Scope and Content

The materials in this series are responsive to the topic of FOIA request 2017-0013-F.

The photographs processed for this request depict Vice President Cheney meeting with and being measured by Paul Banducci of Second Chance Body Armor in his West Wing office at the White House on March 26, 2001. These photographs were taken by Karen Ballard.

System of Arrangement

Records responsive to this FOIA request were found in the Vice Presidential images collection from the White House Photo Office. These records are maintained in the Executive Office of the President instance of the Electronic Records Archive (EOP ERA) which contains electronic records created or received by the administration of President George W. Bush.

The White House Photo Office assigned each image a unique number based on its roll and frame numbers. Identifying numbers for the Vice Presidential photographs begin with "V" in order to distinguish them from the Presidential photographs taken by White House photographers.

Images are reviewed and released at the item level in contrast with textual records which are reviewed at the folder level.

The responsive photographs retrieved from EOP ERA are saved in search results lists (SRLs) within the system. The following is a list of the SRLs saved and processed in response to FOIA 2017-0013-F:
