

2024 Senior Agency Official for Records Management Annual Report

The National Archives and Records Administration (NARA) requires Senior Agency Officials for Records Management (SAORM) to provide an annual report demonstrating how agencies are handling important records management initiatives as identified by NARA.

NARA uses the reports to

- determine the overall progress of the federal government in managing its records and the transition away from paper to digital formats
- to identify best practices and model solutions within federal agencies

On December 23, 2022, OMB and NARA issued a memorandum, *Update to Transition to Electronic Records* ([M-23-07](#)) that reinforced the goals in [M-19-21](#) and extended the 2022 deadlines to June 30, 2024. It is critical that Federal agencies move beyond paper-based processes and embrace the opportunities afforded to improve Government by transitioning fully to an electronic environment.

This year's SAORM report provides an opportunity for agencies to report on their progress towards electronic recordkeeping under these requirements, as well as other important records management initiatives.

The reporting period begins on January 13, 2025, and reports are due back to NARA no later than March 14, 2025.

NARA will post your 2024 SAORM report on the [NARA website](#) upon receipt. Please ensure that your agency's report is a publicly releasable version. This action is in the interest of transparency in government and to promote collaboration and communication among agencies.

NARA intends to list any non-responding agencies in a summary report on our website.
