MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITAMIL-9, 16 November 1963

1. A meeting was held with LITAMIL-9 from 2000 hours to 2230 hours, 16 November. The meeting took place at B's home -- pick-up was by car and B's wife sat in back with L-9 -- he was introduced to her as "Señor Aguilar."

338  
EW

2. L-9 reported that on the afternoon of 16 Nov he was called by ANLEO-3 who wanted to see him on a matter of importance. L-9 was quite surprised to receive this call but told A-3 to "come over here now if you want to." A-3 said he thought it would be better for the two to meet at the bar of the Del Prado Hotel at about 1800 on 18 Nov. L-9 asked B for instructions. B said that in view of the possibility that L-9's home phone might be tapped or that A-3 might let word leak out that he had contacted L-9, L-9 should inform Ambassador Hernandez Armas of the call -- it was agreed that B would consult further on this matter and that the final decision would be relayed to him on the evening of 17 November -- L-9 would call B's home and B, in a short conversation would use the word Acapulco if the incident should be reported -- Mazatlan if not. (L-9 called as scheduled and the word Acapulco was used). L-9 was advised to keep away from A-3 who was believed to be in town in connection with his efforts to get his relatives out of Cuba. He was told not to go to the Del Prado Monday night unless Armas insisted that he do so. He should make every effort to avoid any encounter with A-3 -- staying away from his home as much as possible.

3. L-9 has some lingering suspicions about A-3 -- said that back in Cuba A-3 used to drive a Mercedes Benz 190-SL sports car, bright red, which he sold to an officer in the Mexican Embassy -- L-9 found this strange since the Mexican, who had diplomatic status, could bring a new car into Cuba duty-free at much less than the going price for a used one on the local market. L-9 concluded from this that there might be some sort of hanky-panky between A-3 and the Mexican official.

4. L-9 reported further as follows:

2 copies  
"P" &

a. He has seen a bit of Horacio FLORES Sanchez of the Bellas Artes Institute lately and has come to the conclusion that FLORES is 100% in favor of the Castro regime. He arranged a meeting between Amb. Hernandez Armas and Flores at the Hotel Maria Isabel on Thursday 14 Nov (we picked this up on LIENWAY). This had to do with an exhibit of Mexican art in Cuba -- scheduled for January 1964. L-9 had earlier made some arrangements to send Mexican paintings by air to Cuba (also picked up on LIENWAY).

b. On 14 Nov Mexican doctor (name) MARTINEZ [redacted] in Cuba, now in Mexi, reported that [redacted] had been helping the Cuban government and had, in the guise of hurricane relief, sold to Cuba 200,000 pesos worth of merchandise for only 30,000 pesos.

c. At the airport on 11 November L-9 saw the Cubana stewardess Marta MARTINA speaking with a "known gusano" (L-9 doesn't know him by name). This "gusano" is often at the airport [redacted] has curly hair. (Couldn't be our [redacted])

- d. A Mexican medical student who has been trying to get to Cuba for at least three months came back to the Embassy a few days ago to see about the status of his visa application. His name is Alejo [unclear].
- e. Teresa [unclear] is suspicious of the American who has been contacting her about chances of going to Cuba. She said that he asked her how Fidel could be as foolish as to proclaim himself openly as a Marxist-Leninist and to state that President Kennedy is [unclear]. Teresa thinks this man is some sort of provocateur. (He is the same one mentioned in the last L-9 CR)
- f. Dra. MACHADO has told Teresa not to have anything to do with Silvano REYES Fuentes without checking beforehand with her.
- g. <sup>Jose</sup> PERNAUZZ Roa (known as ROA) was working until the wee small hours of the morning on the night of 14-15 Nov. (Code work?)
- h. PEREIRA's name is Raul,
- i. Raul PEREIRA says he is going to get married in May in Cuba to a girl who works in MINREX. When asked if this would be by proxy, he said he would go to Cuba for the marriage but that his wife would not subsequently come to Mexico. (This is an interesting tidbit -- it will be recalled that PEREIRA has been coming up on LIENVOY as a possible homosexual.)
- j. <sup>Essence</sup> AZCUE will be leaving for Cuba on 18 Nov. L-9 believes there is no force in the world that can deter AZCUE from his determination to return. A's wife is desperate, hates the thought of going to Cuba but does want to see her children who are there. L-9 overheard A say in the office: "I've already started to fight, within a year I'll be a prisoner in the Cabaña Fortress." Said this on 15 Nov.
- k. Rosario CASTELLANOS, female, Mexican writer, was at the recent Embassy party given ~~XXXXXXXXXXXX~~ in the honor of Alejo CARPENTER. She works at the UAM where she has a responsible position. She said that she had asked the permission of the Rector CHAVEZ to go to Cuba. CHAVEZ turned her down at which point she said, "I quit." CHAVEZ then smoothed her ruffled feathers by explaining that if she were to quit she would be acting in an unpatriotic manner in a difficult situation since now that DIAZ Ordaz is lined up for the Presidency all future appointments will be of people from the political right and she would only create a vacancy for a rightist.
- l. A Cuban in town looking for a visa to return home to Cuba entered the US six times illegally. His name is Jaime BUSO Molina.
- m. Ambassador Hernandez Armas says that <sup>(L-9)</sup> Foreign Office was "very helpful" to the Cuban Embassy <sup>by [unclear]</sup> in negotiations about the release of Cuban boats at Cozumel.
- n. On Wednesday 13 Nov at 1000 hours L-9 overheard Nico [unclear] telling a man at the door of the Embassy that "there have been a lot of problems with the couriers lately, efforts have been made to steal the pouches."

- o. At 1115 hours on Wednesday 6 Nov. [redacted] had an interview in his office with Manuel MARQUE [redacted]. [redacted] turned his radio on and kept the volume very high while the interview was in progress.
- p. A French woman named [redacted] staying at the Hotel Presidente room 705, attended the recent Embassy party in honor of CARPENTIER.
- q. A Cuban (name?) who went to the US about a month ago in a small boat and who has in his possession an EMS Parole Form returned to Cuba from Mexico on 16 November. He had [redacted] from the Embassy party.
- r. Many people at the CARPENTIER party were surprised to see LEONOLDO [redacted] there -- he had never been there before.
- s. Dolores de la [redacted] was shouting off at the mouth at the same party. She called the Argentine journalist PUIGROS over to her and said, "Isn't it true that MARQUE blasted DIAZ Ordaz purposely -- to insure that he would get the PRI nomination. PUIGROS agreed. (This refers to the issue of Politica which had a photo of DIAZ Ordaz on the cover along with the words -- He will not be president). Dolores said that DIAZ Ordaz is a good friend of her father and that her brother will probably become a diputado in the new legislature. She said that DIAZ' line would be the same as LOPEZ Mateos' -- no problem.
- t. Lately the Ambassador has been turning on loud music in his office. (To cover conversations - ?)
- u. L-9 went to the Soviet Embassy party celebrating the October Revolution - 7 Nov.
- v. L-9 took the pouch to the airport Friday ( 8 Nov-?). He was accompanied by Rogelio. He turned the pouch over to the "sobrecargo" (steward) on the Cubana plane. Had picked it up just inside the door of the Embassy. (Test mission-?)
- w. The planned exhibition of Cuban engravings at San Luis Potosi did not come off for reasons not fully clear -- some administrative SNAFU. L-9 is now planning to set up an exhibit at Guadalajara.

5. B informed L-9 that he would be on vacation from about 2 December until Christmastime -- said that he could put L-9 in touch with another officer during this period or could put the operation on ice with an emergency rail channel left open. L-9 said that he much preferred to put it on ice, does not want to be exposed to any more people. For the first time he showed some concern about finances -- said that he might go to Cuba for Christmas and would like to have some money available to do some shopping before [redacted] also needs to pay the next six-months advance rent for his apartment in December. He explained that when he goes to Cuba he hopes to take many gifts -- has all along been sending packages to his sister-in-law and feels that this is good insurance in several ways, especially since it suits her to have a source of supply in Mexico -- hence L-9 would probably be left alone and allowed to remain in Mexico. For his rent he will need six times 650 pesos or 3,900 pesos. It is planned to pay him his November and December salary plus a year-end bonus [redacted] pay (as per local custom) at the next meeting [redacted] which should enable him to pay his rent, do his shopping, [redacted] he will go to Cuba for Christmas. If he does he will spend about 3 weeks there.

6. L-9 made it clear that if he does go to Cuba he (as last year) does not want to take any SW material or have any contact with KUBARK people inside. He will, of course, keep his eyes and ears open and make as many interesting contacts as possible. It is felt that we would be foolish to insist that he undertake any "mission" inside in view of his outright refusal last time to take any SW materials. A good briefing and debriefing should do the job. It would do him no harm to renew acquaintances inside Cuba and a true vacation would probably do him a lot of good.

7. Next meeting: Open.

*Lawrence F. Barker*

Add: No heart-to-heart motivation-boosting session was required at this encounter -- other than being a bit shaken by the AMLEO-3 phone call, L-9 was in a good mood and not noticeably nervous. B's wife remarked on 18 Nov that "Aguilar" was quite nervous when he got into the car at the pick-up point.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Addendum to GR covering meeting with LITANIL-9, 16 Nov 1963

LITANIL-9 reported the following additional information:

Ralph B. Stein, an American citizen holding passport B 661033, residing at 1510 E. 52nd Street, Chicago, Illinois, left Chicago Tuesday 12 November and came to Mexico via Canada where he obtained a Cuban visa at the Cuban Consulate in Toronto. He arrived in Mexico on the night of 15 November and stayed at the Hotel Agnes. He visited the Cuban Embassy on the morning of 16 November and was due to fly to Cuba the same day. The Cuban Embassy paid \$ 23.80 excess baggage charges for him (US Cy).

Stein is an engineering draughtsman and speaks Italian. He left a postcard with L-9 to be mailed to:

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meetings with LITMIL-9, 23 and 27 November 1963

1. On the night of 23 November L-9 contacted Barker by phone and a meeting was held from 2130 to 2230 hours. L-9's reason for making the contact was to express his condolences for the recent assassination of President Kennedy. It was clear that L-9 was badly shaken up by this happening -- when he spoke of Mrs. Jacqueline Kennedy his eyes clouded up with tears.
2. L-9 was asked if he had ever seen Oswald -- no. Had he ever heard that Oswald visited the Cuban Embassy in Mexico -- no. Did he know anyone in the Cuban Embassy that knew Oswald or knew anything about him -- no. *At this time Silvia Duran was in the hands of the Mexican police but L-9 was obviously unaware of her detention.* Asked what the reaction of those inside the Embassy was to the news of the President's death, L-9 said that he had heard very little talk about it, that the Saturday morning staff meeting was a short, perfunctory affair, but that just about everyone seemed to be truly shocked. He had heard no one expressing pleasure about the killing. He said that this reinforced his belief that once Fidel Castro falls, the Cuban people, even many of those who are now classified as *patricia o fuerte* types, will quickly show themselves to be essentially good people and essentially US-oriented.
3. L-9 was asked to report on the aftermath of his conversation with Ambassador Armas about the phone call L-9 had received from AMEX-3 and which, in the interests of security, it was decided, with HCS and JMWAVE assent, that L-9 should report to Armas. L-9 said that this went very smoothly -- that Armas apparently did not recognize AMEX-3 when he was mentioned -- L-9 merely stated that he had received a call from Captain (Surname), that the Captain wanted L-9 to come to see him at the Del Prado, that L-9 felt that this was somewhat suspicious and told the Captain that if he wanted to see L-9 he should come to L-9's home. Armas told L-9 that he had done the right thing -- that he should not go out making mysterious meetings with people in hotels. L-9 did not press the point but he believed that Armas thought that the captain mentioned was a Cubana airline pilot. Anyway, his skirts are clean should the question ever come up of his having been contacted by A-3 -- he reported the contact to his Ambassador. L-9 remarked afterwards that he really hated to brush off A-3 as the two families were very close in Cuba.
4. Another meeting was held from 2100 to 2200 on 27 November. By this time the arrest of Silvia Duran was public knowledge and L-9 made it his first topic for discussion. He said that Silvia was back in the Embassy on Monday the 25th and said that she had been held for 6 hours by the Federal Police. She seemed to be quite pleased with her performance -- said she kept reminding the police that Mexico is a free country and that the constitution guaranteed her freedom from such persecution. To this the police just laughed and said that the constitution wouldn't do her much good in jail, she had better cooperate if she wanted to get out. She freely admitted that she had seen Oswald in the Consulate, that he came to see her for a visa but that Cuba had answered the request (this seems like fact) to the effect that Oswald could not be issued a transit visa en route to the USSR unless and

~~SECRET~~

until he received a USSR visa. She said that the cops had threatened her with extradition to the US (seems unlikely) whereupon she said she would be glad to go to the US to face Oswald. She said that complaints would be made to President LOPEZ Mateos through Enrique AMARAL. (L-9 does not know who AMARAL is or what his access to IN is) Silvia said that she was quite surprised that word of her arrest was relayed to Raul MARICIO Nogales so fast by (Am) AMARAL who flashed the word by 2300 hours 23 Nov. At this point Teresa AMARAL, one of the crowd listening to Silvia tell her tale, ordered her nephew to leave -- said, "we don't want you around here." All in all, Silvia thought she did a good job of standing up to the police. L-9 repeated, as he has done before, that she is a very intelligent, quick-witted girl. She did not appear to have been roughed up in any way or to have suffered from her "ordeal."

5. L-9 had nothing more to offer on the Kennedy assassination -- was again shown a photo of Oswald -- never saw the man. He said that there is not much talk around the Embassy about the killing -- perhaps because no one is expected to approve of such a thing yet at the same time no one wants to make too much fuss about it for fear of being suspected as pro-American.

6. L-9 reported on other matters as follows:

- a. The Counselor of the Soviet Embassy (no name given) came to the Cuban Embassy at about 1045 Monday 25 November. He spoke with Dra. Margot MICHAEL. The Ambassador was not present at the time.
- b. Inc. Jorge TIRADO was in the Embassy on Monday 25 November. He remarked that he had been to see DIAZ Ordaz some time ago about getting a permit to send his son to Cuba to see the heart specialist Dr. Enrique CARRERA. (His son suffers from some heart ailment). DIAZ Ordaz questioned T closely about the projected trip (this was while DO was Minister of Government) and T took advantage of the occasion to complain to DO that people from the procuraduria had confiscated some medical slides from a Cuban heart specialist at the airport. (L-9 was the person who eventually recovered these slides). According to T, DO was somewhat upset, said that the procuraduria people had no business doing this, and saw to it that the slides were returned. T said that DO mentioned L-9 by name, telling T that he would see to it that an order was issued for the slides to be turned over to L-9. T passed word around the Cuban Embassy that everyone should be very careful to speak only the best of DO who might prove to be a useful friend.
- c. A meeting of Consular officers from all Cuban Consulates was held on Tuesday. L-9 does not know what went on at this meeting.

7. L-9 was paid 12,000 pesos -- 4,000 each for the months of Nov and Dec plus 4,000 year-end bonus. He was told that the C/O would be out of town during most of December and he reiterated his desire to have the operation put on ice during the interim -- he is not anxious to be "exposed" to any more people. Arrangements were made for an emergency commo channel to him in case it might become necessary for us to contact him during the C/O's absence. Details on next page.

8. L-9 asked B to buy him some oil paints in the US -- said that the Mexican product is inferior. Will do. L-9 is doing a lot more painting these days. He is now putting the finishing touches on an oil painting

~~SECRET~~

of Casilo CIENFUEGOS which he plans to give to the Embassy, possibly to be raffled off, proceeds to go to hurricane victims.

9. He was asked for additional detail on Luisa Calderon -- had little to offer except to report that Luisa had recently moved. He believed that she had been living with the MACEDO's and Peregrina ALONSO but found that this was a bit confining and had moved "about ten days or two weeks ago" to live with a Mexican family. L-9 believes that her mother returned to Cuba some time ago. Her, Luisa's, new phone is 30 - 52 - 65. She "talks like a Communist," and speaks English -- L-9 thinks she has been in Miami, Florida -- does not know when. He says she is "muy mona" -- very pretty. She is about 24 years old.

10. The conno arrangements set up with L-9 were as follows:

Signal: Someone will phone L-9's apartment at 0800 hours and will use the word "alfombra" -- rug -- perhaps saying, we will be buy to pick up the rug you want cleaned -- something in this order that uses the word ALFOMBRA. L-9 will reply, "You must have the wrong number."

Meeting: The night of that same day and on subsequent days until contact is effected L-9 will go to a public phone booth at the corner of Reforma and Avenida Monte Altai (Lomas) at 2000 hours -- 8:00 p.m. He will be approached by an American who will have in his possession and clearly visible a copy of TIME magazine and a pack of PILTON cigarettes. No verbal signals were laid on. L-9 can be readily identified from photos on file.

Note: There is a bookstore -- the one with the huge red lighted sign LIBRERIA about a half a block up Reforma (up hill) from this phone booth -- L-9 as a confirmed booksom can lounge around here, browsing until 2000 hours. L-9 is punctual -- always on time.

Person making call to L-9's apartment should speak excellent Spanish and should keep the conversation short. DO NOT ASK FOR L-9 by name -- he is going to say it is a wrong number. He lives alone and is always home at 0800 hours.

The contact point (phone booth) is on the right side going up Reforma -- beyond Petrolcos monument -- a short distance beyond the Malpas restaurant.

