; e.g., medical, dental, electronics, supply, administration, personnel or heavy equipment operations. Training courses for combat skills will not be listed. See the 1978 Guide to the Evaluation of Educational Experiences in the Armed Services ([reference \(g\)](#)), for commonly accepted course titles and abbreviations.

3.4.6. For the purpose of reemployment rights (DoD Directive 1205.12, [reference \(h\)](#)), all extensions of service, except those under 10 U.S.C. 972 ([reference \(e\)](#)),

are considered to be at the request and for the convenience of the Government. In these cases, Block 18 of DD Form 214 will be annotated to indicate, "Extension of service was at the request and for the convenience of the Government."

3.4.7. When one or more of the data items on the DD Form 214 are not available and the document is issued to the separatee, the applicable block(s) will be annotated "See Remarks." In such cases, Block 18 will contain the entry "DD Form 215 will be issued to provide missing information." When appropriate, Block 18 will also reflect the amount of disability pay, and the inclusive dates of any nonpay/excess leave days.

3.4.8. The authorizing official (E-7, GS-7 or above) will sign the original in ink ensuring that the signature is legible on all carbon copies. If not, a second signature may be necessary on a subsequent carbon copy. The authorized official shall be an E-7, GS-7, or higher grade, except that the Service concerned may authorize chiefs of installation separation activities (E-5, GS-5, or above) to serve in this capacity if designated in writing by the responsible commander and/or director (O-4, or above).

3.4.9. The following are the only authorized entries in Block 24, Character of Service, as appropriate: "Honorable," "Under Honorable Conditions (General)," "Under Other Than Honorable Conditions," "Bad Conduct," "Dishonorable," or "Uncharacterized." When a discharge has been upgraded, the DD Form 214 will be annotated on copies 2 through 8 in Block 18 to indicate the character of service has been upgraded; the date the application for upgrade was made; and the effective date of the corrective action.

3.4.10. The date entered in Block 12.a. shall be the date of enlistment for the earliest period of continuous active service for which a DD Form 214 was not previously issued. For members who have previously reenlisted without being issued a DD Form 214, and who are being separated with any discharge characterization except "Honorable," the following statement shall appear as the first entry in Block 18., "Remarks," on the DD Form 214: "CONTINUOUS HONORABLE ACTIVE SERVICE FROM (applicable date) UNTIL (applicable date)." The "from" date shall be the date of initial entry into active duty, or the first day of service for which a DD Form 214 was not previously issued, as applicable; the "until" date shall be the date before commencement of the current enlistment.

3.4.11. For Service members retiring from active duty enter in Block 18., "Subject to active duty recall by Service Secretary."

3.4.12. For Service members being transferred to the Individual Ready Reserve, enter in Block 18., "Subject to active duty recall and/or annual screening."

3.5. Distribution. The Military Services will prescribe procedures governing the distribution of copies of the DD Forms 214 and 215, consistent with their internal requirements, and the following:

3.5.1. DD Form 214

3.5.1.1. Copy No. 1 (original). To the member.

3.5.1.2. Copy No. 2. To be used as the Military Services' record copy.

3.5.1.3. Copy No. 3. To the Veterans Administration (Department of Veterans Affairs, effective March 15, 1989, in accordance with Section 18(a), [reference \(m\)](#)), Data Processing Center (214), 1614 E. Woodward Street, Austin, Texas 78772. A reproduced copy will also be provided to the hospital with the medical records if the individual is transferred to a VA hospital. If the individual completes VA Form 21-5267, "Veterans Application for Compensation or Pension," include a copy of the DD Form 214 with medical records forwarded to the VA regional office having jurisdiction over the member's permanent address. When an individual is in Service and enlisting or reenlisting in an active duty status or otherwise continuing on active duty in another status, copy No. 3 will not be forwarded to the VA.

3.5.1.4. Copy No. 4. To the member, if the member so requested by having initialed Block 30. If the member does not request this copy, it may be retained in the master military personnel record, to be available in case the member requests a copy later.

3.5.1.5. Copy No. 5. *To Lockheed Martin Information Technology, U.S. Department of Labor, Federal Claims Control Center, P.O. Box 785070, Orlando, FL 32878-5070.*

3.5.1.6. Copy No. 6. To the appropriate State Director of Veterans Affairs (see [enclosure 4](#)), if the member so requested by having checked "Yes" in Block 20, "Member Requests Copy Be Sent to Director of Veterans Affairs." The member must specify the State. If the member does not request the copy be mailed, it may be utilized as prescribed by the Military Service concerned.

3.5.1.7. Copies No. 7 and 8. To be distributed in accordance with regulations issued by the Military Service concerned.

3.5.1.8. Additional Copy Requirements. Discharged Alien Deserters. Provide one reproduced copy of Copy No. 1 to the U.S. Department of State, Visa Office - SCA/VO, State Annex No. 2, Washington, DC 20520, to assist the Visa Office in precluding the unwarranted issuance of visas to discharged and alien deserters in accordance with DoD Directive 1325.2 ([reference \(i\)](#)). Place of birth will be entered in Block 18.

3.5.2. DD Form 214-ws. Utilized to facilitate the preparation of DD Form 214. The document will be used and disposed of in accordance with regulations issued by the Military Service concerned.

3.5.3. DD Form 215. Utilized to correct errors in DD Form 214 discovered after the original has been delivered and/or distribution of copies of the form has been made, and to furnish to separatee information not available when the DD Form 214 was prepared. The distribution of DD Form 215 will be identical to the distribution of DD Form 214.

3.5.4. Requests for Copies of DD Form 214 Subsequent to Separation. Agencies maintaining a separatee's DD Form 214 will provide a copy only upon written request by the member. Agencies will provide the member with one copy with the Special Additional Information section, and one copy with that information deleted. In the case of DD Forms 214 issued prior to 1 July 1979, Agencies will provide the member with one copy containing all items of information completed, and one copy with the following items deleted from the form: specific authority and narrative reason for separation, reenlistment eligibility code, and separation program designator/number.

3.5.4.1. In those cases where the member has supplied an authorization to provide a copy of the DD Form 214 to another individual or group, the copy furnished will not contain the Special Additional Information section or, in the case of DD forms issued prior to 1 July 1979, those items listed in 3.5.4., above.

3.5.4.2. A copy will be provided to authorized personnel for official purposes only.

3.6. Procurement. Arrangements for procurement of DD Forms 214, 214-ws, and 215 will be made by the Military Services.

3.7. Modification of Forms. The modification of the content or format of DD Forms 214, 214-ws, and 215 may not be accomplished without prior authorization of the Assistant Secretary of Defense (Force Management and Personnel) (ASD(FM&P)). Requests to add or delete information will be coordinated with the other Military Services in writing, prior to submission to the ASD(FM&P). If a Military Service uses computer capability to generate forms, the items of information may be arranged, the size of the information blocks may be increased or decreased, and copies 7 and/or 8 may be deleted at the discretion of the Service.

#### 4. RESPONSIBILITIES

4.1. The DD Forms 214 and 215 are a source of significant and authoritative information used by civilian and governmental agencies to validate veteran eligibility for benefits. As such, they are valuable forms and, therefore, vulnerable to fraudulent use.

Since they are sensitive, the forms must be safeguarded at all times. They will be transmitted, stored, and destroyed in a manner that will prevent unauthorized use. The Military Services will issue instructions consistent with the following:

4.1.1. All DD Forms 214 will be surprinted with a reproducible screen tint using appropriate security ink on Blocks 1, 3, 4.a, 4.b, 12, and 18 through 30. In addition Blocks 1, 3, 5, and 7 of the DD Form 215 will be similarly surprinted to make alterations readily discernible. No corrections will be permitted in the screened areas.

4.1.2. All forms will be secured after duty hours.

4.1.3. All obsolete forms will be destroyed.

4.1.4. All forms to be discarded, including those that are blank or partially completed, and reproduced copies of DD Form 214, will be destroyed. No forms will be discarded intact.

4.1.5. Blank forms given to personnel for educational or instructional purposes, and forms maintained for such use, are to be clearly voided in an unalterable manner.

4.1.6. The commander or commanding officer of each unit or activity authorized to issue DD Form 214 will appoint, in writing, a commissioned officer, warrant officer, enlisted member (grade E-7 or above), or DoD civilian (GS-7 or above) who will requisition, control, and issue blank DD Forms 214 and 215. The Service concerned may authorize an E-5 or GS-5 to serve in this capacity.

4.1.7. The Military Services will monitor the use of DD Form 214 and review periodically its issuance to insure compliance with procedures for safeguarding.

4.2. The DD Form 214-ws will contain the word "WORKSHEET" on the body of the form (see [enclosure 2](#)). This DD Form 214-ws will be treated in the same manner as the DD Form 214.

4.3. The Military Services will issue appropriate instructions to separation activities stressing the importance of the DD Forms 214 and 215 in obtaining veterans benefits, reemployment rights, and unemployment insurance.

4.4. Standard separation program designator (SPD) codes for officer and enlisted personnel developed under the provisions of DoD Instruction 5000.12 ([reference \(j\)](#)) are published in DoD 5000.12-M ([reference \(k\)](#)).

4.4.1. Requests to add, change, or delete an SPD code shall be forwarded by the DoD Component concerned with appropriate justification to the Assigned Responsible Agency accountable for evaluating, recommending approval of, and maintaining such codes:

Department of the Navy  
Office of The Chief of Naval Operations  
(Attention: 0P-161), Room 1514, Arlington Annex  
Washington, DC 20350-2000

4.4.2. Requests to add, change, or delete an SPD code will be submitted in accordance with section 5., DoD Instruction 5000.12 ([reference \(j\)](#)), with prior written approval by the ASD(FM&P), or his/her designee.

4.5. All lists of SPD codes, including supplemental lists, published by the DoD Components will be stamped "For Official Use Only" and will not be furnished to any agency or individual outside the Department of Defense.

4.5.1. Appropriate provisions of the Freedom of Information Act ([reference \(l\)](#)) will be used to deny the release of the lists to the public. An individual being separated or discharged is entitled access only to his/her SPD code. It is not intended that these codes stigmatize an individual in any manner. They are intended for internal use by the Department of Defense in collecting data to analyze statistical reporting trends that may, in turn, influence changes in separation policy.

4.5.2. Agencies or individuals who come into the possession of these lists are cautioned on their use because a particular list may be outdated and not reveal correctly the full circumstances relating to an individual's separation or discharge.

## 5. EFFECTIVE DATE AND IMPLEMENTATION

5.1. This Instruction is effective January 1, 1989. Forward two copies of implementing documents to the Assistant Secretary of Defense (Force Management and Personnel) within 180 days.

5.2. Forward copies of implementing documents, and any changes thereto, to the Veterans Administration (Department of Veterans Affairs, effective March 15, 1989, in accordance with Section 18(a), [reference \(m\)](#)) and the Department of Labor.

Grant S. Green, Jr.  
Assistant Secretary of Defense  
(Force Management and Personnel)

## Drill Sergeant Identification Badge

Embroidered Cloth Badge

Metal Badge

The Commandant of the Drill Sergeant course may award this badge upon successful completion of the Drill Sergeant course and assignment as a drill sergeant to a training command. The Commandant of the Drill Sergeant School will authorize the permanent wear of the badge to eligible personnel by memorandum. Officers are authorized to wear this badge if it was permanently awarded to them while in an enlisted status.

The badge may be revoked if the recipient is removed from the position of a drill sergeant for cause, regardless of the amount of time the individual has served in the position in a satisfactory manner. Authority to revoke the badge is delegated to commanders of U.S. Army training centers and commandants of drill sergeant schools. Commanders of U.S. Army training centers may further delegate the revocation authority to commanders in the grade of colonel or higher who have the authority to remove soldiers from drill sergeant duties and withdraw skill qualification identifier (SQI) "X."

The Drill Sergeant Identification Badge was established 15 January 1958.

# DRUG/ALCOHOL REHABILITATION PROGRAM

---

Section 408 of the **Drug Abuse Office and Treatment Act of 1972** gives special protection to the records of a service member's participation in the Drug and Alcohol Rehabilitation Program. **ALL** records affected by this Act, which includes treatment, rehabilitation, and training of drug/alcohol abuse patients, **AND** rehabilitation failure, are subject to strict confidentiality rules. The records covered by the Act are:

- Drug treatment/rehabilitation/training that did not end before March 21, 1972
- Alcohol treatment/rehabilitation/training that did not end before May 14, 1974

Screen **all** personnel, health, and clinical records affected by the Act for participation in the rehabilitation program. Look for these records within:

Administrative Discharge paperwork

Health record, recorded on:

SF 502, Clinical Record Narrative Summary or  
SF 600, Chronological Record of Medical Care.

For **Navy & Marine Corps** records, also:

Review ALL Service Record Book pages, including:

Chronological History of Assignments  
NAVPERS 601 (13)

In **Navy & Marine Corps** records look for such references as:

- ARC (Alcohol Rehabilitation Center), such as:
  - ARC, Miramar, CA
  - ARC, Norfolk VA
  - ARC, Jacksonville, FL
- NDRC (Naval Drug Rehabilitation Center), such as:
  - NDRC, Miramar, CA
  - NDRC, Norfolk, VA
- CAAC (Counseling and Assistance Center)
- ARD (Alcohol Rehabilitation Department)
- NADAP (Naval Alcohol and Drug Abuse Program)
- Level II and III treatment and aftercare programs

**REMEMBER**, the Act pertains **ONLY** to records of participation in a rehabilitation program. While screening a record you might find the service member was **discharged** for drug use, or was **disciplined** for drug use or alcohol intoxication, or was **treated** for drug or alcohol intoxication. These facts do not automatically indicate participation in a rehabilitation program. However, view them as "**red flags**" and examine the record very carefully for mention of program participation.

**All records of program participation are protected, even those of rehabilitation failure.**

Rehabilitation failure occurs when a member refuses to attend level II or III treatment, fails to successfully complete a level II or III aftercare program, or has an alcohol- or drug-related incident anytime following completion of level II or III treatment (regardless of when member received treatment).

**If the record contains evidence of program participation, withhold all related documents. Send requester NA Form 13078 and advise:**

“According to Federal law, we are unable to comply with this request insofar as it pertains to certain records. Regulations prescribe a specific form of release authorization which must state the **SPECIFIC TYPE OF TREATMENT INVOLVED**, and the purpose for which the records are needed. If you will have (insert name of individual) complete, sign, and return the attached form, we will contact him/her regarding release authorization for those records, and consider your request further.”

**IT IS NOT NECESSARY TO SCREEN THE RECORDS IF THE REQUESTER IS:**

- A Veteran seeking own records
- A **Federal** routine use
- A Third-Party who furnishes an authorization signed by the veteran that specifically authorizes the release of drug/alcohol rehabilitation records
- A Third-Party who furnishes a court order or subpoena signed by a judge of competent jurisdiction.

# SUSPENSE DUE DATES

Last Updated: 6/23/2016

When you mark a CMRS request with the status of Suspense, you also must:

- ÿ Select a Suspense Reason from the menu options
- ÿ Enter a Due Date appropriate for the reason indicated
- ÿ Add a Request Note for further clarification if needed

Use the following table as a guide for establishing Due Dates:

<b>SUSPENSE REASON</b>	<b>SUSPENSE REASON DEFINITION</b>	<b>DUE DATE</b>
Archived Request	Waiting for CMRS record to be unarchived (IT Ticket Submitted)	1 Workday
Brittle Records	Record being copied by staff in Brittle Records, Room 303	Brittle Room Technician will set according to type of request and backlog

# Electronic/Digital Signatures

## Accepting Electronic or Digital Signatures on Requests for Non-Archival Records

NPRC is currently working with NARA's General Counsel and the service departments to clarify the use of digital and electronic signatures in the release of information from military records. This entry will be revised as needed when a final policy is developed. Until that time, following are interim instructions for accepting electronic or digital signatures on requests for non-archival records (signatures are not required for release of archival records since they are open to the public).

### Acceptable Electronic Signatures

Some electronic signatures are simply another format of physical signatures, when an individual signs an electronic pad with a finger or stylus, and that signature is transferred to paper.

This type of signature is acceptable to release information from military records for all request types.

### Examples of Acceptable Electronic Signatures:

X I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the information provided is true and correct.	
Signature: 	Date: April 26, 2015

We are also able to accept electronic signatures of judges, but **only if submitted by a court on a subpoena**. See the Legal Demands CRG entry for more details. (Link to <http://mprweb1.nara.gov/crg/Legaldem.html> paragraph titled [Legal Demands](#).)

This type of signature is acceptable **only** on subpoenas signed by judges and submitted by a court.

### Unacceptable Electronic Signatures

We will **not** accept electronic or digital signatures that are just typed names, and might have a statement included saying "this document digitally signed"; or a pin number; or may refer to a digital certificate that verifies the authenticity of the signature. **This type is not acceptable for any request except a subpoena signed by a judge**. See the Legal Demands CRG entry for more details. (Link to <http://mprweb1.nara.gov/crg/Legaldem.html> paragraph titled [Legal Demands](#).)

In addition, any signature that merely uses a type font to make it look like a handwritten signature is unacceptable.

# Email Addresses for Archival Operations

*Last update: 06/15/2017*

---

EMAIL ADDRESSES for the NATIONAL ARCHIVES-ST. LOUIS (RL)

30 November 2015

The Archival Operations Branch (RL-SL) of the National Archives-St. Louis has three separate, but similar, email addresses. The following guidelines should help you determine the correct address to use when you have a question, comment, or request involving archival records.

---

[stlsearch.archives@nara.gov](mailto:stlsearch.archives@nara.gov) is the address of Archival Search. Send a message to this address when you have questions involving searches for the following types of records:

- Navy WWI Enlisted (all NV Registry)
- Navy WWII Enlisted (NV Registry for last names through Jakubetz and Non-Registry for last names starting with Jakubiak)
- Marine Corps WWI Enlisted (MC Registry, covering all enlisted service numbers through 251262)
- Auxiliary files with QMP and QMC service codes.

Also, use this address to request Selective Service Registrations Cards and Classification Transcripts when needed for reconstruction purposes.

**PLEASE- do NOT use email for requests that should be ordered through CMRS.**

---

[stlarr.archives@nara.gov](mailto:stlarr.archives@nara.gov) is the address of the Archival Research Room (ARR), which is also known as the Public Research Room. Send a message to this address when a record needed for a pending case is charged out to the ARR.

ETs and Coaches use this address to request refunds of archival fees.

Researchers (including members of the public) use this address to obtain information about viewing records in the ARR.

---

[stl.archives@nara.gov](mailto:stl.archives@nara.gov) is the address to use for **all other** questions or comments on archival records (procedures, fee waivers, release policies, and related topics).

Use this address when a request is specifically seeking a record in one of the series listed in the CRG article "Non-OMPF Archival Records" so the request can be reassigned to an employee of the National Archives-St. Louis (RL).

Some of the most commonly requested non-OMPF archival records are:

- Selective Service System Registration Cards/Classification Ledgers
- Courts Martial case files
- Civilian Personnel Folders before 1952

- VAXC Files with VA Claim numbers before 3,999,999
  - Casualty Files (Navy, Marine Corps, Air Force),
  - Individual Deceased Personnel Files (Navy, Air Force)
  - Burial Case Files (pre-WWII)
-

# EMPLOYMENT SUITABILITY REQUESTS

---

If a request is submitted on a form **specifically** designed to verify military service, you may answer the request on the form. However, if the request form was designed to verify civilian service, **DO NOT USE THE FORM**. Instead, make a reply on NA Form 13072, Summary of Service.

**If the request asks for service data:** Furnish (1) branch, (2) dates of **active duty (do NOT provide dates of active duty for training)**, (3) character and type of separation, and, (4) if requested, final grade. If ONLY basic service data is requested and the form submitted is not appropriate for reply (see above), furnish the requester a **simple** Statement of Service.

**If the request asks for a DD Form 214:** Furnish a deleted separation document UNLESS the requester is a routine user or the veteran has specifically authorized the release of an undeleted separation document.

**If the request asks for disciplinary data:**

- **Air Force:** Furnish copies of court-martial orders ONLY. Veteran must SPECIFICALLY authorize the release of Non-Judicial Punishment/Articles 15 documents.
- **All other services:** Furnish copies of court-martial orders and non-judicial punishment/Article 15 documents.

**If the request asks for academic training information:** See instructions outlined under [Training](#) in this case reference guide.

**If the request asks for a personal evaluation of veteran's character and abilities:** Advise the requester that, "This center does not offer opinions regarding character and abilities of former military personnel."

- Also, see [NPRC 1865.16 Part 5, Item 19, "Employers. prospective"](#)

**If the request asks for salary figures:** Advise the requester to contact the appropriate military finance center.

**If the request asks for medical data:** Furnish a copy of the SF 88, Report of Medical Examination (i.e., final physical). NOTE: If veteran discharged for physical disability, check if disability is documented on SF 88. If not, review record further for Medical Board Survey.

**IMPORTANT!** You must REVIEW the final physical and/or Medical Board Survey for any derogatory, psychiatric, or substance abuse data. If data of this nature appears on the forms, see [NPRC 1865.103](#) for further instructions concerning detrimental and confidential information.

# ESTATE SETTLEMENT, IDENTIFICATION OF HEIRS, AND WILLS

---

Requests received from banks, administrators of estates, etc., for **proof of death** to cash bonds, collect insurance principals, settle estates, etc., are processed by providing requested information only to the extent required by the Freedom of Information Act. Furnish additional **REQUESTED** information only with the written consent of the next of kin.

Some items releasable under FOIA applicable to estate settlement:

- Name
- Service number (not social security number)
- Dates of service
- Place of birth
- Date and geographical location of death
- Place of burial

For a complete list of items releasable, see [NPRC 1864.113, Chapter 1, paragraph 4, Freedom of Information Act \(FOIA\) Requests](#) and [NPRC 1864.102, Privacy Act implementation in NPRC reference servie operations](#).

**DO NOT** furnish the last known address in response to requests received for the whereabouts of the veteran, NOK or emergency addressee to settle estate. **Offer to forward, without a fee**, requests which are **clearly in the best interest** of the veteran or NOK. If member is deceased, forward request to emergency address of NOK and advise requester.

If requester is a **foreign** financial institution or **foreign** private commercial concern, coordinate with the respective service department. **DO NOT** furnish address. **DO NOT** offer to forward.

## European-African-Middle Eastern Campaign Medal

This medal is awarded for service in the European-African-Middle Eastern Theater between 7 Dec 41 and 8 Nov 45 under any of the following conditions:

1. Permanent assignment
2. Passenger status or on TDY for 30 consecutive days or 60 nonconsecutive days
3. In active combat against the enemy, if personnel were awarded a combat decoration or furnished a certificate by the unit's commander stating that they participated in combat.

Personnel who were assigned or attached members of units during the period for which campaign participation credit or assault landing credit was accorded to the unit are awarded the bronze service star and arrowhead, respectively, to denote their participation in the action.

**The European-African-Middle Eastern (EAME) Campaign Medal was established on 6 November 1942.**

**FIGURE 1: Excerpt from 32 CFR 286a.42, Disclosures to commercial enterprises****(b) Release of personal information.**

(2) Commercial enterprises may present a signed consent statement setting forth specific conditions for release of personal information. Statements such as the following, if signed by the individual, are considered valid:

I hereby authorize the Department of Defense to verify my Social Security Number or other identifying information and to disclose my home address and telephone number to authorized representatives of (name of commercial enterprise) so that they may use this information in connection with my commercial dealings with that enterprise. All information furnished will be used in connection with my financial relationship with (name of commercial enterprise).

(3) When a statement of consent as outlined in paragraph (b)(2) of this section is presented, provide the requested information if its release is not prohibited by some other regulation or statute.

(4) Blanket statements of consent that do not identify specifically the Department of Defense or any of its components, or that do not specify exactly the type of information to be released, may be honored if it is clear that the individual is signing the consent statement intended to obtain a personal benefit (for example, a loan to buy a house) and was aware of the type information that would be sought. Care should be exercised in these situations to release only the minimum amount of personal information essential to obtain the benefit sought.

