Eric Peacock in view of the allegation that Pozo and Masferrer reportedly are recruiting American pilots through him and with Robert Daut to determine the type of work he does for Masferrer. You should consider utilizing a suitable pretext to interview William Johnson and Chester Moler concerning their trip to Cuba providing this can be done without jeopardizing your informant who flew these individuals to Cuba. It would appear that such interviews are feasible as both reportedly made drawings and talked to many people while in Cuba about military installations. Efforts should be made to locate and review Johnson's bank accounts since he allegedly receives money for the anti-Castro movement which he delivers to Pozo. You should also locate and review the bank accounts of Pozo in an effort to determine the source of his funds and whether he receives money from Johnson.

In view of the importance of this matter, you should submit a report at the earliest possible time.