11. L-9 turned over some Havana newspapers which will be forwarded to JMWAVE.

### Cuban "Identification" of KUBARK Agent

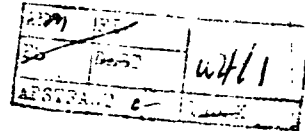

ACTION REQUIRED - REFERENCES

Raul MACIAS Franco, Cuban delegate to the Assembly in Mexico City of the International Union of Architects, which followed the Architectural Congress held in Havana in early October, informed LITAMIL-9, a Mexico Station agent, that the Cuban government had identified the Greek delegate to the Havana congress as a KUBARK agent. MACIAS did not identify the delegate by name and did not give any further details.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITANIL-9, 15 October 1963

1. L-9 was picked up in Felanco at 2000 hours and driven to B's home where a meeting was held until 0020 hours (16 Oct) at which time L-9 was dropped off in Colonia Cuauhtemoc. He identified 90 photos from among several hundred taken from the LIERODE Base House; he was unable to identify any from the LIEMBRACE coverage of the AMQNOB-reported Safe House at 157 Pachuca.

2. L-9 reported on the following:

a. On 8 October L-9 and Paul SPERICIO Nogales had a few drinks and dinner with Raul MACIAS Franco, Cuban delegate to the Assembly of the International Union of Architects held in Mexico City the previous week.

*Reported by dispatch to Attous.*

MACIAS said that the Greek delegate to the recent Architect's Congress in Havana had been identified as a KUBARK agent. He did not give this man's name.

*my file to Ramon CORONA B*

The Mexican ~~Ramon~~ <sup>X</sup> CORONA gave the Castro-Cubans a lot of trouble in Havana and it was hoped that some way might be found to take the Vice Presidency away from him, because of the proposals he made -- which were disruptive, but the Cubans and their allies decided it would be best not to risk a fight with CORONA.

*Sir Robert + Matthew*

The Englishman who presides as president of the UIA (International Union of Architects) was, on the other hand, very docile and easy to get along with -- the Cubans liked him. When he came back from Cuba the Mexican authorities at Merida "gave him the works," dumped the contents of his luggage out unceremoniously and searched it carefully, confiscating from him a number of packages which only contained materials relating to the congress. The Cuban delegates, such as MACIAS, himself, got the same treatment and lost a number of things they were bringing to Mexico.

During the Havana congress, a number of lapel identification buttons (allowing holders to enter the sessions) disappeared and it was hastily assured that an American present, an editor of the Magazine Architectural Record had, in conspiracy with an English newspaperman, stolen them. These two persons were, accordingly, held under arrest at the Riviera Hotel one morning from 2 a.m. to 6 a.m. MACIAS had to intervene to secure their release. The American appeared "hurt" by the accusation and arrest and kept asking for someone to send him a drink. (L-9 said: If he was a KUBARK agent, he did a good job while under arrest, judging from MACIAS' account)

- b. Dr. Filiberto RAMIREZ Corria, a physician who was here for some sort of medical conference (having returned to Havana on 14 October) said that rumors were rife in Havana that counter-revolutionary forces planned to bomb Havana from the air during one of the sessions of the architectural congress. Anti Aircraft units were ready and care was taken not to announce when and where Fidel CASTRO would address the group lest he be the target for bombing.

(Note: RAMIREZ Corria was here with another physician for several days -- L-9 saw quite a bit of RAMIREZ and had him take some medicine to L-9's father on his return. He assesses RAMIREZ as a "very valuable element, one you would do well to try to win over to our cause." L-9 did not know the name of the other medico but identified his picture in the LIERODE take.

HMM - 8620

- c. A short time ago, Vice Consul Ovilio SAMA of the Consulate in Veracruz told L-9 that he would like to close down the Mexican-Cuban Cultural Institute in that town -- it is not working out well, people are not attending meetings. SAMA feels that the 800 plus pesos per month that this operation costs can be spent in better ways.

- d. RUIZ of the Commercial Office told L-9 that someone had given him 30 dollars in Cuba to buy a pistol here in Mexico and that he had managed to find one for 300 pesos. (LIENVOY recently revealed that RUIZ was buying a Spanish Llana pistol).

- e. Cubana Captain SAMIDEY saw L-9, VEGA, and ROJAS of Cubana at the airport on 14 October -- L-9 and VEGA had gone out together to see RAMIREZ Corria off -- and SAMIDEY pointed to the IL-18 on the field, saying that for several reasons they had not yet been able to get permission to use this plane (which brought the Soviet cosmonauts to Mexico) to carry medicines and other relief supplies as cargo on its return to Cuba. ROJAS later showed up about 6 p.m. at the Soviet Embassy (where a reception was in progress) to speak to Ambassador HERNANDEZ Armas about this same matter -- L-9 witnessed the encounter. (LIENVOY covers this subject).

- f. At the Soviet reception mentioned above, which was for the purpose of introducing Soviet delegates to the International Aeronautical Conference then in session, L-9 spoke with (fnu) CICERO of the Foreign Office -- L-9 says that CICERO is pro-Soviet, anti-American. He overheard a young Mexican official of the Mexican Aero Club asking CICERO if it was true that the Israeli delegate to the Aeronautical Conference was going to be expelled from Mexico -- didn't hear the answer to this. The expulsion was reportedly in connection with a "problema migratorio."

- g. The two-door blue Buick sedan used by the Commercial Office is going to be sold -- according to Vega.

- h. When L-9 was seeing RAMIREZ Corria off a character she knows only as "Biru" showed up. This man lives with MIELE and has been

in Mexico several months. He is a Cuban and was closely connected with "Che" GUEVARA in some official capacity. He does not plan to return to Cuba but is still in touch with "Che" -- received a letter from him 2 weeks ago. As RAMIREZ and his doctor companion prepared to leave, "Biru" said, "My brother is chief of all those medicos in Cuba." "Biru" is a light mulatto about 35 years old. Coty SOLORZANO is now trying to get him a job in Mexico City. He usually eats lunch with AZCUE. At the airport he said he couldn't understand why AZCUE was willing to be recalled to Cuba -- said that he doesn't know how AZCUE will manage to survive what with ration cards and other such inconveniences.

PRIORITY TASK: IDENTIFY THIS MAN "BIRU"

1. ~~Mooner KHAN~~, a senator from British Guiana, left for Havana on 14 October -- he is very friendly with L-9, spoke with him before making an earlier trip to the Island which had to do with procurement of petroleum products from Cuba. He told L-9 that the Mexican Consul at Trinidad had given him a 6-months multiple entry visa but that this was taken away from him at the Mexico City airport. He wondered whether AZCUE might help him get it back. AZCUE told him to relax, that he could get another from the Mexican officials in Havana.

KHAN left a postcard with L-9 to mail to his wife. L-9 showed it to Barker. Copy:

- j. L-9 says that <sup>Just</sup>LLAGOSTERA and <sup>Quoted</sup>"LICH" are involved in a big love affair -- LLAGOSTERA is really love-struck and it is quite obvious to everyone in the Embassy that the two are involved -- they chat on the inter-phone quite often. (LIENVOY alerted us to this love affair recently) According to L-9 LLAGOSTERA is vulnerable because he has a wife and child in Cuba.
- k. Other insignificant items were reported on but not worthy of inclusion here.

3. A long conversation was held about clandestine operations in general, motivation, security, communications, etc. As has been discovered in the past, L-9 periodically requires an opportunity to explain why he is working for us and this must be followed up by renewed assurances on our part that we greatly appreciate his work and the high principles which motivate him. In this instance, comfortably ensconced in B's home with a glass of scotch in his hand,

L-9 was in a talkative mood and no effort was made to shorten the session. After he had performed his catharsis he seemed to feel much better about things in general although on the way home he remarked that he hoped the Cuban problem could be solved within a couple of years so he could get out of this work. It is clear that he feels strong pressure and, not being a daring individual, he is looking forward to the day when he can stop living a double life. Nothing new came of this conversation which ranged far and wide -- from antique automobiles to classical music -- except that it apparently did L-9 some good and gave the C/O a chance to insert a host of tradecraft pointers designed to sharpen up the agent's security and convince him that (1) his security and well-being is our primary concern, and (2) if we practice good security in the operation he need have no fears of being compromised. (NB: A tour as an instructor at ISOLATION is the best basic training imaginable for this sort of situation -- really pays off).

4. A start was made on sketching the physical plant of the Embassy but L-9 was quite tired at this point and this work was left for the next meeting. L-9 looked over our file material on the Embassy building and explained that so many changes had been made in the last year that most of what we now have is completely out of date. The next meeting will take up the Embassy premises as the first order of business.

5. Next meeting: Open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITAMIL-9, 26 October 1963

1. A meeting was held with L-9 from 2000 to 2135 hours in B's car (parked in Tacuba) on 26 October.

2. L-9 reported as follows:

*Comer source  
Please  
Report Ho!*

a. A few days earlier Coty<sup>X</sup>SOLORZANO, sister-in-law of General Lazaro CARMENAS, told L-9 with a groan of disgust that it looks like DIAZ Ordaz has been chosen as the PRI presidential candidate.

b. The Ambassador is still using the wall safe built into the chimney of his office (we have photos of this in our files). L-9 thinks that the Embassy payroll is kept there as the other day when he walked into the Ambassador's office he saw the Ambassador shut the safe door -- Dra. MACHADO was there, having just returned from the bank where she withdrew the payroll. Dra.<sup>X</sup>MACHADO handles the payroll for the whole Embassy. MARGOT PADRON

EUSEBIO LOPEZ  
c. XAZCUE is leaving PCS for Havana on 4 November.

MANUEL VEGA  
d. XVEGA is leaving quite soon. No replacement for him has arrived.

ALFREDO DIAZ  
e. XMIRABAL is looking more and more like a "security type." He is a key man ("lleva la batuta al") and appears to be a convinced Communist. In the old days, before CASTRO, MIRABAL worked for the Sherwin Williams paint factory (L-9 thinks S-W in the States must have a record on him) which was located a short distance from the plant owned by L-9's father.

f. Dra.<sup>X</sup>MACHADO recently told L-9 that XVEGA was discourteous to her when she first arrived here but that he has softened up a bit recently and now seems to "accept" her. She thinks this may be because she lost two sons in the Revolution (no details given). She complained that LLAGOSTERA still doesn't accept her but JORRIN seems to be coming around. (This may be the usual resentment caused by a female in a responsible executive position).

g. Embassy staff meetings are held every Saturday morning from 0900 on -- usually lasting about two hours. They used to be held in the "theater" out back under the new construction but are now being held in the glassed-in terrace at the rear of the main building.

JOSÉ MIGUEL  
h. Three Marxist study groups are being set up in the Embassy to include everyone on the staff. XBERNARDO ROA, known as ROA to the staffers, is ramrodding this effort. These groups should be organized within a week. (L-9 dreads the thought of submitting to this indoctrination but realizes he must go along with it).

SECRET

SECRET

i. L-9 recently suggested that Embassy staff meetings be held at night so that afterwards everyone could get together for dinner. RUIZ of the commercial office took exception to this -- said that the result would be just like the Rotary Club. Ambassador HERNANDEZ Armas supported L-9's proposal but did not press for approval and the decision was made to continue holding the meetings on Saturday mornings. Later on the Amb. told L-9, "well, I supported you, anyway."

J. <sup>Joaquin HERNANDEZ Armas</sup> The Ambassador said at a recent staff meeting that he was taken to task by a Mexican senator who asked him why Cuba refused to sign the atom test ban pact. ARMAS (he, like ROA, is known by his matronymic) tried to explain that Cuba could never sign the agreement as long as she is the subject of American aggression. ARMAS said that Embassy staff people should be prepared to answer such questions and mentioned that a request was being sent to Havana to allow the expenditure of sufficient funds to print up 10,000 copies of Fidel CASTRO's speech of 28 September to be distributed locally -- this speech apparently conveys the present "line" on the test ban issue.

k. Foreign Minister ROA recently mentioned in a note to ARMAS that he is glad to hear that L-9 is painting again. L-9 was, in turn, pleased to hear that the Foreign Minister takes a personal interest in him. L-9 has recently done four paintings -- all figure studies. (1) B asked him if he might not do something revolutionary from time to time -- such as a militia girl standing guard with a sub-machinegun. L-9 says he has thought of this but doesn't feel inspired.

<sup>vide</sup> L. TRAFOTE recently visited the Embassy and said that his daughter Irina, the ex-wife of Ramiro VALDEZ, will be coming to Mexico soon on a "special mission." He also said that his nephew, a Chilean, (no name mentioned) recently arrived here proceeding from the USA.

m. L-9 got a nice thank-you letter from Mercedes <sup>X</sup>LECHUGA -- sister of former Ambassador LECHUGA -- thanking L-9 for having sent her a bottle of perfume. L-9 was pleased to get this evidence of confidence since, as he says, if LECHUGA were the least bit suspicious of him Mercedes would not correspond with L-9.  
have

n. L-9 believes he heard the man with the thin mustache referred to as FEREYRA. This is the man who showed up at about the same time the unidentified "light skinned mulatto" (and possible code clerk) disappeared from the scene. L-9 identified his photo at the last meeting. (A Paul FEREYRA has been showing up increasingly on LIENVOY traffic -- we had considered this to be Raulito the messenger boy.) L-9 will try to find out more about FEREYRA and will look into the last name of Raulito.

o. <sup>X</sup>"Birru" -- see last CR -- L-9 had no more on this man except to report that he thinks Birru has found a job and that Coty SOLORZANO helped him to get it. L-9 says that Birru was sent to Mexico by "Che" GUEVARA.

- p. Regarding Sara <sup>HERNANDEZ</sup> Cata, now in Caracas, L-9 recently learned that sometime in the past when Sara was on a Cubana plane at Mexico City, preparing to depart for Havana, she made a few anti-Revolutionary remarks. These were reported to Orfila, who reported them to Teresa PROENZA, who reported to Ramon SINGRAS (at the time Charge at the Embassy), who fired off a cable to MINEX Havana. When Sara got to Havana she was accused of "intrigue." Teresa PROENZA recently told L-9 about this. (REPORT TO CARACAS STATION).
- q. A Cuban functionary on his way to Uruguay from Havana had some trouble with Mexican officials at the Central Airport -- a Cde. VENTURA took some papers away from him when he arrived 24 October and as a result the Cuban was forced to cancel his onward reservations on Varig for the night of 25 October -- said he could not complete his mission without his papers. (Reported this to CASOT 28 Oct in case LIFIRES might be able to get hold of the papers in question).
- r. L-9 says that <sup>MACHADO</sup> Dra. MACHADO, her daughter <sup>PERIN MACHADO</sup> Enria, and Percegrina ALONSO all live together near the Embassy. (This may be in 157 Pachuca where the AMENOB-1 safe site was located) L-9 will ask Dra. MACHADO to have dinner with him at his apartment -- making sure she is there well after nightfall so that he will be obliged to see her safely home and, in the process, find out where she lives.

3. As usual L-9 needed a bit of bolstering. He said that he feels intense pressure at staff gatherings when everyone looks at everyone else present and wonders "who is the Judas in this group." L-9 stated that he would much rather do some other kind of work and would rather sell tomatoes on the street than do what he is doing now. The thing that really keeps him going, aside from his expressed regard for KUBARK and his oft-repeated affinity for the Anglo-Saxon, is his sincere disgust with the CASTRO regime. He again told the story (B has heard it a half-dozen times and Shryock probably heard it often before that) of his father's having built up a big business by unstinting hard work -- of having brought his family up from nothing to a position of honest respectability -- only to be classified as a "bandido" and "explotador" by a bunch of revolutionary buses with beards. It is the case officer's belief that if L-9 did not have a release through painting he would break off from the Embassy and, naturally, from KUBARK. It is furthermore believed that if we were to ask L-9 to submit to an ECFLUTTER examination as Headquarters has recently suggested, L-9 would immediately break contact with us as no matter how diplomatically the build-up might be phrased he would take it as a slur on his honor and we would be without a penetration into the Embassy.