(5) Do not honor requests from commercial enterprises for official evaluation of personal characteristics, such as evaluation of personal financial habits.

## Explosive Ordnance Disposal Badges

There are three types of Explosive Ordnance Disposal (EOD) badges authorized for award. They are the Basic, Senior and Master. All badges require assignment to specific TOE/TDA EOD positions and recommendation by the commander, in addition to the following:

- a. Explosive Ordnance Disposal (EOD) Badge: Must have MOS 55D (enlisted) or 91E (officer), complete prescribed instruction and perform satisfactorily for 18 months for the award to become permanent.
- b. Senior Explosive Ordnance Disposal Badge: Must have been awarded the basic EOD Badge and (effective 1 May 1989) have served 36 cumulative months in an EOD position following award of the basic badge.
- c. Master Explosive Ordnance Disposal Badge (Not fire related): Must have been awarded the Senior EOD Badge and served 60 months in a TOE/TDA officer of NCO EOD position, since award of the senior badge.

The Explosive Ordnance Disposal Specialist and the Explosive Ordnance Disposal Supervisor Badges were established on 31 July 1957. In June 1969, the Master EOD Badge was authorized. At the same time, the designation of the supervisor's badge was changed to Senior EOD Badge and the EOD Specialist Badge was changed to EOD Badge.

## CHAPTER 1: GENERAL INFORMATION AND PROCEDURES

1. **Meaning of "external source of information."** An "external source of information," for purposes of this memo, is any source OUTSIDE the National Personnel Record Center (MPR) that maintains official military service and medical data which may be used to assist in the records reconstruction process.
2. **General policy regarding the use of external sources.** The general policy of the Records Reconstruction Branch regarding the use of external sources of information is the following: Every effort shall be made to reconstruct the requested military information through the use of internal sources of information before resorting to external sources. For more detailed instructions see [figs. 2-5.1](#) and [2-5.2](#).
3. **Types of available external sources of information.**
  - a. **Primary external sources of information.** There are several primary external sources of information available which may be used to assist in the reconstruction process. The types of records available and data procurement procedures for primary external sources of information are contained in [ch. 2](#). A list of the primary external sources of information is provided below. They include:
    - Department of Veterans Affairs (VA), Records Management Center (RMC);

- VA Regional Offices (VARO's);
- NARA facilities (including CPR); and
- State Offices.

b. **Miscellaneous external sources of information.** Miscellaneous external sources of information are, in general, last resort avenues in attempting to reconstruct military data. They are consulted less frequently than primary external sources. (This is due to various reasons, including lack of personnel to provide prompt responses to NPRC requests.) In some cases, however, a miscellaneous external source may be the best available means of obtaining desired information. The types of records available and data procurement procedures for miscellaneous external sources of information are contained in [ch. 3](#). Miscellaneous external sources of information include:

- Records of the Selective Service System;
- The Federal Bureau of Investigation (FBI);
- Office of Personnel Management (OPM);
- Records of the Railroad Retirement Board
- Arlington National Cemetery;
- The National Archives;
- County and Municipal Offices; and
- Veterans Organizations.

c. **Additional external sources of information.** Since this memo provides guidance only on the use of primary and miscellaneous external sources of information, correspondence personnel should be made aware of other external sources that may be useful. The Directory of Military Personnel and Related Records, a National Personnel Records Center (NPRC) reference handbook, contains an extensive listing of sources that maintain categories of records not found at NPRC. Such records include organization, installation, unit, orders, historical files, intelligence investigative files, passenger lists, transportation files, and command personnel type records. In each case the custodian of the files is shown and an address is provided in [app. 1](#) of the Directory. All correspondence personnel involved in records reconstruction actions should review the Directory to become knowledgeable of other depositories of military records or information not mentioned in this memo.

#### 4. **Procedures for procuring information from external sources.**

a. **Initial procurements.** Procedures for making initial (first) procurements to external sources of information are contained in [chs. 2](#) and [3](#) of this memo. When a subsequent procurement (second procurement, etc.) is needed, correspondence personnel shall supplement the appropriate procedure with the instructions in [b](#), below.

b. **Second procurements, etc.** When it is necessary to make a second procurement to an external source of information, correspondence personnel SHALL NOT return the case to the suspense file. Instead, the case shall be kept at the desk of the technician/clerk until a reply is received. Correspondence personnel shall call (telephone) the external source, when possible, to expedite service on second procurement cases. (They shall also request that information be returned to their attention.) When it is not possible to call the external source, a note should be written on the form to indicate that the case is on the technician's desk and that this is a second procurement. (Telephone calls to CPR or to the FBI should be made by a lead technician.)

---

## CHAPTER 2: GUIDE TO PRIMARY EXTERNAL SOURCES OF INFORMATION

### PART 1: THE DEPARTMENT OF VETERANS AFFAIRS (VA)

1. **Background.** The Department of Veterans Affairs (formerly the Veterans Administration) maintains additional files on veterans of the armed services of the United States. These files are kept separate from the veteran's military service files and are created in response to requests for VA benefits or upon the purchase of VA insurance. Following the 1973 fire at NPRC, these files became an invaluable source of information in the records reconstruction process.

2. **VA claims files.** The VA maintains a claims file on each veteran who has received, or is receiving, VA benefits. These files usually contain any or all of the following information, depending on the type of claim(s) filed:

- Separation document;
- Statement of service (from previously submitted VA-3101, Request for Information);
- Health, medical, and dental records;
- Reports of investigation of in-service injuries;
- Physical Evaluation Board Proceedings;
- Physical Review Council Decisions;
- Marital or dependency status;
- Copies of medical examinations and surveys;
- Facts and circumstances on OTH discharges;
- Records of courts-martial;
- Reports of investigation;
- Board of Officers Proceedings;
- Pay grade data; and
- Report of Death (in-service).

### 3. **Location of VA claims files.**

- a. **VA servicing area.** VA claims folders are maintained at the VA facility servicing the area in which the veteran resides, until approximately two years after the last action is taken. These facilities include VA Regional Offices (VARO's), VA Centers (VAC's), and the VA Central Office.
- b. **VA, RMC.** After the two year period of inactivity, the claims folders on living veterans are transferred to the RMC, St. Louis, MO. Generally, the claims folder is kept at RMC until after the death of the veteran.
- c. **NARA facilities.** The claims folders on deceased veterans (XC files) are sent to the appropriate NARA facility for storage. An "X" prefix is added to the original claim file number to indicate that the veteran is deceased.

### 4. **Index to VA files (BIRLS).**

1. **General information.** VA insurance and claims folders are filed by the appropriate file number and indexed into the Beneficiary Identification and Records Locator Subsystem (BIRLS) in Austin, Texas. BIRLS is the VA's automated index and locator system to all VA files. It contains an individual entry for each VA file showing the veteran's name, claim and/or insurance number, service number, varying amounts of military service information, and the location of the file folder. Access to the BIRLS system is by special arrangement with the VA.
2. **BIRLS printout.** A BIRLS printout may be generated after an inquiry to the BIRLS system. It identifies the facility that has the file folder by showing the station number or BIRLS code number of the facility. (See [fig. 2-4.1](#) for a typical sample of a BIRLS printout.) An inclusive list of the VA stations with their respective station numbers and addresses is provided in the latest revision of [NPRC 1865.37](#), General information on VA Form 3101 requests, [app. B](#). A list of NARA facilities that store XC folders is provided in [fig. 2-4.2](#).
3. **Requesting a BIRLS check.** When necessary, technicians shall request a BIRLS check by completing NA Form 13098, NPRC Routing Slip. Forward to the NRPMO-M for processing.
5. **Criteria for determining whether to request information from a VA records source.** Correspondence personnel shall use the case decision logic tables provided in [figs. 2-5.1](#) and [2-5.2](#) as the general guides for determining whether to request data from a VA records source. The DLT in [fig. 2-5.1](#) shows which action to take first in the process of reconstructing military data. The DLT's in [fig. 2-5.2](#) provide more detailed instructions to follow when the initial action fails to produce the requested information.

**NOTE:** In many instances, as indicated in the DLT in [fig. 2-5.1](#), appropriate requesters shall be referred directly to the VA for information.

6. **Requesting information from a VA records sources.** Whenever it is appropriate to procure data from a facility that maintains VA claims files, correspondence personnel should follow the procedures outlined below:

a. **Data procurement request to VA facility.** To procure data from a VA facility, prepare NA Form 13023, Request for Military Records/Information (VA Files), in triplicate, as shown in [fig. 2-6.1](#). Dispatch the original and third copy to the VA facility (attach BIRLS printout if request is being sent to RMC). Place the second copy of the form along with the inquiry and other related documents in the file folder. Send the requester a delay notice using NA Form 13024, Delay Notice Card, and make a note in the file that it was sent. Prepare the folder to be accessioned into the suspense file.

**EXCEPTION:** DO NOT procure information from the Manila VARO, Puerto Rico VARO, or the VA Central Office.

b. **Data procurement request for XC folder information.** To procure information from an XC folder which is located at a NARA facility, prepare NA Form 13160, Fax Request for Military Records/Information, checking the appropriate location in the top of the form. (See [fig. 2-6.2](#).) Forward the original to NRPMR, Headquarters. Place the copy of NA Form 13160 along with the inquiry and other related documents in the file folder. Send the requester a delay notice using NA Form 13024 and make a note in the file that it was sent. Prepare the folder to be accessioned into the suspense file.

**EXCEPTION:** For requests to CPR, DO NOT accession folder into the suspense file or send a delay notice. The technician shall hold the folder until the response is received.

7. **Referring requesters directly to the VA for assistance.** When it is appropriate to refer a requester directly to the VA for assistance, prepare NA Form 13045, Informal Information Reply, in duplicate checking the appropriate block(s) and providing the VA claim number, if available. File the copy in the record. If a request is for information about VA insurance or a VA insurance policy, then refer the requester to the appropriate VA Insurance Center as outlined in [fig. 2-7](#) using NA Form 13045.

---

## PART 2: MILITARY RECORDS IN STATE OFFICES

8. **Background.** Shortly after the 1973 fire at NPRC, all offices of the state Adjutant General were contacted and asked to furnish information about the kinds of military records maintained in their facilities. This led to further contacts with other state offices such as veterans' assistance offices, libraries, and archives. As a result of these contacts, a fairly clear picture of the military personnel records maintained in state offices had emerged by the time NPRC began processing fire-related inquiries on October 23, 1973.

9. **Categories of records maintained by state offices.** [Fig. 2-9.1](#) contains information about five major categories of records at state offices that may be used to assist in the records reconstruction process. Background information about these five categories of records is provided below.

a. **WWI service record cards, rosters, etc.** Following WWI, the War Department compiled a record card on each person who served during the war. These cards, which contain a complete statement of service, organization assignments, wounds, awards, etc., were distributed to the states on the basis of residence shown in the service record. Some states apparently used these cards to compile and publish complete rosters in book form. A few of these rosters have been obtained by NPRC and are kept in the Records Reconstruction Branch library. States that still maintain the original WWI cards are indicated in [fig. 2-9.1](#).

b. **Selective Service System copies of Reports of Separation.** Some years ago the Selective Service System (SSS) initiated a records disposal program for registration files maintained in local boards. These files which contain the SSS copy of DD Form 214, Report of Separation from Active Duty (or equivalent separation document), were scheduled to be destroyed when registrants reached age 26. Before destroying the files, Selective Service instructed its field offices to cooperate with any state agency that expressed an interest in the records. As a result, many states

were given the separation documents of their veterans before the remaining records were destroyed. The states that retained copies of the separation documents of their veterans are indicated in [fig. 2-9.1](#).

**NOTE:** Do not confuse the SSS information in this chapter with the SSS information discussed in [ch. 3](#).

- c. **National Guard records.** National Guard service is in general, not Federal government service but under certain circumstances, National Guardsmen may be called into Federal service. (This was especially true during World Wars I and II when all National Guardsmen were called into active Federal service by order of the President.) Records on National Guardsmen are maintained by the offices of the state Adjutant General (AG), and to varying degrees, these records contain verification of active Federal service. In some states the AG's office can only verify Federal service that preceded the National Guard service. Correspondence personnel shall not send a request to the office of a state Adjutant General unless there is reason to believe the person served in the National Guard. [Fig. 2-9.2](#) contains a list of National Guard enlisted service numbers and the states which issued those numbers.
  - d. **Bonus Files.** Many states paid a bonus to their veterans who had honorable (or otherwise satisfactory) service during various periods of military conflict. Some states kept complete records of these bonus payments including a verification of the veteran's military service. Periods of military conflict for which a bonus was paid include the Mexican Border Period, WWI, WWII, and the Korean Conflict period. A list of states that have Bonus Files are identified in [fig. 2-9.1](#).
  - e. **Files created by state agencies that provide assistance to veterans.** All states have an office or agency in charge of veterans' affairs. They are known by various titles such as: Department (or Division) of Veterans' Affairs, Veterans Service Commission (or Office), and State Veterans Council. These offices provide a variety of services to veterans but are primarily concerned with assisting veterans in filing claims for Federal and state benefits. In providing assistance to veterans, many state agencies have accumulated extensive files on their veterans including copies of reports of separation and other official documents. (See [fig. 2-9.1](#).)
10. **Addresses and phone numbers of state records holding offices.** The office which maintains each category of records is indicated in [fig. 2-9.1](#) by one of three footnotes as follows:
- a. Footnote 1. Office of the state Adjutant General
  - b. Footnote 2. State Department of Veterans Affairs, Veterans Service Commission, or similar title
  - c. Footnote 3. State archives, library, historical society, etc.

The complete addresses and telephone numbers of state records-holding offices are provided in [fig. 2-10](#). An asterisk (\*) in the table (see [fig. 2-9.1](#)) indicates that additional explanatory notes will be found in the state listing (see [fig. 2-10](#)). If a state has no records in a particular category, then the word "NO" will appear in the table for that category of records.

11. **Requesting information/copies of documents from state offices.** To request documents from the Library of Virginia, use the form titled "Library of Virginia Separation Document Request" found in Get Form in Microsoft Word. Complete the form in full and fax to the number shown on the form.

To request information/copies of documents from all other state offices, correspondence personnel shall call, fax, or email the appropriate office and place the case in suspense.

12. **Information furnished from state offices.** State offices normally send any documents via fax. Occasionally, some offices will mail the requested documents. If the search for requested information is negative, the state offices will usually send a fax indicating requested information is not available.

The Library of Virginia will respond by returning the request form via fax to the technician. If no documents were found, the block titled 'Unable to locate any documents for this veteran' will be checked. If legible documents were found, they will be sent via fax with the request form. If the documents are of such poor quality that faxing would render them illegible, the documents will be photocopied and mailed to

the technician. The Library will advise the technician by faxing the request form with the block titled 'Document located but unable to fax due to poor copy; hard copy will be mailed' checked.

---

### PART 3: NARA FACILITIES

13. **Background.** There are three types of military records available at NARA facilities that may be used to assist in the records reconstruction process. They are: XC files, Selective Service System records, and military courts-martial records. Since information about XC files and Selective Service System records is provided in other portions of this memo (XC file information is covered in [ch. 2, par. 6](#); SSS records information is covered in [ch. 3, pt. 1](#)), only military courts-martial records information is covered in this part.
14. **Introduction to military courts-martial records.** General and special courts-martial case files of Army and Air Force veterans are maintained by the National Archives (NWDT1) and the Washington National Records Center (NWRW). Information or copies of courts-martial proceedings may be requested if needed to reconstruct military service data.
15. **Obtaining court-martial case number.**
  - a. **Requests pertaining to ARMY service.** The court-martial case number of a veteran of the Army may be listed on the Finding Aid Report (FAR) as a QM J entry. If the FAR is negative and evidence of the court-martial proceeding is indicated, then request a search of the Judge Advocate General (JAG) tapes. Requests should be submitted to [Linda.Erickson@hqda.army.mil](mailto:Linda.Erickson@hqda.army.mil)
  - b. **Requests pertaining to AIR FORCE service.** To obtain a court-martial case number that pertains to Air Force service, technicians should contact the Air Force JAG at (202) 767-1539 or [amanda.alvey@pentagon.af.mil](mailto:amanda.alvey@pentagon.af.mil) by e-mail.
16. **Requesting information from courts-martial records.**
  - a. **Requests pertaining to Army service.** To request information from the courts-martial records of an Army veteran, correspondence personnel should prepare NA Form 13160 as shown in [figs. 2-16.1](#) or [2-16.2](#). (Army courts-martial cases dating through 1938 are in the custody of the National Archives (NWDT1) and [fig. 2-16.1](#) should be followed. Cases dating from 1939 and after are in the custody of WNRC (NWRW) and [fig. 2-16.2](#) should be followed.) Dispatch the original NA Form 13160 to NRPMP, Headquarters, to be faxed. Place the copy of the form in the file folder. Send the requester a delay notice using NA Form 13024 and make a note in the file that it was sent.  
**NOTE:** Accession number, box number, and stack numbers, for courts-martial cases at WNRC may be obtained from [figs. 2-16.3](#) and [2-16.4](#).
  - b. **Requests pertaining to Air Force service.** To request information from the courts-martial records of veterans of the Air Force, correspondence personnel should follow the same procedures as in subpar. a, above. Note, however, that all Air Force courts-martial cases (for the fire-related period) are in the custody of WNRC, including those with case numbers below 211,960.
17. **Determining discharge date from courts-martial proceedings.** Documents from courts-martial proceedings should be requested to ascertain the date of discharge. Discharges ordered by court-martial can be executed immediately, or they can be suspended, with discharge delayed until release from confinement or completion of appellate review.
  - a. **Sentence is "affirmed or approved" and "executed".** The date of the last court-martial order is used as the date of discharge.
  - b. **Sentence is "suspended".** Compute the date of discharge by adding the confinement time (sentence of months and/or years) to the date adjudged, after checking for evidence of reductions in confinement time. If discharge was suspended and date of parole is stated, use that as the date of discharge. In some cases, the subject may be restored to duty with no discharge action taken.

- c. **QM documents.** Any QM document pertaining to a Dishonorable or Bad Conduct Discharge should only be used as supporting documentation. These documents (vouchers, special orders, or a WD/DA AGO R-5297, Reference Card) can be helpful in clarifying confinement whether the court-martial was executed or suspended and whether the sentence to confinement was modified, but dates shown should always be used in conjunction with the court-martial to determine the date of discharge.

**CAUTION:** When reviewing courts-martial proceedings, the words, "modified," "suspended," "remitted," or "rescinded" indicate a change to the original proceedings which may affect a change in the discharge date.

For additional information regarding Courts-Martial proceedings refer to the Military Justice Procedure, Technical Manual 27-55 (1945) in the NRPMR library.

18. **Verification of pardons.** If the requester indicates that a pardon was granted for a court-martial, refer the requester to the address shown below. The requester should furnish the following: the name on the application for pardon, name of the convicted, date of the application for pardon, date and place of conviction, date of the pardon (at least month and year), and the offense. For information on pardons pertaining to priority cases contact the same office at (202) 616-6070. Calls should be kept to a minimum.

## CHAPTER 3: GUIDE TO MISCELLANEOUS EXTERNAL SOURCES OF INFORMATION

### PART 1: SELECTIVE SERVICE SYSTEM RECORDS

1. **Background.** The Selective Service System (SSS) Registration and Classification Records are located in various NARA facilities. These records consist of SSS Form No. 1, Registration Cards and SSS Form No. 102, Classification Ledger. The primary value of these records in the records reconstruction process is they provide proof of entry into military service.
2. **Description of SSS records.**
  - a. **SSS Registration Cards.** SSS Registration Cards contain general information about the registrant such as name, date of birth, address, and race. They are arranged alphabetically by the city or town, county, and/or local board within each state file. The SSS Registration Card file is used as a finding aid for Classification Records. (See [fig. 3-2.1](#).)
  - b. **SSS Classification Ledger.** SSS Classification Ledgers are arranged numerically by registration number within each state file. All ledgers contain a one-line entry for each registrant that note items such as date registrant reported to the induction station (this is also the date of entry if registrant was accepted) and the branch of service assigned. Ledgers for the WWII period and later often show the veteran's date of separation. (See [fig. 3-2.2](#).)
3. **Specific location of SSS records.**
  - a. **World War I period.** All SSS Registration and Classification Records for the WWI period are located at the NARA, Southeast Region (NRC). These records pertain to males born after September 12, 1873, but before September 12, 1900.
  - b. **World War II period.** SSS records for the WWII period have been transferred to various NARA facilities depending on the registrant's home state of residency at the time of registration or induction (see [fig. 3-3.1](#) for appropriate location). These records pertain to males born during the period September 12, 1900, through December 31, 1921.
  - c. **Post World War II.** Remaining SSS records for registrants born on or after January 1, 1922, are also in the custody of various NARA facilities depending on the home state of residency. (See [fig. 3-](#)

[3.1](#) for appropriate location.)

**NOTE:** [Fig. 3-3.2](#) provides a list of SSS classifications for the WWI, WWII, and PWWII periods through 1976. This listing may be helpful in deciphering the meanings of various codes furnished on SSS records. Note also, that some SSS classification codes have slightly different meanings/wordings depending on the year of classification.

#### 4. **Requesting SSS information.**

- a. **World War I period.** To request WWI SSS information from the Southeast Region (NRC), prepare NA Form 13160 as shown in [fig. 3-4](#). Dispatch the original to NRPMP, Headquarters, to be faxed. Place the copy of the form along with the inquiry and other related documents in the file folder. Prepare the folder to be accessioned in the Suspense File.
  - b. **World War II or Post World War II.** To request WWII or Post WWII SSS information from NARA facility, technicians shall follow the same procedure as in subpar. a, above. The appropriate location from which to request WWII or Post WWII SSS records information may be determined by consulting [fig. 3-3.1](#).
5. **SSS information furnished.** NARA facilities generally furnish photocopies of Registration and Classification Records, if available. If the search of SSS records is negative, that information will be provided.
6. **Release of Selective Service System records under the Privacy Act.** All Selective Service System records except WWI records (see note) fall under restrictions placed on their release by the SSS. This means that although NRC may have obtained copies of Selective Service registration or classification records in order to verify military service, technicians must abide by the Privacy Act regarding release of such documents if a requester asks for copies. The technician MAY send a copy of a classification record to anyone, but may send a copy of a registration record ONLY to the registrant or to the next of kin of the registrant if the requester provides proof of the death of the registrant. If a requester who is NOT the registrant or next of kin asks NRC for a copy of a registration record from the WWII or Post WWII periods, or asks for a classification record but there is none in the OMPF, the requester must be advised to submit that request directly to the Selective Service System.

The requester may visit the SSS Website at [www.sss.gov](http://www.sss.gov). The Website provides a request form that can be downloaded after clicking on **history/records**, then **records**.

If the form is not used, a letter may be sent to the SSS, including the registrant's full name, date of birth, and address (including county, if known) at the time of registration. The letter must be signed. The form or letter may be faxed to 703-605-4071 or mailed to:

Selective Service System  
National Headquarters  
Records Section/PIA  
Arlington, VA 22209-2425

If the requester has a question for the SSS, suggest that they visit the Website or call the SSS at 703-605-4100.

**NOTE:** Technicians may send copies of entire WWI SSS records obtained from the NARA Southeast Region. These records have been accessioned by the National Archives and there are no restrictions on release of any of the information in these records.

---

## PART 2. GUIDE TO FEDERAL BUREAU OF INVESTIGATION (FBI) RECORDS

7. **Background.** The Federal Bureau of Investigation (FBI) has individual military fingerprint cards on most veterans who were born in 1913 or after. (Military fingerprint cards are screened and destroyed when 79 years old.) These cards contain information such as the veteran's name, service number, date of birth,

and date of entry into service. (These records do not show date of separation or character of service.) The primary value of these records in the records reconstruction process is they provide proof of entry into service.

