on the investigations, and a standard report form summarizing the status of the investigation. These standard report forms contain the serial number assigned, the date span of the investigation, the names of the agents assigned to the investigation, and a summary statement concerning the conduct of the investigation and its outcome.

Dispose immediately.

3. Office Files of J.R. Lewis (1934-50)

Copies of transcripts of testimony before the Federal Petroleum Board, assorted back-up documentation such as certified copies of tax returns, handwritten notes of information concerning investigations, and routine correspondence on administrative matters.

Dispose immediately.

4. Non-mission correspondence (1935-66)

Files relating to the internal administration and housekeeping activities of the Federal Petroleum Board and Branch of Connally Act Compliance. Files cover such topics as leave regulations, inventories of supplies, travel vouchers, office hours, motor vehicle accident reports, control of keys, etc. Also included are copies of monthly narrative reports forwarded to higher levels of the organization. Some printed material is included.

Dispose immediately.

5. Work Papers (1934-36)

Extra Copies and back-up working papers which appear to have been maintained for personal use by Special Agent T.G. Kelliher in Tyler, TX. Files contain handwritten notes and figures on oil production and were apparently used in the development of cases for prosecution.

Dispose immediately.