4. Next meeting: Open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker  
SUBJECT : Meeting with LITAMIL-9, 4 Nov 1963

1. A meeting was held with L-9 in B's car from 2200 hours to 2345 hours, 4 Nov. The car was parked in the Tlaxpana area.
2. L-9 reported as follows:
  - a. Manuel VEGA left on PCS orders for Havana on the 3 Nov Cubana flight. Coty SOLORZANO bid him goodbye at the airport along with members of the Embassy staff. It is not clear who is or will be replacing VEGA.
  - b. <sup>Jose</sup> FERNANDEZ ROA worked very late the night of Friday 1 Nov. L-9 still thinks he may be doing comso work.
  - c. <sup>(Aproximo)</sup> "Nico" GARCIA is going to move into the row of offices where L-9 is now located and is being "caged in" -- is installing door, blinds, etc., as did ROA recently.
  - d. <sup>Ex-Bio</sup> AZCUE will be around for a short while before returning to Cuba -- he is planning to take a trip to Campeche with someone named LIZALDE to study building materials in preparation for AZCUE's assignment to JUCEPLAN as an architect when he returns. L-9 went on at some length about AZCUE -- said he was certain that AZCUE is not a Communist, not a CP member (note that AMKNOB-1 has AZCUE admitting he has been a Communist for many years - ?) L-9 repeated that AZCUE is an implacable foe of "the Pentagon, and the ruling circles in the US" but has a high regard for the American people. AZCUE's wife is still very upset at the prospect of going to live in Cuba. L-9 thinks AZCUE is a loyal Fidelista who would never knowingly cooperate with the Americans. At lunch with L-9 on 4 Nov AZCUE lashed out against the Cuban CP -- said that Lazaro PENA should be shot -- he has served his usefulness -- after the shooting a monument could be raised to him, but Cuba would be much better off with him out of the way.
  - e. <sup>Ex-Bio</sup> MIRAMEN, AZCUE's replacement, is not popular and nowhere near as effective as AZCUE. Sylvia MIRAMEN doesn't like him but will probably go on working as his secretary for the time being.
  - f. L-9 saw AZCUE kidding with Sylvia recently in the office -- chiding her for being a Communist. Sylvia replied, "It's not true. I am not a Stalinist and I have never been interested in Party membership. I don't accept the Party line and by talking this way you are insulting me!" L-9 thinks Sylvia is a very intelligent girl. He thinks we might be able to gain her cooperation by getting a desirable male next to her -- she is, according to L-9, "a little putita."
  - g. AZCUE told L-9: "If they don't give me a good job in Cuba, I'm not

SECRET

SECRET

going to be upset -- I can always get a job here in Mexico."

h. L-9 exhibited a book by Alcijo CARPENTIER (who is in town). This book, entitled Los Pasos Perdidos, published in Mexico, had inside the cover two handwritten dedications to L-9 -- signed by CARPENTIER. The first was written when the two first met -- the second was written after L-9 had CARPENTIER over to his studio and C got a look at his paintings -- this dedication lauds L-9's ability as an artist.

i. L-9 showed B his address book -- in it he has a bookmark which consists of two ribbons - red and black -- with a small photo of Fidel CASTRO attached. L-9 likes to "casually" display this little item when consulting his book in the presence of Embassy officials. He says it has a nice effect on them.

j. L-9 overheard Teresa PROENZA on the phone (we have the same conversation on LIENVOY) saying that Ambassador HERNANDEZ Armas' wife is coming to Mexico on Friday 8 Nov and that she would not be staying at the Embassy, but would put up somewhere outside, probably with Dra. MACHADO. Teresa indicated that all is not well with the ARMAS family and that this was a somewhat scandalous situation. (We might be able to make some capital with Mrs. Edz. Armas by tipping her off about the Amb's dalliances)

CLARA CARBONELL  
DE HERNANDEZ

They not call

on a letter?

k. A tall, blond American student has been in to see about traveling to Cuba. He is studying at a University in Mexico City. (This sounds like the one who came in to see Joe Montllor recently). He is suspected of being an American agent -- "Licha" says that he is an agent for sure. He was there on Thursday, 31 Oct.

l. <sup>Haleco</sup> LOREN told L-9 that he soon intends to marry a Mexican.

Jose FERNANDEZ  
m. ROA is not happy about being a mere Press Attache. L-9 thinks this is a cover position and that ROA is probably CIS.

n. Teresa PROENZA spent the weekend at CARDENAS' place in Michoacan. She came back highly incensed that Gustavo DIAZ Ordaz had been uncovered as the Presidential candidate of the PRI. She said that LOPEZ Mateos made the choice himself. L-9 thinks this intelligence came directly from Lazaro CARDENAS. Teresa and the Ambassador were closeted for most of Sunday 2 Nov -- presumably T was filling him in on the political picture as a result of her visit with CARDENAS.

o. Someone named (fnu) IBARGUENOITIA, Reforma 7, Coyoacan, D.F. has recently received correspondence from the Casa de las Americas in Havana.

CAGE?

p. A Chilean artist (painter) named Hugo MARIN has been hanging around for a visa and the authorization finally came from Hava. This man formerly lived in Cuba, is wealthy. He is considered as a probable agent of the imperialists but the embassy feels he can be watched closely once he is in Cuba.

3. L-9 was in a pretty good mood, said that his sessions with the C/O give him "animo" and are a good antidote for the feelings he has in between meetings when he is sitting in his office, or beside the Ambassador, and wonder-

SECRET

SECRET

ing how long he can go on without being discovered and what the others in the shop think of him. This was a good opportunity to inquire into the latter point, and B asked him to explain just what his posture is vis a vis his associates and outsiders who know him only as a CASTRO official. He talked for about 30 minutes on this point, explaining that he tries to project the image of a man who is "more artist than politician," who is not a revolutionary type but who believes that "there is a job to be done here, I have been chosen to do it, and I intend to do it -- wanna make anything of it?" He says this works very well -- he emerges as a dedicated, more-or-less apolitical worker, who is not going to take any foolishness from anyone who gets in his way, and who, like many artists, may be just a bit wacky. He cleverly manages to lose his temper from time to time with good effect since no-one wants to ruffle him too much lest his well-known "pull" with Fidel might be employed.

4. He was paid 4,000 pesos for October 1963. \*

5. L-9 is planning to do a painting of Camilo CIEINFUEGOS which will be raffled off so that the proceeds can be sent to Cuba to aid victims of the hurricane.

6. He furnished B with a copy of the 3 Nov issue of HOY which carried the AMGLOSSY confessions. This was airmailed to the PIEPER address at WAVE on 5 Nov.

7. Next meeting - Open.

8. Problem: It will be more difficult to get L-9 into B's home in the future owing to the recent installation of mercury vapor lamps in Lucas which light the area up almost to a daylight degree. In view of the necessity to sit down with L-9 from time to time to pour over papers and photographs -- as well as the desirability to have him relax with a drink in hand -- a safehouse would seem to be more-than-ever in order, but L-9 is extremely nervous about the prospect of meetings in a safehouse. It is believed that a carefully-timed arrangement, whereby B's wife could swing open the gates of the B home may do the trick and enable us to continue to use the B residence for meetings from time to time.

How about  
miniature  
walkie-talkie  
to sign off?

Lawrence F. Barker

\* A good example of L-9's skittishness is his approach to signing receipts for his pay. He signs each time with a different scribble.

25 September 1963

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker  
SUBJECT : Meeting with WITANEZ-9, 23 September 1963

1. A meeting with L-9 was held at the agent's initiative from 2030 hours until 2500 on 23 September. The pick-up was made on Chiers and L-9 was dropped off several blocks from his home after the meeting. The meeting took place in the C/S's car, parked on a dark street in Polanco.

2. L-9 reported as follows:

Architectural Congress in Havana: Practically all of the students from Laredo have already gone in by air. Of the 60-odd professional architects who were expected to go as delegates it appears that only 5 would be attending -- the others had been scared off by adverse publicity and the thought that they might appear on some sort of American blacklist if they were to go -- and by fears that they might have trouble getting back from Cuba once there. By some queer quirk of fate, Architecto Humberto WITANEZ, the man who did most to set up the congress from the Mexican standpoint, did not receive an invitation. Embajador Humberto, Cultural Counsellor, sparkplug for the operation in the Cuban Embassy, was surprised and shocked that WITANEZ was not invited.

An American named PLANN (Dum), editor of or adviser for the publication Architectural Record has been at the embassy trying to get a visa for Havana.

WITANEZ was in contact with a person staying at room 216 of the Hotel Cardinal regarding the congress, telephone 16-32-32. He asked L-9 to call the hotel at that number, ask for room 216, and tell the man who answered that WITANEZ wanted to talk to him. L-9 was not given the man's name and he told not to ask who was staying at the room -- just get the man on the line.

Embajador, who says he has WITANEZ in the Foreign Office told L-9 and WITANEZ that the Consul would give all available assistance to the Embassy in Havana, but that approval of delegates to the congress, the of Embassy files in Havana on their flight was authorized (the request for WITANEZ's travel authorization was ignored by L-9) and that the type of any notices having commercial relations with Mexico was still in the air and that Mexican Consuls abroad had each advised to be cautious about the use of 30-day Mexican transit visas. WITANEZ was much more pleasant than ROSENBERG had been at the previous encounter (see last contact report).

3. Russian-Chinese Split: During the recent Philosopher's Congress a function was held at the Russian cultural institute at which the Soviet philosophers were the guests of honor. L-9 was invited and

DETAILS

APRILIO was not. This was a scientific conference but L-9 took him along on Mowat's invitation. The place was packed with people, L-9 and APRILIO were sitting near the front when suddenly a woman slipped these copies of Chinese propaganda to his feet behind -- he had grabbed the shoe. These were the 7 Aug, 14 Aug, and 21 Aug issues of REVISTA INTERNACIONAL and all concerned the Chinese agreement in the field with the USSR. L-9 and APRILIO were surprised that the Chinese would take advantage of a Soviet function to try to win over the Cubans to their point of view.

3. The recent issue of SENESE (p. 135) contained a strong editorial against the US and USSR administrations at the Paleontologist's Congress. This editorial was considered a scandal by the Cuban Embassy which deplores the widening Soviet-Chinese rift. By branding the Soviet delegates as not interested in any countries other than the US, SENESE would soon (in the eyes of the Cuban Embassy) to have moved solidly into the Chinese Communist camp.

4. French travel to Cuba: Sofia, Bulgarians (Luis) of the French Embassy phoned L-9 about a French girl who want to visit Cuba but who want assurances that they will be able to get out of Cuba right away after interviewing the Communist part Nicolas G. These two are Genevieve de FERRIER and Lucienne de FERRIER. Well, FERRIER has to move on to Sofia, Bulgaria without delay. Both came to the Embassy on visa matters. FERRIER speaks quite good English and Spanish and has been in Moscow.

*This is for your information regarding the meeting*

5. An American lawyer named (Mrs) SMITH was in the Embassy a few days ago to get a Cuban visa. L-9 SMITH he represents an Oregon legal firm.

6. L-9 is going to set up his exhibit of Cuban engravings at San Luis Potosi in collaboration with the Mexican National Institute of Fine Arts which will be the sponsor and will furnish the exhibition hall.

7. A Mexican named Montenegro (Luis), who has a daughter in Cuba, has recently been in close touch with Ambassador Joaquin HERNANDEZ Armas.

8. L-9 is passing along friendly with the Ambassador. When former Ambassador FERRER was at the airport preparing to leave he was most polite in his remarks and L-9 responded FERRER said to L-9, "I wish you could be in the office as you are to FERRER -- wish you had the same system for the office."

9. Telephones: L-9 was asked to try to check out all phones in the Embassy -- every desk has a desk phone, the modern, upright cream-colored phone with a push button at the bottom is in the same office -- used to be used by the former FERRER but this office is now used by APRILIO -- is in the rear of the Embassy above the little theater. It has been out of order for about two weeks and APRILIO is trying to get it fixed -- asked L-9 if he had any "pull" with the phone company because he could come in and fix it. (NOTE: This is our hot-wire phone which recently failed to operate when we tried to reactivate it).

3. Next meeting: L-9's open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with MITCHELL-9, 26 September 1963

1. A meeting was held with L-9 in Barker's car in Polanco from 2230 to 2355 hours 26 September.
2. L-9 gave the following list of Mexican delegates to the Architect's Congress in Havana:

Enrique X. Vento

Enrique X. Vento

3. L-9 said that a telephone company representative had been in the Embassy that morning looking at APARICIO's out-of-order telephone (this is the one MILFORD doctored up for us) and would be back, perhaps 27 September, to fix it up.

4. Srta. Uda. Maria del Rosario GUERRA, Instituto Potosino de Bellas Artes, Venustiano Carranza, 100, Tel 28-12, San Luis Potosi, S.L.P., has been designated by Bellas Artes to help L-9 set up his exhibit of Cuban engravings in that city.

5. A Colombian girl named (Mrs) SOUSA has recently arrived from New York City, from whence she fled when summoned by immigration authorities for an interview, and is now in touch with the Cuban Embassy here. She is on her way to Cuba to marry her Cuban boyfriend who works for the GOC. She made it quite clear that she is no Communist but said that she may have been branded as one by U.S. authorities for having a Cuban fiance.

6. Asked if he knew of anyone other than the Embassy living at 157 Pachuca, corner of Vicente Suarez (this is the address supplied by AMENOS-1), L-9 replied that Wenceslao Sanjurjo lived in an apartment there, he did not know the apartment number. (The one AMENOS-1 told WINE about was 113).

7. E expressed his interest in the tailor, SOUSA, who is in frequent contact with the Embassy -- patronized by L-9 along with a lot of others. (Building operation hatching in E's mind) L-9 did not know SOUSA's first name and did not know the name of the tailor shop where he works although he described it as on Hidalgo, beyond Sanborn's (House of Tiles) -- on the same side of the street -- before Bolivar -- next door to or almost next to an optical supply shop. SOUSA is usually at the corner there although he has a workshop on Calle Bolivar there he does most of the cutting, etc. L-9 said that SOUSA was a colonel of Assault Guards in the Spanish Republican army, was

SECRET

apparently a regular army officer. He is well to the left but probably not a Communist. He is a Spanish Franco-phobe, so very much like Eusebio AZUVE in political conviction. SOUZA is in frequent contact with Humberto GARCIA, alias "El Guero," who is a Cuban foreign service employee who is here in Mexico supposedly on a year's leave of absence. GARCIA stays away from the Embassy -- avoids it like the plague -- and is supposed to be disgusted with the Cuban revolution. (GARCIA gets more interesting all the time) SOUZA is about 55 years old, "very Spanish," short, medium build, thinning hair. He was helpful to anti-Revista people (including Fidel CASTRO) here in Mexico, helped them get arms. (NOTE: He is often in LINCOLN traffic and it would appear that his relationship with the Embassy goes beyond simple tailoring) SOUZA did not like Ramon SARDINAS -- doesn't care for the fresh young kids the Cuban revolution is turning out.

S. L-9 was asked to report on all the people in the Embassy -- tell us who is there now (this done primarily in an effort to find who replaced SARDINAS so we can get after him): Names as L-9 gave them.

Cultural: Raul APARICIO Morales

Luis SERRANU Ferrer (now seems to be APARICIO's favorite)

Teresa MONTANA Borrero (she recently remarked that she may be sent to Cuba, was seen by L-9 cleaning out her desk, said she would keep her bags packed. APARICIO doesn't much care for her)

Press : ROA

Daughter of Dr. NACHADO - Monto

Chancery: Josephine MONTANA Borrero - Ambassador. Usually called MONTANA, name used to be FERNANDEZ de Armas but he has apparently dropped the de as aristocratic, hence un-revolutionary.  
Jose MONTANA Borrero - Ambassador's secretary  
Jose MONTANA Borrero - secretary -- used to be in charge of passport division of MININT, Habana.

Guillermo MONTANA Borrero -- leaving at end of year.

Rafael -- finance officer, pays everybody.

Victor -- possible informant. Receives all couriers. G-2 type.

Gatekeepers - Guards:

Victor

BLACOSTER (also hops serve at Embassy functions)

Alexander -- chauffeur to Ambassador - Negro.

Service: Enrique MONTANA Borrero, wife of man who is the portero at the Institute -- cook

Luis MONTANA Borrero -- daughter -- maid.

"Reulito" -- ref. to person address to everyone, Communist type  
Consul: FRANCO -- new Consul -- replacement for AGUE

Silvia BURKE -- secretary -- replaced deceased Mari Carmen  
OLIVARES

"Rolly" - Polonia -- "takes up all the packages" - good  
personal friend of Juan Bosch, deposed Dominican president.

CONCEPCION

URBINA

Name unknown -- new replacement for URBINA -- used to be  
an insurance collector in Cuba -- (NOTE: L-9 may possibly  
have been referring to URBINA at this point -- B's notes  
not clear -- so this "unknown" may not exist)

After L-9 gave out with this list -- names listed just as he gave them --  
he acknowledged that there was one more man on the premises -- the light-  
skinned mulatto we have tentatively identified as the code clerk. A bit  
of elimination should show us who this man is.

MEMORANDUM FOR THE RECORD

FROM : Lawrence P. Barker

SUBJECT : Meeting with L-9, 5 October 1963

1. A meeting was held with L-9 in B-9 car track 2310 to 2143 hours on 5 October

2. L-9 reported on several subjects as follows:

a. Marta BOH, Chilean wife of Arturo BOH, came in recently from Cuba on her way to Santiago, Chile. She carries a Chilean official passport and when she went to the Mexican Embassy in Havana to get a visa she was treated in a rude manner by an employee there named Don Maria who said she could not understand why Marta BOH was carrying an official passport from Chile.

Marta told people in the Cuban Embassy here that the wife of Ambassador BOSQUES (Mexican Ambassador to Cuba) is always going around with a big smile on her face but that she is a hypocrite.

Marta said that, according to Ada RUIZ, Martha RUIZ Garcia, of the Mexican Embassy, Havana, was observed making photocopies in forbidden places during the October 1962 crisis in Havana.

b. Mexican Ambassador Gilberto GARCIA told Manuel HERRERA, sister-in-law of Lawrence P. Barker, recently what the Mexican government is pleased with regarding Francisco MARTINEZ -- the Mexicans like his manner.

c. A Cuban named Marlene (Jim), who sat beside John Wickham on a recent flight to Cuba, said that Francisco MARTINEZ is leaving Mexico, it is a good thing that L-9 will remain there.

d. Marta BOH reported that Fidel CASTRO had sent Yankee and President to the US for a week to order a couple of days rest -- was not being well. Yankee for having trouble with his spinal column. President took a few days at Maradero about the same time.

e. BOH had a little supper for the Ambassador, L-8, and other friends at his place a few days ago and the supper was cooked by an Embassy employee named Manuel. This man has recently arrived at the Embassy. He fled from Cuba once before, a few days after Manuel took power for the last time. This man "Manuel" has a small mustache. (L-9 says he can identify him from Manuel photos)

2. L-9 has been involved in the exporting to Cuba of some Cappy plants in the name of Josea RUIZ (Manuel contains this). These plants were furnished by Diego RUIZ of Colombia.