**NOTE:** THE FBI SHALL BE USED ONLY AS A LAST RESORT. IN URGENT CASES, SUPERVISORS MAY CALL.

8. **Obtaining information from the FBI.** Other than those requests described in [par. 9](#), below, the correspondence technician may decide that a check of FBI fingerprint files is necessary. In these cases, correspondence personnel may obtain information from the FBI by preparing NA Form 13069, FBI Identification Letter, in duplicate, as shown in [fig.3-8](#). Dispatch the original of NA Form 13069 to the FBI. Place the copy of the form in the file folder. Send the requester a delay notice using NA Form 13024 and make a note in the file that it was sent. Prepare the folder to be accessioned into the suspense file.
9. **Handling requests from sources that normally maintain contact with the FBI.** Correspondence personnel SHOULD NOT request information from the FBI when handling requests from sources that normally maintain contact with the FBI; e.g., police and sheriff departments; penal/mental/correctional/disciplinary institutions; government, social, and welfare agencies. On requests from these sources, if all efforts to locate the record fail and a negative reply is in order, then the technician shall suggest that the requester contact the FBI for records.
10. **Information furnished by the FBI.** The FBI will return NA Form 13069 with the requested information furnished in the lower right hand corner of the form (within FBI's official stamp). If the search for the subject veteran is negative in FBI files, the NA Form 13069 will indicate "negative."

---

### PART 3. MILITARY RECORDS PERTAINING TO SPECIAL CATEGORIES OF VETERANS

11. **Background.** In some cases, additional records were created on veterans who can be grouped into special categories. These records often contain verification of military service. [Fig. 3-11](#) provides a list of external sources that maintain information on special categories of veterans. Instructions for obtaining information from these sources is contained in [fig. 3-11](#).

---

### PART 4. GUIDE TO MILITARY RECORDS IN COUNTY, MUNICIPAL, AND VETERANS AFFAIRS OFFICES

12. **Separation documents in county and city recorders' offices.** Many veterans had their separation papers recorded in county and city recorders' offices. Recorders of deeds furnish copies of documents upon request of the veteran. Correspondence personnel shall not contact such offices, but requesters should be reminded of this source when appropriate.
13. **Separation documents (or Statements of Service) in county veterans service offices.** Some of the county veterans service offices have created a file on each veteran who applied for assistance, or whose family applied for assistance. In some cases the files include copies of separation documents. Correspondence personnel shall not contact such offices, but should remind the requester of the possibility that these offices may have some information regarding their military service.
14. **Separation documents (or Statements of Service) in files of veterans organizations.** Some of the veterans organizations; e.g., American Legion, VFW, DAV, etc., have created a file on each veteran who has applied for membership in these organizations. These files normally contain some proof of satisfactory military service. Many of these organizations have retained a copy of the veterans' separation papers. Correspondence personnel shall not contact such organizations, but should remind the requester of the possibility that these organizations may have some information on their military service.
15. **Verification of military service contained in personnel records of state, municipal, or private employers.** Many employers give credit for time spent in the military service. The evidence of military service then becomes part of the official employment record. While such evidence would not always be acceptable for the purpose indicated, it would probably suffice when nothing else is available. Requesters should be reminded of this source of information when other internal and external sources fail to provide verification of military service.

# FAMILY ADVOCACY PROGRAM (FAP)

---

Family Advocacy records detail the treatment of families for spousal abuse and child abuse or neglect. Besides medical reports, FAP records contain mental health evaluations, investigative reports, and case review committee reports.

- **Department of the Air Force:** These records should **NOT** be filed in the service record, although references or referrals may be found. If a request is received for these records, follow same procedures as those outlined under the [AIDS/HIV](#) category in this guide.
- **Department of the Army:** These records should **NOT** be filed in the service record, although references or referrals may be found. FAP records are not retired to this Center. Provide the following address to inquiries concerning those records:

## FBI

**Details:** Individual military fingerprint cards on most veterans.

- Branches: All
- Timeframe: Destroyed when 79 years old. Currently the FBI does not have cards for anyone born prior to 1929.

### How to request:

- Prepare [FBI Military Service Information Request Form](#) on computer so that it is completely legible; do not complete form by hand.
- Provide as much information as possible in the column on the left, titled "Information Furnished by Requesting Agency". Include full middle names or initials. If name variations are available, include them in the "Additional Information" block.
- Review and correct any typos or misspellings before printing the form.
- Verify that your contact information is on the form (name, phone #, fax #).
- If request is high priority (burial, etc.) clearly stamp form in blank area on right upper half of the [FBI Military Service Information Request Form](#) with appropriate high priority stamp.
- Fax completed form to the number listed on the form.

***Samples of documents returned to technician:*** The FBI will return the [FBI Military Service Information Request Form](#) by either fax or mail. If no data is found, the FBI will check the top box in the lower half of the form which states that they were unable to locate military information on the individual.

# Fees: Archival Record and a Non-Archival Record

*(These are requests from the veteran; next of kin (NOK), if veteran is deceased; or an authorized 3rd Party)*

---

**A request for a complete copy of an archival and a non-archival record and both are chargeable:** Process the archival record in accordance with the [Archival Response Guide](#) . Complete the appropriate **Order for Archival Record Reproduction Services** form (or archival invoice); charge the permissible amount for the number of **archival record** copies provided. **Do not charge a fee for the non-archival record.** Send customer the archival invoice form; the copies from the non-archival record and suspend request until payment is received for the archival record. Use the following Get Paragraph to respond to the request: [PP » Archival » Request Payment-Archival and Non-Archival Rclds](#). If payment for the archival record is not received, the request will automatically close and the archival record is returned to file.

**Note:** For information about how to process legal cases that may involve a charge for photocopies and certification, see [Fees: Certified Copies for an Archival and Non-Archival Record under Legal Demands and Requests for Authenticated or Certified Copies](#).

RETURN SLIP FOR VA INQUIRY

We cannot locate the records needed to reply to your request. Before a more extensive search is made, additional information is required as indicated below.

- Verify branch of service and name used during service (last, first, middle). Furnish ALL names used by the veteran.
- Verify or furnish ALL service numbers and social security number. The service/social security number you gave is assigned to \_\_\_\_\_.
- Furnish in item 21 dates of any service (active, Reserve or National Guard) after date(s) shown in item 14. Include branch of service for dates shown. If National Guard, furnish name of state.
- Furnish in items 22a through 22c present status of individual, i.e., Reserve, Retired, etc.
- Furnish date and place of entry into service.
- Furnish home address at time of entry into service (street, city, county, state).
- Please furnish copy of latest separation form on file.
- If veteran received inpatient treatment, furnish name of hospital and approximate dates of hospitalization. If not, furnish full organizational designation (unit and subunit) to which assigned at time of illness or injury.
- Furnish full organizational designations (units and subunits) and approximate dates of assignment thereto.
- If veteran has any documents (i.e., Special Orders, letters, commendation, etc) pertaining to his military service, suggest he submit copies in support of his claim. Any documents submitted could facilitate search of auxiliary records.

Other NA Form 13075 was not completed as requested. Please complete specific items checked on attached NA Form 13075 and return.

RETURN OF INQUIRY	
#1	<input type="checkbox"/> We are unable to answer your request as written, because it lacks sufficient information and/or an appropriate signature. Please complete the attached Standard Form 180 to the best of your ability and return it to this Center. Be sure also to return this form, the original request, and any other attached papers. Please pay particular attention to any part of the Standard Form 180 that might be checked or circled.
#2	<input type="checkbox"/> We have also enclosed NA Form 13075 and/or NA Form 13055. After you complete the SF 180, you may also need to fill out one or both of these. The NA Forms 13075 and 13055 are needed ONLY if you want information or papers concerning a person who was discharged from the Army before 1960; or was discharged from the Air Force before 1964 and has a last name that comes alphabetically between Hubbard, James E. and Z. The records of such veterans may have been lost in the fire here in 1973. If so, the additional information will be needed to locate alternate sources of information which may enable this Center to reconstruct service/medical record data lost in the fire. <ul style="list-style-type: none"> <li>a. Fill out NA Form 13075 if you are asking for papers or information from a military service record, such as verification of dates and character of service.</li> <li>b. Fill out NA Form 13055 if you need information concerning medical treatment while in service.</li> </ul>
#3	<input type="checkbox"/> If the requested record was probably lost in the fire, as described above, AND you are requesting medals/awards, please send us a copy of the separation document (WD AGO Form 53-55, DD Form 214, etc.) and/or any copies of award citations, if available. These documents will help us to verify entitlement to the medal(s)/award(s), and if you can provide such documentation for all of the requested medals/awards, you will not need to complete the NA Form 13075. Even if you can provide such documentation, you will still need to fill out the NA Form 13075 if you need other assistance besides medals/awards.
#4	<input type="checkbox"/> Please fill out the enclosed NA Form 13055 or NA Form 13042 and return it to us along with this form, your original request, and any other attached papers.
#5	<input type="checkbox"/> Department of Defense Directive 5400.11 Encl. 5 prohibits furnishing the public with rosters (lists) or compilations of names and home addresses, or single addresses of current or former service members. We are sorry, therefore, that we are unable to furnish the information requested.
#6	<input type="checkbox"/> Matters of this kind are under the jurisdiction of the Veterans Administration. Please contact the nearest Veterans Administration Office.
#7	<input type="checkbox"/> Matters of this kind are under the jurisdiction of the office shown below. Please contact that office.
#8	<input type="checkbox"/> This Center has no means of verifying or proving a person's statement that he/she performed no military service. We are, therefore, unable to process your inquiry.
#9	<input type="checkbox"/> We must have the information that we previously requested before we can search for the records needed to answer your inquiry.
#10	<input type="checkbox"/> Copies of the requested forms are enclosed.
#11	<input type="checkbox"/> The enclosed authorization is not sufficient for this Center to release military personnel or medical records. Please have the veteran sign an authorization (parts 5 and 7 of section II of the attached Standard Form 180), specifying that we can release military records to you/your agency.
#12	<input type="checkbox"/> The military record needed to answer your inquiry is not in our files. If the record were here on July 12, 1973, it would have been in the area that suffered the most damage in the fire here on that date and may have been destroyed. Although there are alternate sources available which often can be used to reconstruct basic military data, these sources do not contain the particular type of information needed in this case. We regret, therefore, that we will not be able to provide the assistance that you have requested.
#13	<input type="checkbox"/> The parent or legal guardian must sign the request if the records needed are those of a minor or a person who has been declared mentally incompetent. The legal guardian should furnish a copy of the court appointment.

## File Without Action (FWOA) Guidelines and Processing True Duplicates

*Date Posted in CRG: 10/21/2013*

---

### Background

Tracking duplicate requests in the Case Management Reporting System (CMRS) is easy and comprehensive. Once the duplicate request(s) is located, certain conditions will determine if the technician should work it or file it without action (FWOA). The information below will help in this decision-making process:

### Reasons to consider FWOA:

**NOTE: Do NOT file without action a Congressional request unless you contact the caseworker to get permission to close it.**

**NOTE: For all FWOAs, you must include in the CMRS Note Applet the action(s) taken and reference the Service Request (SR) Number where your **COMPLETE** reply is located.**

1. The requester gives you permission to close the request by telephone or email. **See second note above.**
2. You receive a Congressional and a Routine Request that ask for the same information/document(s) from the same service member's record. Call the individual, who submitted the Routine Request, and explain that you will respond to the Congressional Request and ask for permission to close the Routine Request.

Under the Routine SR Number, update CMRS Note Applet with the outcome of your conversation with requester, as well as under the Congressional SR Number. Make sure to reference the Routine SR Number under the Congressional SR Number and the Congressional SR Number under the Routine SR Number. **See both notes above.**

3. You receive a Congressional Request but you just recently answered a Routine Request that asked for the same information/document(s) from the same service member's record. Call the Congressional Office, and explain to the caseworker that the request from their office is a duplicate of a Routine Request you recently answered and let the caseworker know the information/document(s) you furnished. Ask for permission to close the Congressional SR Number.

Under the Congressional SR Number, as well as the Routine SR Number, update the CMRS Note Applet with the outcome of your conversation with caseworker and reference the Routine SR Number under the Congressional SR Number and the Congressional SR Number under the Routine SR Number. **See both notes above.**

4. You receive two Congressional Requests from two different Congressional Offices (Senate/House of Representatives). They are both on behalf of the same constituent who wants to receive the same information/document(s) from the same service member's record. Call the Congressional Office that submitted the most recent request and explain that the constituent submitted the same request to another Congressional Office (give name of office) and ask caseworker for permission to close duplicate request.

Under each Congressional SR Number, update CMRS Note Applet with the outcome of your conversation with caseworker and include the appropriate Congressional SR Number. If caseworker does not agree to let you close duplicate request, your only other option is to reply to both requests. **See both notes above.**

**NOTE: For all FWOAs, you must include in the CMRS Note Applet the action(s) taken and reference the Service Request (SR) Number that will have your **COMPLETE** reply.**

5. You receive multiple open requests from the same requester. The same address is on each request and the requester wants the same information/document(s) from the same service member's record. Respond to the SR Number that has the search request attached to it and FWOA the other open SR Numbers. **See above note.**
6. You receive multiple open requests and you have a closed request--all are dated within a few days of each other and from the same requester. The same address is on each request and requester wants the same information/document(s) from the same service member's record. FWOA the open requests. **See above note.**
7. You receive multiple open requests from the same requester. The same address is on each request, but each request wants something different. Provide an all-inclusive reply in the SR Number that has the search request attached to it and FWOA the other SR Numbers. Enter in the CMRS Note Applet of each closed SR Number the SR Number you will complete. In the SR Number you will complete, include in the CMRS Note Applet the information/document(s) requested in each closed SR Number and address each item in you reply. **See above note.**
8. Incoming Attachments for non-fire related or fire-related requests do not contain enough information to locate a record after checking all available, pertinent alternate sources for the information. You should contact the requester for additional information

or furnish to requester appropriate form to complete and return. If requester is contacted and cannot furnish any additional information, get permission to close the request. If you cannot reach requester by phone or email, suspend request and send one of the forms and pattern letters or paragraphs indicated in the table below:

<b><i>If additional...</i></b>	<b><i>Then...</i></b>
service information is needed	furnish NA Form 13075 and the following response document when no service information is located: <a href="#">Get PL » Record Not Located » Record Not Located-Sent NA Form 13075.docx</a> . If located service is incomplete, send the following response document: <a href="#">Get PL » Record Not Located » Record not Located-Alternate 13075 Letter.docx</a> .
fire-related medical information is needed	furnish NA Form 13055 and appropriate pattern paragraph: <a href="#">Medical Records»Requesting Additional Information NA 13055 (fire related)</a> or <a href="#">Get PP » Fire Related Records » BIRLS Negative. NA 13055 for VA Claim Only</a> .
non-fire related medical information (for service member or dependent) is needed	furnish NA Form 13042 and appropriate pattern paragraph: <a href="#">Get PP » Medical Records » Treatment Record at Annex » Requesting Additional Information NA 13042</a> .

*For all of the above circumstances, you must suspend the request for 45 days and request will automatically close, or call requester—before the 45 days—to find out if the requester has any additional information to furnish. If not, ask requester for permission to close the request.*

**Processing True Duplicates:**

1. If you are assigned open *duplicate* SR Numbers, inspect the CMRS Search Request Applet to make sure there is no search request attached to the duplicate SR Numbers that you FWOA. You should work the SR Number that has the executed search request; otherwise, the record gets “locked” under a closed FWOA SR Number, and the search request cannot be released until it is re-associated with the SR Number that will be worked.
2. If you have an open SR Number from a service member and another open request(s) for the same service member is assigned to a different technician, check to see which SR Number has the executed search action. If it is yours, have the other open SR Number(s) reassigned to you. However, if the SR Number with the executed search action is assigned to someone else, have your open SR Number(s) reassigned to that technician by your ET or Coach.
3. When an Out of Center date on a closed SR Number is within 14 days of the date of an assigned duplicate open SR Number, you are permitted to FWOA the open SR Number if phone call to requester, notes in the Out of Center CMRS Note Applet, and/or response document indicates the Out of Center SR Number was satisfied.

**When not to FWOA:**

1. If **pending** SR Numbers for the same service member are neither Congressional Requests nor true duplicates, as explained above, they are considered to be “associated requests.” The technician should work these SR Numbers and not FWOA.
2. If a SR Number is assigned to WGUEST and there is no signature page, **Do NOT** FWOA or have the SR Number reassigned to you. Have your Coach or ET cancel the WGUEST SR Number.
3. If a SR Number worked by a technician on another team is closed, but the associated record under that SR Number still shows “In Core,” have any open SR Numbers you may later receive reassigned by your coach or ET to the technician who completed the SR Number. The military record is probably with that person.
4. If a negative reply was previously furnished under a SR Number and there are no notes included to indicate the technician’s effort to search or query available, pertinent alternate sources (such as AAD, BIRLS, VA Index, OR SN and etc) to locate the information/document requested, have your Coach or ET reassign request(s) you may later receive to the previous technician’s Coach or ET.

5. If a request is received without a signature for copies of documents from a Non-Archival record, **DO NOT FWOA**. Call requester or send a blank SF-180 along with a letter explaining we did not receive the proper authorization to release requested information/document(s) and suspend the SR Number for 45 days. If you reach requester by phone, ask requester to fax his/her signature to your Team's fax number and to include your name and SR Number in the fax.
  6. If a request is received without a signature for copies of documents from an Archival OMPF, **DO NOT FWOA**. If the request is for copies of documents from an Archival OMPF that can be identified in Registry (query by service number or name and verify service number matches), order the record and work according to the instructions provided in the [Archival Response Guide](#).

# Flight/Flight Training Records

---

## AIR FORCE

Air Force officer flight records and flight training records may be located within the service record; however, they are more likely to be found in NPRC's collection of microfilmed organizational records.

**NOTE:** Flight *training* records should NOT be confused with officer flight records, which provide a cumulative total of the officer's career flying time. Flight training records are usually documented by and within the early years of an officer's career, and may be included in the flight records.

If the request pertains to records (either type) from 1911 through 1995, request an OR search. Provide OR section with the veteran's name and service/social security number and the LAST MONTH AND YEAR flown, if known. If only the last year is known, request a search of the month of December. NOTE: The Air Force has not created flight records since 1995.

If requester insists on additional searches (by month/year), use pattern paragraph Personnel Related Information >> Flight Records - Air Force Officer to advise requester that additional records will be made available for review on-site at this Center.

## ARMY

**Note:** NPRC Memo 1865.68, Figure 1, Item 5 shows that flight training records from 1969-1979 are available at Fort Rucker, AL. Recently, the Chief of Records Management at Fort Rucker indicated that there are no flight training records from 1969-1979 or for any other period available at Fort Rucker. The flight training records are given to the soldier at graduation. If he/she does not graduate, any records are deleted or destroyed, and nothing is given to the soldier. Don't confuse these records with Navy flight records: see information regarding Navy flight records.

Per OPNAVINST 3710.7U, para 10.5.1.2, "...information needed to reconstruct a lost or destroyed OPNAV 3760/31, Aviators Flight Log Book, can be regenerated from the NALDA database and may be obtained by e-mailing a request to NAVAIRSYSCOM, at [naldahlp@logistics.navair.navy.mil](mailto:naldahlp@logistics.navair.navy.mil)."

**Naval Air Systems Command (NAVAIRSYSCOM)** recreates log books for all Navy and USMC aviators past and present. They have detailed flight records for both officers and enlisted back to January 1988, and annual summaries for officers only for years prior to January 1988. Any veteran

## Flight Surgeon Badges

The Flight Surgeon Badge is awarded to any Army Medical Corps officer who satisfactorily completes the training and other requirements prescribed by [AR 600-105](#). There are three levels of Flight Surgeon Badges authorized for award:

The Flight Surgeon Badge (originally approved as the Aviation Medical Officer Badge)

The Senior Flight Surgeon Badge (formerly the Flight Surgeon)

Master Flight Surgeon Badge (formerly the Senior Flight Surgeon)

The Flight Surgeon Badge may be awarded by The Commanding General, U.S. Army Aviation Center and Fort Rucker. The badge is awarded to those U.S. medical officers who have been awarded an aeronautical designation per AR 600-105, and to foreign military personnel who complete the training and the requirements prescribed by AR 600-105. All other awards will be made by The Surgeon General.

Senior and Master Flight Surgeon Badges (established 12 August 1963) may be awarded by The Surgeon General or the Chief, National Guard Bureau to National Guard personnel.

The Flight Surgeon Badge was established on 28 December 1956

# FREEDOM OF INFORMATION ACT (FOIA) REQUESTS

Last Updated: 12/4/2014

## REMINDER

If the requested record is archival, the instructions below do NOT apply.

Follow the procedures in the [Archival Response Guide](#).

The Freedom of Information Act (FOIA) provides the public access to Federal records except for those protected from disclosure by one of nine exceptions in the law or by one of three special record exclusions. Exemption 6 of the FOIA allows the government to withhold information from personnel and medical files that would constitute a clearly unwarranted invasion of personal privacy. According to the Department of Defense (DOD), information not considered an unwarranted invasion of privacy and releasable by NPRC is shown on the below list, [INFORMATION THAT CAN BE RELEASED UNDER FOIA](#). A FOIA request may not always cite "FOIA"; the inquiries may also be identified by references to Public Law 93-502, or 5 U.S.C. 552 (or a CFR citation, such as 32 CFR 806).

Note: If the request is from a reporter or media outlet, see also the [Media Cases or Special Inquiries](#) of this guide.

If a request is asking for SPECIFIC information that is releasable under FOIA, provide only what is requested. Do not routinely provide all data that is covered under FOIA.

If a routine request cites FOIA and asks only for specific documents or information that are NOT releasable under FOIA, the request may be returned if it lacks the release authorization of the veteran or NOK. This is NOT considered a denial. See [1865.16, par. 9](#).

For inquiries in which the information requested is partially releasable, process the request as shown below:

## Transcribing Data from the Record

Transcribing data from the record is the safest way to answer a FOIA request. Transcription makes you more conscious of what you're sending and decreases the chance of sending information you should not send. Also, most releasable items can easily be recorded on the FOIA release form.

Please be very careful when responding to third-party FOIA requests when you note that a previous FOIA response was made and is filed in the record. The previous response could have been made when NPRC was using a different listing of releasable information. This different listing included items such as date of birth, marital status, dependents' names and dates of birth, and home address, if deceased. We no longer release that information. If, in order to save time, you use a copy of this previous listing as part of your current response, you will be violating the Privacy Act and DoD regulations. Check that FOIA form in the record! Use the current Form 13164 to make your response.

---

## Sending Documents from the Record

---

Sending documents is often the fastest way to answer a FOIA request. Remember, however, the documents are simply the manner in which you're choosing to provide releasable information. Be careful. It is easy to send a document that provides releasable information and more. You might overlook the unreleasable information or forget to delete it.

Be selective when choosing documents. For example: avoid sending NAVPERS 601, page 9 from a WWII record and NAVPERS 601, page 13 from a PWW record. These are administrative pages on which all sorts of unreleasable information may appear. Conversely, NAVPERS 601, page 5 from a PMM record would be a good choice because it's limited to the history of assignments. Information found on AF documents Forms 7 & 11, and WD66, and Army documents DA Form 20 and DA Form 2-1 may also be copied, but you need to screen them carefully and make necessary deletions. If you use several documents to provide information (DA Form 20 and DA Form 2-1), it is permissible to "cut and paste" to a single sheet (or more, if needed) of information.

When FOIA-releasable information is sent in response to a third-party request in which the requester does not have the release authorization of the veteran or deceased veteran's next of kin, it is important to retain documents to show exactly what information was released. The following guidelines apply:

If the most efficient way to respond is to send copies of record documents (either in addition to the FOIA form or without it), be sure to do one or both of the following:

1. File a copy of each deleted document you send (showing all deletions made) in the OMPF.
  2. If you send any documents that do not require deletions, list those documents in the Request Note applet. Do NOT make file copies of documents that do not contain any deletions.
- 

## The Compromise

---

Most releasable items can easily be recorded on the FOIA release form. But other items-- assignments and their geographical location, decorations--can be time consuming to transcribe especially if the veteran had many years of service. Try the compromise of transcribing as much information as possible and providing as few documents as possible.

