	<u>SECURITIES TRANSACTIONS BRANCH</u>		
	The records detailed below are generated and maintained by the Division of Securities Operations, Securities Transactions Branch (STB). STB performs similar functions to those of a Federal Reserve Bank, and provides services to the public related to the issue, reissue and redemption of marketable Treasury securities and U. S. Savings Bonds. Records documenting these activities include but are not limited to: <u>PAYMENT AND REISSUE SECTION</u> Redemption and servicing files - These files document transactions concerning the following types of securities: marketable Treasury, Federal Financing Bank, coupon and stamps. Transactions documented by these files include requests for payment or credit of securities, the physical transfer of securities, and/or the redemption or exchange of securities. Because of their closely related function, payment tickets for Savings Bonds are also listed in this item (see 225e). a. Shipping Advices (Registered) --PD 3641 - Description of Retired Registered Securities --PD 3642 - Advice of Shipment