3. L-9 was asked if he had been able to identify the "light-skinned mulatto" whom we had tentatively picked out as the code clerk. No. Furthermore, this man hasn't been seen around the Embassy since then. But there is another man in the Embassy -- like "Bob" was a "small mulatto" -- and is sometimes on duty at the gate (this is significant since "BUBBLES" also worked the gates). He doesn't know this man's name but could identify him from a photo. (It was agreed that at the next meeting B would bring along the latest LERODE photos for identification by L-9.)

4. B turned the conversation to the physical plant of the Embassy, asking L-9 to describe the Ambassador's office. L-9 said that this office has been completely renovated, painted, new furniture moved in, etc. The small cocktail table is still there (this is the same one we earlier fixed up with a transmitter). B asked L-9 to do a thorough going over of the Ambassador's office as well as that of his secretary, Peregrina LINDA. When asked where the wooden Don Quijote carving, which used to be in the Ambassador's office, then in Teresa BRUNDA's, is now located, he said he thought it was on Peregrina's desk. He was asked to observe this item carefully and to see whether the identical carving is still being sold there (last one was bought -- somewhere on Juarez. Will do. He was asked to make special note of small, portable items in these offices such as pen holders, statuettes, books (these used to be several, of Marti and others, in the Ambassador's office) -- especially items which can be duplicated and easily introduced. (If we could fix up a couple of Quijotes with concealed transmitters we could probably bring in a lot of sensitive information not available through LERODE.)

5. L-9 was told that at the next meeting he would be expected to furnish a complete sketch of the offices in which we are interested.

6. L-9 said that the telephones in the Embassy are all fouled up and that there is a standing request with the phone company for someone to come in and fix them up, arrange new extensions, etc. (LINDA confirms this). L-9 feels that we are missing a good bet if we don't have some of our people do this work.

7. L-9's inability to get up with us and more worthwhile info is disappointing but believe a person responsible from the time of the very first meetings with this agent. He is very nervous, is afraid we "take action" even to the extent of asking one of the other agents, Ray, "Have forgotten, what is your name, anyway?" He fears that any question asked will result in immediate suspicion and since he's now "letting" this way for such a long time he may well be right since he is probably paid as a quiet fellow who does his work and never asks any questions. To be safe, however, that we can -- we must -- get more mileage from him.

8. L-9 was paid \$,000 plus for September. Next meeting - open.

9. Conclusions: It was agreed that an agreement for maintenance of meeting time on the phone will be as follows: L-9 will actually take place one hour before the time mentioned. If an agreement is made to meet at 2100, the meeting will take place at 2000.

MEMORANDUM FOR THE RECORD

FROM : Lawrence R. Barker

SUBJECT : Meeting with L-9, 7-8 Oct 1965

1. A meeting was held with L-9 in his car from 2350 hours 7 Oct to 0015 hours 8 Oct.
2. L-9, responding to a message received at the previous meeting to do everything possible to ascertain the identity of the code clerk, advised that he thinks that José Manuel MARTÍNEZ may be the man, RMA, as he is known around the Embassy, has just recently performed a few suspicious alterations to his office:
  - (a) put up a locking door -- where none of his neighbors have one
  - (b) installed a window blind -- ditto
  - (c) installed a high-power fluorescent light fixture in the ceiling -- the others have older, weaker fixtures.
3. RMA is often out of sight during the day. MARTÍNEZ recently made a comment that it was strange that RMA is so often unavailable during the working hours.
4. L-9 was asked whether RMA has a safe or lock-fitted file cabinet in his office. No. (It would thus seem unlikely that he keeps any code materials in this area). The new alterations would make it appear that he does do (or plans to do) some sort of work out of sight.
5. L-9 says that RMA claims no relationship to the Cuban Foreign Minister, Raúl RMA. He is married to the sister of a well-known Cuban painter named Mariano -- perhaps Mariano MARTÍNEZ -- L-9 not sure, will check. His wife is now in Cuba showing a picture.
6. RMA's office is in the "new construction" occupied by RMA, Teresa BUCHEZ, Luis MARTÍNEZ, and Raúl MARTÍNEZ. A horizontal view facing the row of offices would show:

SECRET

7. L-9 said that two large dogs, kept in a kennel during the day, are turned loose in the garden during the night. Another one, just a pup, has been seen lately.

8. L-9 said that the wood carving of Pon Quijote (see last CR) is no longer in evidence.

9. L-9 was advised to get up every available scrap of information on RDA and to keep in mind our intense interest in the physical layout of the offices of the Ambassador and his secretary.

10. Next meeting - open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker  
SUBJECT : Meeting with LITANIL-9, 13 September

1. LITANIL-9 phoned Barker at 2325 hours 12 September and arrangements were made to meet at midnight. The meeting was held in B's car and lasted until 0100 hours. L-9 reported as follows:

*Defense Rosen Zwick  
Diary 1/2  
5/20/63*

- A. On 9 August L-9 and his boss, ROSENBERG Morfina, visited ROSENBERG, Mexican Diplomat stationed here at the Foreign Office regarding the upcoming Architect's Congress in Habana. APARICIO asked ROSENBERG to get authorization for the intent to send a ship to Veracruz to pick up delegates and to land 12-18's here in Mexi for the same purpose. The request was on paper in the usual diplomat's form. L-9 was surprised to note that ROSENBERG was very cold and even unfriendly -- he told APARICIO that no decision could be made on the spot and that the Embassy would be notified by 11 Sept. As of the night of 11 Sept. no reply had been received and APARICIO was getting worried. A phone call was made to (Mrs) LAMB, an assistant of ROSENBERG, but this yielded no further information.
- B. LAMB, Manager of Cuban Airlines in Mexi, told APARICIO the other day that he had "fixed everything up with AEROMEXICO" to solve the Architect's congress transportation problem.

Note: L-9's reason for calling this midnight meeting was to pass on the above in case we might be able to exert influence on the Mexican Government or Aeromexico to insure that the transportation problem remains a problem. L-9 said that his only real concern these days is the Congress and that anything we might do to frustrate their efforts would be most worthwhile.

- C. APARICIO was pissed when he failed to get invitations to a Mexican government function connected with the Philosophers' Conference now being held in Mexi -- somewhere he didn't get invited to the Independence Day celebrations by the Mexican Gov. L-9 was invited to both Preamble and succeeded in arranging an invitation to the Independence Day celebrations for APARICIO who was very appreciative.
- D. When former ROSENBERG ROSENBERG told for the other day he remarked in L-9's presence at the airport that he expects a new crisis to materialize in about a month. He did not elaborate.
- E. FRANCO of the UN delegation, who has recently been in Cuba, is on his way back to New York. He was warned when he returned to Cuba a month or so ago that he was in the dockhouse with his child, FRANCO Induastegui, and would have to spend at least a year in Cuba for reorientation. The other day L-9 visited him at the Del Prado Hotel, where he was staying (avoiding the Embassy completely), and FRANCO exhibited a letter from (Mrs) MILGOTERO (might be MILGOTERO) which stated plainly that FRANCO has the complete confidence of FRANCO ("goce de la cabal confianza..."). L-9 thus believes that FRANCO

is returning to the UN with a new order for GARCIA Inchaustegui. L-9 says that FRANZINI is not a Communist. When FRANZINI arrived at Havana, exactly he spotted Fidel CASTRO at some reception but CASTRO paid him no attention. He interpreted this as a snub but in a later reception at a foreign Embassy in Havana Fidel looked him up, apologized for not having spoken to him earlier, and was most effusive in his praise for FRANZINI.

F. Former Ambassador BERNARDINI and wife, here for the philosophers' meeting, are buying up our cars in order to get P's car back on the road in Cuba. L-9 has been helping them -- said he would take payment when he goes back to Cuba since the P's were running short of cash here.

G. Dolores EE LANZONI is still making a play for Ambassador BERNARDINI and she now seems to be interested in having a play with her. Gety BERNARDINI doesn't like Dolores and is trying to discourage the Ambassador from getting involved -- Gety believes that Dolores may be a Mexican Government spy. L-9 finds her excessive praise of Fidel CASTRO a bit phony and told Barker that if Dolores is "one of our agents" -- and, mind you, I'm not asking whether she is -- but, if she is... that we should tell her not to be so obvious. He said that Dolores recently bragged that Fidel CASTRO had "had" her on a mattress laid on the floor in Cuba and that while they were rumping around, nice vest scurrying all about the room.

2. L-9 was asked to try again to ascertain who the new code clerk is. He was told that this person would have arrived shortly before SARDINAS' departure, would be close-shaved, would work a lot of nights, probably in the basement, and would appear to be quite stupid in the mornings on new excursions. At this a light came to go on inside L-9's head and he said, "I know who it is, now -- but I don't know his name." Asked if this person lives inside the UN, L-9 replied yes. The man he has in mind is about 35 years old, a light-skinned mulatto, "very mysterious and reserved," and is an old-Communist. L-9 said he could identify the man from photos. He was asked to make every attempt consistent with good security to ascertain this man's identity.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker  
SUBJECT : Meeting with LEMME - 23 August 1963

1. L-9 was picked up on Tilers by 9:00 hours and driven out to a dark spot along Galileo where a kidnapping hold on Barker's car -- L was dropped off about two blocks in, at about 27:10 hours.
2. L said that he has noticed that the new member of the APARICIO, <sup>Paul Nogales</sup> the new Cultural Councilor, are taking a "hard line" and "isolating" him. APARICIO seems to be doing the same thing in YUNGA where office he took over for himself, relegating it to the ground formerly occupied by Miles GARCEL who was, in turn, so close to him, supposed that he wrote a blast to Havana complaining that he was being walked around by APARICIO.
3. L says that the Ambassador, who is thought to be an old-line Communist, is a "real smooth customer" who likes to put his chosen and most trusted people in positions of authority. He is willing smilingly holding them he does not have complete confidence in them. L states that he is in this latter category because he is not a Communist and this fact is well known. L plans to wait about two months to see how things develop -- in the meantime he will be a good soldier and will try to APARICIO's whims, but, if it appears that he is well on the way to being an openly showed aide, he will, as he put it, "back out." He will report APARICIO of regarding him to a single "bureaucratic" role -- argue that ALBERTO is really an expert against "bureaucratic" -- and will attempt to get in touch with ALBERTO to have APARICIO put in his place. APARICIO seems bent on making himself up as the only channel to the top. L admitted a remark on his July 23rd in Tampa and that he was not sure if he was the Ambassador, but when he returned from Havana he was told by the Ambassador with Victor RICO Galan he was told to avoid his reports. L will not go to the Amb.
4. APARICIO is working to have a number of envelopes created containing information and instructions to the Central and South America. Many of these are in plain text while envelopes which bear no trace of Cuban origin -- as called in Mexico to avoid postal interception.
5. APARICIO is working to have a number of envelopes created containing information and instructions to the Central and South America. Many of these are in plain text while envelopes which bear no trace of Cuban origin -- as called in Mexico to avoid postal interception.
6. A good bit of time was spent in view of the fact that LEMME has an exact two weeks to go before he leaves. This information will be incorporated into a report.
7. L believes that ALBERTO is a very low regard for her. L identifies her as a former, undercover, -- LEMME's wife. LEMME's wife, the Consulate but may soon go back to work in the LEMME's office. LEMME's wife is cheating on her husband so might be approachable. It is clear that L has a very low regard for her.

13. I and APANECHO recently visited Manuel GOMEZ, President of the Institute (Instituto Mexicano-Cubano de Estudios Culturales Jose Martí) -- GOMEZ said he wanted to leave the Institute -- is too busy -- feels that a good choice would be Manuel MARTIN to replace him. GOMEZ would be especially good because he is a councillor to the President of Mexico.

14. Regarding the Institute -- I think that there has been a family living in the building since the Cuban Revolution. They, alleging an agreement with the owner, have refused to leave. I had my check with the owner and found out that no such agreement had been made. I was assigned the job of evicting them -- a painstaking, lengthy and costly job. Some thought was given to making some propaganda about them "anti-revolution" but I asked that we not play it up since he has been doing a dirty job and he would be blasted in the press if it were to be made public.

15. I remarked that he was not so busy as he was being given for the Museum. He said he was not so busy as he was being given for the Embassy on 14 August -- another sign of his being busy.

16. I produced a list of names of Cuban students, through the Institute, that they would like to see on the waiting list for the Embassy bulletin. (Attached)

17. I was advised to keep watch on the situation. It is not possible for APANECHO to say that he was not so busy as he was being given for the Embassy can get along without him. I was reminded that if he pulls his strings with Fidel CASTRO he will have a good job. He mentioned that there might be a possibility that he would go to Cuba toward the end of the year for vacations. He was encouraged to do so.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Parker

SUBJECT: Meeting with LITVAK, 5 September 1963

1. A meeting was held with L-9 from 8:30 to 9:30 hours 5 September. L-9 reported as follows:

- A. L-9 now seems to be "in" somewhat with the Ambassador -- in contrast to the isolation he reported some time ago. The Amb visited L-9's apartment on 24 August. At that time, incidentally, L-9 has prominently displayed a poster of Fidel CASTRO and has been very friendly to L-9. L-9 also noted that L-9 had a spot on his coat, from some ink on the wall by his desk, and took out a handkerchief and dabbed it off. L-9's boss, APARTICO, has apparently taken L-9's hint and has likewise been much more friendly. L-9 said he had been in the Embassy a few days ago when, for the third time, an effort was made to find the location of his library in the Embassy -- this calculation by the government had a very salutary effect on his fellows who were opposed to both his rankied teachers.
- B. Eusebio AZQUE, the Consul, is leaving soon -- probably in about two weeks. He is on his way back to Cuba. He does not seem happy with the transfer -- would much prefer to remain in Mexico. (Note: Will get cable off to HQS soon, complete before he takes off)
- C. The new Consul -- L-9 did not recall his name -- AZQUE's replacement, used to work for the Sherman Williams Paint Factory at Reparto Batista, Habana, in the pro-Castro camp.
- D. AZQUE recently remarked that the Cuban doctor (fnu) MEDINA who visits the Embassy often "must be a CIA agent." He is not trusted by Embassy people.
- E. A man named Humberto BARRERA was employed by the Embassy here and who later returned to Cuba to work in the Foreign Ministry, is back in town but is not in the Embassy and never visits the Embassy. L-9 ran into him in the office of SOUZA who does most of the mailing work for the Embassy (and who appears often on LITVAK's list). BARRERA is a protégé of Fidel CASTRO's secretary Silvia and is supposedly on one year's leave from LITVAK. L-9 says BARRERA is a spy -- he thinks BARRERA is up to some "funny business" and since he avoids the Embassy like the plague.
- F. The Mexican government is insisting that the Cubans to ship beans out of Mexico on Gulf of Mexico bottoms must be used. (L-9 said he would get through our Embassy commercial section).
- G. Raul APARTICO Negales was in contact with L-9 and the Ambassador -- reminiscing about times when both APARTICO and BARRERA were both secretaries of a Brazilian politician named Pio CORREA -- said that he had made some strong anti-Castro statements

- N. L-9 and Irma GUSTO at the airport on her return from Cuba. He asked her how Fidel was getting along. She replied that Fidel is very busy organizing troops with the guerrilla incursions.
- O. Engineer Victor LORELLI came to the Embassy the other day and was stopped by JORRIN, the porter, who told him he must use another entrance. L-9 intercepted and escorted LORELLI through the gate. Later JORRIN apologized to L-9 -- said he did not recognize LORELLI.
- P. The Cuban cultural institute at Temple has a weekly radio program (Sat or Sun after hours) of Cuban music which is broadcast regularly by station WEDU Tampico. The cost is only 40 pesos per broadcast.
- Q. Former Ambassador PORTUQUIL, an intellectual, recently sent L-9 an inscribed, autographed book. Ambassador HERNANDEZ and APARICIO were both impressed by him and a little jealous because they were left out.
- R. Manuel X. WARRI, a Cuban artist who lives at Liverpool 179, Mexico City, and who has visited here on 2 occasions, is trying to get a visa to return to Cuba but the Cubans won't give him one. They suspect him of being on the other side politically. APARICIO thinks that he should be given a visa and then watched inside Cuba.
- S. Gilberto X. BLAN Paruna, a Professor who maintains homes at Mexico and Mexico City, gave a talk on 23 August at the Escuela Superior de Medicina Rural regarding the public health situation in Cuba today. This man is close with GUSTO.
- T. "Micha" -- a girl who works at the Embassy -- daughter of a Communist who formerly worked as a courier for Ambassador PORTUQUIL, was attacked at 3:00 pm. She was last (31 Aug-?) on Reforma -- came straight to the Embassy and made her get into a car, she was dazed and could not get out in the rain since her gold chain, which was a gift, was stuck that this was no ordinary robbery -- had paid 2000 pesos.
- U. An architect named CORREIA is trying to get a visa recently.

2. L-9 identified a number of FURBER's photographs and indications noted on photos.

3. L-9 was paid 1,000 pesos for help in getting a visa for "Agullon."

4. He was asked about Sanja WENZEL, daughter of Janina SPIRA, Pole; and Vladimir PLESNER, Czech -- all Cubans. L-9 has had only no contact with these people but might be able to arrange to meet them. WENZEL is interested in his painting. L-9 will look into possibility of getting closer to some of these people -- he does not appear to have any contact with the Polish cultural attache (possibly SPIRA) admitted she was not out of Paris.