---

## INFORMATION THAT CAN BE RELEASED UNDER FOIA

---

### REMINDER

If the requested record is archival, the instructions below do NOT apply.

Follow the procedures in the [Archival Response Guide](#).

**NAME:** Last, first, and complete middle name (or initial if not shown)

**BRANCH/COMPONENT OF SERVICE:** Provide the appropriate branch, component, or both (e.g. United States Air Force [*branch*] Reserve [*component*]).

**SERIAL/SERVICE NUMBERS:** ALL service numbers, to include any prefix, such as AR, AF, US, BR, B, etc.

NOTE: Social Security Numbers are **NOT** serial or service numbers. SSNs are identifiers only; they are only identifiers. If military service is under an SSN instead of a serial/service number, type "none." To explain why you provided "none," **copy** and **paste** next to "none" the comment shown in the example below:

*Example*

**BRANCH OF SERVICE AND SERIAL/SERVICE NUMBER(S):** *Army/none*  
 ("None" means the record is filed by the social security number and not releasable.)

**DATES OF SERVICE:** You may run the active and inactive dates together (e.g. January 1, 1966 to December 31, 1972). But in some cases, it is more helpful to show the exact dates of active duty (e.g. June 1, 1966 to May 31, 1968). NOTE: Although not required, "start to finish" dates can be shown: delayed entry (inactive), active duty, and reserve (inactive). Some of these dates will not apply to all veterans.

**DUTY STATUS:** (For example, Discharged, Retired, Died in Service [non-combat related death], Killed in Action, or Died of Wounds)

**RANK/GRADE:** Last rank/grade achieved (*This is the final rank at time of discharge, retirement, or death; if grade [e.g. E-2, O-5] is only available, provide it.*): See Navy and Coast Guard conversion list for ranks ([1775-1969](#), [1970-Present](#)).

**SALARY:** N/A (this information is rarely shown in records). You may choose to refer the requester to the appropriate Defense Finance and Accounting Center.

**SOURCE OF COMMISSION:** This applies to only officers. Look for their "Letter of Appointment," to get this information. If unavailable, show N/A. Since this does NOT apply to enlisted personnel, indicate N/A as your response. Source of Commission is one of four possibilities:

**Service Academy** – United States Military Academy (Army); United States Naval Academy (Navy/Marine Corps); United States Air Force Academy; or United States Coast Guard Academy

**OCS/OTS** – Officer Candidate School/Officer Training School

**ROTC** – Reserve Officer Training Corps

**Direct** – Battlefield Commission during "wartime" or by application (usually for medical doctors, lawyers, etc.)

As for Warrant Officers, their source of commission would be by way of Warrant Officer Candidate School or Direct (by application).

"At the direction of the President of the United States" **IS NOT** a source of commission. See these [examples](#) to help you determine the source of commission.

**PROMOTION SEQUENCE NUMBERS:** N/A (This information is rarely shown in military records. It is found in promotion packets, but these packets are not usually maintained in the service record as a

permanent document. In the majority of cases, the response should be N/A.)

**ASSIGNMENTS AND THEIR GEOGRAPHICAL LOCATIONS:** Provide in the most convenient format. Be sure to black out non-releasable information if copies are used. But do NOT black out reference to an individual's Military Occupation Specialty (MOS), Air Force Specialty Code (AFSC), or Navy Enlisted Classification (NEC)

**MILITARY EDUCATION:** List all military schooling but not specialized training like Code of Conduct, Military Justice, etc. The list will NOT include the final grade or course standing.

**DECORATIONS AND AWARDS:** The acronyms or abbreviations for the decorations/awards must be spelled out. Provide copies of citations, if available. Based on their [criteria](#), include the automatic awards on the FOIA form.

**TRANSCRIPT OF COURTS-MARTIAL TRIALS:** This means records of the proceedings—not orders or entries relating to the court-martial. Your response will be "Not on file," because proceedings are not usually in the record. **Do NOT** use "N/A" ("Not available in the record").

**PHOTOGRAPH:** If any original [photograph](#) is in a record, do NOT provide it to any requester, even if the record contains duplicate photographs. Make a photocopy of the original to furnish to the requester. If the OMPF contains a negative, do NOT take the negative out of its protective sleeve or try to make a print. Follow the procedures in [the Request for Photographs](#) CRG entry.

**PLACE OF ENTRY:** City/state or installation/state (For multiple periods of service, provide each place of entry. Include the year in parenthesis after each place of entry; this is not required but helpful.)

Examples:

St. Louis, MO (1958)/Ft. McCoy, WI (1961)

**PLACE OF SEPARATION:** installation/state (For multiple periods of service, provide each place of separation. Include the year in parenthesis after each place of separation; this is not required but helpful.) See note below for additional information.

Examples:

Ft. McCoy, WI (1964)/Travis AFB, CA (1972)

**NOTE:** Unless reserve or National Guard service requested--for place of separation--use the location at the end of active service (Release/Relief from Active Duty). Add clarification, if needed--not required, but helpful. For example, if you include reserve service (Discharge), enter it like this: Newark, NJ/RCPAC, St. Louis, MO (not physically present).

**IF VETERAN IS DECEASED:**

**PLACE OF BIRTH:** City and state

**DATE OF DEATH:** Month/day/year

**LOCATION OF DEATH:** city and state (country if not the USA)

**PLACE OF BURIAL:** name of cemetery, city, state (country, if not USA)

\* N/A denotes information not available in records

# Automatic Medals and Their Criteria

## World War I

- **WW I Victory Medal** – active service from April 6, 1917 to November 11, 1918

(For each campaign a battle clasp is issued [e.g. Meuse-Argonne with battle clasp] or give Defensive Sector [e.g. Defensive Sector with battle clasp])

- **WW I Victory Button** – active service from April 6, 1917 to November 11, 1918

## World War II

- **Honorable Service Lapel Button World War II** – active service between Sep 8, 1939 and Dec 31, 1946
- **American Defense Service Medal** - Service between September 8, 1939, and December 7, 1941
- **World War II Victory Medal** – active service between Dec 7, 1941 and Dec 31, 1946
- **Bronze Star Medal (BSM)** – if source documents authorize Combat Infantryman Badge (CIB) or Combat Medical Badge (CMB) or if source document shows the BSM and veteran has CIB/CMB, show as Bronze Star Medal w/1st Oak Leaf Cluster

## Post World War II

- **United Nations Service Medal** – if authorized Korean Service Medal (*Do NOT confuse with other United Nations Medals. This medal is specific to Korea.*)
- **National Defense Service Medal** – active (Honorable or Under Honorable Conditions) service during the following periods: June 27, 1950 – July 27, 1954; January 1, 1961 – August 14, 1974; August 2, 1990 – November 30, 1995 and 2001 to date to be determined
- **Republic of Vietnam Gallantry Cross with Palm Unit Citation Badge** – if **Army** veteran is authorized the Vietnam Service Medal (*This award is not automatic for Air Force, Navy, Marine Corps, and Coast Guard veterans.*)
- **Korea Defense Service Medal** – active service in the Republic of Korea from July 28, 1954 to date to be determined

## Transcribing Data from the Record

Transcribing data from the record is the safest way to answer a FOIA request. Transcription makes you more conscious of what you're sending and decreases the chance of sending information you should not send. Also, most releasable items can easily be recorded on the FOIA release form.

Please be very careful when responding to third-party FOIA requests when you note that a previous FOIA response was made and is filed in the record. The previous response could have been made when NPRC was using a different listing of releasable information. This different listing included items such as date of birth, marital status, dependents' names and dates of birth, and home address, if deceased. We no longer release that information. If, in order to save time, you use a copy of this previous listing as part of your current response, you will be violating the Privacy Act and DoD regulations. Check that FOIA form in the record! Use the current Form 13164 to make your response.

---

## Sending Documents from the Record

Sending documents is often the fastest way to answer a FOIA request. Remember, however, the documents are simply the manner in which you're choosing to provide releasable information. Be careful. It is easy to send a document that provides releasable information and more. You might overlook the unreleasable information or forget to delete it.

Be selective when choosing documents. For example: avoid sending NAVPERS 601, page 9 from a WWII record and NAVPERS 601, page 13 from a PWW record. These are administrative pages on which all sorts of unreleasable information may appear. Conversely, NAVPERS 601, page 5 from a PMM record would be a good choice because it's limited to the history of assignments. Information found on AF documents Forms 7 & 11, and WD66, and Army documents DA Form 20 and DA Form 2-1 may also be copied, but you need to screen them carefully and make necessary deletions. If you use several documents to provide information (DA Form 20 and DA Form 2-1), it is permissible to "cut and paste" to a single sheet (or more, if needed) of information.

When FOIA-releasable information is sent in response to a third-party request in which the requester does not have the release authorization of the veteran or deceased veteran's next of kin, it is important to retain documents to show exactly what information was released. The following guidelines apply:

If the most efficient way to respond is to send copies of record documents (either in addition to the FOIA form or without it), be sure to do one or both of the following:

1. File a copy of each deleted document you send (showing all deletions made) in the OMPF.
2. If you send any documents that do not require deletions, list those documents in the Request Note applet. Do NOT make file copies of documents that do not contain any deletions.

---

## The Compromise

---

Most releasable items can easily be recorded on the FOIA release form. But other items-- assignments and their geographical location, decorations--can be time consuming to transcribe especially if the veteran had many years of service. Try the compromise of transcribing as much information as possible and providing as few documents as possible.

## INFORMATION THAT CAN BE RELEASED UNDER FOIA

---

### REMINDER

If the requested record is archival, the instructions below do NOT apply.

Follow the procedures in the [Archival Response Guide](#).

**NAME:** Last, first, and complete middle name (or initial if not shown)

**BRANCH/COMPONENT OF SERVICE:** Provide the appropriate branch, component, or both (e.g. United States Air Force [*branch*] Reserve [*component*]).

**SERIAL/SERVICE NUMBERS:** ALL service numbers, to include any prefix, such as AR, AF, US, BR, B, etc.

NOTE: Social Security Numbers are **NOT** serial or service numbers. SSNs are identifiers only; they are only identifiers. If military service is under an SSN instead of a serial/service number, type "none." To explain why you provided "none," **copy and paste** next to "none" the comment shown in the example below:

*Example*

**BRANCH OF SERVICE AND SERIAL/SERVICE NUMBER(S):** *Army/none*  
 ("None" means the record is filed by the social security number and not releasable.)

**DATES OF SERVICE:** You may run the active and inactive dates together (e.g. January 1, 1966 to December 31, 1972). But in some cases, it is more helpful to show the exact dates of active duty (e.g. June 1, 1966 to May 31, 1968). NOTE: Although not required, "start to finish" dates can be shown: delayed entry (inactive), active duty, and (inactive) reserve. Some of these dates will not apply to all veterans.

**DUTY STATUS:** (For example, Discharged, Retired, Died in Service [non-combat related death], Killed in Action, or Died of Wounds)

**RANK/GRADE:** Last rank/grade achieved (*This is the final rank at time of discharge, retirement, or death; if grade [e.g. E-2, O-5] is only available, provide it.*): See Navy and Coast Guard conversion list for ranks ([1775-1969](#), [1970-Present](#)).

**SALARY:** N/A (this information is rarely shown in records). You may choose to refer the requester to the appropriate Defense Finance and Accounting Center.

**SOURCE OF COMMISSION:** This applies to only officers. Look for their "Letter of Appointment," to get this information. If unavailable, show N/A. Since this does NOT apply to enlisted personnel, indicate N/A as your response. Source of Commission is one of four possibilities:

**Service Academy** – United States Military Academy (Army); United States Naval Academy (Navy/Marine Corps); United States Air Force Academy; or United States Coast Guard Academy

**OCS/OTS** – Officer Candidate School/Officer Training School

**ROTC** – Reserve Officer Training Corps

**Direct** – Battlefield Commission during "wartime" or by application (usually for medical doctors, lawyers, etc.)

As for Warrant Officers, their source of commission would be by way of Warrant Officer Candidate School or Direct (by application).

"At the direction of the President of the United States" **IS NOT** a source of commission.

**PROMOTION SEQUENCE NUMBERS:** N/A (This information is rarely shown in military records. It is found in promotion packets, but these packets are not usually maintained in the service record as a permanent document. In the majority of cases, the response should be N/A.)

**ASSIGNMENTS AND THEIR GEOGRAPHICAL LOCATIONS:** Provide in the most convenient format. Be sure to black out non-releasable information if copies are used. But do NOT black out

reference to an individual's Military Occupation Specialty (MOS), Air Force Specialty Code (AFSC), or Navy Enlisted Classification (NEC)

**MILITARY EDUCATION:** List all military schooling but not specialized training like Code of Conduct, Military Justice, etc. The list will NOT include the final grade or course standing.

**DECORATIONS AND AWARDS:** The acronyms or abbreviations for the decorations/awards must be spelled out. Provide copies of citations, if available. Based on their [criteria](#), include the automatic awards on the FOIA form.

**TRANSCRIPT OF COURTS-MARTIAL TRIALS:** This means records of the proceedings—not orders or entries relating to the court-martial. Your response will be "Not on file," because proceedings are not usually in the record. **Do NOT** use "N/A" ("Not available in the record").

**PHOTOGRAPH:** If any original [photograph](#) is in a record, do NOT provide it to any requester, even if the record contains duplicate photographs. Make a photocopy of the original to furnish to the requester. If the OMPF contains a negative, do NOT take the negative out of its protective sleeve or try to make a print. Follow the procedures in [the Request for Photographs](#) CRG entry.

**PLACE OF ENTRY:** City/state or installation/state (For multiple periods of service, provide each place of entry. Include the year in parenthesis after each place of entry; this is not required but helpful.)

Examples:

St. Louis, MO (1958)/Ft. McCoy, WI (1961)

**PLACE OF SEPARATION:** installation/state (For multiple periods of service, provide each place of separation. Include the year in parenthesis after each place of separation; this is not required but helpful.) See note for additional information.

Examples:

Ft. McCoy, WI (1964)/Travis AFB, CA (1972)

**NOTE:** Unless reserve or National Guard service requested--for place of separation--use the location at the end of active service (Release/Relief from Active Duty). Add clarification, if needed--not required, but helpful. For example, if you include reserve service (Discharge), enter it like this: Newark, NJ/RCPAC, St. Louis, MO (not physically present).

**IF VETERAN IS DECEASED:**

**PLACE OF BIRTH:** City and state

**DATE OF DEATH:** Month/day/year

**LOCATION OF DEATH:** city and state (country if not the USA)

**PLACE OF BURIAL:** name of cemetery, city, state (country, if not USA)

\* N/A denotes information not available in records

## World War I

- **WW I Victory Medal** – active service from April 6, 1917 to November 11, 1918

**(For each campaign a battle clasp is issued [e.g. Meuse-Argonne with battle clasp] or give Defensive Sector [e.g. Defensive Sector with battle clasp])**

- **WW I Victory Button** – active service from April 6, 1917 to November 11, 1918

## **World War II**

- **Honorable Service Lapel Button World War II** – active service between Sep 8, 1939 and Dec 31, 1946
- **World War II Victory Medal** – active service between Dec 7, 1941 and Dec 31, 1946
- **Bronze Star Medal (BSM)** – if source documents authorize Combat Infantryman Badge (CIB) or Combat Medical Badge (CMB) or if source document shows the BSM and veteran has CIB/CMB, show as Bronze Star Medal w/1st Oak Leaf Cluster

## **Post World War II**

- **United Nations Service Medal** – if authorized Korean Service Medal (***Do NOT confuse with other United Nations Medals. This medal is specific to Korea.***)
- **National Defense Service Medal** – active (Honorable or Under Honorable Conditions) service during the following periods: June 27, 1950 – July 27, 1954; January 1, 1961 – August 14, 1974; August 2, 1990 – November 30, 1995 and 2001 to date to be determined
- **Republic of Vietnam Gallantry Cross with Palm Unit Citation Badge** – if **Army** veteran is authorized the Vietnam Service Medal (*This award is not automatic for **Air Force, Navy, Marine Corps, and Coast Guard** veterans.*)
- **Korea Defense Service Medal** – active service in the Republic of Korea from July 28, 1954 to date to be determined.

**The FNO File.** - A foreign national overseas (FNO) is an employee of the Federal government who is not a U S Citizen and who worked outside of the United States and its territories and possessions. Some FNO records are added to the file after being pulled from other record groups. The FNO file is maintained in alphabetical order. See NPRC 1867.59 for additional details.

Period of service	Location
1951 and prior	Agency Record Groups
1952 - 4/1/1965	Consolidated Record Group

**INSTRUCTIONS TO CERTIFYING OFFICER**

Persons who are serving or have served honorably under specified conditions in the armed forces of the United States, inclusive of the reserve components of the armed forces of the United States, are granted certain exemptions from the general requirements for naturalization. The law requires such service to be established by a duly authenticated copy of the records of the executive department having custody of the record of service, showing whether the serviceman served honorably in an active-duty status, a reserve-duty status, or both, and whether each separation from the service was under honorable conditions. For that purpose, the certified statement on the reverse of this form, executed under the seal of your department, is required and should cover not only the period(s) of service shown above, but any other periods of service (active, reserve, or both) rendered by the serviceman/woman.

The reverse of this form should be completed, or the information called for furnished by separate letter, and the form and letter returned to the office of the Immigration and Naturalization Service at the address in the box immediately below.

REMARKS BY SOCIAL SECURITY ADMINISTRATION:				
<b>INSTRUCTIONS FOR UNIFORMED SERVICE OR GSA RECORDS CENTER</b>				
<p>In all cases, please verify the veteran's name and service number furnished by the Social Security Administration. If identical with the military file, check "Yes" in the spaces provided on the reverse of this form; if different, check "No" and enter the name and/or service number shown in the military file.</p> <p>Then certify the information requested by the Social Security Administration in item 2 above. All applicable items in the block are to be filled in by the certifying organization. If you need additional space or remarks are appropriate, use the "Remarks" space on the reverse.</p> <p>The duplicate copy of this form should be kept in the veteran's military file whenever a certification about retired or retainer pay (Part B) is furnished. If there is ever a subsequent change made in the retirement record which affects the information furnished, the Social Security Administration should be advised accordingly.</p> <p><b>PART A</b> - This information permits the Social Security Administration to determine whether the veteran had active military or naval service during World War II (September 16, 1940-July 24, 1947) or post-World War II (July 25, 1947-December 31, 1956) for which military service wage credits may be granted. List each period of service and identify all periods of service designated as "active duty for training."</p> <p><b>PART B</b> - Social Security needs this information to determine whether wage credits are precluded because another Federal Agency has determined that a periodic benefit is payable based in whole or part on active military service in World War II or post-World War II.</p> <p>Military retired pay is based on the WW II or post-WW II period of service, as the case may be, if active service in the period has ever been directly credited (used) in establishing eligibility to the retired pay, or in computing the amount of such pay. Transfer to the Fleet Naval (or Marine Corps) Reserve is treated the same as a normal retirement for purposes of completing this form. A decision to retire an individual, when officially approved, constitutes a retirement even though for any reason no retired pay is ever made.</p> <p>Items 1(c) and (d) - Active service was "used" in establishing eligibility to retired pay if it comprises part of the total minimum service required for retirement according to the provisions of law under which the veteran was actually retired. The fact that he was eligible for retirement under some other provision of law is immaterial.</p> <p>Item 2(a) - Retired pay is "fixed" when one of several applicable formulas for computing retirement pay is selected. If the individual is given the option of deciding which formula is to be used, the pay is not "fixed" until the selection is made and approved.</p> <p>Items 2(a), (b) and (c) - A "multiple of active service" is that number used to represent years of active service when computing retirement pay. For purposes of this multiple, fractions of one-half year or more of active service are counted as a whole year. However, when computing longevity retirement and pay from the Public Health Service, the multiple is the last full year.</p> <p>Item 3 - The terms "active duty" and "active duty for training" have the same meaning as defined in Sec. 102 of Public Law 881, 84th Congress (Servicemen's and Veterans' Survivor Benefits Act).</p> <p><b>PART C</b> - This information is requested where proof of the veteran's age is needed to adjudicate his Social Security claim.</p> <p>The oldest record giving the veteran's date of birth or age should be certified. However, if a later record contains discrepant date of birth or age, certify that record as well. (The "Remarks" block may be used as necessary.)</p> <p>When certifying age, it is important to show the date as of which the age was given. For example, some World War I discharge or separation records may show the veteran's age when he entered service. In this case, the date of entry into service is the "Date As of Which Age Was Given" while the date of discharge may be the "Date Record Established."</p>				
(Originating Office) <b>SOCIAL SECURITY ADMINISTRATION</b>		The information requested in item 2 above is needed by the Social Security Administration to adjudicate a claim based on the account of the above veteran. All available identifying information has been provided.

I want to clarify my recent guidance that forms alone may be used to respond directly to agencies, while information and forms sent to all other requesters require cover letters. Agencies include governmental offices at all levels, e.g., federal, state, sheriffs' departments, etc. Veterans groups, Veterans Services Officers, employment agencies and private businesses are NOT government agencies and therefore require cover letters to transmit information and forms.

Please contact Linda Torrusio at x4236 if you have any questions.

### CHAPTER 1. FOIA REQUESTS

#### 1. **Background.**

- a. **Original act.** The Freedom of Information Act (P.L. 90-23, June 5, 1967) had little effect on release procedures at NPRC because it specifically excluded from its provisions personnel

and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

b. **Amendments.** As with the original Act, the 1974 amendments to the Freedom of Information Act (P.L. 93-502, November 21, 1974) and subsequent amendments, had little impact on NPRC's release policies. They did, however, require certain special procedures, including (1) a determination and acknowledgment within 20 working days of receipt of request as to whether or not the requested information could be furnished, and (2) an annual statistical report on requests made under the Act.

2. **Definition of Freedom of Information Act request.** To qualify as a FOIA request, each request must reasonably describe the records/information requested, be in writing, and indicate clearly that it is being requested under provisions of the Act.
3. **Relation of Privacy Act.** All inquiries received at NPRC are now considered as coming under the Privacy Act insofar as release policies, accounting for disclosures, and other special provisions are concerned. This also applies to inquiries that mention the Freedom of Information Act; however, the special provisions of this memo must also be considered when processing FOIA inquiries.
4. **Recognizing FOIA requests.** It is extremely important that employees recognize all requests identified as coming under the Freedom of Information Act. This can be accomplished by looking for one of the following three references (on the envelope or in the request):

FOIA request  
Public Law 93-502  
5 U.S.C. 552 (or a CFR citation, such as 32 CFR 806)

Employees must look for any reference to FOIA on letters or request forms and on pages attached to any request form. It is important to recognize all FOIA requests promptly.<sup>1</sup>

## CHAPTER 2. FOIA REQUEST PROCEDURES, 9700 PAGE

1. **Data entry in CMRS.** Data entry personnel identify FOIA requests in CMRS by clicking in the box for FOIA Flag. The flag (checkmark) indicates that the requester cited the Freedom of Information Act (FOIA). Checking the flag will automatically change the priority level of routine requests to medium priority.
2. **Form of reply.** In responding to FOIA requests, core technicians will use the appropriate pattern paragraphs, pattern letters, or forms found on the Word Toolbar Buttons; Get Parag., Get Letter, or Get Form.
3. **Acknowledgement of receipt/delay notice.** If the request will not be answered within 20 working days, a delay notice is sent to the requester by Core 5, Headquarters. A post card is generated from CMRS information.
4. **Department of Defense disclosure guidelines.** 32 CFR 286, 32 CFR 286a, and Defense Privacy Board decisions list items of information pertaining to military personnel which normally may be released WITHOUT an unwarranted invasion of privacy.

Place of induction and separation

If requested, the above items normally may be released without the veteran's consent. For deceased service personnel, the following items also may generally be released:

Place of birth

Date and geographical location  
of death

Place of burial

\* These items obviously relate to active duty personnel only.

\*\* Records processed at NPRC generally concern individuals with discharged or retired status.

5. **Specific information requested.** If a request is asking for SPECIFIC information that is releasable under FOIA, *provide only what is requested*. Do not routinely provide all data that is covered under FOIA.
6. **Request lacking release authorization.** If a routine request cites FOIA and asks only for specific documents or information that are NOT releasable under FOIA, the request may be returned if it lacks the release authorization of the veteran or NOK. This is NOT considered a denial. See [1865.16, par. 9](#).
7. **Information partially releasable.** When the information requested is partially releasable, provide the releasable information to the requester and forward the request and the record to the office shown below. Be sure to inform requester of the referral.

8. **Transcribing data from the record.** Transcribing data from the record is the safest way to answer a FOIA request. Transcription makes you more conscious of what you're sending and decreases the chance of sending information you should not send. Also, most releasable items can easily be recorded on NA Form 13164, Information Releasable Under the Freedom of Information Act. If you need more space, you also may transcribe into the response letter.

Be very careful when responding to third-party FOIA requests when you note that a previous FOIA response was made and is filed in the record. The previous response could have been made when NPRC was using a different listing of releasable information. This different listing included items such as date of birth, marital status, dependents' names and dates of birth, and home address, if deceased. We no longer release that information.

9. **Sending documents from the record.** Sending documents is often the fastest way to answer a FOIA request. Remember, however, the documents are simply the manner in which you're choosing to provide releasable information. Be careful. It is easy to send a document that provides releasable information and more. You might overlook information that is not releasable or forget to delete it. Be selective when choosing documents. For example, avoid sending NAVPERS 601, page 9, from a WWII record and NAVPERS 601, page 13, from a PWW record. These are administrative pages on which all sorts of information that is not releasable may appear. Conversely, NAVPERS 601, page 5, from a PMM record would be a good choice because it's limited to the history of assignments. Information found on AF documents, Forms 7 & 11, and WD66; and Army documents, DA Form 20 and DA Form 2-1, may also be copied, but you need to screen them carefully and make necessary deletions. If you are using several documents to provide information (DA Form 20 and DA Form 2-1), it is permissible to "cut and paste" to a single sheet (or more, if needed).

10. **Combining data transcription and photocopies.** Most releasable items can easily be recorded on NA Form 13164. Other items; e.g., assignments and their geographical locations or decorations, can be time consuming to transcribe, especially if the veteran had many years of service. In these cases, transcribe as much information as possible and provide photocopies of documents on the remaining items.

11. **Documenting what information is released.** When FOIA-releasable information is sent in response to a third-party request in which the requester does not have the release authorization of the veteran or deceased veteran's next of kin, it is important to retain documentation to show exactly what information was released. The following guidelines apply:

If the most efficient way to respond is to send copies of record documents (either in addition to, or instead of, transcribing as described in [par. 8](#), above), be sure to do one or both of the following:

- a. File a copy of each deleted document you send (showing all deletions made) in the OMPF.
- b. If you send any documents that do not require deletions, list those documents in the Request Note applet. Do NOT make file copies of documents that do not contain any deletions.

**CHAPTER 3. FOIA REQUEST PROCEDURES - 111 WINNEBAGO**

1. **Action in mailroom.** Attach NA Form 13028, FOIA Request, to all FOIA requests as they are identified. See [fig. 3-1.1](#). Attach appropriate color code tab to FOIA cases.
  - a. **Request lacks sufficient identifying information.** Return request for additional information using NA Form 13022, Returned Request Form. See [fig. 3-1.2](#).
  - b. **Registry location can be determined.** Complete NA Form 13034, Notification of Receipt of FOIA Request, Part 1, and send to requester. See [fig. 3-1.3](#). Code and route inquiry as a routine request.
  - c. **Registry location cannot be determined and service is subsequent to April 1, 1965.** Handle as a routine negative.
  - d. **Inquiry concerns general purpose record holdings.** Complete NA Form 13034, Part 2, and send to requester. Code and route inquiry as a routine request.
2. **Action in Reference Service Branch.**
  - a. **Official Personnel Folders (OPF's).** Instructions for processing FOIA requests pertaining to OPF's are contained in NPRC 1867.6, Restrictions and release policies for Official Personnel Folders.
  - b. **General purpose records.** Instructions for processing FOIA requests pertaining to general purpose records are contained in NPRC 1867.27, Release and access guide, General Reference Branch.
  - c. **Acknowledgements.** All FOIA requests forwarded to the reference branch should have been acknowledged when the mailroom sent the requester NA Form 13034. Any FOIA request which has NOT been acknowledged shall be brought to the supervisor's attention. The supervisor shall ensure immediate completion and dispatch of the reply.
  - d. **Processing order.** Process FOIA requests along with all others bearing the same color code tabs. Be sure to complete the appropriate portions of NA Form 13028 as the case is processed. When a case is completed, give the NA Form 13028 to the section chief.
  - e. **Form of reply.** Responses to FOIA requests should make maximum use of existing "NA" forms. Only in the most unusual circumstances should a lengthy, composed reply be necessary. It should be handwritten unless the technician's writing or printing is illegible. If the reply to a FOIA request includes a copy of one or more documents from the OPF, see [NPRC 1864.102C, Privacy Act implementation in NPRC reference service operations, subpar. 8.b.](#)
3. **Reporting.** Reference Service Branch is responsible for ensuring that data is entered from collected NA Forms 13028 in the Performance Measurement and Reporting System (PMRS), FOIA Log. The FOIA log is submitted to the Office of Regional Records Services on a quarterly basis.

# Freefall Parachutist Badge

**Added: 6/16/2016**

---

The Department of the Army does not issue the Military Freefall Parachutist Badge in either its Basic or Jumpmaster level. If this badge is shown in the record or specifically requested, copy and paste the following paragraph into your response letter.

Requests for award of the Military Freefall Parachutist Badge (Basic or Jumpmaster) should be submitted to:

 [\[00725\]](#)

Commander

U.S. Army John F. Kennedy Special Warfare Center & School

ATTN: AFJK-GPD- SA

Fort Bragg, NC 28307-5000

Requests should include the veteran's name, rank, SSN, MOS, copy of official jump record (DA Form 1307), and any other supporting documents, such as graduation or qualification certificates.

You may also purchase the badge from civilian dealers in military insignia. For vendors, we suggest you search the web for 'Military Insignia' or "Military Medals".

## French Fourragère

WWI (Two Citations)

WWII (Two Citations)

WWI (Four Citations)

(WWII (Four Citations)

The French fourragère may be awarded by the French government if a unit was cited twice in the dispatches. Award of the fourragère is not automatic and requires a specific decree of the French government. The fourragère is the same colors as the ribbon for the Croix de Guerre. If a unit is cited four times, the fourragère colors are changed to that of the French Medaille Militaire instead of the Croix de Guerre. The French Fourragère is authorized for both permanent and temporary wear. Personnel assigned to a unit which was awarded the fourragère may wear the fourragère while assigned to the unit.

The French Fourragere was established: Unknown.

Authorized Device/Appurtenance: None

Dates Authorized: WWI, WWII

Type of award: Foreign Unit Award

Specific requirements for this award are contained in [Army Regulation 600-8-22: paragraph 9-18](#)

# Frequently Asked Questions about Redacting

## Posted on: 7/14/2014

Question	Answer
1. Do I redact the entire social security number (SSN) on copies?	Yes, redact the entire SSN.
2. Do I redact next of kin's (NOK) home addresses?	<p>a. <b>Do NOT</b> redact the NOK's home addresses, when the response is sent to the veteran; his/her authorized representative; NOK of deceased veteran; or their authorized representative (e.g. attorney, guardian, <b>power of attorney</b>, Member of Congress, etc).</p> <p>b. Redact the NOK's home addresses, when the response is sent to an authorized third party (e.g. adverse attorney, prospective employer, etc). See <a href="#">Note 2</a> for additional information.</p> <p><b>Note 1:</b> <i>A representative acting on behalf of the veteran or NOK requires the veteran or a deceased veteran NOK's <a href="#">WRITTEN CONSENT</a> The consent <b>MUST</b> identify the representative, and it should clearly grant access to the veteran's record. It <b>MUST</b> be dated and remains in effect for one year. Either in writing or verbally, <a href="#">Members of Congress</a> or their staff members may imply they have the veteran's consent.</i></p> <p><b>Note 2:</b> <i>You <b>MUST</b> <a href="#">redact separation documents</a> sent to third parties unless the veteran or NOK of a deceased veteran authorizes a non-redacted copy. On separation documents printed July 1, 1979 or later, the NOK's address is shown in item 19b; so redact item 19b if it is different from 19a even if a non-redacted copy is authorized.</i></p>
3. Do I redact the NOK's SSN, date of birth (DOB), and other personal identifiable information (PII)?	<p>a. With the exception of <a href="#">NOK's home addresses</a>, you <b>CANNOT</b> release the <a href="#">PII of other individuals named in a veteran's record</a> Therefore, redact PII before providing copies. For information on redacting, see <a href="#">Redaction of Restricted Information on Photocopied Documents</a>.</p> <p>b. If you receive a request from the veteran, his/her representative or NOK of a deceased veteran or their representative and it <b>specifically asks for NOK's PII to apply for benefits</b>, you should <b>discuss this with your ET or Coach</b>. Then enter in the CMRS Note Applet a notation about action taken. <b>You will rarely receive a request like this.</b></p>

<p>4. What is the 10-digit number that is shown next to the veteran's name, and should I redact it too?</p>	<p>The 10-digit number is known as DoD's Identification (ID) Number. It is similar to the service/serial numbers soldiers and sailors used until the early 70's.</p> <p><b>Do NOT</b> redact the veteran or other veterans' 10-digit DoD ID Number when sending a response to the veteran, his/her representative, NOK of a deceased veteran/their authorized representative, or third party requesters.</p> <p><b>NOTE:</b> <i>Since the 10-digit DoD ID number has been around less than 10 years, it is more commonly seen in the Defense Personnel Records Information Retrieval System (DPRIS).</i></p>
<p>5. Do I redact the sponsor's SSN when furnishing dependents copies of their clinical or outpatient military treatment facility record(s)?</p>	<p>a. Most times you redact the sponsor's SSN from copies furnished to the sponsor's dependent(s). However, if records include the 10-digit DoD ID Number, you <b>do NOT</b> need to redact this number. For additional information, see the note and 5b below.</p> <p><b>NOTE:</b> <i>The age of a dependent child eligible for the military healthcare system (or TRICARE) is from birth until age 21 (or 23 if in college). He or she is the sponsor's unmarried biological or adopted child. Stepchildren are included. However, if the step child is not adopted by the sponsor, eligibility ends if the sponsor divorces the child's parent. A dependent child under age 18 is not eligible to submit a request as he or she is a minor. Eligibility may extend beyond the age of 21 or 23 if the child is severely disabled.</i></p> <p><i>After age 23, a child who is not severely disabled is no longer eligible to participate in the military healthcare system or take advantage of benefits from other agencies. It would be extremely unlikely that there would be a need to provide a non-redacted copy of his or her medical record(s). Determination of benefit eligibility is made by the service department using data in the Defense Enrollment Eligibility Reporting System (DEERS) and non-military documents, such as birth or marriage certificates.</i></p> <p>b. If a request from a dependent <b>specifically asks for his or her sponsor's SSN to participate in a military healthcare system or to apply for other benefits</b>, you should <b>discuss this with your ET or Coach</b>. Then enter in the CMRS Note Applet a notation about action taken. <b>You will rarely receive a request like this.</b></p>

# GED, USAFI, DANTES or PREP Scores, Transcripts and Certificates

**Background.** General Educational Development (GED) tests are a group of five subject tests which, when passed, certify that the taker has high school-level academic skills. The GED is sometimes referred to as a General Equivalency Diploma or General Education Diploma. Some training programs were conducted for the military branches by contracting with various schools and colleges and were offered to servicemen in their off-duty time by the Educational Services Program of the United States Armed Forces Institute (USAFI). The records and tests formerly held by USAFI were then held by the Defense Activity for Non-Traditional Educational Support (DANTES). From 1971 through 1976 some military service personnel attended overseas Department of Defense Dependent Schools (DODDS) and participated in the Pre-Discharge Education Program (PREP) to obtain their high school diplomas.

Most employers, civilian schools, and colleges allow academic credit for these educational programs. Some of the educational documents may be on file, others may not. Frequently, technicians will need to refer requesters to the agency holding the records. The Department of Defense has a single website for information on all off-duty educational programs, scores, transcripts, and certificates.

To obtain information and order forms for GED, USAFI, DODDS Pre-Discharge Education Program (PREP), DANTES, CLEP, and DSST, veterans should go to <http://getcollegecredit.com/contact/> or call 1-877-392-6433. There is no mailing address available to request GED records.

NPRC 1865.86B  
March 8, 1982

SUBJECT: **Genealogical requests**

1. **Purpose.** This memorandum provides instructions for answering requests for genealogical information or copies of records to be used for genealogical research.
2. **Cancellation.** NPRC 1865.86A is canceled.
3. **Reasons for revision.**
  - a. NPRC 1865.86A is updated to make instructions for processing genealogical requests more complete and understandable.
  - b. A revised response from for genealogical requests is included, along with processing instructions for all affected branches.
  - c. Incoming Mail Unit personnel can now turn many requests around by sending Regional Form R6-7231, Genealogical Statement, to requester. For each non-fire-related request turned around in the Mail Section, computer time is saved, and one search action, one correspondence action, and one refile action are eliminated.
4. **Applicability.** This memorandum is applicable to the incoming mail units of the Military Operations Branch; the correspondence sections of the Records Reconstruction Branch; and the correspondence sections of the Navy, Air Force, and Army reference branches.
5. **Instructions.** Instructions are contained in the attachment.
6. **Forms.** This memorandum provides for the use of the following forms:
  - GSA Form 6851, Statement of Service.
  - Regional Form R6-6933, Release of Information.
  - Regional Form R6-7231, Genealogical Statement.
  - Standard form 180, Request Pertaining to Military Records.

## GENEALOGICAL REQUESTS

1. **Sources and purposes of requests.** Requests are received from various sources and for various purposes. The most prevalent are:
  - a. Relatives of deceased veterans--for use in preparing family histories or genealogies; and
  - b. Genealogical researchers or general public--for genealogical information or disclosure of documents.
2. **Request forms.** Genealogical requests are received by letter and on various types of forms, including [Standard Form 180, Request Pertaining to Military Records](#), and Regional Form R6-7231, Genealogical Statement ([Fig. 1](#)).
3. **Instructions for Incoming Mail Units of the Mail Section (6NCPMO-M).**
  - a. **Fire-related requests.** Probe computer and handle as follows:

- (1) **"B" file hit.** Code for correspondence and forward to Air Force Search and File Section.
- (2) **"R" file hit.** Code for correspondence and forward to Army search and File Section.
- (3) **"QM" hit or negative response.** Forward directly to Records Reconstruction Branch.

b. **Non-fire-related requests.** See [fig. 2](#).

#### 4. Instructions for Records Reconstruction Branch correspondence sections.

- a. **Requests for information which is not available in the record.** Send Regional Form R6-6933, Release of Information, to the requester, checking the following pars.:

The military record needed to answer this inquiry is not in our files. If the record was here on July 12, 1973, it would have been in the area that suffered the most damage in the fire here on that date and may have been destroyed. There are alternate record sources available:

which often can be used to reconstruct the information required. Complete the attached form as completely as possible and return to this center.

but these sources do not contain the particular type of information requested. We regret that we cannot be of assistance in this matter.

- b. **Requests for which a statement of service seems appropriate (e.g., if it appears the dates of service will be useful to the requester).** Send GSA Form 6851, Statement of Service, to the requester, checking the following blocks, in addition to any other appropriate blocks.

A statement of service is shown on the reverse side.

The military record needed to answer this inquiry is not in our files. If the record was here on July 12, 1973, it would have been in the area that suffered the most damage in the fire here on that date and may have been destroyed. There are alternate record sources available:

which can be used to verify two week periods of active duty for training (ADT) for Army and Air Force personnel; it is also possible to verify reserve service other than ADT for Army personnel only. In order to assist us, please furnish dates of reserve service or ADT or both (month, day, and year) and complete organizational assignments (company, battalion, regiment or squadron, group, wing). After receipt of the requested data, we will search all available records sources.

but these sources do not contain the particular type of information requested. We regret that we cannot be of assistance in this matter.

*but additional information of a genealogical nature cannot be reconstructed.*

- c. **Requests for information which is available in the record.** Occasionally, a near-complete record is found in the "B" file. When this happens, proceed as follows:

- (1) **FOIA request.** Furnish FOIA items.
- (2) **Non-FOIA request.** Send Regional Form R6-7231 to requester.

#### 5. Instructions for the correspondence sections of the Navy, Army, and Air Force reference branches. See [fig. 3](#).

6. **References.** The latest versions of the following NPRC memorandums may be consulted for additional information:

**SUBJECT: General Background and reference information concerning Records Reconstruction Branch**

1. **Purpose.** This memorandum issues and transmits general background information about Records Reconstruction Branch; and provides basic information for understanding the records reconstruction process.
2. **Applicability.** This memorandum is applicable to all Records Reconstruction Branch personnel.
3. **Instructions.** General background information and reference material concerning Records Reconstruction Branch are contained in the Attachment.
4. **Forms.** This memorandum provides for use of the following forms:

1. **General information**

- a. **Policy statement regarding lost records.** As a result of the NPRC (9700 Page) July 1973 fire, the Center's responsibility for assisting veterans and their families, as well as providing service to authorized governmental sources, took on a wholly new and greatly expanded aspect. Regardless of the fact that many master personnel and medical records were lost in the fire, the burden of providing proof of military service remains with NPRC.
  - b. **Reconstruction through auxiliary sources.** Procedures for responding to reference service requests include responsibility for locating, through auxiliary sources, any existing documentation.
  - c. **Records Reconstruction Branch (NRPMR).** NRPMR was established to provide reference service and records reconstruction service for U.S. Army and Air Force records lost or damaged as a result of the fire.
2. **Fire-related records.** U.S. Army and Air Force records destroyed or damaged by the July '73 fire include:

Army WWI (11/1/12 - 9/7/39)

Army WWII (9/8/39 - 12/31/46)

Army PWWII (1/1/47 - 12/31/59)

Air Force (9/25/47 - 12/31/63  
(with surnames of Hubbard through Z))

Some Army reservist records through 1963.)

### 3. **Description of registry files established after the July 1973 fire.**

- a. **"B" registry file.** The "B" registry file was established September 14, 1973, to include all records recovered from fire and water damaged file areas. As lost records were recovered, a "B" file folder was established and accessioned into the "B" registry file. These records are stored on the first floor (9700 Page). During April 1974, use of the "B" prefix was discontinued.
- b. **"R" registry file.** The "R" registry file was established in April 1974, and includes file folders established as a result of records reconstruction efforts. Those records with an "R" prefix registry number up to and including R8025920 are stored on the third floor. Records with an "R" prefix registry number R8025921 and higher are stored on the second floor, module 10.
- c. **"S" registry file.** The "S" registry file (Suspense File) was established in February 1976. It is maintained by the Search and Control Section (NRPMR-S) as a means of controlling data procurement action requests resulting from efforts at reconstructing records lost or damaged in the fire. All folders accessioned into the "S" file remain there on a temporary basis. Upon completion of data procurement and reconstruction actions, the "S" file number is deleted from the computerized index. If an "R" or "B" prefix registry number is not already assigned, an "R" prefix registry number is assigned and the folder is accessioned into the "R" registry file.
- d. **"Auxiliary" registry file.** The "auxiliary" registry file was established in 1974 to include various categories of personnel-related, medical, and payroll records. This file is used as a supplemental source of information in the records reconstruction process. See [NPRC 1865.111](#), Internal sources of information used in the records reconstruction process, [fig. 1](#) for specific information found in these records. Records are added to this file on a continuing basis as new "auxiliary" sources are identified.

### 4. **Service codes and registry number prefixes for the "auxiliary" registry file.** A service code and registry number prefix are assigned to identify the specific type of record in the "auxiliary" registry file. The codes and prefixes assigned to each type of record are as follows:

#### a. **QM C -**

(a) Army hospital clinical record cover sheets and/or nominal index (admission cards) for military personnel. The three groups of digits in the registry number designate respectively the box #, folder #, and page #, for the desired record. (See [fig. 1](#).)

**EXCEPTIONS:** For boxes 7174-7176; 7195-7198; and 7200-7228, the first four digits of the registry number are the box number; the last six digits are the clinical registry number sequentially assigned to each record in the box. (See [fig. 2](#).)

- (b) A QM C service code on a FAR can also represent the existence of a Letterman General Hospital record which is stored on microfilm. The FAR will indicate an index number in the data field normally used for the registry number of the auxiliary file location. (See [fig. 2.](#)) The first four digits of the index number identify the box containing the appropriate reel of microfilm and the last six digits are the clinical registry number and identifies specific frames on the reels. The Letterman medical cards will be within the same numbered breaks as shown above. The microfilm consists primarily of medical cards created during the period 1906 to 1955 at Letterman General Hospital. The records were prepared for every individual hospitalized at Letterman, and usually show a diagnosis and treatment. In disability discharge cases they may contain a character of discharge and authority.
- b. **QM D** - Army discharge special orders and collections of separation documents. The three groups of digits in the registry number designate respectively the box #, folder #, and page #, for the desired record. (See [fig. 3.](#))
- c. **QM E** - Enlistment/induction service number registers showing date and place of entry into service. The three groups of digits in the registry number designate respectively the box #, ledger or folder #, and page #, for the desired record. (See [fig. 4.](#))
- d. **QM J** - Information from the Judge Advocate General (JAG) microfilm index. NA Form 13096, Finding Aid Report (FAR), indicates veteran's name, service number, and Court Martial Case Number. The Case Number is in the last six digits of the data field normally used for registry number auxiliary file location. (See [fig. 5.](#))
- e. **QM P** - Pay records (final pay vouchers and payrolls). The registry numbers for this file concerning World War I and II records designate only the folder in which record is to be found. (See [fig. 6.](#)) The registry numbers for this file concerning Post World War II and some WWII records designate the box in which the record is located along with a folder # and page #. (See [fig. 7.](#))
- f. **QT D** - Indexing information from the California Military Benefit Index Cards. The FAR indicates an index number in the data field normally used for registry number auxiliary file location. (See [fig. 8.](#)) The index number identifies specific frame(s) on the microfilm. The microfilm contains information pertaining to Californians discharged from the armed forces, and, in most cases, a copy of the veteran's separation document. This file contains information from WWI up to recent times.
- g. **QTH** - Surgeon General's Office (SGO) Hospital Admission Card File which pertains to data concerning some Army hospital admissions during WWII and the Korean Conflict. The FAR indicates three groups of numbers in the data field normally used for registry number auxiliary file location. The three groups of digits designate respectively the listing year, the microfiche page #, and the frame #.
- NOTE:** The FAR will NOT indicate the veterans' name, only the service number. (See [fig. 20.](#)) This information is used to locate each related record on a microfiche listing. To interpret the coded record a blowback copy is made of the microfiche page. The codes are then entered to a computer screen format which interprets each code and generates a printout.
- h. **QTK** - (Korean Casualty File) - Entries on this file appear on the FAR with a "QT" service code and a "K 0000 000 000" registry number. The FAR identifies a veteran listed in the Korean Casualty File, i.e., casualties and POW's of the Korean Conflict. (See [fig. 9.](#)) The Korean Casualty File contains three separate microfiche listings, each sorted into a

different sequence. These listings arrange the complete file in alphabetical order; list the veterans alphabetically by home county and state; and provide an alphabetical extract of Prisoners of War.

