1	BIO-ENVIRONMENTAL SURVEYS & MEDICAL INSPECTION REPORTS (161-5) (Applicable Air Force-Wide)  See attached table 161-5 rules 5 and 6 which provide disposition instructions for documentation created and maintained as required by the Safe Drinking Water Act (PL 93-523), the Environmental Protection Agency Interim Primary Drinking Water Standards and DOD Directive 6230.1. This Act requires the establishment of drinking water standards to protect the health of the Air Force community and to ensure compliance with the applicable laws and regulations. The USAF Occupational and Environmental Health Laboratory role is to accomplish all the drinking water chemical analyses that can not be accomplished on base; requires the Laboratory to attempt to obtain approval from each State in which Air Force Bases are located and requires results of the bacteriological and chemical analyses to be reported to the States. The retention periods comply with all applicable laws/directives and adequately serves all legal and administrative requirements of the Air Force.	DLT 161-5 Rules 5 & 6