5. A rather lengthy discussion of L-9's work was held -- at L-9's initiative. He said that he had apparently had contact top with the Ambassador -- all signs showed that the Ambassador was interested in him and was depending on him. GARY SOLORZANO recently told L-9 that he was very happy with L-9's work. Nevertheless, L-9 feels that maybe he has been around too long -- maybe he should try to wangle a transfer someplace where there would be no lingering suspicions. Asked where he would like to go, he quickly singled out London and admitted that his prime reason for wanting to go there is a desire to perfect his English (which is quite good already). SOLORZANO told that we would be very interested in continuing his services if he ever thought go but that, frankly, he was of more value to us here in Mexico City than anywhere else with the possible exception of Havana. The discussion turned all over the map and metamorphosed into quite an exchange of mutual philosophies. L-9 again explained his motivation -- as he sees it -- and expressed great satisfaction in being able to do something for Cuba by cooperating with us. He said that he has a strong desire to get back to painting and has asked the Ambassador if he might take time off in the after-noon to paint -- that he is building up to an exhibition if he cannot paint -- the Ambassador readily agreed and said that since L-9 has a phone at his apartment he could quickly be reached if needed at the Embassy.

6. L-9 is thinking of going to Cuba sometime in December -- was encouraged to do so. A vacation, even in Cuba, might probably do him a lot of good since he is obviously feeling the pressure of leading a double existence. He is still worried about his security (SOLORZANO says that this has been a problem from the beginning) and fears that at any moment he might be discovered. At the same time he is impressed by SOLORZANO's cleverness and seems to be getting some enjoyment out of his activities on our behalf. A very nice degree of rapport between C/O and agent has been established and L-9 seems to be looking upon his C/O as a trusted friend.

7. NEXT MEETING: Left open -- contact will be by phone.

add to Para 1:

V. Dolores DE LA HERRERA was told to see the Ambassador who took a shine to her and she informed him that Dolores is just a girl and that he would be well to avoid any contact with her.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker  
SUBJECT: Meeting with LITAMIL-9, 29 July

Removed from Project *LITAMIL-9*  
CS Classification: *50-6-10513*  
JCB # *66-4/10*  
Box: *2* Fold: *3*

1. LITAMIL-9 was contacted by phone at his home at 0815 hours 29 July and a meeting set up for that night. The pick-up was made on Thiers at 2100 whereupon Barker drove L to his, B's, home for the meeting. Driveway lights were out and B's car was driven inside by the door to B's home where L alighted and scooted inside. The meeting lasted until midnight when L was dropped on Malehor Ocampo not far from his home. The decision to use B's home was made in view of the difficulty of transacting such business in an automobile and the good physical security afforded by the layout of B's home in Lomas. It was decided that the time had come to reveal B's identity to L since a social encounter in diplomatic-consular circles was inevitable sooner or later -- furthermore B is reasonably satisfied that L is sincerely devoted to the anti-Castro cause and not playing a double game. The relaxed atmosphere in B's home contributed materially to mutual rapport building between L and B. L was quite impressed with the many books in evidence and showed great interest in some of the paintings and furnishings in the house, saying "Es evidente que es Ud. un hombre muy fino."

3. L explained that he had just arrived back in Mexico City on the 28th -- after an extended trip to Tampico where he was very successful in staging an exhibit of Cuban engravings on 20 July and a big affair at Ciudad Madero on the 26th celebrating the anniversary of Fidel's Cuartel Moncada attack. He exhibited a number of newspaper clippings and photographs concerning these events and said he was more than ever "in" with the Ambassador for having sponsored these two events. He may go to Merida on the 31st to represent the Embassy at a meeting of the Jose Marti Cultural Group there. After that he plans to rest on his laurels and devote more time to painting. He seemed somewhat concerned lest the Mexican Government give him trouble in view of his recent activity for the Embassy -- explained that a boy distributing leaflets in Tampico had been picked up and arrested. B explained that it was highly unlikely that the Mexican Government would take any action against a diplomat who was simply (in their eyes and those of everyone else) doing his duty. It is to be noted that L is not the courageous type -- he is constantly expressing fears that he might get into trouble, this even when his actions are those which would normally be expected of a man in his overt position.

4. The greater part of the meeting was taken up in going over a large backlog of LIERODE photographs. L made the following identifications:

- 104/34 - 23 July "Rolly" - Embassy employee in the Commercial Department
- 169/6 - 6 June Possibly the wife of ARMONA
- 194/32 - 11 July Wilfredo GONZALEZ, Vice Consul of Cuba in Tampico.
- 179/31 - 20 June Name? Employee of Consulate, Mexico City.

12 July 1963

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Parker  
SUBJECT : Meeting with LITVIN-9, 11 July 1963

1. At about noon 11 July L-9 phoned Parker's home, spoke in English with Mrs. B and said he would call again at 2000 hours. At 1945 he phoned again, B answered, and it was agreed that L-9 would meet at 2100. Accordingly, at 2100, B picked up L at the corner of Suberberg & 11th (circle at Tolence), the same contact point Surrock, L's former case officer, used to employ. B-9 drove on out to Tomas and parked for a long talk. L was dropped off about 4 blocks from his home at 2245.

2. L explained that he had phoned Parker twice at Parker's old Monte lithos address after returning from Veracruz and before going on to Tampico -- no answer either time. It developed that L had been using a wrong number -- replacing 20 with 30. L was quite embarrassed about this fluke, saying, "It's the first time I've ever done anything like that."

3. The meeting was conducted entirely in Spanish. It was a classic of sorts -- almost as though a script had been prepared beforehand. What it amounted to was an understandable and quite obvious, although not direct, attempt by L to sound out his new C/O in various ways to decide whether he wished to have his life in the hands of B -- a hitherto unknown quantity to B.

4. L began by stressing the dangers inherent in his position and confronting him as posed by the recent arrival in the Cuban Embassy of a number of highly-qualified, hence dangerous, people -- the new ambassador and the new cultural counselor are two examples. L pointed out that these people are of varsity quality and representative of a new breed of Cuban diplomat, more cultured, more intelligent, and in every way much better qualified than their predecessors. L felt that out of respect for the caliber of the operation we should take extreme security precautions in our future contacts and meetings. B readily agreed and pointed out that contact points should be varied and away from the main streets of Tolence which have recently been made more dangerous by being straddled with bright new street lights. L said he had the same idea in mind. B said he did not wish to follow the old pattern of parking in the war zone district since the car in a parked car in that area could be assumed to be up to no good, perhaps costing for a robbery, and, in any case, would be hard pressed to explain their presence to the satisfaction of an inquiring policeman or witcher -- furthermore, the mere presence of a car in the area would arouse suspicion and might lead to checking of its license plates or subsequent mobile surveillance. B asked L to case his neighborhood for better contact points, note those on a map, and be prepared to discuss pros & cons at the next meeting. B explained that our action must be directed at the protection of L. L soaked this up in great attention up like a sponge and showed his appreciation.

5. B asked L what he would reply if he were to be approached in his office on the morning of 12 July by one of his co-workers and asked, "Who was that gringo type you were seen with last night?" This drew a rather lengthy and awkward silence -- B could come up with no answer. B then gave him a short course in cover, throwing in lots of examples from real operations ( gleaned from 3 1/2 years of ISM/ITSM instruction experience) and a few

Att to H/MMA 21743 15 July 63

sc - 6 - 105/3

suggestions for action cover. It was generally agreed that MI might never need to use a cover story to explain their association, in view of the resort to clandestine night-time meetings, but also agreed that such a story should be agreed upon in advance, just in case. B suggested that this cover might be related to L's activity as an artist and portrait painter. L was advised to give the subject a lot of thought -- MI will discuss at the next meeting. An interesting sidelight was that L (probably referring to L's use of numerous European examples to illustrate the use of cover) said, "You're a lot more European than Shryock -- I can tell that you've had considerable experience there." Barker acknowledged this although he has never set foot in Europe. Incidentally, L showed throughout the meeting a very high regard for Shryock.

6. L tried to explain his modus operandi and, almost apologetically, explained how he had made arrangements while in Terrico for a big cultural exhibit by the Consulate there on 24 July. He hoped we would understand that he felt he had to do this, explaining that he could "live off" the prestige gained therefor for a couple of months. B explained that it was essential for L to do his overt job and do it well, that if he succeeded in winning over a few people to Fidel Castro's side we would not be upset -- that we want to keep a pair of eyes and ears and a good brain inside the embassy -- if L does not do his overt job well sooner or later he will be on the outside and will all be the loser. B explained that in his experience in handling of penetration agents he had often come up with similar problems -- the agents found it difficult to believe that we really wanted them to act like Communists and go out at night to paint "Yankee Go Home" on the walls -- but, that if they failed to be good Communists, we would soon be minus good assets. B told L not to worry about the consequences of his ostensibly performing will on behalf of the Castro government -- yet at the same time L should not step out of character and become a rabid Fidelista. At this point L sighed, threw up his hands, and said, "Now I can see that we are going to get along wonderfully (a las mil maravillas)."

7. L explained that one factor always in his favor is the fact that he is known to be well connected with Fidel -- that persons in the embassy are never sure he is not more than what he appears to be on the surface and that no-one in the embassy really dares to "take him on" in any dispute lest he pull his strings with Fidel. B acknowledged the value of this "aura" and advised him to keep himself somewhat of a mystery to his associates insofar as the connection with Fidel. B remarked somewhat modestly that ASCE had recently told him that he was especially valuable to the embassy precisely because he does not rant and rave about the imperialists, does not make wild Fidelista propaganda, but convinces people because of his obvious culture and intelligence.

8. When B gave L his June salary of 5,000 pesos L asked for the receipt before it was in evidence, and signed it without hesitation. He then launched into an explanation of why he accepts money and why he was being what some might term a "traitor." B tried to cut him off but he would not be stopped -- wanted to set the record straight. It is clear that he is a sincere, convinced ideological opponent of the Castro government -- he was determined to make this clear, and did so eloquently.

9. L impresses B as an exceedingly valuable agent with great potential -- highly cultured, intelligent, operationally "savvy," ideologically motivated -- a person who must identify closely in a personal way with

his case officer. By the end of the meeting I was obviously impressed with B's ostensible professional competence (the meeting was heavily larded with tradecraft instruction and examples from experience) and a very friendly atmosphere reigned although it will probably be some time before I have the sort of personal esteem for B that he has for his former C/O.

10. Little of intelligence value came from the meeting -- L had just returned to Mexico City from extended trips to Veracruz and Tampico -- arriving the night of 10 July. He got back just in time to attend an embassy press reception at which he was buttonholed by MEMORANDUM of the Soviet Embassy who inquired about his views on the Guantanamo issue and nuclear disarmament. MEM was not giving out anything -- just asking, and he got the standard CIA dista replies for his efforts.

11. A meeting will be held before 20 July when B is due to depart for Tampico to set up the 25th of July exhibit. I said that the best time to contact him by phone at home is between 0700 and 0900, preferably at 0800. At the next meeting he will report at length on topics of intelligence interest and arrangements will be made for more secure contact in the future.

12. Barker advised him to always speak in English when he phones Barker just in case someone might be listening -- his voice in English would be much harder to identify.

TO BE DONE:

13. Obtain a safe apartment for use in meeting L.
14. Prepare a Memorandum of Oral Agreement.

On 18 June 63, I met LITAMIL-9 at the usual rendezvous point and we drove to an outlying district of the city, where we held meeting. NO SECURITY PROBLEMS NOTED. Time: 2300-2400.

LITAMIL-9 reported as follows:

L-9 said that PAZ told him that he had been in Mexico in 1957 and had met a Costa Rica who later died in an automobile crash. According to PAZ, the Costa Rican was a red hot CASTRISTA.
3. L-9, after all others in the Cuban Embassy had refused to help ~~Emma CASTRO de LOWEL~~ <sup>RE SEAF</sup> <sup>CIT CUBA</sup> <sup>RE SUBTACTS</sup> get several boxes of medicine on the plane, was able to convince the steward on the plane to take the boxes. AZCUE, Jorge ROJAS, "Nico" GARCIA among others were involved and did nothing, stating that it was strictly against orders to put any more cargo on board the plane. GARCIA who was supposed to have helped Emma CASTRO disappeared and could not be found. L-9 <sup>XX</sup> said that Emma CASTRO was with her husband, "F6fo" GUTIERREZ, Orquidea PINO and Odilia PINO de CHAUMONT.
4. The steward on the plane on 17 June 63 told L-9 that the Britannia which came in to Mexico was completely overhauled in Cambridge England to the tune of \$2,000,000 U.S.
5. On 18 June 63, L-9 took a letter to the secretary of ~~Jose GOROSTIZA~~ <sup>CIT CUBA</sup> <sup>RE LETTER</sup> in the Foreign Office for GOROSTIZA. The letter was given to L-9 by Buenaventura REYES Acosta who told him "Tenga cuidado con esta carta, es para GOROSTIZA". The letter came in on the 17 June flight and L-9 believes that it probably has to <sup>DEMAS</sup> do with the new Cuban Amb, Joaquin HERNANDEZ de Armas.

6. Ramon SINOBAS was looking for Eli de GORTARI's address again re a Philosophical Congress to be held in Habana.

L-9 said that he is giving the case to Jose FERNANDEZ Roa to handle. L-9 believed that GORTARI will be the "recruiter" i.e. it will be he who will choose the delegates from Mexico.

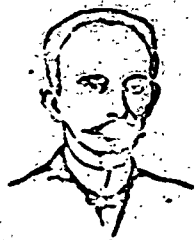

7. On 18 June 63, L-9 went to find the Mexican chess champion re an invitation to Cuba from Raul ROA. L-9 went to the following address: Panama 1009-13, where Jose ARAIZA Vazquez, reportedly lived. L-9 did not find ARAIZA Vazquez but his son Jose ARAIZA Munoz or Muriz, who told L-9 that his father, a Colonel, was presently living in Torreon at the following address: Paquaduria Militar, Palacio Federal, Torreon, Coah. The young ARAIZA said he would write his father soonest but he made no statement as to whether or not his father would accept the invitation. The young ARAIZA is also a chess player. Young ARAIZA hangs out at the Club de Ajedrez on Insurgentes XXXX Sur 219.

8. L-9 reported that Eusabbio AZCUE's wife brought in many boxes from Habana for Dr. DOVAL, father of Cuban girl in Mexico and anti-CASTRISTA. DOVAL, who is expected to come to Mexico soon is reportedly returning to Cuba but L-9 does not believe he will return. DOVAL's wife is in Mexico. L-9 is amazed that AZCUE is helping the DOVALs who are definitely against the regime. (COMMENT: See previous memo re DOVAL's daughter who visited the Embassy a few months ago re her father's case.)

9. L-9 reported that Vicente CAMARA is still looking feverishly for a new site for the INCEC. He said on 14 June he was with CAMARA and they were looking at a place on Reforma. Upon entering L-9 recognized the owner as a friend and whispered to him in an aside not to rent the place to him.

JORRIN said that he got out of the gate and ran after a cat. L-9 believes that GARCIA should be told that his dog was allowed to get out of the yard and ran away. He said that GARCIA was very fond of the dog and will be upset when he hears they lost it.
4. L-9 said that the old homestead of Jose MARTI which was being considered as a possible site for the IMCRC is occupied and is "out" as far as the IMCRC is concerned.
5. L-9 said he received his checks from the Cuban Govt, that they had been delayed in Canada etc.

LITAMIL-9

On this date, L-9 reported that Raul ROA sent a cable to Mexico asking that someone oversee the arrival and departure of murals and sculptures to and from Mexico. <sup>VF</sup> Raul ROA SINOBAS chose L-9 as the man to do the job. L-9 reported that the Cuban vessel <sup>CIT CUBA</sup> Las Villas was scheduled to arrive the night of 20 June 53. The vessel was not to tie up by rather lie off the port and await the arrival of either a Panamanian cafetero or a Scandinavian ~~XXXX~~ ship. This ship will take on the murals and other items at sea, then proceed to Tampico where the items will be unloaded again. They will then be put aboard a Brazilian ship and taken to Rio De Janeiro, where they will be exhibited at the BIENAL. SINOBAS told L-9 that he should stay in the area i.e. Veracruz and Tampico until the ship leave with the items on board. They ~~XXXX~~ murals will leave Tampico either the 1st of the 4th of July 53. 12 June 63

On 16 June 63, I met LICAMIL-9 at the usual rendezvous point and we drove to outlying district of the city where mtg was held. NO SECURITY PROBLEMS. Time: 2330-2430.

LICAMIL-9 reported as follows:

1. L-9 reported that he saw LICAMIL-3 at the funeral of CAMPOS Ortiz and shook hands with ~~XXI~~ him. L-3 reported this previously.
2. A cable from Raul ROA, Cuban Foreign Minister, requested that the Cuban Embassy in Mexico, invited the champion Mexican chess player to participate in the chess championship which will take place in Habana in July. Ramon SINCPAS gave L-9 the assignment to get in touch with the Mexican and invite him. L-9 will do and will provide further details on the case as they are available.
3. On 14 June 63, L-9 told Ramon SINCPAS that Elorenza DE LANORA had called him and she wanted to discuss the Architectural Congress with him. SINCPAS told L-9 not to pay any attention to her because she is "muy enredadora", i.e. she fouls up the detail, gets things involved more than necessary etc. This is an interesting comment on the part of SINCPAS, who has taken a liking to L-9. L-9 believes that this is SINCPAS sincere opinion of DE LANORA and indicates that she is not quite as important as what she thinks she is. SINCPAS added that CELIS, Frau is handling the Congress invites in Mexico and already has about 20 architects, who are going to go to Habana for the Congress. L-9 said he did not know CELIS' first name but he is very well known among Mexican architects.
4. L-9 reported that the two Cuban delegates to the FAO Seminar on Agriculture have received their visas and will arrive on 17 June. LICAMIL-9 will meet them at the airport.
5. On 14 June 63, one of the subordinates on board the Habana flight (there were three) told L-9 that the crew was leaving for Cambridge,

England on 17 June with a Britannia plane for overland. The crew was then going to the Soviet Union to pick up an Iluyshin 18. L-9 said that the plane that arrived on 14 June 63 was repainted and had just returned from Cambridge, England where it had been overhauled. Don Sabre also told L-9 that there is a terrific need for meteorologists in Cuba. He said that the four young meteorologists who graduated in Mexico on 14 June will be put to work immediately. He said the situation re aviation meteorology is extremely acute and serious.

6. L-9 said that three or four paintings have arrived from Cuba for Amb. Carlos LECHUGA Nevia but that Carga Aerea has not picked them up at the Embassy. L-9 went to Carga Aerea offices and he was told that the Procuraduria has been inspecting all material re Cuba and although they have been shipping they will not go to the Embassy to pick up material. The Cuban Embassy, therefore will make arrangements to send the paintings to the Carga Aerea offices.

7. L-9 said that on 13 or 14 June, a Procuraduria agent went to his brother's apartment and queried him on the activities of Armando FUJOL. CIT MEXICO RE QUERY FOR INFO ON SUBJECT BY The agent wanted to know how FUJOL got into Mexico as there reports indicated he had entered the country illegally etc. L-9 then showed me two summons from the Procuraduria, one for him (L-9) and one for his brother. They are both to report on 24 June 63 "para la practica de diligencias de investigacion penal....". L-9 is to report 15 minutes after his brother. (COMMENT: L-9 said that there is a well known Cuban Communist by the name of Armando FUJOL and it is his opinion that the Mexicans have confused the two men. On 14 June 63, the CDIEX office sent a memo to this office in which L-9's brother and Armando FUJOL were named as Communist agitators in Ocotlan, Jalisco. If L-9 ever finds out his brother is being called a Communist he will probably want to get out of the Embassy as soon as possible. XX Win - let's discuss)

8. L-9 provided copies of May and Revolution dated 14 June 63.

On 11 June 1963, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying area of the city, where mtg was held. NO SECURITY PROBLEMS NOTED. Time: 2200-2245.

LITAMIL-9 reported as follows:

1. On 11 June 1963, <sup>X</sup> TELLEZ, <sup>X</sup> frn (possibly Spaniard) of the FAO called L-9 re the Seminario de Extension Agricola and told him that the Seminario had started but there were no signs of the Cuban delegates. TELLEZ said that he had received a communication from the Cuban Foreign Office asking the FAO to request visas for the Cuban delegates because they were not able to get them. TELLEZ said that the FAO had formally requested the visas for the Cuban delegates.

2. On 11 June '63, <sup>X</sup> ~~Inacio~~ <sup>X</sup> LOPEZ, aka "Lacho", <sup>CIT MEXICO</sup> Mexican <sup>CCC:</sup> photographer, was at <sup>USA</sup> the Embassy with a friend, ~~XXXXXXXX~~ who wants to go to Cuba re moving picture industry. Teresa PROENZA told LOPEZ' friend to write to Jose Antonio PORTUENCO, former Amb in Mexico and he would activate the request in Cuba. L-9 said that LOPEZ, in 59-60, went to Cuba to make a picture for ASCARAGA but that ~~XXXXXXXXXX~~ ASCARAGA was very unhappy with it because it was purely propaganda. L-9 said that Amb LASSIP at that time told him (L-9) to pick up the picture at the aduana but not to turn it over to LOPEZ. L-9 got the picture and brought it back to the Embassy. After a good deal of hickering LOPEZ was finally able to obtain the picture from the Cuban Embassy. L-9 does not recall the name of the ~~XXXXXXXX~~ picture but is quite certain that LOPEZ was unhappy about the whole thing.

3. L-9 provided the attached clipping on Ramon AJA Castro  
Condado en Bolivia

LA PAZ 1 de junio de 1963  
Ramon AJA, ex-embajador  
de Cuba en Bolivia, fue

Este hecho, se considera  
una gran victoria para

4. ~~Proenza~~ told L-9 that Mirta AGUIRRE, Cuban intellectual, became disgusted with the Consejo Nacional de Cultura and left to teach at the Universidad de Habana. PROENZA said this during a conversation with L-9 re advisability of working in Cuba. PROENZA and L-9 both agreed that they would not want to work in Cuba. PROENZA gave L-9 the idea that she might be going to Paris. L-9 believes that Coty SOLERZANO might have brought this word back to PROENZA from Habana.

5. On 11 June 63, Horacio FLORES ~~Sanchez~~ told L-9 that he had arranged to send a Mexican Art exhibit to Cuba. L-9 said that PROENZA had previously reported this. L-9 described FLORES as "un demonio" and has always referred to him as a dangerous anti-U.S. type.

6. PROENZA told L-9 that Ramon SANCHEZ told Coty SOLERZANO that L-9 was doing a terrific job etc. SANCHEZ has been extremely nice to L-9 since his return from Habana.

7. L-9 said he has noted an obvious coldness on the part of Manuel VEGA, Chief Officer G-2 in Mexico. He said he hardly says hello. L-9 believes it possible that "Canchita" FERNANDEZ said something to him in Habana re his remark several months ago re L-9's plane ride with ALLEN 3's pilot. L-9 said he told FERNANDEZ about this remark when he was in Habana the last time. L-9 plans to approach VEGA and if he reacts coldly he will ask him what is bothering him.

On June 63, I met L-9 at the usual rendezvous point in the deserted section of the city where we held meeting. NO PROBLEMS NOTED.

L-9 reported as follows:  
CARD ALL RE SUBT ACTS

1. On 5 June 63, L-9 met with Jose Antonio GARCIA <sup>CIT MEXICO</sup> to purchase art materials for architects in Cuba. 2. L-9 said that AMARA, now a Mexican real estate agent, was at the Embassy on 5 June re a new site for the INCRC. CAMARA, according to L-9, is about 32 years old, well dressed, good looking. As yet L-9 does not know CAMARA's full name. He believes that CAMARA is a friend of Teresa PRONZA P. Thus far L-9, who has been with CAMARA on two occasions, has not heard him discuss AMARA. This is probably Vicente CAMARA <sup>CIT MEXICO</sup> involved with CAMARA. CAMARA is also trying to get apartments for Antonio C. A. Lopez and Jose FERNANDEZ Roa. L-9 said he expects to do a good deal of CAMARA because as yet the Cubans have not decided on a new site for the INCRC.
3. L-9 said that Grupo de Estudios scheduled for 0830 on 5 June 63 was cancelled because XXXXXXXX <sup>CIT MEXICO</sup> XXXXXXXX <sup>CIT MEXICO</sup> the Commercial XXXXXXXX and instructor did not show up. 7. L-9 said that on 30 May 63, Terera PROMESA told him that  
Inisa ~~LIPERON~~ <sup>CIT MEXICO</sup> was nearly arrested recently.

PROMESA went on to say that the young Cubans are very foolish and will get into trouble if they are not careful. (COMMENT: It is believed that CALDERON was referring to a trip she made to the border per LIFEAT coverage of CA: TELLAR and "Paco" GARCIA and Manuel VEGA. SEE: LIFEAT - Bertha CALDERON or Antonio GARCIA. The latter was living in [redacted]'s apartment when the incident took place. I plan on mentioning L-9 more extensively on this.)

8. L-9 reported that ~~ALBERTO~~ <sup>201 374 345</sup> SAMA <sup>CIT CUBA</sup> was newly appointed Cuban Consul in Veracruz and ~~ALBERTO~~ <sup>CIT CUBA</sup> SAMA was newly appointed Cuban Consul in

Veracruz, worked at the Embassy on 5 June 63. SAMA's wife arrived recently, i.e. on 4 June 63 - Onelia FATISTA de SAMA. L-9 said that SAMA was complaining about not getting KWAKEX answers to his letters to Basilio DEL RIO Perez re art exhibit.

9. L-9 said that ~~ALBERTO~~ <sup>22</sup> AGOSTURA <sup>GARCIA CIT CUBA</sup> is returning to Cuba within a few days "on leave". L-9 said that LLAGOSTERA is un-

<sup>FX</sup> happy with the situation. He also pointed out that ~~HERBERT~~ <sup>CIT CUBA</sup> TORRES, the chief gatekeeper is unhappy. He believes that JOERIN ~~and~~ <sup>CIT CUBA</sup> ~~and~~ <sup>CIT CUBA</sup> are unfriendly and this has aggravated ~~AGOSTURA~~. (COMMENT: ALBERTO L-2 who is quite friendly with ~~AGOSTURA~~ repeatedly reported that JOERIN is very unhappy about his lot, i.e. "prisoner" of the Embassy, no opportunity to see town, etc. LLAGOSTERA, according to AL-2, is also ~~upset~~ about this problem. Neither JOERIN nor LLAGOSTERA are to stay in Mexico.)

Attachment A

1. In compliance with DIR-40146, Edward D. Knapman was dispatched to Mexico City from JMVAVE to conduct a debriefing of LITAMIL-9. .... the debriefing ..... totaling eight hours on the nights of 29 May, 31 May and 1 June 1963.

Operational Intelligence

.....

8. Victor TRAPOTE Mateos - This man's most interesting operational access is through his daughter, Irina TRAPOTE de VALDES, who is married to Ramiro VALDES. The prospective fruitfulness of this entree diminishes, however, as the facts are laid on the table. For one thing, though anti-Communist, TRAPOTE is still a friend of Fidel Castro. L-9 said that he sheltered Fidel in his home during Fidel's exile in Mexico. TRAPOTE, who was born in Spain, is about 58 and apparently more interested in his art (sculpturing) than in politics. TRAPOTE apparently has no intention of going to Cuba permanently. L-9 says TRAPOTE has made no comment concerning Ramiro VALDES, but he apparently has suggested that Irina is not getting along well with Ramiro. L-9 described TRAPOTE as of medium height, solidly built, and in good physical condition. His daughter is a tall attractive blonde of about 25, and has a rather retiring personality. L-9 could come up with no means of developing an operation against VALDES through these entrees.

Attachment A

1. In compliance with DIR-40146, Edward D. Knapman was dispatched to Mexico City from JMWAVE to conduct a debriefing of LITAMIL-9. Knapman arrived here 29 May 1963 and conducted the debriefing at three sessions totaling eight hours on the nights of 29 May, 31 May and 1 June 1963.

2. Attachment B is largely positive intelligence while Attachment C is basically of operational interest. The intelligence debriefing was conducted on the basis of current and past intelligence requirements lists available at the Mexico Station. To the extent feasible we attempted to pinpoint ultimate sources, but headquarters will note that a sizable part of the information provided was based on personal observation and impressions. Headquarters should keep in mind that L-9's perimeter of access was the city of Habana and that he was exposed principally to bureaucrats who are identified with the regime. We caution headquarters on this rather obvious point, perhaps because we were exposed recently to AMKNOCK-1 who has been living deep "in the entrails of the monster" in Oriente and who had a different view of the temper of the people in that area from that given by LITAMIL-9 for Havana.

3. In attachment C are the answers to a series of questions of operational interest which were posed after a thorough review of the LITAMIL-9 operational file. In some cases fuller biographic information can be obtained from L-9 if and when required. L-9 was most cooperative and understood clearly what the debriefer was looking for. In most cases, however, it is not probable that L-9 will be of great help in making operational approaches and pitches because of his present position.

*3P*

1. Subject had nothing meaningful to add on disaffections or realignments as a result of the October crisis.
2. With regard to internal friction within the GOC, he said that there is considerable criticism of the "old" Communists by the "new" Communists and 26th of July. He cited the case of Felipe GUERRA Matos' criticism of Joaquin ORDOQUI and Nicolas GUILLEN (previously reported) as cases in point. By and large, the new Communists and Fidelistas are grabbing off most key position in the government bureaucracy. Fidel Castro is still the principal leader of the Revolution and both the PSP and the Soviets know that he is vitally important to them. Source was told by his sister-in-law (Conchita) that Fidel showed some annoyance with Blas Roca one night when he phoned and told Rene VALLEJO to tell that "son of a bitch" (*de puta*) to stop bothering him. Conchita also says that Fidel is somewhat annoyed at his old crony Carlos Rafael ROERIGUEZ because the *zafra* is proving to be such a bust and that Fidel has complained that Carlos Rafael frequently doctors INRA statistics to his own advantage. Despite these minor problems with key Communist leaders, Fidel continues on friendly terms with the key members of the PSP, and Blas Roca should be included with Fidel, Raul and Che Guevara among the four most powerful men in Cuba. Source commented that we must understand the myth created by the Revolution and its propaganda in evaluating internal friction and cleavages. Non-communist officials have been either brainwashed by propaganda, are still blindly loyal to Fidel, or else have no place to go. Thus, in the final analysis, the cleavages are superficial and of no great moment.
3. Source had no detail on the formation of the Partido Unico. He commented that the PSP view PURS as an attempt by Fidel Castro to absorb it and that the PSP consequently has been cool to the idea.
4. Subject was questioned on mass organizations in Cuba, but could provide no information worth reporting.
5. Source was questioned on the positions of Lazaro Pena, Lizardo, Ramiro VALDES and Juan MARINELLO. He had little of importance though he commented that Fidel, according to Conchita, did not hold Lazaro PENA in high regard. Source had no information on MARINELLO's reported problems at the University of Habana.
6. We covered the gamut on counter-revolutionary activities and other types of resistance with disappointingly negative results.
7. In the military field (number of Soviet troops, training in both Cuba and the Soviet Union, missile arrivals, hiding of military materiel in caves etc.) source could add nothing to the bolas which can be picked up on Flagler Street in Miami.

SECRET

8. Source was questioned about Chicom military activities. He answered that he saw no Chinese, heard no comments about the Chinese and did not get the impression that the Chicoms are significantly active in any field in Cuba.

9. When asked about Cuban confidence in the Soviets, he said that most people he had talked to felt that the Soviets would come to Cuba's defense in case of an American invasion if it happened to suit Soviet interests at the time. He said that to his knowledge Soviet technicians were getting along well with Cubans, but he feels that the Cuban people view the Soviet with detachment socially and have very little to do with them.

10. Source was queried on any comments he had heard concerning a GOC desire for a rapprochement with the United States. He said that he had heard nothing specific, but that he personally felt this was a prospect frequently considered by Castro.

11. In view of Source's excellent sub-source in INRA (Conchita), it had been hoped that he would be able to provide some valuable information on this organization. Actually, he had little to add to Conchita's comments in regard to Fidel's attitude toward Carlos Rafael Rodriguez. We asked for Conchita's evaluation of Carlos Rafael, and received information which has many times been forwarded to headquarters and need not be repeated here. Conchita made no meaningful comments on the effectiveness of Soviet and Satellite technicians assigned to INRA. (See also paragraph 5 of attachment B concerning Fidel Castro which may be of PI interest.)

12. When asked about the principal reasons for industrial difficulties, Source said that he heard universal complaints about the need for spare parts. He could only pinpoint the transport industry. He had no specific information on how some U.S. manufactured spare parts were being received, but commented that Canada might be the source. He could give no specifics and said that all correspondence on these matters is closely held and encoded when cabled. He has had no access to such information.

13. Regarding the rationing system, he said that it is working more smoothly now than a year ago and that grumbling is less now than in the past. He said that things are better organized now and that he saw no desperation because of food or other shortages.

14. Source said that he had heard of no significant increase in diseases, though there was much comment about cases of gastroenteritis.

15. Source had no information whatever on the export of the Cuban Revolution and on the training of revolutionaries from other areas in Cuba.

16. Regarding diplomatic relations with other Latin American countries and Spain, his understanding is that the GOC wants no more breaks and is especially interested in maintaining the tie with Madrid since Spain is the mother country and an airline link to Europe.

SECRET

SECRET

17. With regard to the Civil and Foreign Services, Source said that there is more stability and discipline in both than there was a year ago, with a consequent rise in morale. He said that there is much less free-wheeling on the part of subordinates, but now the chiefs are expected to face up to their responsibilities and the competent must carry the load for the majority who are incompetents. We commented that this was not a phenomenon absent in other public services and tried to flush Source out on the quality, loyalty, and efficiency of the services. He said that loyalty is increasing, quality is circumscribed seriously by insufficient academic preparation and job training and efficiency has increased in the past year because of better discipline and improved administrative practices.

18. Subject had nothing of consequence to add regarding the organization of the Ministry of Foreign Relation and the Foreign Service. This subject will be covered to some extent in the operational attachment to this dispatch. See paragraph 7 of attachment B concerning the rumor that Armando WART will replace Raul ROA at MINREX.

19. Source had little information on the Church. He said that the Catholic Church is not being molested and that relations between it and the GOC have improved. Pope John XXIII was viewed with favor by the GOC. (Note: Batistianos in Miami frequently take the opposite view.)

20. Source had nothing of value on the Ministry of Education, the University of Habana, the literacy program, the establishment of new technical and scientific institutes, the quality of education at secondary and primary levels.

21. Regarding the United States, he feels that there is still a fund of friendship among the Cuban people and admiration of American technology. He said that a few of his friends listen to U.S. broadcasts, but he had nothing to say concerning their comments and the extent to which these broadcasts are having an effect.

22. Regarding the temper of the Cuban people, source does not believe that the ingredients for a revolt exist. He feels that the regime may have more support now than it had a year ago, or, if such is not the case, that people are just more resigned to it.