- i. **QTP** - (Philippine POW's) - Index cards that contain information on U.S. Army personnel who were stationed in the Philippines in December 1941. The three groups of digits in the registry number designate respectively the box #, folder #, and item #, for the desired record. (See [fig. 10.](#)) This file is especially useful in cases involving Philippine Scout service.
- j. **QTW** - Paper records and back-up microfilm for WWII Prisoners of War listed in alphabetical order. The FAR indicates veteran's name, service number, date of capture, and date of release or return to military control. (See [fig. 11.](#))
- k. **QT\*** - A "QT" service code and an "\*" 0000 000 000" registry number indicates an entry on the American Battle Monuments Commission (ABMC) web pages at [\[00126\]: American Battle Monuments Commission \(ABMC\)](#). This source of information identifies WWII dead interred in American military cemeteries on foreign soil and WWII and Korean missing or lost or buried at sea. (See [fig. 12.](#))

- 5. **Supplemental NPRC auxiliary records sources.** In addition to those auxiliary records entered into the computerized registry system, NPRC holdings include a multitude of supplemental sources of information to assist in the records reconstruction process. See [NPRC 1865.111, pars. 10 thru 14](#), for supplemental auxiliary records most often used in the records reconstruction process.
- 6. **NCPMR library materials.** The NCPMR library contains important source materials to assist in the reconstruction of records. Among the vast holdings of source material are: Records Used in Reconstruction of Military Service Data (which inventories all NPRC auxiliary sources); and the Monograph on Military Personnel and Related Records of the War Department 1912-1939. These two issuances are invaluable sources for explaining the evolution of the U.S. Army and Air Force, and for introducing typical military documents/records utilized in records reconstruction.
- 7. **Definition of data/records procurement.** A data/records procurement action specifically means seeking additional sources OUTSIDE NPRC (Page) to complete the response to the requester. It includes requests to NPRC (Winnebago) for additional information, as well as, soliciting other Federal, State, or local agencies for information (see NPRC Memorandum [1865.112](#), External sources of information used in the records reconstruction process). A data procurement request does not include organizational or auxiliary records searching at NPRC (Page).
- 8. **Receipt of requests with FAR indicating "B"/"R" file folder(s).** All routine requests with FAR indicating "B" and/or "R" prefix registry number(s) are received in NRPMR with record attached. If the FAR also indicates a "QM"/"QT" service code, the auxiliary record is not secured prior to receipt in NRPMR. After analysis of the case, the "QM/QT" record may be subsequently requested by correspondence personnel.
- 9. **Receipt of reference request with FAR indicating "QM/QT" service code.** Requests received in NRPMR, with FAR indicating only "QM/QT" service code, are sent directly from the mailroom to NRPMR-S where they are reviewed by the Analysis and Control Technician. The technician determines whether the "QM/QT" record should be pulled/searched, or whether an initial data procurement action is more appropriate.

10. **Order of precedence in selecting appropriate auxiliary record source.** In some instances, there can be no standard rule for the order in which auxiliary sources are to be used.
  - a. **Factors to consider.** Decisions regarding which auxiliary source to use shall be determined by examination of various factors involved in the request. Factors to consider are: type of information requested; amount and kind of information furnished; period of service involved; and urgency of request.
  - b. **Use of more than one source.** In most instances information requested may be available from one or more of the many known sources. It may be necessary to check some of these record sources merely to determine whether the subject did, in fact, serve as claimed or to obtain information to assist in further records reconstruction efforts.
11. **Veterans Administration (VA).** The VA is an important outside source of information in the records reconstruction process. The VA maintains a separate record on each veteran who has received, or is receiving, VA benefits. For more in-depth information regarding the VA, see [NPRC1865.112, Chapter 1](#).
  - a. **VA's Beneficiary Identification and Records Locator Subsystem(BIRLS).** After the initial probe of the NPRC Registry System, fire-related requests, from sources other than the VA, are routed by NRPMO-M personnel for a BIRLS probe if no record or if only auxiliary (QM/QT) records are located at NPRC. The specific location of a VA claim folder is obtained from the BIRLS response. Upon receipt, the BIRLS response is attached to the corresponding reference request. See figs. [13](#), [14](#), [15](#), [16](#), [17](#) and [18](#) for samples of BIRLS responses.
  - b. **BIRLS response with SSAN as claim number.** In the early 1970's, the VA began using an individual's Social Security Account Number (SSAN) as their respective VA claim number. All BIRLS responses that reference a Social Security Account Number as the VA claim number shall be considered a "negative" BIRLS. In most cases documentation on file with the VA would not assist in the reconstruction efforts. (See [fig. 17](#).)
  - c. **BIRLS response with multiple veterans records.** If NRPMO-M receives a negative response from the initial BIRLS probe, an additional probe may be keyed using the individual's name. The alpha search may result in a print out with multiple veterans listed. (See [fig. 18](#).) Using the data shown on the print out; e.g., SS #, SVC #, EOD, and/or RAD, technicians may be able to identify the veteran who is the subject of the inquiry.
  - d. **Requests from the VA.** VA offices are required to search all their own records sources before submitting VA Form 3101, Request for Information, to NPRC. Therefore, requests from the VA are not routed initially for a BIRLS probe.
12. **Reference requests not appropriate for reconstruction.** Even though it is determined that a record has been lost in the fire, reconstruction action should not be taken under certain circumstances. For instructions on removing these requests from the reference service pipeline, see [NPRC 1865.107, ch. 1-5](#).
  - a. **General rules.** All reference requests shall be reviewed prior to initiating reconstruction efforts for the following:
    - for information not releasable under the current release policy and laws
    - requests that do not contain sufficient information to reconstruct the record

- requests concerning records for which NRPMP is not responsible for providing reference service.

b. **Requests for certain types of information.** Specific information requested may not have been made a matter of record or, even if recorded, will not be found in ANY alternate sources within or outside NPRC. Examples of these types of requests are:

- any kind of test scores
- birth certificate (not to be confused with requests for birth data, i.e., proof of birth)
- marriage license
- naturalization papers.
- address (if address does not appear in record)

c. **Miscellaneous requests.** Other requests may be encountered that should not be permitted to get into the data procurement or reconstruction pending workload. Technicians shall be particularly alert for these, and bring any doubtful requests to their supervisor's attention.

13. **Army Reserve Personnel Center (ARPERCEN) computer probes.** In some instances, ARPERSCOM computer probes should be requested in order to determine the status and location of a record. These probes are primarily used when the requester indicates 20 or more years of service or recent military service. See [fig. 19](#) for samples of ARPERSCOM computer probes.
14. **Referral of auxiliary records and S files.** Auxiliary records (original documents) must not be referred to elements outside of NPRC(MPR). File folders indicating an "S" prefix registry number (Suspense File) shall not be referred from NRPMP. The S file must be deleted and accessioned as an R file. This is commonly referred to as a "Batch 99" action. See [NPRC 1865.107.ch. 1-11](#) for instructions on accession and deletion actions.
15. **Information concerning service numbers.** Occasionally, even though a service number has been furnished by the requester, evidence of service cannot be found. Perhaps in these instances, efforts to obtain the branch of service and approximate dates of service from the requester have been unsuccessful. The service number in these cases can be the key to determining era and sometimes branch of service and, in turn, provide a shortcut for determining alternate auxiliary records sources. [Appendix A](#) contains information about service numbers that may assist in the records reconstruction process.

**GENERAL INFORMATION AND INSTRUCTIONS RELATING TO REFERENCE SERVICE**

1. **Effective responses.** The primary mission of the military reference branches and the Records Reconstruction Branch is to provide an information service to the public and to other government agencies.

- a. **Forms.** Most of this service is provided through NA forms. In responding to a request, use the form specified in appropriate NPRC memorandums, and check most appropriate box(es). If additional information must be given, use space at bottom of form to write in what is needed. If no form is applicable, use NA Form 13018, Reply to Inquiry, (NCP), or letterhead. Be sure to fill in forms completely and correctly.
- b. **Letters.** In rare cases, letters must be written ([see subpar. 8b](#)) Use the U. S. Government Correspondence Manual, the official guide for the preparation of NPRC correspondence. In addition, follow these general guidelines:
  - (1) Be tactful, concise, and courteous.
  - (2) Address reply to points raised in inquiry.
  - (3) Write in simple terms and use a conversational tone.
  - (4) Do not hesitate to apologize for delays or to express regret when appropriate.
  - (5) Briefly answer all questions, and explain matters in logical order.
  - (6) End letter in friendly fashion. For example: "We hope that this information will be of assistance to you."
- c. **Abbreviations.** Use only well-known abbreviations, short titles, or organization symbols. If abbreviation may not be well-known to requester, spell out the term, and then show the abbreviation in parentheses, for example, National Personnel Records Center (NPRC). The abbreviation may be used thereafter.

2. **Proper approach to answering a reference inquiry.** Before beginning the reply to a reference inquiry, a correspondence technician should double-check the following:

- a. Is the requester authorized to receive the information or document? Check release policies for the type of inquiry at hand. [See also par. 6.](#)
- b. Do you have the right record? Be certain that record is correctly identified and that it is for the person named in the inquiry. Be certain that all documents contained in the record belong to the individual whose records are being requested. [See Checklist.](#)
- c. Is the record complete and does it contain enough information for an adequate reply?
- d. Is the inquiry signed by the requester?
- e. Have you read the inquiry carefully to make sure you understand fully what is wanted and what it is wanted for?
- f. Is it proper for NPRC to respond, or should some other agency or custodian make the reply?
- g. Is a fee chargeable? See [NPRC 1852.1](#), Information and Instructions on fee cases (9700 Page).
- h. Is a delay notice required? [See NPRC 1864.103](#), Delay notices.

3. **"IN TODAY - OUT TOMORROW."**

- a. The policy of Federal records centers is to provide a response to all routine requests for reference service within one workday of receipt. Backlogs are not acceptable. All inquiries must be searched and answered with a sense of urgency.

- b. Achieving the goal of fast reference service requires some employees to perform several tasks. Upper grade correspondence archives technicians may be called on to work various types of cases. Experienced searchers may be called upon to work in correspondence if required to keep cases moving. Seasonal peak workloads, exceeding the productive capacity of a branch, may require curtailing or denying leave until peak is past.

#### 4. Accuracy.

- a. **Accuracy in providing reference service is the goal of NPRC.** A high degree of accuracy must be maintained in extracting and releasing information from records. (See NPRC 4430.1E, ch. 2, Quality audit of work.)
- b. **There is one item of information on which there must be 100% accuracy: CHARACTER OF SEPARATION.** Since this one item has such a direct and immediate effect on a veteran's welfare, there can be no errors. If there is any doubt as to character of separation, consult the supervisor. Take care to note asterisks, footnotes, determination sheets, etc., denoting CHANGE OF CHARACTER OF DISCHARGE subsequent to discharge. No reason or excuse can be accepted for incorrectly reporting the character of separation.

#### 5. Care of records and inquiries.

- a. **Handling records.** Care must be taken not to damage records. This is particularly true of older records or records recovered from the fire, since they are brittle and easily torn. If the record is fire-related and brittle, it should be copied to capture all data before it becomes lost. Records should not be pulled through the Acco fasteners. Use extreme caution when returning them to jackets, and when securing them with rubber bands. On manila folders, run the rubber bands lengthwise around the folder so as not to damage the name tab.
- b. **Records and inquiries in unauthorized areas.** Records and inquiries are not carried into washrooms, or the cafeteria.
- c. **Markings on inquiries.** Write any notations regarding searching actions or other processing matters on search or routing forms. The only notations permitted on the inquiry are routing codes; registry number; notations concerning the sending of a delay or referral notice; or of a DD Form 214, Report of Separation from Active Duty.
- d. **"One record at a time" policy.** Center employees must exercise extreme care to ensure that (1) the contents of records are not mixed during handling and (2) protected personal information is not disclosed inadvertently to unauthorized sources. For this reason, technicians will have only one record on their desks while working a case or bar coding folders. Other records must be kept on carts, open shelves (no closed cabinets or desk drawers), or a separate surface from the desktop. Exceptions are allowed if a case requires multiple records for the same veteran (e.g. pers and med, med and clinical) or if a technician must correct mixed records.

#### 6. General statement on release policy.

- a. **Careful analysis and astute judgment required.** Furnishing information from military personnel records is a matter which requires thorough understanding of release policies. These are set forth in the instructions on each type of inquiry and in various other release issuances. (See [NPRC 1865.16](#), release and access guide, latest revision.) Care must be exercised to ensure that: (1) the persons requesting the information or documents are entitled or authorized to receive it; (2) the purpose for which the information is desired is in accord with pertinent laws, regulations, or policies on disclosing specific types of information, and (3) releasing the information would not be an unwarranted disclosure of personal data.

When granting access to records to persons whose records are involved (or their representatives), it may be necessary to remove certain documents from the file. In general terms, the documents that should be removed are those pertaining to security, investigative reports, and records which might be injurious to the well-being of the person concerned, such as psychiatric records.

- b. **Exceptional cases.** There are instances when you should not apply a policy statement literally. Judgment should be founded upon the basic philosophy governing release of information from military personnel records: the nature of the record is privileged and confidential; and the best interest of the individual whose records are involved must be protected. However, these policies should not restrict the furnishing of information in response to bona fide requests. When NPRC policy statements are silent on a particular point or question, technicians should apply the corresponding policies of the Armed Forces. Should doubt still exist, discuss the matter with your supervisor.
7. **Extent of information to be furnished.** The details on what information to furnish in response to specific types of requests are set forth in the various reference service instructions. Respond to any inquiry only to the extent of the requested information plus whatever explanation may be necessary to clarify. If the inquiry does not state what information is wanted, do not speculate. Return it with an appropriate form asking for further explanation as to what is wanted. In addition, use common sense and logic in furnishing information, and follow NPRC release policies. (See [NPRC 1865.16](#) latest revision.)
  8. **General policy on choosing the form of reply.** The form of reply is usually indicated in the instructions on each type of inquiry--see appropriate NPRC memorandum. If a special form is not prescribed, or if there is no covering instruction, the following general policy should be observed.
    - a. **Forms and form letters.** Forms and form letters reduce the time required to provide a response. Always attempt to reply to a reference inquiry with a form or form letter. If none are applicable, use NA Form 13018, Reply to Inquiry (NCP), or letterhead. NA Form 13135, Reply to Follow-up Request, has been developed specifically for responding to follow-up requests.
    - b. **Letter replies.** See the Government Correspondence Manual for instructions on when to use formal and when to use informal letterhead. For reasons of economy, letter replies are to be held to a minimum. They should be used, however, in any case where courtesy demands a letter. The following are some examples of the type of inquiry calling for letter replies, either composed, made up of correspondex paragraphs, or a combination of both:
      - (1) Complaints, other than "tracers" for which reply is made on the tracer itself. [See NPRC 1864.101](#), Workflow control procedures and priority levels in reference service, for definition of complaints.
      - (2) Inquiries of a controversial nature, such as allegations made against record facts.
      - (3) Letters from high officials of the Government expressing a personal interest in the matter at hand. (Most requests from Members of Congress must be answered by letter--see [NPRC1865.12](#), Congressional inquiries at NPRC(MPR).)
    - c. **NA Form 13041, Statement of Service, and NA Form 13072, Summary of Military Service.** These are the two forms for furnishing military service data when reply is not made on the request itself or on specially prescribed forms.
    - d. **Replying on the request form.** This method should be used to the maximum possible when a more formal reply is not considered necessary. Many inquiries are designed so the reply can be entered on the form. If sufficient space is available and the request is submitted in

duplicate, use the request form. Print the word "TO" in front of the letterhead or the return address. If the inquiry cannot then be folded properly for mailing in a window envelope, prepare a mailing envelope.

- e. **File copy.** Keep file copy of all action taken. There are several exceptions to this rule for Records Reconstruction Branch. If: (1) no record is located and an NA Form 13075, Questionnaire About Military Service, is sent to the requester (the inquiry is returned); (2) no record is located and the request is returned because it lacks proper signatory authority; or (3) no record is located and an NA Form 13060, Referral, is sent referring the requester to the VA.

## 9. **Replies in which information is not released.**

- a. **Reasons for not releasing the information requested.** The reasons for not releasing information to a requester are: (1) nonentitlement (the requester is not eligible to receive the information); (2) authorization is required (the veteran's or NOK); (3) military department regulations or DoD Privacy Board regulations do not permit release; and/or (4) the research involved is prohibitive (more important work takes priority).
- b. **Uniform policy required.** A uniform approach is needed on requests which lack proper authorization, since these usually lead to additional correspondence, sometimes from Members of Congress, often in the form of a complaint. Replies to requests for information which is not releasable under the Freedom of Information Act (FOIA) or under military regulations must be signed by branch chief. Discuss any problem cases with section chief. If letter is appropriate, be courteous and give full explanation as to why request cannot be granted. In cases where part of the request is being granted and part is not, the section chief should review the response. In cases where no information is being released, advise requester of the right to appeal.

**NOTE:** NPRC is not a denial authority and cannot refuse to release information from a record to the subject of that record. Only the legal custodian (military department) can deny access to a record.

10. **Manner of showing dates on correspondence.** When the military service departments transferred personnel records to GSA in 1960, an agreement was reached whereby GSA would use civilian style dates; i.e., month, day, and year. Since the services themselves use a different style (day, month, year), it is very important that the month be written out (or abbreviated) in all NPRC communications prepared on NA forms or letterhead. Do not use numerals to indicate months. The military services may interpret a date written as 5-1-51 as either May 1, 1951, or January 5, 1951. **EXCEPTION: Some military forms are completed under specific delegation by the various branches.** On these, the military style is used for showing dates.

## 11. **Retention of evidence of reply.**

- a. **Requests submitted in original only.** When an employee of a correspondence section uses the inquiry to transmit documents or information to the requester, a photocopy of the inquiry must be kept in the record. Indicate on the file copy the documents which were sent. If the case is one requiring the preparation of the following:

NA Form 13085, Armed Forces Discharge Certificate - Worksheet;

NA Form 13038, Certification of Military Service;

DD Form 256, Honorable Discharge Certificate;

Be sure to date and file a copy in the record (in addition to a copy of the transmittal) **FOR FIRST REQUEST ONLY**. If a copy of NA Form 13085 is already in the record, a new NA Form 13085 is not prepared unless an error was made on the first NA Form 13085. [See d](#), below, for methods of filing copies of replies in organizational records.

**NOTE:** In cases where the inquiry is returned for identification purposes, it is not necessary to retain a photocopy in file. Attach National Personnel Records Center NOTICE form to the inquiry informing the requester to return all correspondence when writing to the Center subsequently on the same subject. For Army and Air Force reference branches and Records Reconstruction Branch, when reply is made by an appropriate NA form, prepare an original and one copy. File copy of reply in the service record. For Navy Reference Branch, [see subpar. 11e\(2\)](#).

- b. **Requests submitted in duplicate.** If request is in duplicate, complete the reply in duplicate and file the copy. For organizational records, see [d](#), below. When transmitting documents, be sure to note on the retained copy which documents were sent and the date.
- c. **Verbal or telephone inquiry.** File a copy of completed NA Form 13086, Verbal or Telephone Inquiry, in the record together with a copy of any other NA form furnished. See [NPRC 1865.8](#), Inquiries received by telephone at NPRC(MPR), for instructions on verbal and telephone inquiries.
- d. Methods of filing evidence of replies in organizational records. Use the following order of precedence for filing evidence of replies in organizational records. File a copy of inquiry and reply:

(1) In the individual personnel or medical record if it was initially withdrawn to assist in answering the inquiry.

(2) In the organizational record file unit (paper records only) from which the information/record was withdrawn if the personnel record is not withdrawn. A copy of the inquiry is placed in each file location.

**NOTE:** File copy of transmittal is used as chargeout card on loans and transfers.

(3) In the special transitory file (one-year retention; collect one year and destroy). This option is used only when neither of the above is appropriate. In cases where the required organizational records are withdrawn from a number of different file locations (e.g., Air Force clinicals), place a copy of the NA Form 13013, File Chargeout Card, in each file location and place the file copy of the reply in the individual personnel or medical folder or, if there is no folder, in the transitory file.

- e. Dual action requests (Navy and Marine Corps). When request is for service and medical information and BOTH service and medical information are released:

(1) Reply made on original request form. File a copy of reply in both service and medical records. Request photocopies when insufficient number of copies is furnished by requester.

(2) Reply made on appropriate NA form. Prepare original and two copies. File copy of reply in service record and file request and copy of reply in medical record. Annotate copies of reply by writing in lower right corner the date copies are filed.

**NOTE:** When request is for service and medical information, and only service or medical information is furnished, file copy of reply and inquiry in record from which information is extracted.

12. **Referral and delay notices.** Copies of referrals of requests from congressional offices and other VIP's are retained in the record or in the transitory file if there is no record. File copies (a photocopy) of Freedom of Information Act (FOIA) referrals are always kept. Aside from this, copies of referrals are not kept unless special conditions warrant, such as when it appears the Center may become further involved. This is determined on an individual basis. Inquiries which must be delayed are noted in the lower right corner to show form of the first delay notice (use word "delayed"), the date it was sent, and initials of the archives technician who sent it. A file copy of the second delay action letter, if necessary, is retained with the original inquiry.
13. **Negative replies.**
  - a. **Organizational records.** The Organizational Records Section maintains a special transitory file, by month and then alphabetically, of negative replies (one-year retention). Hold one year and destroy.
  - b. **All other.**
    - (1) **Records not found in registry file.** When initially advising that the pertinent records or information cannot be found (or properly identified), file copies of the correspondence are not normally kept. If, however, there have been extensive but unsuccessful attempts to locate the record, then a file copy is kept. If necessary, prepare a folder in which to file military documents/information procured from other sources, the copy of the request and reply, and any other papers (search reports, routing slips, correspondence, etc.) which document the action taken to locate the record.
      - (a) If a positive Finding Aid Report (FAR) indicates the record's proper registry location but the record cannot be located, the new folder which is established by the C6 correspondence technician, is marked "Temporary File" and the registry number location is recorded on the manila jacket.
      - (b) If the appropriate FAR's are negative by all identifiers, and if NPRC is responsible for reconstructing military data to respond to the inquiry, the correspondence section chief establishes a file containing procured documents/information, correspondence, and search reports and then requests that a registry number be assigned. Follow this procedure only when it has been established that the individual is actually separated from military service (i.e., positive BIRLS, etc.). The request and folder are forwarded to Data Conversion Unit, on an OF 41, Routing and Transmittal Slip.
      - (c) In those cases where registry number cannot be located and NPRC is NOT responsible for reconstructing military data, the correspondence and search reports are forwarded to the service department without establishing a file or assigning a registry number.
    - (2) **Records not found in "B" or "R" files.** An "R" file is established by Records Reconstruction Branch, NCPMR, when reconstruction of records process takes place.
    - (3) **Navy Alphabetical File.** If inquiry pertains to Navy Alphabetical File, prepare Temporary File only if chargeout card is in file. When Temporary File is established, file in appropriate Navy Alphabetical record block.
    - (4) **Information not releasable.** When advising that the record or information cannot be released to the veteran or next of kin, but that it can be released to a physician, etc., copies of NPRC replies are kept.

