

INACTIVE - ALL ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: NC1-AFU-79-19

All items in this schedule are inactive. Items are either obsolete or have been superseded by newer NARA approved records schedules.

Description:

In 1989, Air Force submitted N1-AFU-90-003 to cover all of their temporary items in AFR 12-50, Volume II, Disposition of Air Force Records (dated 1987) under a single job number. This schedule contains only temporary items, has not otherwise been superseded, and significantly predates the 1987 manual. Therefore it is assumed that this schedule is superseded by N1-AFU-90-003.

NN
170-33

The purpose of this submission is to revise disposal authorities for miscellaneous communications-electronics documents used in planning, programming, establishing and acquiring new communications facilities and equipment.

Our schedule uses several acronyms including C-E for communications-electronics, SOR for statement of requirement, C3 for command and control communications, C3RB for command and control communications requirements board, PIPR for plant-in-place records, CEIP for Communications Electronics Implementation Plan, CEID for Communications Electronics Implementation Directive, E-I for electronic installation, and PC for Program, Communications-Electronics.

The disposal criteria in the attached changes to our schedule will satisfy our current requirements.