Attachment C

Operational Intelligence

41

✓ 1. <sup>E/R</sup> Alfredo \*GUEVARA - It was noted in L-9's file that he at one time had been in touch with GUEVARA. L-9 described him as a man in his thirties, who had lived in Mexico. He struck L-9 as something of a bluffer, and L-9 understands that he is not well liked. In some respects (political) the writer knew something more about this Cuban Communist movie producer than L-9.

2. Source had nothing new to add on Ramon \*CUEENCA, suspected G-2 agent, than is already a matter of record. *Re. contact with Sub. of 201-329609. DZ JUNE 63*

3. With the prospect of possibly developing source's brother, Alfredo (see 29 below), through their half-sister, source was queried on the latter, but we ceased this line of questioning when the <sup>WALTER</sup> father learned that the child is only 10.

4. Source had met Jose "Pepin" \*NARANJO when he came to Mexico with Blas Roca, but he had little of operational interest to add concerning him. He said that NARANJO struck him as wily, sharp, but intellectually quite superficial.

✓ 5. We questioned source concerning Conchita's impressions of Antonio \*NUMEZ Jimenez, and Carlos Rafael \*RODRIGUEZ, and nothing of value resulted (see attachment B for some comments on the position of the latter). Conchita did have an interesting comment concerning Fidel CASTRO's health. Apparently he has not fully recovered from a rather serious pulmonary illness and she said that he is much less robust than he used to be. (Attention is drawn to this paragraph in Attachment A).

✓ 6. Orlando \*SANCHEZ - He is the brother of Celia SANCHEZ, and L-9 believes that he is disaffected with the regime and is anti-Communist. SANCHEZ is about 38, lived for a time in New York (ODURCE traces should therefore be available), and is now in charge of the "Seccion X" store on O'Reilly Street in Habana. His wife, whose name escaped L-9, is an American and probably of Puerto Rican extraction. They have at least one child. L-9 feels that there is very little chance that SANCHEZ is recruitable and he does not believe that he would use Celia for intelligence purposes in any case. As Headquarters knows, L-9 has extended an invitation to SANCHEZ to visit him in Mexico. We could, perhaps, push this, but the chances of successfully recruiting him in Mexico, according to L-9, would be small. L-9 said that a sister of Celia, whom L-9 described as being in her twenties and married to a formerly wealthy man from Oriente whose holdings had been confiscated, was against the regime and was about to leave Cuba for Miami with her husband. L-9 did not know the sister's name.

7. The writer asked L-9 whether he had any contact with Haydee SANTAMARIA or her spouse, Armando \*HART Davalos, during his visit, and he said that he had not. He said that it was widely rumored around the Foreign Ministry that Hart might replace Raul ROA. He said that this would really not be a demotion for Roa since he would handle and attend international conferences while Hart administered MEMREX.

✓ 8. Victor \*TRAPOTE Mateos - This man's most interesting operational access is through his daughter, Irina \*TRAPOTE de VALDES, who is married to Ramiro \*VALDES. The prospective fruitfulness of this entree diminishes, however, as the facts are laid on the table. For one thing, though anti-Communist, TRAPOTE is still a friend of Fidel Castro. L-9 said that he sheltered Fidel in his home during Fidel's exile in Mexico. TRAPOTE, who was born in Spain, is about 58 and apparently more interested in his art (sculpturing) than in politics. TRAPOTE apparently has no intention of going to Cuba permanently. L-9 says TRAPOTE has made no comment concerning Ramiro VALDES, but he apparently has suggested that Irina is not getting along well with Ramiro. L-9 described TRAPOTE as of medium height, solidly built, and in good physical condition. His daughter is a tall attractive blonde of about 25, and has a rather retiring personality. L-9 could come up with no means of developing an operation against VALDES through these entrees. RE CONTACT WITH Sub. of 201-329609. DDI JUNE 63

9. Source was asked about the current activities of Faure \*CHOMON, and could add nothing to what is already known.

✓ 10. Abraham \*MACIQUES - He is about 28, Jewish, has no military title, and was formerly married to an American who has divorced him and returned to the United States. He is now married to a Cuban who gave birth to a child in the Spring of 1963. His parents live in Cardenas, Matanzas, but L-9 could give no other information on them, the former wife or the present wife. He said that AMLEO-3 would have much fuller basic information on MACIQUES. His sister, Nidia \*MACIQUES de Roque, lives in Wooster, Ohio at 1653 Smithville Road. L-9 said that MACIQUES was relieved of his job in the Cienaga de Zapata because people under his direction were assisting anti-Castro elements which have since been liquidated. It is not clear whether MACIQUES knew of these activities, but, in any case, Fidel Castro sacked him. MACIQUES, at the very least, is indifferent to the present regime. He told L-9 that he would leave for the United States if he could get to see Fidel soon about another job. L-9 feels that MACIQUES may be recruitable, but he could propose no approach. It should be noted that MACIQUES' access is limited now (no job) and he may be in disgrace.

✓ 11. Guillermo \*LEON Antich - L-9 said he is about 30, has the rank of SCOUT ambassador, and may be G-2, but he had little else to add to our present knowledge of LEON. RE CONTACT WITH Sub. of 201-329609. DDI JUNE 63

12. LIOOZE-1 - L-9 said L-1 is assigned to protocol in the Foreign Ministry and that he spends a good deal of his time at the airport at Rancho Boyeros. L-1 has criticized extremism in the regime, is pro-ROA, apparently strongly dislikes Carlos \*OLIVARES and was glad to see him sent out to the field. L-9 gave no further information that is not already a matter of record.

✓ 13. Ramiro \*DEL RIO - He is about 28, went about half way through medical school at the University of Habana, is rather short, well-proportioned, and stoops a bit when he walks. He is probably G-2 and is assigned to the Consejo Nacional de Cultura. He is a protegee of the Consejo's directress, Edith \*CARCIA Buchaca (see 14 below). L-9 believes DEL RIO is a strong Fidelista and not a recruitment candidate.

SECRET

-3-

14. Edith GARCIA Buchaca and the Consejo Nacional de Cultura - GARCIA, an old-line Communist, is trying to place Communists and extremists in as many cultural slots as practicable in Cuban embassies. She is 45-47, a light mulatto, about 63-64 inches tall, fairly well proportioned, and an indefatigable worker. The Consejo is now located in the Ayuntamiento de Marianao and has a staff of about 25 at headquarters. L-9 does not know of any clandestine activities in which the Consejo may be engaged and considers it basically a cultural organization. In addition to GARCIA and DEL RIO, L-9 recalls the names of the following personnel: Marta <sup>F</sup>ARAJOA (plastic arts), Maritza <sup>F</sup>ALONSO (recites poetry). He said that the Consejo is interested primarily in fostering art exhibitions, many of which are displayed abroad. He mentioned Aracio <sup>F</sup>VANEAS Arroyo, a Mexican employed by the Consejo, as a contact, but VANEAS appears to be a strong Castrista. Vanegas is 30-34, about 65 inches, well-built, married to a Cuban and a good friend of Raul Castro. L-9 could come up with no realistic penetration prospects in the Consejo.

15. Guillermo <sup>F</sup>GUERRA Matos - L-9 had nothing to add to what has already been reported. L-9 does not know GUERRA personally.

16. Petra <sup>F</sup>PALLEGAS de PEDROSO - Her husband, Regino <sup>F</sup>PEDROSO, is a poet of some stature and Cuban Charge in Peking. L-9 does not know whether Regino is a Communist, but he knows that he was at one time arrested for being one. Petra and Regino have no children. She is middleage and is separated from Regino to collect her benefits in Habana as a retired teacher. She is related to the Communist poet, Nicolas GUILLET. L-9 views Regino as a very slippery article and did not have any recommendations concerning an operational approach. In any case, there is no real reason to believe that either Petra or Regino would be susceptible to a pitch.

17. L-9 had nothing to add to what already has been reported concerning AMIEO-3 and his family.

18. He had nothing new on Orlando <sup>F</sup>PANTOJA Tamayo, previously reported to be an inspector for Ramiro Valdes.

19. L-9 was questioned about the BAYO brothers (Armando and Alberto BAYO Coscaya), old man BAYO (Gen. Alberto BAYO Giroud) and General Enrique Lister. The only comments he had to make were that the BAYOs are all believed to be pro-regime and that the old man is of no significance in Cuban affairs. He knew nothing about Lister.

20. The subject of Conchita, which has already been mentioned elsewhere in this debriefing, was discussed at length with L-9. Nothing of operational interest that has not already been reported by the Mexico Station emerged from this discussion. Conchita is still loyal to Fidel and L-9 could suggest no workable operational approach to her.

SECRET

SECRET

-4-

21. Rene Depestre - Source had no information of use.

22. L-9 was questioned about rumors of Castro penetration of KUBARK that he had heard during his visit, but he could provide no specifics. He gave no information on Cuban intelligence activities that is not already a matter of record.

23. Agustin <sup>F</sup>YASSELLS - Nothing new to add except that L-9 considers this diplomatic courier as quite loyal to the regime.

24. Mercedes <sup>F</sup>LECHUGA - She is about 35, a teacher, single, anti-Communist and lives with her parents on Calle 25, No. 963, Vedado, Habana. She is the sister of Ambassador Lechuga and known personally to L-9, but he does not believe that a pitch would be practicable.

25. Ernesto <sup>F</sup>RODRIGUEZ Cue - He is about 30, married to a Mexican, and believed to be loyal to the regime. Although he is employed in a very worthy target area ("confidenciales" of MINREX), L-9 does not believe him to be recruitable.

26. Felipe <sup>F</sup>ROJAS - This employee of the Cuban Embassy in Mexico plans to go to Cuba. L-9 understands that Rojas is going to emigrate to Cuba permanently and does not know what ROJAS plans to do there. L-9 gathers that ROJAS will be paying his own passage. While this at first appeared to be an operational lead, it would seem that it is simply a case of a pro-Castro young man who wants to settle in Cuba.

27. Joaquin <sup>F</sup>HERNANDEZ de Armas, 201-301755 Cit. Cuba cc. D. de INT Ambassador-designate to Mexico - L-9 <sup>F</sup> described him as a man in his forties, but who looks much younger. He is highly thought of in the Cuban Foreign Service, is very intelligent, and believed to be loyal to the regime. L-9 had no information of operational interest on Hernandez. RE CONTACT with Sub of 201-31969. DOL TUNE 63

28. Dolores de la <sup>F</sup>MORA - Source said that she is highly intelligent and rich Mexican, who is now in Cuba, and is close to Fidel Castro and to Luis Alberto <sup>F</sup>CIERGE Fabra, a G-2 officer. L-9 got this information from Conchita second-hand and was not able to provide additional details.

29. Alfredo, L-9's brother - the writer can add nothing to what Station Mexico has already reported on this operational target, and feels that we are barking up the wrong tree if we expect L-9 to approach him. In so doing we would be trying to undermine values which probably transcend L-9's basic anti-Communism. On the other hand, Alfredo is anti-Communist and dissatisfied with the regime, and, while he rejected Growery's pitch, he did so graciously and told L-9 that Growery impressed him favorably. While the writer cannot suggest an approach to Alfredo, it is felt that at this time such attempts as may be made to develop him should be channeled through someone other than his brother.

Subject: LITANIL-9

CS Classification: S-2

Date: 6-16-63

On 29 May 63, I called LITANIL-9 at 2300 and a mtg was arranged for 2330. Contact was made at the usual rendezvous point and BELTRAN was introduced as Mr. Crespi, a friend in from Washington, to discuss the Cuban situation with him, particularly ~~XXXXXXXXXXXX~~ his recent trip to Habana. We then drove around the outlying area of the city and parked in a quiet area, where a short meeting was held. NO SECURITY PROBLEMS NOTED. Time: 2330-2430.

RESTRICTED TO

After reviewing briefly the overall picture

Habana as seen by L-9 during his sojourn there recently, L-9 re-  
ported the following:

RE SUBT ACTS

1. On 27 May 63, ~~XXXXXXXXXXXX~~ BELTRAN suggested that L-9 talk to Sergio Lopez in investigation of technicians cited in previous memorandum, L-9 went to see Ramon SINOBAS and mentioned that BELTRAN wanted to see BELTRAN. SINOBAS, although not stating outright BELTRAN was not to be trusted implied as much when he told L-9 he should not discuss the applicants with him. L-9 said that on 7 May 63, BELTRAN was at the Cuban Embassy and hoped to leave that day for Habana. According to L-9, SINOBAS called Habana but was not given permission to grant it at that time. (COMMENT: BELTRAN did not go to Habana on 27 May according to the WIFIRE air-lists). L-9 pointed out that SINOBAS could have given L-9 a visa "in his own" but chose not to which indicates that BELTRAN was not in his confidence. (COMMENT: The above development is indeed interesting in view of the Station's suspicion that BELTRAN was a possible long term, deep cover agent of the Cuban Govt in Mexico. It is too early to discard this possibility but the above development fairly reduced the possibility.)

using a short nickname but L-9 was not able to recall it. TRAPOTE described the captain as having an odd shaped mouth. ( COMMENT:

It is believed that the captain referred to by TRAPOTE is (Capt)

On the night of 10 May 63, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying district of city where debriefing took place. NO SECURITY PROBLEMS NOTED.

Time: 2130-2245.

UNRECORDED

201-334253

LITAMIL-9 reported as follows: JUN 5 1963  
1. Manuel PEREZ, Cuban G-2, Mexico, told L-9 that he had been SER.

with ~~Isidoro~~ ~~VEGA~~ ~~Canada~~ and that DE LA MORA asked for L-9. L-9, of course, will take advantage of VEGA remark to make contact with DE LA MORA. L-9 commented that fact VEGA was with DE LA MORA is interesting. It will be recalled that "Cochinita" FERNANDEZ told L-9 to be careful with DE LA MORA because she is a contact of CLERGE Fabra, Cuban G-2 type.

201-334249  
1103

2. L-9 reported that on 9 May 63, while near the Cine Diana at ITEX 10:30, he saw ~~Ramon~~ ~~Canada~~ waiting for someone. SINGRAS saw L-9 and waved at him. (This was MURRAY meeting) L-9 commented that SINGRAS was definitely waiting to make a contact with someone. Francisco MAIZ, Spanist/Cuban, who formerly tended the gate at the Cuban Embassy in Mexico, returned to Mexico on 10 May 63, this time assigned to the Embassy as "Auxiliar de Segunda Clase". (LITRE Airline knew MAIZ and his wife returned via Cutara on 10 May 63). L-9 said that MAIZ' wife is suffering from cancer, that she was operated on in Habana but there is no hope.

201-334249

3. L-9 reported that on 9 May 63, ~~Ramon~~ ~~Canada~~, Cuban Charge, met with students (above C) from Chavinda. The meeting took place at 1700 at the Embassy.

201-306051

4. Pco. MAIZ told L-9 that ~~RAMON~~ ~~Canada~~, Cuban Charge in Bolivia, went back to Habana recently for what he thought was short stay, i.e. two weeks, but he is still there. GAILO was assigned to study "instruccion politica y revolucionaria".

201-332665

5. MAIZ also told L-9 that ~~RAMON~~ ~~Canada~~, Cuban Charge in Mexico, reportedly received a letter from him. It is not known what this letter was.

8. L-8 said that he has the duty (security) all day Saturday, 11 May 63. L-9 said that Jose MAGALLANES is taking the day off and will not return until about 2200 this evening. I told L-9 to report any similar info particularly re Armando SARDINAS and others who live at the Embassy.
9. MAIZ told L-9 that Eusebio AZCUE was expected back in a week or so. MAIZ said that his wife would return after him. He added that Sr. de AZCUE is anxious to return to Mexico.
10. L-9 finally identified Jose FERNANDEZ ~~Rea~~ as the person who is working with Benaventura REYES Acosta and Razon SANCHEZ. (L-7 reported this news loudly) L-9 said he asked FERNANDEZ if he was related to the Foreign Minister and FERNANDEZ didn't say yes or no. L-9 believes that he might be because he doesn't seem very sharp and yet he's hanging around with SIMON and BENAVENTURA. FERNANDEZ told L-7, who asked him about his relationship with REA, that if he was related to REA it was a distant relationship.
11. Coty SOLOREANO, sister in law of Genl. Lazaro CARDENAS is scheduled to leave for Habana on 13 May 63.
12. L-9 said he attended a meeting at the Academia Mexicana de Derecho Internacional on 4 May 63 and the Mexican Ambassador spoke re non-intervention and autodeterminacion. L-9 said the speech was critical of Mexican foreign policy in Cuba.
13. L-9 said that he saw Israel PEREZ ~~and Antonio~~ ~~at the Embassy on 2 May 63.~~ They were concerned with Razon SIMON. PEREZ, the mulatto type, told L-9 at the inaugural session of the Microdonia Seminar that "it was necessary for him to make a lot of contacts in Mexico". It was he who also told L-9 that he was in contact with Raul REA, i.e. "Baby on contact con REA". L-9 said that on 9 May at the Embassy, PEREZ was sick, i.e. pale green, had breath etc. L-9 told L-9 to make contact with PEREZ and REA if possible and give them info. L-9 said it would be difficult because he has no contact with them. He only saw

14. I-9 said that Marta de Alvarez, Cuban, who arrived in Mexico on 8 May 63, through ING UNPO visa assistance was at the Embassy on 9 May 63. MORIN, according to I-9, was a philippine woman in Habana until recently. She is living at I-9's brother's house. I-9 suggested that a ltr be written to her asking her to come to Embassy at which time the CO could interview her. He said that MORIN was told at the Embassy that it would take about a month to get clearance etc, that she had to be investigated. I-9 pointed out that Embassy request she report for interview would appear to her as past this investigation.