14. **Requests returned for more information, release authorization, etc.** Copies of correspondence and forms returning inquiries for more information needed to locate the record, for proper authorization, or for a signed signature instead of a typed or printed one, are not normally kept. Attach National Personnel Records Center NOTICE when returning the inquiry to the requester.
15. **Disposition of follow-ups.** Follow-up requests are processed by correspondence personnel. Take no action on follow-up if evidence is found indicating the original inquiry has been answered within seven workdays prior to the date of the follow-up. Upon supervisory approval, file the follow-up without action. If the original inquiry was answered more than seven workdays prior to the date of the follow-up, make photocopy of previous action taken. Prepare NA Form 13135, Reply To Follow-up Request, in duplicate. Send original NA Form 13135 and photocopy of previous action taken, to the requester. File duplicate NA Form 13135, previous action taken and follow-up request in the record.
16. **Feedback on inaccuracies or shortcomings of the reference service directives. All users of the "1865 and 1864" series of directives are encouraged to communicate any shortcomings or problems concerning these directives to the Chief, Management Systems Staff (NCPS).** The method of communication can be an OF 41, Routing and Transmittal Slip, or simply a sheet of paper and should be done as soon as the deficiency is noticed. These messages should be sent through supervisory channels to NCPS. This type of feedback helps to keep the NPRC reference service directives current and accurate. This procedure is not meant to interfere with the NARA Employees Suggestion Program. Employees should continue to use the Suggestion Program as directed by NPRC 3620.1C, NPRC suggestion program.
17. **Addressing correspondence to the Office of Federal Records Centers and other NARA offices.** It is important that correspondence being sent to the following offices is correctly addressed.
  - a. Following is a list of the correct addresses for some of our Washington offices:

Office of Federal Records Centers:  National Archives and Records Administration (NC) Washington, DC 20408  Military Reference Branch:  National Archives and Records Administration (NNRM) Washington, DC 20408  General Archives Branch:  National Archives and Records Administration (NNDG) Washington, DC 20409
--

- b. A complete list of records center addresses showing the geographical area served by each is contained in [app. B](#). An example of the correct way to address mail to the records centers follows:

Director  
Federal Records Center  
380 Trapelo Road  
Waltham, MA 02154

18. **Special instructions on particular reference service problem areas.** [App. A](#) sets forth a number of special situations or occurrences which, when encountered in the reference service operations, require special handling, but which do not lend themselves for coverage in other instructions of this series.

---

## Appendix A: **Special Instructions on Particular Reference Service Problem Areas**

### 1. ***Inquiries that do not merit a reply.***

- a. Repetitious letters occasionally are received from veterans, or someone writing in their behalf, after every possible effort to help the veteran has been made. Additionally, letters occasionally are received that contain a general complaint about NARA or military officials, activities, or policies, and which do not appear to merit a reply or indicate that a reply would serve a useful purpose. Correspondence which could be categorized as "nuisance" but which involves no military service record should be destroyed. Also included in this category are the so-called "pen pal," "crank" letters, and letters from inmates of mental institutions. The instructions set forth below are to be followed in these cases.

**NOTE:** This does not include repetitious letters from the next of kin concerning an Army person's death in service. In these cases, refer the request, with records attached, to ARPERCEN for necessary action. This includes requests from anyone (such as Members of Congress) writing in behalf of the family members.

- b. Inquiries of the types mentioned above are forwarded, with records attached, to the branch chief to determine if the inquiry may be filed without action. If it is determined that the inquiry does not merit a reply, prepare an NA Form 13139, File Authorization ([fig. A-1](#)), and place it in the record of the person concerned. This form should be maintained as the topmost document at all times.

2. ***Inquiries containing obscene language or threats.*** Correspondence which includes obscene or threatening language--or indecent photos--should be routed to the branch chief along with an opinion as to whether the correspondence should be reported to U. S. Postal Service or to other officials as appropriate. Inquiries of this type normally are detected in the Incoming Mail Units and should not reach the operating elements.

### 3. ***Inquiries that cannot or should not be answered because of the nature of the information requested.***

- a. **Description.** Some inquiries ask NPRC to perform historical research and although the information may be releasable, it would not be possible to answer these inquiries. While it is impossible to illustrate the many types of inquiries that might come under this heading, the following are a few examples:

(1) Statistical, tactical, or logistical matters.

(2) Numbers of persons with a given name who served during a given period, war, etc., or at a given time.

- (3) The first service person (or organization) involved in a given military action or incident.
- (4) The first service person killed at a given place or in a given action or incident.
- (5) The first service person to receive a given award or decoration.
- (6) The first WAAC, WAC, WAVE, etc.
- (7) The youngest person at a given time or place, given grade, etc.
- (8) Possibility of a person of a given age to have held a given rank or grade.
- (9) Persons who served in two or more wars or in two or more of the Armed Forces.
- (10) The names (and addresses) of all persons who served from a given locality (town, county, area, etc.)

b. **Instructions.** Inquiries containing questions or asking for information along the lines listed above are to be referred to the branch chief. If the inquiry asks for the above types of information ALONG WITH other information that is normally furnished by the correspondence elements, the service date is extracted by the correspondence technician and furnished with the inquiry to the branch chief for inclusion in the reply. Branch chief may choose to handle the matter by telephone. Whether by phone or letter, he/she explains why the Center is unable to comply with the request. This may involve an explanation of our records holdings, how they are arranged, release policies if applicable, and in some cases it may be possible to suggest another source for the requester to contact.

c. **Related instructions.** This paragraph is related to the following instructions, which should also be consulted:

(1) **[NPRC 1865.49](#), Requests for last known address or "whereabouts" information.** (These are sometimes submitted in list form which, in some cases, requires denial or partial denial because of the amount of research involved.)

(2) **[NPRC1865.86](#), Genealogical requests.** Requests for information needed in genealogical research; for information on military achievements of individuals, etc.

#### 4. **Requests for forms to be used in requesting information/documents from this Center and for general information about this Center.**

a. **Dual requests for records information/documents and for request forms ([SF 180](#)).** The operating elements of the military reference branches and Records Reconstruction Branch will supply Standard Forms 180 when they are requested along with service record data or copies of documents. This is limited to requests for 25 or less Standard Forms 180. If more than 25 copies are requested, attach a Routing and Transmittal Slip (OF 41) addressed to the Chief, Inquiry Analysis & Distribution Section, with notation calling attention to the request for forms.

b. **Requests for Standard Forms 180 only.** These will be handled exclusively by the Inquiry Analysis Units.

c. **Requests for general information about NPRC's functions, release policies, capabilities, requirements for proper requests, etc.** These should be referred to Management Systems Staff (NCPS) for reply. If a request is for this type of information, correspondence technicians answer the records portion and inform the requester a separate

reply concerning the other part of the request is forthcoming. See [NPRC 1804.1](#), Signature authority, Center correspondence.

## 5. ***Inquiries involving records in two or more file locations.***

### a. ***Responsibilities.***

(1) Inquiries indicating service in two or more branches of the Armed Forces are coded to the reference branch having responsibility for the LATEST records. That branch is then responsible for completing the entire request. If the request is only for records covering an earlier period of service, code to branch having responsibility for those records.

(2) If, while processing an inquiry in which only one branch of service was indicated, the technician discovers from the record that the person had subsequent service in another branch, that technician completes the inquiry by requesting the appropriate records. Such requests are not routed to the branch responsible for the latest service, nor, are they returned to the mailroom for recoding. Obvious coding errors, however, should be brought to the attention of the Inquiry Analysis and Distribution Section Chief.

b. ***Instructions, correspondence cases.*** Complete branch's portion of reply. Prepare NA Form 13087, Request for Records, [fig. A-2](#), and send it to the search section of indicated branch. Enter all essential identifying information and show code on which record is to be charged. Retain inquiry. When records are received, complete case. ***On red tag cases, attach red tag to NA Form 13087 to ensure priority handling.*** In extremely urgent cases, correspondence archives technician may go to other branch and obtain records.

**NOTE:** The same procedures are followed if organizational records are required to complete the request except NA Form 13105, NPRC Search Request and Reply, is used to request search.

### c. ***Inquiries involving Records Reconstruction Branch.***

(1) ***Inquiry Analysis Units.*** Requests involving Records Reconstruction Branch and another branch of service should always be sent to other branch first, regardless of which had prior or subsequent service.

(2) ***Reference branch.*** Correspondence archives technician completes branch's portion of reply and sends to requester, noting on reply form that information on additional service will be forthcoming under separate cover from Records Reconstruction Branch (NCPMR). Retain copy of inquiry and reply for file. Send inquiry, copy of reply, and any relevant service data, enlistment contracts, shipping articles, or later correspondence relating to fire-related service records to NCPMR-C on NA Form 13098, NPRC Routing Slip. NCPMR-C completes its portion of reply and sends it to requester.

(3) ***Prior service.*** If inquiry is sent first to NCPMR, and prior service in another branch is discovered, NCPMR may return request to Inquiry Analysis Units to be sent to branch of prior service, unless there is some information with which it can work. Miscoded inquiries sent to NCPMR will be returned to Inquiry Analysis Units to be recoded and sent to correct reference branch.

d. ***Delay notice.*** Any time records are requested from another source in order to complete an inquiry, consideration must be given under [NPRC 1864.103](#) as to whether delay notice should be sent.

- e. **Exception to above.** Above is not intended to apply to those rare cases wherein only MISCELLANEOUS records (usually medicals) are found in block to which inquiry was coded, and OFFICIAL record is found in another records block. These requests, with miscellaneous records, are to be forwarded for answering to section having official record.

## 6. **Policy regarding combining records from two or more record blocks.**

**General rule - Air Force Reference Branch personnel.** Records for the same veteran pulled from two or more record blocks, such as the "B" file or "F" Registry files are combined. The records covering the various periods of service in the same branch of service for the same veteran are consolidated under the highest registry number. Be sure to enter the consolidated (combined) folder into the computerized registry index under both social security number and service number so that prior periods of service under the service number can be located. Follow the procedures outlined in [NPRC 1865.114](#) (formerly NPRC 1864.96), Changes/corrections to identification data for military personnel/medical records indexed by the computer, [rule 2 of fig. 1](#), to update the computer.

- a. **General rule - Army Reference Branch personnel.** Same as a above, except that records for the same veteran pulled from two or more records blocks may be combined if they come from the "B" file or "A" Registry files.
- b. **General rule - Navy Reference Branch personnel.** Remember that officer and enlisted records for the same veteran cannot be combined. It is possible to combine two or more enlisted records for the same veteran which may be located in the "N" files. Follow the same procedures for officer records which may be located in the "N" files. Use the procedures outlined in [NPRC 1865.114, rule 2 of fig. 1](#), to update the computer. **Do not attempt to combine pre-registry Navy records.**
- c. **Exception.** The rule set forth [in a](#), above, does not preclude the bringing together of miscellaneous documents or portions of records, such as medical records, relating to the SAME period of service, but found in separate record blocks. These are records that should have been filed together. When combining such records, always make sure the chargeout for the record not being returned to file is pulled. ALSO, if the registry index is involved, make sure the necessary amendments to the index are made. See [NPRC 1865.114](#).
- d. **Special instructions on movement of organizational records for file in military personnel records.** This action is taken **ONLY in rare cases**, specified by the supervisor and section chief. When removing file item from organizational record for placement in military personnel record, use NA Form 13013, File Chargeout Card, or NA Form 13131, Important Notice, as a cross-reference to the new file location. Complete the form to show name and service number of the person in whose record the item is to be filed, and, in blank space, the designation of the record block in which the personnel record is located.

7. **Instructions on recording officer service numbers on enlisted jackets of former Navy and Marine Corps personnel.** When an officer service number is determined for an enlisted member who was discharged to accept a commission, and the officer number is not shown in the enlisted file, record it on the face of the enlisted jacket adjacent to the enlisted service number; e.g., OFFICER SN: 42645. Do this only when the enlisted and officer files are brought together (not combined) to process an inquiry. If the inquiry only involves the officer file, do not make extra search or effort to determine if the officer number is recorded in the enlisted file.

8. **Requests regarding records already disposed of.** When military reference branches or Records Reconstruction Branch receive requests which involve records already disposed of, those

requests should be answered in the appropriate correspondence unit but must be sent to the Office of the Branch Chief for approval prior to dispatch.

**GENERAL INFORMATION ON DEPARTMENT OF VETERANS AFFAIRS REQUESTS**

1. **Department of Veterans Affairs responsibilities.** The Department of Veterans Affairs (VA) is primarily responsible for administering the Federal laws providing benefits to veterans and their dependents.

2. **Federal laws relating to veterans.** General information on the Federal laws providing benefits to veterans and their dependents which pertain to VA requests processed by NPRC will be found in [Appendix A](#).
3. **Types of VA claims.** Claims for benefits are filed with the VA Offices by the former service person or dependent of a deceased service person. The types of applications or claims are:
  - a. Disability Compensation.
  - b. Pension (Disability or Death).
  - c. Death or Death Compensation.
  - d. Burial Allowance.
  - e. Body Held.
  - f. Hospitalization.
  - g. Domiciliary.
  - h. Dental.
  - i. Insurance (Waiver, Claim, Application, SGLI).
  - j. Education (Title II).
  - k. Loan (Title III).
  - l. Unemployment Compensation (Title XV SSA).
4. **Type of benefits.** Types of benefits awarded former service persons or their dependents are:
  - a. **Compensation and Dependency and Indemnity Compensation (DIC).** These are monetary benefits awarded for service-connected death or disability. They may be awarded to a former service person who performed wartime or peacetime service, or to widows, children, and dependent parents of deceased former service persons.
  - b. **Pension.** Pension is a monetary benefit awarded for non-service connected death or disability. It is payable only to former service persons who served in time of war and to widows and children of deceased former service persons who had wartime service. It is also payable to the widow and children of a veteran whose death in service was not in line of duty if he had two years good service on the enlistment prior to death.
  - c. **Hospitalization.** The VA operates 162 hospitals. Admission is authorized on a priority basis for former service persons. Dependents are admitted if the veteran has permanent and total service connected disability or if he/she died of a service connected disability.
  - d. **Education.** Monetary benefits may be provided for veterans and in-service personnel. If the veteran died of a service connected disability or died while having or has a total disability permanent in nature resulting from a service connected disability, his/her dependents may be authorized education benefits. Vocational rehabilitation may be provided to veterans with service connected disabilities.
  - e. **Loans.** Home loan guarantees and loans are provided for wartime and peacetime veterans or the unremarried spouse of a veteran who died of service connected disabilities

or is a prisoner of war or missing in action for over 90 days.

- f. **Burial allowance and burial plot allowance.** The deceased veteran must have been discharged under conditions other than dishonorable and have been a wartime veteran; or a peacetime veteran entitled to service connected disability compensation at the time of death or discharge or retired for disability incurred in the line of duty.
- g. **Insurance.** National Service Life Insurance, Servicemen's Group Life Insurance, or Veterans Group Life Insurance.
- h. **Other benefits.** Other benefits include specially adapted homes, specially equipped automobiles, and clothing allowance for veterans with service connected disabilities.

5. **Wartime service.** The periods of war, as defined by the VA, for the purpose of VA benefits are as follows:

- a. **Mexican Border Service.** May 9, 1916, through April 5, 1917. This service is creditable only for veterans who served one or more days during this period in Mexico, on the border thereof, or in waters adjacent thereto. "On the border thereof" has been defined as including the entire states of Arizona, California, New Mexico, and Texas, and the nations of Guatemala and British Honduras. "In the waters adjacent thereto" is defined as the waters (including islands therein) which are within 750 nautical miles (863 statute miles) of the coast of the mainland of Mexico.
- b. **World War I.** April 6, 1917, through November 11, 1918. This period is extended through April 1, 1920, for those veterans who served with the United States military forces in, or on the waters adjacent to, Russia. For compensation and pension purposes only, World War I service includes any period after November 11, 1918, through July 1, 1921, provided the veteran served on active duty in Armed Forces for any period between April 5, 1917, through November 11, 1918.
- c. **World War II.** December 7, 1941, through December 31, 1946. For compensation purposes, if the veteran was on active duty on December 31, 1946, continuous active duty thereafter through July 25, 1947, is considered World War II service. For purposes of Vocational Rehabilitation and Education and Loan Guaranty program, the period beginning September 16, 1940, through July 25, 1947, is considered World War II service.
- d. **Korean Conflict.** June 27, 1950, through January 31, 1955.
- e. **Vietnam Era.** August 5, 1964, through May 7, 1975. GI Bill education benefits accrue to individuals entering military service before January 1, 1977.
- f. **Persian Gulf War.** August 2, 1990, through date to be prescribed by Presidential proclamation or law.

6. **Department of Veterans Affairs Stations.** When the name, location, and zip code of any VA station are needed, they may be obtained from [Appendix B](#), which is a list of the offices with which NPRC deals most frequently. Additional information can be obtained from the VA's Homepage at [www.va.gov](http://www.va.gov). Click on "[Facilities Locator](#)" at the bottom of the page.

## 7. Request forms.

- a. **VA Form 07-3101.** VA Form 07-3101, Request for Information, referred to generally as VA Form 3101, is the primary form used by the VA to request service and medical data and

records for processing claims filed by veterans or their next of kin. See [Fig. 1](#) for an example of an automated VA Form 3101 and [Fig. 2](#) for manual VA Form 3101.

- b. **VA Form 07-3101a.** VA Form 3101a, Request for Information, [Fig. 3](#) is an alternate method used by the VA to request records. A copy of the veteran's DD Form 214, Certificate of Release or Discharge from Active Duty, or equivalent, SHOULD be attached to the VA Form 3101a upon receipt from the VA. In this way the VA does not need to transcribe the information from the DD Form 214 to the VA Form 3101a. If the VA 3101a with DD Form 214 attached requests verification of service (item 4, service block checked) the VA is asking for verification or confirmation that the DD Form 214 attached is authentic and not fraudulent. NPRC personnel will compare the DD Form 214 sent by the VA with the DD Form 214 in the service record.

## Appendix A. General Information Concerning Federal Statutes Relating to Veterans

1. **SERVICEMEN'S READJUSTMENT ACT OF 1944, PUBLIC LAW 346, 78TH CONGRESS.** This Act is also known as the "G. I. Bill of Rights" and was enacted to provide Federal Government aid for the readjustment in civilian life of World War II veterans who performed active military service on or after September 16, 1940, and prior to July 25, 1947. It provides for hospitalization; education; loans for the purchase or construction of homes, farms and business properties; employment; and readjustment allowance for unemployed veterans.
2. **ARMED FORCES VOLUNTARY RECRUITMENT ACT OF 1945, PUBLIC LAW 190, 79TH CONGRESS.** This Act was enacted to stimulate volunteer enlistments in the regular enlistments of the Armed Forces. It provides, in part, that for the purpose of entitlement to certain benefits under the Servicemen's Readjustment Act of 1944, service during World War II was to be considered not terminated until the expiration of the enlistment contract of those individuals enlisting or reenlisting within one year after October 6, 1945.
3. **VETERANS' READJUSTMENT ACT OF 1952, PUBLIC LAW 550, 82ND CONGRESS.** This law was enacted for the purpose of assisting in the readjustment from military to civilian life for persons who served in the Armed Forces on or after June 27, 1950, and prior to February 1, 1955, by providing vocational readjustment; educational opportunities, home, farm and business-loan benefits; unemployment compensation benefits; and employment assistance.
4. **SERVICEMEN'S AND VETERANS' SURVIVOR BENEFITS ACT, PUBLIC LAW 881, 84TH CONGRESS.** This law was enacted to provide benefits for the survivors of servicemen and veterans. Under Title II of this Act, widows, children and dependent parents are entitled to dependency and indemnity compensation when the member involved dies on or after January 1, 1957, from the following:
  - a. Disease or injury incurred or aggravated in line of duty while on active duty or inactive duty for training.
  - b. Injury incurred or aggravated in line of duty while on inactive duty training.
  - c. A disability compensable under laws administered by the Veterans Administration.
5. **VETERANS' BENEFITS ACT OF 1957, PUBLIC LAW 56, 85TH CONGRESS.** This law was enacted to consolidate into one Act, and to simplify and make more uniform, the laws administered by the Veterans Administration relating to compensation, pension, hospitalization, and burial benefits. Under this law the Administrator has authority to make all rules and regulations which are necessary or appropriate to carry out the laws administered by the

Veterans Administration and are consistent therewith. This includes regulations with respect to the nature and extent of proof and evidence and the method of taking and furnishing them in order to establish rights to benefits under such laws, the form of application by claimants under such laws, the methods of making investigations and medical examinations, and the manner and form of adjudications and awards. With certain exceptions, the decisions of the Administrator on any question of law or fact concerning a claim for benefits or payment under any law administered by the Veterans Administration shall be final and conclusive and no other official or any court of the United States shall have power or jurisdiction to review any such decision.

6. **EX-SERVICEMEN'S UNEMPLOYMENT COMPENSATION ACT OF 1958, PUBLIC LAW 848, 85TH CONGRESS.** This law amended Title XV of the Social Security Act to extend unemployment compensation to certain ex-servicemen and vested in the Secretary of Labor the responsibility for its administration. The Veterans Administration agreed to make available to the Secretary of Labor or the State Unemployment Security Agencies information from its records relative to the military service of an applicant for benefits under this Act. If the required information is not available from the Veterans Administration records, it will be obtained from the service department concerned by use of VA Form 3101 bearing the legend "Unemployment Compensation."
7. **TITLE 38, U. S. C., VETERANS' BENEFITS.** This Title enacted by Public Law 857, 85th Congress, approved September 2, 1958, is an Act to consolidate into one Act all the laws administered by the Veterans Administration. Veterans' Benefits Act of 1957, Public Law 56, 85th Congress, was repealed by Title 38, U.S.C.
8. **PUBLIC LAW 492, 86TH CONGRESS (SERVICEMEN'S AND VETERANS' SURVIVOR BENEFITS ACT, PUBLIC LAW 881, 84TH CONGRESS, AMENDMENT THERETO.** This Act liberalizes the standard for determining a monthly rate of dependency and indemnity compensation payable to the widows of certain veterans who died of service-connected causes, such rate (\$120.00 plus 12% of the veteran's basic pay) is generally computed on the basic pay for the rank held by the veteran at the time of his death in service or his last discharge. If greater payment would result, the Act permits use of the basic pay for a higher rank than that held at the time of death or discharge, where the veteran has satisfactorily served in such higher rank on active duty for six months or more and within 120 days of his death or discharge.
9. **PUBLIC LAW 101, 87TH CONGRESS (LIBERALIZED SERVICE REQUIREMENTS FOR PENSION).** One of the basic eligibility requirements for pension is 90 days or more creditable wartime service. This law permits the combining of two or more separate periods of service during more than one war to meet the 90 days service requirement for pension. Prior law permitted the combining of two or more periods of service only if performed during a single period of war.
10. **PUBLIC LAW 102, 87TH CONGRESS (TRAVEL TIME COUNTED AS ACTIVE SERVICE).** This law includes as active duty the travel time necessary for the veteran to proceed to his home by the most direct route from place of discharge, and in any event, until midnight of the day of discharge. The law not only affects service-connected benefits for disability or death incurred during such travel time, but this travel time also counts toward the 90-day service requirement for pension eligibility.
11. **PUBLIC LAW 138, 87TH CONGRESS (SPECIAL PENSION INCREASE FOR PERSONS ON MEDAL OF HONOR ROLL).** This law increased from \$10.00 to \$100.00 the special monthly pension rate for persons on Army, Navy and Air Force Medal of Honor Roll; lowered the age requirement from 65 to 50; and eliminated the requirement of Honorable Discharge from service. The benefit is payable in addition to active duty pay or any gratuitous VA benefit and is based upon certification from the appropriate service department that the Medal of Honor holder has been entered on the Special Medal of Honor Roll. The age requirement was further reduced

to 40 years by Public Law 651, 88th Congress, and this requirement was removed by Public Law 311, 89th Congress.

