MEMORANDUM FOR THE RECORD

SUBJECT: LICOCKIE-1

1. On Tuesday, 27 March 1962 Ned Holman advised me that LICOCKIE-1 planned to arrive from Mexico City in Washington on Wednesday, 28 March 1962. Mr. Holman further advised me that the Senate Subcommittee on Internal Security planned to question LICOCKIE-1 on her role in the preparation of the Arevalo book "The Shark and the Sardines".

2. I suggested to Mr. Holman to request Mr. Carey of the Office of Legal Counsel to inform the Senate Subcommittee of the agency's long standing operational interest in LICOCKIE-1, and request the committee to confine its questioning to her activities in Cuba.

3. Mr. Holman advised me later in the day Mr. Carey said he would advise the Senate Subcommittee of our operational interest in LICOCKIE-1 and request the committee to confine its questioning of subject to the period of her residence in Cuba. Mr. Carey told Mr. Holman, however, that he was not sure he could persuade the committee to hold a closed session.

4. Mr. Paul Burke and I, following discussions of the LICOCKIE-1 case, agreed that it would be wise to encourage the Senate Subcommittee to restrict their questioning of subject as indicated in the above paragraphs in order to avoid compromise of LINLUCK. Mr. Holman was ~~so~~ advised of our concern of such potential compromise.