15. I-9 brought a contract to the meeting re his brother's company and Nestlé. He pointed out that the contract was signed on 7 Mar 63 and he left for Habana on 4 March. Because he was not present his name did not appear in the ~~XXXXXXXX~~ contract and he was unhappy that this had to be. I-9, however, diplomatically and politely pointed out that he want to bring this to my attention to show that this had been a sacrifice on his part, i.e. his travel to Habana on our behalf. I asked I-9 whether this meant anything to him in dollars and cents and he said it did not. He said the only thing was that if his name appeared as the Administrator of the Company when the contract was signed with Nestlé it would give him a feeling of accomplishment and security re his future relationship with the company.

Subject: LITAMIL-9

On 13 May 63, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying district of the town, where we held meeting. FOR SECURITY PROBLEMS HOTEL. Time: 2200-2330.

*INDEX*

LITAMIL-9 provided the following information:

*RE: COMMENTS ON EMMA FARIAS MAY 63*

1. Francisco MAIZ told L-9 that Emma FARIAS, former upstairs maid at the Cuban Embassy, and now employed by the PORTUGUES in Oriente (Amb Jose PORTUGUES) is being returned to Mexico as a security risk. She is expected to arrive from one day to the next. According to MAIZ, FARIAS was "sacking in" with anybody who came along, and has even become friendly with counter-revo. In view of the above, FARIAS is being "bounced". MAIZ said the Cubans plan to conduct a full body search of FARIAS when she leaves Cuba, i.e. XXXXXXXX "en cueros". L-9 pointed out that FARIAS is a Mexican and if it true what MAIZ reporting about body search etal it would be good for PP play in Mexico.

2. L-9 reported that [unclear] in Mexico, [unclear]

3. Jose FERRANDEZ, newly arrived Cuban, told L-9 that he came to Mexico in 1959 with a group of young people as an "official" FERRANDEZ said that Amb BACSI was in Mexico at that time. L-7 reported that this is FERRANDEZ first overseas post.

4. Roberto JORRE is expected to return on 14 May 63.

5. L-9 reported that [unclear], the Vice Consul in [unclear], is quite sick with "tormenta", i.e. malaria. He apparently has had this problem in Cuba.

6. Ramon SANCHEZ, Cuban Charge, told L-9 that his baby would be about a week old when the new Ambassador arrived and that this would be fine because he wanted to return to Cuba and see his father who has returned to Havana from Paris (Ramon SANCHEZ's son [unclear]). SANCHEZ's wife gave birth to baby boy.

8. On 12 May 63, ~~Sergei~~ ~~XXXX~~, Soviet Counselor, drove L-9 to the Cuban Embassy from Cayoccar. DUNIN, who is L-9's driver, is extremely "sharp", "realistic" and "talented" told L-9 the following:

*H.M. 731*

a. The Cuban Rev is now consolidated as the recent trip of Fidel CASTRO to Moscow proves. DUNIN said that CASTRO's absence from Cuba did not affect the regime; that things went on the same in his absence etc. DUNIN, however, said that this does not mean that Cuba does not need CASTRO. He said that Cuba is not like the Soviet Union where the loss of KRUSHCHEV would not affect the regime. Cuba needs CASTRO and he must be protected to avoid an assassination attempt etc.

*H.M. 7312*

b. L-9 asked XXXXXXXX DUNIN about the "terrace" and DUNIN answered that at this time, in his opinion, not even ~~the~~ President LOPEZ M., knows who is going to be the candidate.

c. DUNIN states that a revolution in Mexico similar to that in Cuba would be very difficult. He attributed this to the fact that the masses in Mexico are not ~~not~~ the "mobile group" required for such a revolution. He said that it will take one or two generations before Mexico is ready for such a revolution.

9. L-9 <sup>201-334089</sup> said that Masahiko KATTE, Honor. Consul, is expected back on 17 May 63.

10. L-9 said that while he was in Havana he asked that 5 copies of Bohemia be sent to the Embassy. He said that 10 copies are arriving each week after his return to Mexico. He said very little progress is being made.

11. L-9 said that he saw Rafael BERROSA and Antonio ARZUZA at the Embassy but he did not have a chance to talk with them. He said they quickly slipped into STUBBS' office.

On 22 Apr 63, at 2200, LITAMIL-9 called to report his arrival and set up a mtg for 2230 at the usual rendezvous point. The mtg was held from 2230-2400. NO SECURITY PROBLEMS NOTED.

See MEXI ... re L-9's problems in Cuba and ops data re reassignment to Mexico.

L-7 reported the following:

- In his opinion there is no chance of the Cuban Govt falling because of political or economic reasons at the time. L-9 said that the Cuban people will be able to stand the conditions under which they are presently living indefinitely. He said the most pronounced scarcity is that of buses, which hardly present a serious problem in terms of disaster. He said that although food is not plentiful, the people are not starving and will be able to continue to get along. In the political field, L-9 said that there is definitely a rift between the Communist left and CASTRO's 26 July Movement, but again this is not of serious proportions and CASTRO appears to be handling it adeptly. L-9 said that CASTRO dislikes both Lazaro PENA and Blas ROCA intensely and might possibly rid the country of one of the two after the final tally is made on the sugar crop. That is, the rumor is around that CASTRO will take one of the these two as scapegoat for the poor sugar crop. On the other hand, much criticism was heard when CASTRO moved Joaquin CERDAS, Cuban CP leader, up in the Government hierarchy. At any rate, L-9 said that through conversations that he had had with many people his conclusions were that "el gobierno de Cuba es salido". L-9 said that both Fidel CASTRO and [redacted] were very pleased with the latest light story on Cuba and felt that this was a change in U.S. attitude towards the regime.

- Re missile bases, L-9 said he not able to get any hard info. He said that MACIQUES, <sup>Commander</sup> ~~Cmdr~~, a close friend of his and of [redacted], told him that he had heard from an Army Officer that the missile bases were of a mobile nature, i.e. they can be assembled quickly by men trained for this purpose. MACIQUES said that the purpose of this was to avoid the U.S. pinpointing their location. L-9 said there were many rumors and stories.

L-9 said that he talked with APARICIO and found him a likable fellow, well educated and a Communist. L-9 said that APARICIO, former Cultural Attaché in Prague, has also been assigned to Mexico City.

4. L-9 said that Conchita FERNANDEZ told him that Dolores DE LA ROSA is a dangerous person and to watch her. FERNANDEZ said that she is in contact with Alberto GARCIA <sup>CIT CUBA</sup> Lara, Cuban G-2 and important in that organization. FERNANDEZ gave L-9 to understand that DE LA ROSA might be working for somebody else. <sup>RESIST CONTACT w/ CONCHITA FERNANDEZ MEXI-DA-1973</sup>

5. L-9 said that Antonio GARCIA Lara and his wife returned to Mexico because one of their daughters was dying. L-9 said it was serious and the baby, XXXX suffering from "turistas" might have died.

6. L-9 reported that Ernesto RODRIGUEZ Cue, <sup>CIT CUBA</sup> formerly assigned in Cuban Emb in Mexico is now working in "confidential" section of the Foreign Office. -D.O.I. APR 63

7. L-9 said that on 22 Apr 63, LIOOZE-1 told him that Humberto GARCIA Lara, had not shown up for work recently and was trying to get out of Cuba. LIOOZE-1 said that GARCIA was really "acting up". He told L-9 that GARCIA told him Mexican wife XXXX not to return to Mexico.

8. L-9 reported that Ramiro DEL RIO Perez, <sup>CIT CUBA</sup> employed in the Consejo Cultural told him that Teresa PROENZA might be recalled. He cautioned her because according to reports she only acted hospitably to her Communist friend. L-9 said that DEL RIO is the mouth piece of Edith GARCIA Lara, who heads up the Consejo. -D.O.I. APR 63

9. L-9 said that his brother in Cuba told him that he had been approached in Spain by an American "muy fino" and that he told him that he would be willing to talk with him at any time. L-9 did not push this question and it is understood that his brother meant that he would talk to an American "in the open" but not in terms of clandestine activity. L-9 said that his brother was very "honesto" and would not want to take part in any type of "engano". He said that his brother would be extremely angry if L-9 was cooperating with the U.S. clandestinely.

L-9 said that he was pretty sure that AM-3's wife would leave Cuba. He said that Fidel CASTRO was very upset at the time and he felt that AM-3's wife would be "sacrificed" to the

11. L-9 said he saw Eusebio AZCUE in Habana and AZCUE will probably return to Mexico in about two weeks. L-9 said that LIOOZE-1 was very critical of AZCUE because of some of things he has been doing in Mexico. LIOOZE-1 probably made ref to drinking heavily, independent air, etc. Mariano GARCIA Perez apparently reported to Habana that AZCUE left the Consulate in an awful mess.

12. L-9 said that Raquel, Inu, an Uruguayan who stayed at Eusebio AZCUE's house while waiting for her visa in Mexico was under suspicion after she arrived in Habana. According to Concha FERNANDEZ, Fidel CASTRO, himself, went to visit her to find out where she stood through an interview. FERNANDEZ said that CASTRO returned from his visit to the Uruguayan and assured everyone she was O.K.

13. MAFKAKAMX Conchita FERNANDEZ told L-9 that Fidel CASTRO wanted to know who the SF CPAS were, i.e. father and son who are located in the Cuban Embassy in France and Mexico respectively. CASTRO described them as 2 "extremistas".

14. L-9 reported that while he was in Cuba rumors were flying to the effect that Armando HART, present Minister of Education was in line to relieve Paul RCA as Minister of Foreign Affairs. The rumors also indicated that Eusebio XIMENES VALMERA was to replace Paul CASTRO as Chief of the Armed Forces. CUBA, APR 63

15. L-9 reported that Russians were frequently seen riding around the city in trucks, wearing plaid sport shirts.

16. L-9 said that about 3 weeks ago, Juanita CASTRO was the protagonist in a big scandal at Verafero Beach. DOC MICRO. SER.

On 24 Apr 63, I picked up LITAMIL-9 at rendezvous point and took him to my house where we talked from 2230 until 2400. NO SECURITY PROBLEMS NOTED.

See LEXI cables dated 25 Apr re L-9 info on MACIQUES other ops leads, LI OZE-1, Spare parts shop etc.

In addition to the above, L-9 provided the following information:

1. Abraham MACIQUES, Cuban, is divorced from his American wife, who is now in the U.S. with their children. MACIQUES is married again and ~~YATE~~ his wife gave birth to a child recently.
2. LITAMIL-9 said that he had a long talk with Enrique ~~DE LA OSA~~, editor of Bohemia and DE LA OSA is very pleased with the recent turn in events in the U.S. re Cuba. It was DE LA OSA who told L-9 that Fidel CASTRO was very please by Cartier ~~BRUNSON~~ in ~~Paris~~ a few months ago.  
*RE INFO GIVEN BY SUBJ TO LITAMIL-9 - CUBA, APR 63*
3. L-9 said that he heard several people mention that Fidel CASTRO had penetrations of ~~ETA KUBARK~~. He was not able to give any details on these reports but cited the case of AM-3 as an example of this.
4. L-9 said that on several occasions he saw a Czech or Soviet "jeep-like" truck out in front, or rather near, AM-3's house. The vehicle had an aerial on the front and heavy canvas covering ~~the back part~~ the back part. L-9 said the vehicle would remain for several hours in the same place, be driven rapidly off and then return to take up station again. L-9 said that when the children in the area asked the purpose of the truck they were told that it was being used for studies of the San Antonio de los Baños Airforce base. ( Do you have photos of Sov trucks sent down by HQ's re radio detection etc? I would like to know them to L-9 for possible iden.)
5. On 24 Apr 63, while at the INURO, Teresa ~~PROJETA~~ told L-9 that he had a very important appointment on 25 Apr with the Amb and Pres ~~DOPEL~~ Mateos. L-9 believes this to be significant because his rank does not put him in this category, i.e. being with ~~ambassadors~~.
6. L-9 said that he met VENECAS, ~~from~~ (probably ~~ambassador~~) in Havana and had him over to dinner one night with his father (L-9's) and himself.

~~SECRET~~

7. L-9 said that in his opinion the presence of Soviets in Havana is not influencing the Cuban "ambiente". He said, in fact, the presence of Americans, in previous years, was more noticeable ~~XXXXXX~~ than the Soviets today. L-9 said: "No se ve afecto ni desafecto, una indiferencia" re the Soviets.

8. <sup>201-22-114</sup> L-9 reported that (Dr.) ~~XXXXXX~~ <sup>YASFA</sup> now in Cuba has criticized the Cuban regime calling it "muy mediocre" and is planning to leave for Puerto Rico in the near future. L-9 received this info from ~~XXXXXX~~ AZCUE. AZCUE also told L-9 that ~~XXXXXX~~ <sup>YASFA</sup> phone tapped by Cuban Govt.

9. L-9 said that while in Habana he "bumped into" Agustin YASSELES, Cuban courier, and asked him about the Bolivian plane crash in which two Cuban couriers were killed. YASSELES told L-9 that this was "sabotaje".

10. L-9 went to the "wake" of Roberto MOLEN, Cuban courier, who was killed in the crash in Bolivia and was approached by MOLEN's brother, who oddly enough had attended the party that L-9 ~~XXXXXX~~ threw for Mercedes LECHUGA at his apartment. I recall L-9 showed me a photo of the group and cited the negro as a Cuban "in town" so he invited him to the ~~XXXX~~ party.

11. On 23 Apr 63, Teresa PROENZA told L-9 that she knew he would return to Mexico because when she was in Habana she heard that someone higher than ROA was very pleased with L-9's handling of Juanita CASTRO and her sister re scandal at the Embassy. It is L-9's opinion that Fidel CASTRO took this incident very seriously and he attributes the recall of Heberto JORPE, who according to L-9 will not return, the CONDES and others to this incident. It is L-9's opinion that no one involved in the scandal will remain in Mexico. L-9 said that Manuel VECA Perez is also scheduled to leave Mexico for good. L-9 said that Raul ROA asked him to give a first hand detailed account of what happened at the Embassy ~~XXXXXX~~ re Juanita CASTRO et al.

12. <sup>70201</sup> L-9 said that he met Francisco MAIZ, <sup>cit STAN</sup> Spaniard and former gatekeeper of the Cuban Embassy <sup>MEX</sup> at the <sup>can</sup> ~~XXXXXX~~ in Habana and MAIZ told <sup>UPRANL-7</sup> him that his wife was in very poor health, <sup>APR 63</sup> possibly on the point of "going in the ghost". While with MAIZ, <sup>Trust</sup> ~~XXXXXX~~ <sup>CONFIDENTIAL</sup> papers on his way to the "incinerator" remarking that he <sup>(CONFIDENTIAL)</sup> was in the "confidenciales" section. On 29 January 1963, I met LITAMIL-9 at ~~reception point~~ and we drove to darkened section of city for meeting. NO SECURITY PROBLEMS NOTED. Time: 2030-2130.

LITAMIL-9 reported as follows:

- On 29 January 1963, <sup>(Dr)</sup> Jaime ~~Woolrich~~ <sup>CIT MEXICO</sup> went to the Cuban Embassy to discuss travel to Havana re 10th Medical Congress. WOOLRICH, who will be using a Special Passport told L-9 that he had been to Tijuana recently and crossed the border, visiting San Diego. WOOLRICH gave his address as Condominio Insurgentes, Insurgentes Sur 300 -603, <sup>LAN 63</sup> ~~1111 CITY~~ <sup>111111</sup> LITAMIL-9 said that WOOLRICH was shrewd and "sneaky", he did not like his attitude. He appeared to be a person of "confidence", i.e. of the Cuban Embassy. WOOLRICH said he had a Cuban visa. WOOLRICH showed L-9 a letter which he received from Havana several months ago because according to WOOLRICH the meeting was scheduled for the end of last year. WOOLRICH pointed out that the paper was outdated and suggested that it be returned to Havana and a new one sent to WOOLRICH. The letter provided spaces to fill in by WOOLRICH of the doctors who would be going. WOOLRICH told L-9 that he had about five in mind, that some of those who were going have changed their minds. WOOLRICH said that Dr. Clemente ROBLES was now vacillating and he did not know whether he was going to go. L-9 told WOOLRICH he would send the letter soonest and get a new one for WOOLRICH to fill in. The Congress will take place between 17-24 February 1963. L-9 took WOOLRICH to see Maricarmen OLIBARRI re visas and left him there. WOOLRICH, however, will be back to see L-9 on 30 Jan 63. PROENZA turned this case over to L-9.
- On 27 Jan 63, <sup>XF</sup> Dolores ~~DE LAMORA~~ <sup>DE LAMORA</sup> Zepeda asked L-9 for his telephone number and told him she would like to invited him to "reunirse con unos amigos en su apartamento". (COMMENT: I told L-9 that DE LAMORA's phone was being "tapped" and to be careful re conversation). <sup>RE CONTACT</sup> <sup>W/LITAMIL-9</sup> <sup>JAN 63</sup>
- On 28 Jan 63, PITA Pardo and TATO, Cuban couriers arrived on their way to Canada via New York. <sup>CIT. CUBA</sup> <sup>OCC. DIPLOMAT</sup>
- L-9 said that Pedro ~~PARINAS~~ <sup>PARINAS</sup> Cubandiplomat arrived in Mexico on 28 Jan and was leaving for Bolivia. L-9 described PARINAS as an