12. **PUBLIC LAW 134, 88TH CONGRESS.** This Act increases the basic monthly rate of dependency and indemnity compensation (DIC) payable to widows of certain veterans who died of service-connected causes. The rate of DIC under this Act is \$120.00 plus 12% of the veteran's basic pay. The old rate of DIC, under Public Law 881, 84th Congress, was \$112.00 plus 12% of the veteran's basic pay.
13. **PUBLIC LAW 214, 89TH CONGRESS (SERVICEMEN'S GROUP LIFE INSURANCE).** This Act provides special indemnity insurance for members of the Armed Forces. They are automatically insured for \$10,000 unless they elect not to be insured or to be insured in the amount of \$5,000. The insurance remains in effect for 120 days after separation or release from active duty. During this period a member may convert to an individual policy with an insurance company qualified to participate in the program.
14. **PUBLIC LAW 358, 89TH CONGRESS.** Extended loan guaranty benefits to active duty service personnel and post-Korean veterans with sufficient qualifying service; established funding fee requirement of post-Korean veterans obtaining home loans; increased direct loan maximum.
15. **PUBLIC LAW 501, 89TH CONGRESS.** This Act contains a table of basic pay rates for military personnel effective July 1, 1966.
16. **PUBLIC LAW 622, 89TH CONGRESS.** Eliminates the requirement that a person must have served in the higher rank or rating within 120 days of death or last separation.
17. **PUBLIC LAW 96, 91ST CONGRESS.** Amends the pay basis for Dependency and Indemnity Compensation (DIC) from an amount based on the veteran's actual pay status (grade and years of service) to a flat amount for each pay grade.
18. **PUBLIC LAW 189, 91ST CONGRESS.** This law amends the War Claims Act of 1948 to include prisoners of war captured during the Vietnam conflict.
19. **PUBLIC LAW 291, 91ST CONGRESS (SERVICEMEN'S GROUP LIFE INSURANCE).** Increases from \$10,000 to \$15,000 the maximum amount of insurance authorized under the servicemen's group life insurance (SGLI) program. Extends coverage to all reservists, members of the National Guard, and ROTC members while engaged in authorized training duty and while traveling to and from such duty.
20. **PUBLIC LAW 506, 91ST CONGRESS.** Authorized VA to guarantee or make mobile home, mobile home lot, refinancing and certain condominium loans; eliminated all dates for expiration of loan guaranty entitlement; provided for direct loans to supplement specially adapted housing grants; ended the funding fee requirement.
21. **PUBLIC LAW 198, 92ND CONGRESS.** Provides that Mexican Border Service qualifies as wartime service if veteran served in the prescribed area for one or more days during the specified period.
22. **PUBLIC LAW 43, 93RD CONGRESS (NATIONAL CEMETERIES ACT OF 1973).** Transfers national cemeteries from the Department of the Army to the Veterans Administration. Specifically excluded: Arlington National Cemetery, the cemeteries at the three military academies, at the U. S. Soldiers' and Airmen's Home, and at the U.S. Naval Home, and the cemeteries operated by the Department of the Interior.

23. **PUBLIC LAW 289, 93RD CONGRESS.** Increases from \$15,000 to \$20,000 the maximum amount of insurance authorized under Servicemen's Group Life Insurance program (SGLI); extends full coverage to certain non-Regulars; creates a new \$20,000 term policy for people who leave active duty from the date of the bill and, on application, to those discharged with the four years preceding it; and provides that dividends, beginning January 1, will be paid to Korea-era servicemen who held Veterans Special Term Life Insurance.
  24. **PUBLIC LAW 82, 93RD CONGRESS (VETERANS HEALTH CARE EXPANSION ACT OF 1973).** This Act amends Title 38 U.S.C. to provide improved and expanded medical and nursing home care; a CHAMPUS-type program for dependents and survivors; sickle cell anemia screening; improve recruitment retention of DM&S personnel; maintain bed and treatment capacities of all VA facilities and improve structural safety of VA facilities.
  25. **PUBLIC LAW 77, 90TH CONGRESS.** Establishes the dates for the periods of war, (enacted August 31, 1967).
  26. **PUBLIC LAW 569, 93RD CONGRESS.** Removed compelling reason requirement for restoration of loan guaranty entitlement; increased guaranty amount of \$17,500 and limits on mobile home and/or lot loans; ended the farm and business loan programs.
  27. **PUBLIC LAW 324, 94TH CONGRESS.** Increased guaranty for mobile home and/or lot loans from 30 to 50 percent; increased direct loan maximum to \$33,000; extended eligibility to veterans who served exclusively between World War II and the Korean conflict.
  28. **PUBLIC LAW 491, 94TH CONGRESS (ALLIED VETERANS).** This Act amends Title 38 U.S.C. 109 by adding (c) to provide hospital and medical care with U. S. to certain members of armed forces of Czechoslovakia or Poland who participated in armed conflict with an enemy of the U. S. during WWI or WWII.
  29. **PUBLIC LAW 502, 94TH CONGRESS.** Provides a new education benefit program for persons entering service after December 31, 1976. The "Post-Vietnam Veterans' Educational Assistance Act" is a voluntary contributory matching-program.
  30. **PUBLIC LAW 581, 94TH CONGRESS (VETERANS OMNIBUS HEALTH CARE ACT OF 1976).** This law amends Title 38, U.S.C. to improve the quality of hospital care, medical services and nursing home care in Veterans' Administration health care facilities; to make certain technical and conforming amendments; and for other purposes.
  31. **PUBLIC LAW 126, 95TH CONGRESS (ENACTED OCTOBER 8, 1977).** This law amended Title 38, U.S.C. regarding the VA's definition of "eligibility for complete separation," and consequently, the veteran's eligibility for VA benefits.
  32. **PUBLIC LAW 102-25, 102ND CONGRESS (PERSIAN GULF WAR VETERANS' BENEFITS ACT OF 1991).** This law amended Title 38, U.S.C. to add the Persian Gulf War as an official "period of war" for the purpose of veterans' benefits.

## APPENDIX 3-A. GENERAL RELEASE GUIDE FOR MEDICAL RECORDS

March 31, 1997 NPRC 1865.103A

---

Medical records are releasable to the following requesters under the following conditions and circumstances, **UNLESS** the records contain potentially detrimental information (see [ch. 3-2](#) and [app. 3-B](#)); or confidential information (see [ch. 3-5](#) and [app. 3-C](#)).

1. Veteran with signed written request.
2. Next of kin (NOK) of deceased veteran with proof of death and evidence of kinship.
3. Legal guardian with court order adjudging the veteran incompetent and appointing the requester as the guardian.
4. Members of Congress with a copy of correspondence indicating they are working on behalf of the veteran or NOK.
5. Veteran's attorney or other personal representative **with written authorization of veteran**.
6. Insurance firms for medical data needed in determining eligibility for insurance or in settling claims **with written authorization of veteran and stating the name of the company which is authorized to review the medical records**.
7. State, county, & municipal hospitals, health departments, and medical research facilities, **with written authorization of veteran, unless routine use of medical records**.
8. Private nongovernmental medical or psychiatric institution or professional practitioner **with written authorization of veteran**. Examples are: private doctors, private hospitals, medical and psychiatric institutes, clinics, sanitariums, nursing homes, psychiatrists, special research groups (often a part of a university or hospital).

**NOTE:** The Privacy Act provides that a person showing compelling circumstances affecting the health or safety of another individual can be granted access to information or documents if notification is transmitted to the last known address of the individual whose records are involved. If the request is for the purpose of **EMERGENCY** medical treatment, individual consideration is given as to whether the release authorization requirement should be waived. Consult the section chief.

**NOTE:** See the latest revision of NPRC 1865.16, apps. [B-2](#), [C-2](#), [C-3](#), and [D-2](#), for routine uses of the medical records systems.

## GETTING PROOF OF DEATH

**Background:** For non-archival records, NARA employees are to get proof of death before releasing records to next of kin or others authorized by the next of kin. The Defense Privacy Office recently issued this proof of death requirement for veteran records and it is a long standing NARA requirement for former federal civilian employee records.

[Table 3](#) at the end of this CRG repeats and summarizes the valid proofs of death for quick reference.

**Table 1. Procedure to get proof of death for veteran.** This requirement to get proof of death of veteran is specified in memo NPRC 1865.16(series), Release and Access Guide for Military Personnel and Related Records at the NPRC, and on SF Form 180 (Rev. 09/08), Request Pertaining to Military Records. ## Good Conduct Medal (Army)

The Army Good Conduct Medal was authorized by Executive Order 8809, on June 28, 1941, for award to enlisted men who shall have honorably completed three continuous years of active military service subsequent to Aug. 26, 1940, and who are recommended by their commanding officers for exemplary behavior, efficiency, and fidelity. Persons awarded this medal must have had character and efficiency ratings of excellent or higher throughout the qualifying period, including time spent in attendance at service schools, and there must have been no convictions by court martial.

During wartime, the Army Good Conduct Medal may be awarded on completion of one year of continuous service rather than three. Executive Order 9323, March 31, 1943, lowered this time limit for service during the Second World War, and it was amended by Executive Order 10444 on April 10, 1953, applying the one-year ruling to the Korean Conflict, (1950-1954) and to any future period in which the United States is at war, including the war in Vietnam, (1964-1973).

Only one Good Conduct Medal may be awarded to any individual. Additional awards of the medal are indicated by a bar, with loops or knots indicating additional awards. Clasps are in bronze (one to five awards), Silver (five to nine awards), and gold for ten or more awards. An individual who is awarded a

## Good Conduct Medal

The Good Conduct Medal is awarded for exemplary behavior, efficiency, and fidelity in active Federal Military service. It is awarded on a selective basis to each enlisted soldier who distinguishes himself from among his/her fellow soldiers by their exemplary conduct, efficiency, and fidelity throughout a specified period of continuous enlisted active Federal military service. Qualifying periods of service include honorable completion of three years of service after 27 August 1940; one year service after 7 December 1941 while the United States is at war; and award for the first award for service after 27 June 1950 upon completion of at least one year of service if separated prior to three years. The immediate commander must approve the award and the award must be announced in permanent orders.

Only one Good Conduct Medal may be awarded to any individual. Additional awards of the medal are indicated by a bar, with loops or knots indicating additional awards. Clasps are in bronze (two to five awards), Silver (six to ten awards), and gold (eleven to fifteen awards). An individual who is awarded a good conduct medal while serving in another branch of service and is then awarded an Army Good Conduct Medal would wear both medals and ribbon bars.

Good Conduct Medal **certificates** are not authorized for service before 1981.

The Good Conduct Medal was established on June 28, 1941.

# HAZARDOUS DUTY PAY AND COMBAT ZONE PAY

---

There are over 70 separate pays, allowances or benefits of one type or another that make up the military compensation system.

Personnel engaged in flying duty as a non-crew member, parachute jumping, explosive demolition, handling toxic fuel, flight deck duty, experimental stress duty, etc. earns \$150 per month for Hazardous Duty Pay. One exception to the \$150 per month for parachute jumping, is authority to pay \$225 per month for HALO jumps.

Members meeting the performance requirements for more than one type of hazardous duty pay during the same period are entitled to receive payment for a maximum of two types of hazardous duty pay provided they were assigned to a unit whose mission requires the performance of both types of hazardous duty involved.

Generally questions about pay should be answered as listed under [Pay Records](#). Questions about **Hazardous Duty Areas** and **Combat Zone tax status** are decisions made by the Internal Revenue Service. Refer the requester to IRS Publication 3, which may be downloaded from: <http://www.irs.gov/pub/irs-pdf/p3.pdf>.

# HOME LOANS

---

Many veterans are entitled to benefits which enable them to obtain home loans based on their military service. Most of the cases we process are for information required to obtain a "Certificate of Eligibility" from the Department of Veterans Affairs (VA). If a request for a "214 for a home loan" is received, it is important to determine if the veteran performed active duty, and/or active duty for training purposes only. The VA requires different types of documents from individuals in each classification. The following information will assist you in providing the documents needed by veterans to process their applications for "Home Loans".

---

## **Former Members of ALL service branches who performed ACTIVE DUTY only:**

Provide copies of *all* DD Forms 214.

---

## **Former Members of the Reserve and National Guard Forces:**

To qualify for the VA Six-Year Reservist Program, the former service member must prove he accumulated enough retirement points *each year of his military obligation* so that each year is considered a satisfactory qualifying year.

## **USAFR and ANG, USNR, USMCR, USCGR (Not USAR):**

If the veteran indicates that he needs retirement points for VA or for HOME LOAN, furnish the DD Form 214, discharge order, and all retirement points shown in the record. You must document each year of service; however, if you find evidence that an individual did not attend all periods of two week ADT, this does NOT mean that you have an "incomplete" record. Send all available evidence. The documents listed below contain retirement points.

If no credit point forms are in the record, and there is an indication that the service member was in the inactive reserve, furnish a statement of service or copies of the record pages to verify service, and advise requester, "No reserve participation indicated."

---

## **Where to Find Retirement Points:**

**USAFR and ANG:** AF 190, AF 458, AF 526\*, AF 712, AF 1383 and 1383a, DD 220, NGB 23

\*AF Forms 526 used from 1972-1974, show creditable service in alphabetical character "A" on page 1, and numerical character "1" on page 2. The forms dated 1975-1978 show five numerical characters in codes 1 through 5, but only code "1" is creditable. Forms dated 1979 and subsequent years show nine numerical characters in codes 1 through 9, but only codes "1 to 5" are creditable. Check the summary sheets for the total active duty points received during the subject year(s). If codes 1 through 5 are used, the totals should balance.

**USNR:** NAVPERS 601 (11)

**USMCR:** NAVMC 798 and/or computerized print-out in record "Reserve Retirement Credit Report".

**USCGR:** CG 3034, CG 4175

## Incomplete Documentation in Record

### USNR and USCG Records ONLY:

Carefully review complete record for all ADT information; if record is really incomplete and you believe there is missing information needed by the veteran, provide all available information and suggest that the veteran contact the following office for additional assistance:

## Former Members of the US ARMY RESERVE

***The above instructions do not apply to former members of the USAR.*** The VA requires a specific form, such as DARP Form 606, which is RARELY found in the record. The USAR did not routinely prepare these forms, which document the reservists' retirement points. **IF** you find this form in the record and it **COMPLETELY** documents all USAR service, you may send it. ***ALL OTHER CASES MUST BE REFERRED TO AHRC, WITH THE SERVICE RECORD.***

## **Former Members of the Army National Guard**

Send copies of NGB Form 22, NGB Form 23 (ACDUTRA dates), and any DD Form 214 that may have been issued. If information is not found in the record, suggest that the requester contact the Office of the Adjutant General of the state in which service was performed. DO NOT L&T the record to the state office. # U. S. CITIZENSHIP AND IMMIGRATION SERVICES (USCIS) REQUESTS

Requests from INS for verification of service are received on Form N-426, Request for Certification of Military or Naval Service.

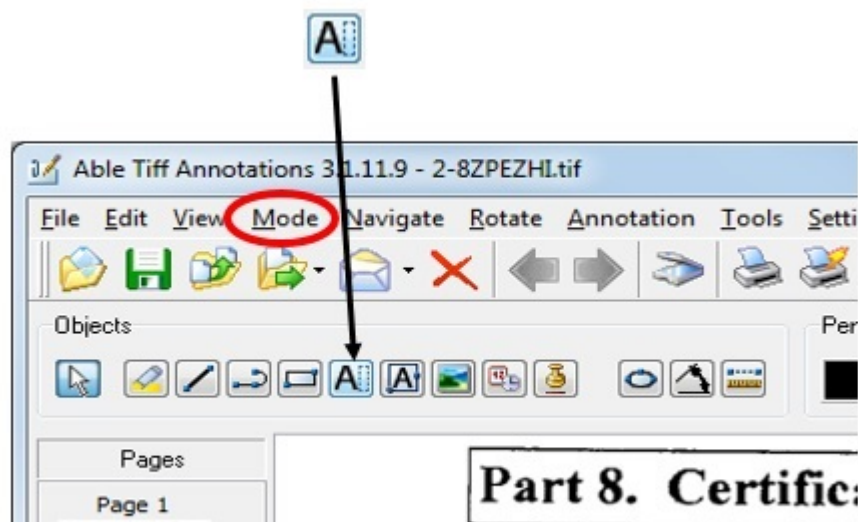

There may be 2 versions of the Form N-426 submitted. If you receive the newest version, dated 08/04/2015, use the first instruction titled "Form N-426 version dated 08/04/2015". For older versions, see the [instructions](#) titled "Form N-426 versions before 08/04/2015."

## ***Form N-426 version dated 08/04/2015***

### **VERIFY THE FOLLOWING:**

**Verify the veteran's name, SSN, and/or date of birth to ensure the correct record has been received.**

NOTE: You can add text boxes to fill in the blocks on the INS form online. With the form open in the incoming attachment in CMRS, select the Mode menu, then click the "Text" icon to draw a text box on the form in which you can then type the information.

### **Part 5. Character of Service.**

Verify the dates of service the requester entered in Part 3. If dates are correct, check "Yes" if service is honorable. Check "No" if dates are incorrect or service is other than honorable.

If you check “No”, you must enter an explanation in Part 7, Remarks.

### **Part 6. Separation Information.**

Answer questions 1 through 3. If you select “Other” in question 2, you must provide the character of separation in Part 7, Remarks.

Question 3: Aliens of foreign countries who served in the Armed Forces of the United States and who are discharged because of their alien status are permanently ineligible for citizenship. Check the record thoroughly to determine whether the person was discharged because of alienage. NOTE: Discharge for alienage may not be shown on separation document. You must carefully review the service record.

### **Part 7. Remarks.**

Enter any details from Parts 5 and 6.

Enter any derogatory information found in the record. Include information regarding article 15s, courts martial, other than honorable discharges, civilian arrests, etc.

If additional space is needed, continue in Part 9.

### **Part 8. Certification.**

If available, you may use the NPRC stamp and your signature in lieu of completing the “Name of Department” and “Official Signature” fields.

If stamp is not available, enter “National Personnel Records Center” in the “Name of Department” field.

Technician will sign the Official Signature field, and type name and title (Archives Technician) in the appropriate block.

Enter the NPRC Customer Service phone number, including area code, in the “Daytime Telephone Number” block. Leave email address blank. Enter current date.

### **Form N-426 versions before 08/04/2015**

#### **VERIFY THE FOLLOWING:**

- 1. Veteran’s Name**
- 2. Dates of Active Duty** (Show each separate enlistment and extension, even if veteran had no break in service)
- 3. Dates of Reserve or National Guard service**
- 4. Alienage.** Aliens of foreign countries who served in the Armed Forces of the United States and who are discharged because of their alien status are permanently ineligible for citizenship. Check the record thoroughly to determine whether the person was discharged because of alienage. NOTE: Discharge for alienage may not be shown on separation document. So again, you must carefully review the service record.
- 5. Courts Martial or Derogatory Actions** (including items such as civil arrests, NJPs, article 15s, other than honorable discharges.)
- 6. Lodge Act Enlistee.** Complete this item if veteran is a foreigner who enlisted in a foreign country in the U.S. Army after June 1950. Show original date of entry into the United States pursuant to military orders, and the port of entry. After the word “via” enter “Military Transportation.”

# INCOMPLETE/OPEN PERSONNEL RECORDS

---

## Incomplete Personnel Records

If a personnel record does not contain pertinent documents such as enlistment contract, discharge data, duty stations, or the record does not possess sufficient data to answer an inquiry, consider the record incomplete.

Incomplete records often have a complete record of one term of service, but no document relating to a veteran's other term of service. Check for an additional record in the NPRC Registry System under an alternate number (e.g., try the SSAN if the record in hand was identified under the Service Number). An alphabetical probe may reveal a record filed under an incorrect SSAN or Service Number very similar to the correct one.

A missing separation document does not signal an incomplete record if there are other documents sufficient to verify service. Prepare an NA Form 13038. Also, a missing retirement order does not mean the record is incomplete. If the retiree insists on a copy of the order, loan and transfer the record to the service department. If the personnel record is actually incomplete, and you cannot answer the inquiry, loan and transfer the record to the service department. Be sure to send the requester a referral card or letter.

If you have a fiche record and it contains no mention that the record is being retired incomplete, and it also contains prior correspondence (inquiries), determine if all fiche are in record. It is possible that a previous correspondence clerk failed to return all the fiche to the jacket.

If so, you can request the master fiche from the appropriate liaison office, if service was in the Navy or Marine Corps. A Navy jacket should contain at minimum a 1E, 2E, and 3E fiche. A Marine Corps jacket should contain at minimum a field fiche, service fiche, and health fiche.

Requests for Army fiche may be submitted to AR-PERSCOM; however, they may be difficult to obtain. Certain Army military documents were permanently saved in **PERMS** by AR-PERSCOM, starting in the mid 1980's through current records. See your team coach for assistance in requesting a PERMS search.

Contact the Air Force Branch Chief for assistance in obtaining AF fiche from CPR. To locate the AF master fiche, you must have **date of discharge** and the **date the F file was accessioned** into the NPRC Registry System. The Air Force retired master microfiche in a haphazard manner, and they are very difficult to search.

If you cannot obtain the master microfiche for Army or Air Force service, loan and transfer the record and the request.

## Open Service Records.

The term "open service record" is defined in two ways.

1. Records in the Center's custody which pertain to deserters who have never been returned to military control. (See [NPRC 1865.98](#)).

2. This term is also defined as a record which has no indication of a discharge action which would close out the record. This latter definition is found in the Reference Service Agreement between NARA and the U. S. Army. This term has come to be used to define **any** record in NPRC's custody which has not been closed out.

“Open Service Records” should be loaned and transferred to the service department **ONLY** if you cannot answer the inquiry with available information. If the requester is an Army or Air Force retiree and the retirement order is missing, provide the date of retirement using available documents. ***DO NOT loan and transfer unless the requester insists upon a copy of the order.***

## CHAPTER 1. GENERAL INFORMATION

1. **Authority.** Various authorities provide for the charging of fees for reproduction and authentication of records. These include the Code of Federal Regulations, 32 CFR, Parts 204 and 286; and 36 CFR, Parts 1250 and 1258.
2. **Chargeable services.** Every employee should be familiar with the types of chargeable services routinely provided by the National Personnel Records Center. [Fig. 1-2](#) lists these services.
3. **Nonchargeable services.** Certain services are excluded or excepted from charges. Examples of such services are provided in [fig. 1-2](#).
4. **NA Form 13115, Chargeable Case Control.** NA Form 13115 is used to control fee cases within the Center. (See [fig. 1-4](#).) Accurate assessment of fees requires cooperation among mail readers, all personnel involved in responding to requests, the Research Room attendant, and the fee clerk.
  - a. **Part I.** Part I of the form provides for entry of information about the subject of record and the requester. This part can be completed by mail clerks, fee clerks, the Research Room attendant, or personnel responding to requests.
  - b. **Part II.** Part II of the form requires completion by personnel responding to requests. All time spent on fee cases must be accounted for, including search, clerical processing, professional research, and photocopy machine time. Appropriate blocks should be checked to reflect the circumstances about the case.
  - c. **Part III.** Part III of the form is completed by the fee clerk or the Research Room attendant.
5. **General rules.**
  - a. Evidence of EVERY inquiry pertaining to a record must be entered in that record. This information is absolutely necessary for proper determination of fee cases.
  - b. In chargeable cases, either the request or the tracer, but not both, is chargeable.
  - c. Only one copy of each requested document will be sent to a requester at any one time.
6. **The Freedom of Information Reform Act of 1986.**
  - a. **Effect on fees.** The Freedom of Information Reform Act (FOIA) of 1986 required agencies to completely change their fee schedules for services related to processing FOIA requests, as well as the criteria for waiving these fees. As a result, there are very few situations in which a fee will be chargeable.
  - b. **Categories of requesters.** Charges for FOIA requests are based on the category of the requester. Each request must be analyzed to determine the category of the requester. The FOIA identifies requesters in the following categories: commercial use requesters, educational institution requesters, news media representative requesters, non commercial scientific institution requesters, and all other requesters. To assist in determining the category of the requester the following definitions shall be used:
    - (1) **Commercial use requester.** One who is seeking information for a use or purpose that furthers the commercial, trade, or profit interest of the requester or the person on whose behalf the request is made.
    - (2) **Educational institution requester.** A preschool, a public or private elementary or secondary school, an institution of undergraduate higher education, an institution of graduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research. The request must serve the scholarly research goals of the institution or school rather than the individual goals of the requester. A request from a student in furtherance of the completion of a course of instruction does not qualify as an educational institution request.
    - (3) **News media representative requester.** Any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public.
    - (4) **Non commercial scientific institution requester.** An institution that is not operated on a basis that furthers the commercial, trade, or profit interests of any person or organization, and which is operated solely for the purpose of conducting scientific research, the results of which are not intended to promote any particular product or industry.

(5) **All other requesters.** Any person who does not fit into any of the above categories.

c. **FOIA fee schedules.**

(1) **DoD records.** 32 CFR 286 contains the FOIA fee schedule which is used to determine the cost of processing requests for DoD records made by members of the public that either explicitly or implicitly invoke the FOIA. (See [fig. 1-6.](#))
