NOTICE - SOME ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: N1-015-90-005

Some items in this schedule are either obsolete or have been superseded by new NARA approved records schedules. This information is accurate as of: <u>04/28/2021</u>

ACTIVE ITEMS

These items, unless subsequently superseded, may be used by the agency to disposition records. It is the responsibility of the user to verify the items are still active.

Items 2a and 2b remain active

SUPERSEDED AND OBSOLETE ITEMS

The remaining items on this schedule may no longer be used to disposition records. They are superseded, obsolete, filing instructions, non-records, or were lined off and not approved at the time of scheduling. References to more recent schedules are provided below as a courtesy. Some items listed here may have been previously annotated on the schedule itself.

Item 1 was superseded by N1-015-91-007

	Department of Veterans Affairs Perpand Patient Locator Files of Patien					
As part of the appraisal for the Medical Records Folder File, National Archives Job Authority NI-15-87-4, Perpetual Medical Records and the Patient Locator Files were scheduled for retention and disposition with NARA (National Archives and Records Administration). Implementation of Public Law 97-72, Veterans Health Care Training and Small Business Loan Act of 1981, necessitates expanding the description of the Perpetual Medical Record File and increasing retention requirements for the related Patient Locator File.						
Veterans' Medical Records Folder Files are retained at VA medical facilities for 3 years after the last episode of patient care. After 3 years of patient inactivity, the Inactive Medical Records are separated into sections of Perpetual Medical Records and remaining Inactive Medical Records. Inactive Medical Records are then retired to the nearest servicing FRC (Federal records center) for storage. If the Inactive Medical Records are not recalled for reactivation, they will be destroyed at FRCs after 72 years from the date of transfer (i.e., 75 years from the date of the last episode of patient activity). Perpetual Medical Records are retained for the remaining 72 years at VA medical facilities.
