**VANDENBERG LAUNCH SITE (VLS)  
EXPENDABLE VEHICLE RECORDS**

The following is an inventory by category of ELV records shipped from Vandenberg AFB to Kennedy Space Center Florida. A detailed inventory was conducted at Kennedy Space Center by McDonnell Douglas Space Systems - Kennedy Space Center from 3-1-93 to 3-12-93 under NASA Letter of Technical Direction dated 10-5-92.

The items included in the inventory consist of the following:

- 16 millimeter film, originals, masters, work prints
- 35 millimeter film, originals, masters, work prints
- 35 millimeter slides, originals, duplicates
- 8 x 10 prints, color, black and white
- 35 millimeter negative strips/sheets, original
- 5 x 3 1/2 Negative, black and white prints

The following pages detail the inventory for each of the areas listed above. The areas are broken down into 4 categories as follows:

- VLS Photo
- VLS Slide
- VLS Film
- VLS Negatives

If there are any questions concerning the inventory, contact Rick Sprole, MDSS-KSC, A91-F094, 407-383-2820.

Rick Sprole  
Records Control Officer  
MDSS-KSC

## **VLS PHOTO INVENTORY**

**Notes:** Photo packets contain, negative strips, negative sheets, 8 x 10 color prints, 8 x 10 black and white prints, and appear to all be duplicates. Each category may contain any or all combinations of media.

A blank space in any particular column indicates a lack of information on the media to identify.

## VLS Photo Inventory
